WASHING MACHINES.

DOTY'S WASHING MACHINE. LATELY MUCH IMPROVED—AND THE NEW. UNIVERSAL CLOTHES WRINGER.

Improved with ROWELL'S PATENT DOUBLE CO-WHEELS and the PATENT STOR, are now unquestionably the superior to any apparatus for washing clothes ever invented, and will save their cost twice a year, by saving labor and clothes. Those who have used them give testimony as follows: "We like our machine much; could not be persuaded to be without it, and with the aid of Doty, we feel we are masters of the position."—Rev. L. Scott, Bishop of M. Church. "It is worth one dollar a week in any family."—N. Y. Tribune. "In the laundry of my house there is a perpetual thanksgiving on Monday for the invention."—Rev. Theodore M. Glycer. "Every week has given it a stronger hold up on the affections of the inmates of the laundry."—A. F. Ober, Bishop of M. Church. "I heartily commend it to economists of time, money, and contentment."—Rev. Dr. Bellows. "Friend Doty—Your last improvement of your Washing Machine is a complete success. I assure you 'our Machine' after a year's use is thought more of to-day than ever, and would not be sold for under any circumstances."—Salon Robinson. "Your Washing Machine has been in daily use in our laundry, and the housekeeper expresses herself as highly pleased with it. It certainly accomplishes a greater amount of work, with less labor, and does not wear the clothes near as much as the old fashioned washboard. By using it, one laundress is dispensed with."—Wm. F. M. Sound, Superintendent of Infant Department of St. Catharine's Nursery, N. Y. City. "After a constant use of the Universal Clothes Wringer for more than four years in our family, I am authorized by the powers that be to give it the most unqualified praise, and to pronounce it an indispensable part of the machinery of housekeeping. Our servants have all been willing to use it, and always have liked it."—Henry Ward Beecher.

PRICES.—A FAIR OFFER. Send the retail price, Washer \$14, Ext. Wringer \$9, and we will forward either or both machines, free of freight, to places where no one is selling, and so sure are we they will be sold, that we agree to refund the money if any one wishes to return the machine free of freight, after a month's trial, according to directions. No husband, father or brother should permit the drudgery of washing with the hand, fifty two days in the year, when it can be done better, more expeditiously, with less labor, and no injury to the garments, by a Doty Clothes Washer, and a Universal Wringer. Canvasers with exclusive rights of sale make money fast-selling them. Sold by dealers generally, to whom liberal discounts are made.

R. C. BROWNING, Gen. Agent, 14-42, 22 Cortland St., New York. THE DEXTER CLOTHES WASHER THE BEST WASHING MACHINE IN THE MARKET! Having purchased the exclusive right to manufacture and sell this superior machine within the counties of Centre, Huntingdon, Clearfield, Union and Clinton, the proprietors would call the attention of the public and ESPECIALLY THE LADIES, to its many advantages. It performs the work better, making the clothes a bleached white, and in at least one-fourth the time it can be done by hand; because steam and the rapid motion of hot water through the clothes, with the slight rubbing, performs the cleaning process, which could not be done by any other method used on the common washboard. It does not injure the cloth; it saves it. A child from 12 to 14 years can work it; and operating it is a healthful exercise for the body. It is, beyond a doubt, the most complete labor saving machine for the household ever invented—simple, durable, effective, cheap, and therefore accessible to every family. And also SHERMAN'S PATENT CLOTHES WRINGER, the best in use. These machines are manufactured at the Bellefonte Foundry, Mill, and all inquiries should be addressed to H. P. BARTLEY & Co. Proprietors. 14-42
