THE BEST WASHING MACHINE IN THE MARKET!

Having purchased the exclusive right to manufacture and sell this superior machine within the doubties of Centre, Huntingdon, clearfield, Union and Clinton, the proprietors would call the attention of the public and i

to its many advantagos.

It performs the work oetter, making the clothes a bleached white, and in at least one-forthis the lies than can be done by hand; because steam and the rapid motion of hot wate through the clothes, with the slight rubbing performs the cleansing process, which could not be done by ever so much rubbing by hand on the common washboard.

It does not injure the cloth; it saves it. A cliff from 12 to 14 years can work it; and operating it is a healthful exercise for the hopiy it is, beyond a "doubt, the most complete labor saving machine for the household ever in yeared—simple, durable, effective, cheap, and therefore accessable to every family.
