Washing Machine.

THE DEXTER CLOTHES WASHER

THE BEST WASHING MACHINE IN THE MARKET.

Having purchased of the inventor the right to manufacture and sell this superior machine within the counties of Centre, Huntingdon, Clearfield, Union and Clinton, the proprietors would call the attention of the public and

ESPECIALLY THE LADIES,

to its many advantages. It washes

It performs the work of rubbing, making clothes bleach white and in a great deal less time than can be done by hand; because steam and the rapid circulation of hot suds through the clothes does the slight rubbing necessary, which is the chief problem, which could not be done by every such rubbing by hand on the common washboard.

It does not injure the cloth, it saves it. A child can operate it as well as a person. It is so constructed as to be perfectly safe for the body to be exposed to either the hot suds or steam, therefore it can be used by any person.

And also the DEXTER CLOTHES WRINGER, for family use.

These machines are manufactured at the Bellefonte Planing Mill, and all inquiries should be addressed to
