Bombastes Furioso

In his last issue, the editor of the Republican-the immaculate W. W. B., calls us double distilled liars for simply ventilating his little bargain with BILLY ARMSTRONG. But the anger with which Mr. BROWN receives our expose of his conduct proves that there is more of truth in it than poetry, That one thousand dollar note, with the four endorsers, of whom ARNSTRONG agreed to be one to the amount of \$250.00 is true as preaching, else why such a passionate and vindictive dia tribe as appeared in the last Republican? BROWN'is a political Jack Shepperd and as full of tricks as a dog is of flear. We havn't the least doubt but that he told BILLY ARMSTRONG the biggest Munchausenisms that delectable member has heard for some time, notwithstanding his association with BEN BUTLER and the other Radical thieves and liars of the present Congress.

We admit, however, that BROWN has done a deal of dirty work for his party, and we insist that he ought to have his pay. One thing is certain; he controls the only ARESTRONG organ in this county, and, thus far, his representations to the honorable gentleman were undoubtedly correct. Were he really an independent man, he might have things his own way, but, with all his boasts about how he was going to repay the men who had injured him, he has not the manhood to go contrary to their wishes or for a single hour to kick over the traces. Hence, we argue that ARESTRONG has not much to fear from his opposition, because he dare not assert his own individuality. He comes and goes at the nod and beck of others, and is, in reality, less independent than the vilest slave who crawls in humility at the feet of his tyrannical master.

Now we do not intend to occupy space in our paper or the time of our readers with this matter, for we know it is of but little, very little consequence to any one, but after BROWN's blurting and blowing about sign expession his attempts to get moneyfout of Hurr, his candidate for Treasurer, and out of orize them and be prepared with an-AEMSTRONG, his tariff dodging, Congressmen, we simply want to ASSERT | brigands. that he had "blowed the National out of water"-that the stock-holders of that concern came to him in a body reply freely, fully, truly, and, particular and offered it to him "for \$3000," when larly.

oial? dre both of your eyes natural or ets! Do mean and malignant enough to have you use fine tooth combs or mecurial emanated from the crazy brain of ointment ? ...

-EXERY, the reform candidate for Mayor of Washington, has been elected by about 3000 majority, defeating SAVLES J. BOWEN, the Radical-nigger nominee and friend of GRANT. All the Democrats supported ENERY, as did many Republicana and some of the more intelligent negroes, This result is to be rejoiced at, as it, in part, relieves the people of Washington from the basest kind of Radical tyranny. Congress, we believe, now threatens to reduce the District of Columbia to a territorial condition, and make BowEN, the defeated candidate, governor. If it does, let that be the signal of Ravo-LCTION !
