Sewing Machine

SEWING MACHINE

THE SINGER SEWING MACHINE.

Among sewing machines, those made by the Singer Manufacturing Company, rank with the highest. Their manufacturing machines, have long been known as the best for manufacturing purposes. But within the past few years, they have given special attention to the production of a

FAMILY MACHINE

destined to win much favor as a

HOUSEHOLD

machine when they now offer is quiet in its running, simple, fast, noiseless. Its accessories for

HEMMING, BRAIDING, BINDING,

QUILTING, TUCKING, CORDING,

FELLING, GATHERING,

are simple and easily understood. Its delicate though enduring and tireless muscles of iron and steel, do all the work noiselessly, better, and few will deny, "Faster than hand can do it." They urge those wishing to purchase a machine, to examine all the other manufactures before buying, as it will for itself overcome all the objections to the other machines that can be brought against it. Machines on hand for sale and exhibition, together with a full and complete assortment of

SILK, TWIST, LINEN,

OR COTTON THREAD,

and all the accessories for the machines by
