The persons comprising the above committee, were carefully selected, some by the delegates representing the different townships and Boroughs and others by the Chairman, after consultation with persons from the townships which they represent and all were selected with a view to their efficiency in laboring for the success of the time honored principles of the Democratic Party. Let us then put on the whole armor of Democracy, with a determination to win, and to scatter the already disorganized forces of Radicalism, led on by a *Cary* gathered for our cause is just and *all prevail*.

And in order that we may properly organize for the work before us a meeting of the above committee will be held on Tuesday the 23d day of August 1870, in Meek's Hall, over the WATCHMAN office at 1 o'clock p. m. of said day at which time and place every member who has the interest of the party at heart will be expected to be present.

JAY SHTZER *Chairman*

Grand Rally of White Men!

A meeting of the Democracy and all those opposed to nigger suffrage and the importation of Chinese coolies to this country, will be held in the

COURT HOUSE IN BELLEFONTE

on TUESDAY Evening Aug. 23d 1870, which will be addressed by a number of distinguished speakers

GEN. W. H. MILLER,

of Harrisburg, will positively be present, and Hon. Geo. W. Woodward and Brick Pomeroy have been invited. Turn out Democrats and White Men of all parties, and let this meeting strike terror into the camp of the enemy.

WORKING MEN!

Your presence at this meeting is desired and will show that your sympathies are with the party that is endeavoring to protect your rights and secure you the highest prices for labor. Come one! Come all!

BY ORDER OF COMMITTEE

The Democratic Meeting.

We hope to see a large turn out to the meeting in the Court House, on Tuesday evening next. Able speakers will be in attendance to discuss the issues of the campaign, and we trust the laboring men of the town and county will be present in large numbers. The question of the employment of Chinese Coolies in our manufactories and mines and to every avenue of labor, is one that concerns them deeply and one to which it behooves them to give earnest and immediate attention. Those of the people, also, who desire to see the overthrow of the insane attempt to establish negro equality, should also be present. This will be a meeting of WHITE MEN in favor of WHITE MEN, and the questions discussed will affect not only the interest of the present generation but of the generations that are to come after.

Let us, then, have a full turn out. Gen. MILLER, of Harrisburg, one of the best speakers in the State, and a former member of Congress, will positively be present, and invitations have been sent to Judge WOODWARD and "Brick" POMEROY.

A Bee Line coach will also be in attendance.

Workingmen!

Are you prepared to vote intelligently upon the questions at issue in the fall campaign? Do you understand the reasons why you should vote Democratic and against the Radical Party? Have you any idea that the Party in power can any longer wield the scepter without danger to the country and imperiling every interest of the laboring man? If you have, then all the experience of the past has been in vain, and at your hands we can look for no aid in the salvation of the Republic.

But we trust, nay, we believe you are wide awake upon this subject. The heavy taxes you pay, the high prices of living, the difficulty you have to get along, the hard labor you have to perform in order to gain the merest subsistence for your families, are all the result of the policy of the Radical Party, which takes from the poor man in order that it may give to the rich. You do all the labor, pay all the taxes, and yet how many of you have homes of your own or are proprietors of the land you till? You work like slaves, but the benefits of that labor go into the rich man's pocket, leaving you barely enough to live on, with nothing at the end of the year to show that you have been industrious, persevering and saving. This is discouraging in the highest degree, and is enough to make the poor man curse his existence or utter a malediction on the day that gave him birth.

But, laboring men of the country, was this the case in the days of Democratic rule, before the blighting curse of Radicalism fell upon the land? Don't you remember those glorious days when gold and silver were a drug in the market, which a man was willing, nay ever anxious to exchange for bills, because the precious metals were too heavy to carry? How is it now? Do you ever have any gold or silver money in your pockets in this day and year of our Lord? We rather guess not. In fact, it is but seldom you have even the greasy green backs or treasury notes, which the Radical Party have issued for money in place of the precious metal currency you always had in abundance under a Democratic administration of the Government.

Consider this when you are asked to vote the Radical ticket this fall, and then vote with the party around which all the glories of the Republic cluster, and which is just as capable of governing the country wisely now as it was in the days of yore.

Will He?

When W. H. ARMSTRONG gets up to address the Radical meeting in the Court House, on Wednesday evening next, will he have the kindness to tell the owners of our iron works why he dodged the vote on the pig iron tariff?

Will he tell the white men of the county why he voted to force negro suffrage upon them, without giving them the privilege of voting upon it?

Will he tell the laboring men why he failed to do anything towards stopping the importation of Coolie Chinamen, who are now reducing the wages of white working men to 30 cents per day?

Will he tell the soldiers why he turned out of office CHARLES SMITH, who lost an arm in the war, JOHN WARD, who lost a foot, and other crippled veterans of this county, and put in their places able bodied stay at homes?

Will he tell the poor men of the county why he voted to take from them, and give to thieving speculators and monopolizing railroad companies, forty seven million acres of their public lands?

Will he, dare he, can he answer any of these questions?

—A Radical exchange claims that this Senatorial District is Radical. We don't see it. In 1866, GEARY'S majority was only 387, and the year following the Democratic candidates for State Senator were elected. It is true Mr. SHUGERT'S seat was contested by a Radical pimp, who ought to have been ashamed to look a decent man in the face, and by fraud and false swearing he was deprived of his place after the first session, but that does not alter the unalterable fact that both our candidates of that year we fairly elected. Since then, some five hundred nigger votes have been added to the Radical poll, but to counteract this at least that many white men have left the Radical ranks and joined the forces of the Democracy. So that things stand nearly in the same position as in 1867, with the difference in favor of the Democratic party. We have no doubt but that we shall again elect both our Senators, and that, too, by such majorities, as shall put the hope of successfully contesting either of their seats beyond the possibility.

"$3,00 per Day and Roast Beef."

"Three dollars per day and roast beef."

Ain't that what you were promised, laboring men, when radicalism asked you to vote for a change in 1860?

Yes sir, it was. And it was not only to be "three dollars per day and roast beef," but you were to have steady work, good times, low prices, and a season of general prosperity and happiness.

All the furnaces and forges and iron works were to be kept running; all the factories and mills and mines were to be in full operation; all the shops of every kind were to be crowded with work, and everywhere, at all times and under all circumstances, labor was to be in demand and wages were to be "three dollars per day and roast beef."

Every body was to thrive—to get rich—to be happy. You who were homeless, were to be furnished with homes; you who were landless were to be furnished with lands; you who were drudging and sweating and toiling, were to live in ease and luxury and grow rich on three dollars per day at 1 fat on roast beef.

Well

You voted for a change—some who knew the whelps who were lying to you didn't—but many of you did. It came. All was peace when you wanted a change: it came and you had war. Some of you—many of you—enlisted and went, and in place of three dollars per day you got thirteen dollars per month, forty-three cents about a day, and in place of roast beef, "hard tack" and strong bacon. Others of you didn't go. You staid at home, and your bounty taxes, and draft expenses, and relief taxes, and other taxes amounted to almost as much per day as radicalism promised you,—almost three dollars for every twenty four hours.

Ain't it so?

Well, the war was declared over. The South subjugated—the niggers freed — contractors enriched — New England in extacies and bondholders rejoicing.

Did you "three dollars per day and roast beef" come then?

How was it?

How is it now?

Since the war was over havn't they made you work day after day to keep up the Freedman's Bureau, and the niggers, who used to keep themselves down South?

Havn't they made you work day after day to pay gold interest to bondholders, and the taxes on his property the bonds he holds?

Havn't they been reducing your wages day after day and making work scarce all the time?

And to cap the climax of their deceit and treachery, they have gone to importing Coolies from China, who work for thirty cents a day and live on rats, in order to bring your wages down to that figure and compel you to work for Coolie wages or starve.

They promised you "three dollars per day and roast beef;" they are now working TO MAKE YOU TAKE THIRTY CENTS A DAY AND RAW RATS.

A vote for ARMSTRONG, WILSON, DUNCAN or any other man on the coolie importing Radical ticket, is a vote to cut your wages down to the price paid the pig tailed Chinamen.

Goes the Whole Hog.

The eighth resolution of the pig tail importer- convention, that met in this place on the 10th instant, is as follows

"That the Republicans of Centre county *without hesitation* cordially endorse and approve the conduct of our Representative in the Congress of the United States Hon. W. H. Armstrong and declare him to be our first and only choice as a candidate for election to the Forty Second Congress having in every instance in his patriotism his industry and devotion to the interests of his constituents and the cause of Union fulfilled

By thus endorsing ARMSTRONG, let us see what the "Republicans of Centre county *without hesitation*, cordially endorse.

ARMSTRONG voted to force the infamous Fifteenth Amendment, making negroes voters upon the white men of Centre county, without giving them a right to vote upon the question, and the Radical county convention endorses that vote, "without hesitation."

ARMSTRONG voted *against* CAKE'S resolution, preventing the importation of the pig tail Radicals of China, who work for 30 cents a day and live on rats, and the Radical county convention endorses that vote "without hesitation."

ARMSTRONG voted to give thieving railroad monopolies forty seven millions of acres of the lands belonging to the laboring men of the country, and the Radical county convention endorses that vote, "without hesitation."

ARMSTRONG voted for that most damnable [illegible] bills, the vote imposing [illegible]

and the Radical county convention endorsed that vote, "without hesitation."

ARMSTRONG *dodged* the vote on the pig-iron tariff, and the Radical county convention endorsed that vote, "without hesitation."

ARMSTRONG turned out of office, in this county, *every crippled soldier* who had secured a position, and put in their places able bodied stay at homes, and the Radical county convention endorsed that work, "without hesitation."

Let BILL BROWN, or any other hired howler, for BILL ARMSTRONG, deny these charges if they dare. They can't do it. They daren't do it. *They* know they are true, and that their resolution endorsing him, endorses them all.

Cameron on Geary.

The radical fight for Senatorial honors in this district, is not a fight between the different aspirants as much as it is between the old Winnebago CAMERON, and the culprit pardonee GEARY. In place of being to see whether WILSON, LEMON, WHARTON, WOODS, ROBINSON or WISTAR, shall be Senator, it is to ascertain, whether CAMERON or GEARY will receive the support of the district, for U. S. Senator in 1872, provided the nigger-white radicals are successful in electing their candidates. The fight is getting very bitter, and if the old WINNEBAGO wins, our fellow townsman can hang his harp on the willows. Poor GEARY is in trouble; he knows CAMERON, knows his ability to set up puns—to control nominating conventions, and is making a desperate effort to save WILSON, and thus have a friend of his on the track. The telegraphic dispatches, explanatory letters, ect., that pass between the two, in such rapid succession, look very much as if it were a desperate effort to save something already as good as lost. Wednesday last, GEARY wanted to consult WILSON, but WILSON couldn't consult at that time, and a very short dispatch with a very long letter went to Harrisburg in place of WILLIAM P. Whether GEARY thinks the game is up and wants to condole with WILSON, or whether some scheme has been discovered that will make him the nominee, of course we do not know. One thing is certain, the fellow that runs as dog for either CAMERON or GEARY in this district, will not represent it for the next three years in the State Senate.

The Why.

If we have heard one, we have heard a dozen radicals inquire, since the *Republican* made its appearance on Wednesday last, why there was not a word in it in support of ARMSTRONG, the Radical candidate for Congress. There is a reason why, and it is this. The week before the Radical county Convention met, BROWN went to Williamsport to see if he couldn't make ARMSTRONG "come down." ARMSTRONG didn't like to, but being willing to barter his soul for another chance at Congress, and knowing the opposition there was to him in this county among the honest portion of the Radical party, agreed to bleed to the amount of $50, provided BROWN would secure him the unanimous nomination of the county. This BROWN agreed to do, and came home and went to work,—He worked hard—blowed—blathered—blarneyed and black-guarded, but all to no purpose. The convention met and very positively refused to nominate him "Unanimously," almost one third of the delegates voting all the time against him—and when BROWN sent ARMSTRONG a report of the result, he refused point blank to pay the $50, because he, BROWN, had failed to fulfill his part of the contract.

This is the "Why" the *Republican* of this week has nothing to say for ARMSTRONG. Perhaps, by next week, ARMSTRONG will have compromised the matter by paying BROWN ten or fifteen dollars, and then we will have some of the tallest blowing that ever came out of the radical wind-bag in this place.

P. S. Just as we go to press, we learn that ARMSTRONG has sent BROWN a check for $10, and that next week the *Republican* will do its big licks for BILLY, the negro-voting-pig tail importing Congressman.

—How comes it that the *Republican*, has not a word about the Radical ratification meeting at the darkey church, on Monday night last. Is it ashamed of the black voters it has dragged into its party to vote down the white men of the country? Maybe it don't want to let its few readers know that the niggers of Bellefonte, were the first to ratify the Radical nominations of the 10th instant.

Harvard, is the name of a new Post Office at Eagleville, of this county. Miss SADIE E. SNYDER is Post Mistress, Mr. [illegible] Eagleville, and

Lying as Before.

In 1868, the radical convention that placed GRANT in nomination, passed a resolution declaring that the question of suffrage was one belonging to the States, and that as Republicans, they would oppose any measures that looked to forcing negro suffrage upon the people of the county without first giving them the privilege of voting upon the question. In less than one year, after giving this pledge, that party had forced negro voting through Congress and into the State Legislatures, and when the white men of the States petitioned for the privilege of voting to say whether the negro should vote or not, that party hooted at them and said that it was not a question for the people to decide, but for the State Legislatures. Now, that same party has organized its radical pig tail importing companies, is bringing its coolies into the country by the thousands, in order to reduce the price of labor, and compel white working men to toil for 30 cents per day, and in the face of the facts that *it is* doing these things, the radical county convention of this county passes a resolution pretending to op- [illegible] the laboring men remember that in 1868 radicalism told them it would not force negro suffrage upon them, and it did, in spite of its promises, and it only wants them to place its radical candidates in power, and it will then fill this country with its pig-tail-rat eating thirty cent Chinamen. If that party lied in 1868 about negro suffrage, won't it lie in 1870 about coolie importation?

Immediately after the Senatorial nominations were made in this county, on the 9th inst., Mr BUSH complained to us that injustice had been done him by an article published in the WATCHMAN in 1863, which was called forth by the allegation that he had offered to hire a mob to tear out this office at that time. To ascertain the truth of the charge, he referred us to D. M. WAGNER, Esq., with whom he said the conversation should have been had. As requested, we called on Mr. WAGNER, who says that no such threat or offer was made in his hearing. In justice to Mr. BUSH, we deem it our duty to make this statement, and would have done so at a much earlier date had he requested it, or satisfied us that we had been misinformed in 1863.

Judge TUCKER, one of the staunchest, ablest, and most popular Democrats of New York, has assumed the duties of editor of POMEROY'S Daily *Democrat*, in order to allow the irrepressible and fearless "Brick" to devote more of his time to his mammoth weekly "Red Hot" as the weekly has always been, we may now look for it to be a great deal "red hotter", since BRICK can give it his undivided attention. It is decidedly *the* paper of the country, has more vim, vigor and value about it, than a cart load of ordinary journals.

The "cags" of this place are determined to have the first howl for ARMSTRONG, WILSON and DUNCAN. They opened the Radical ball, last Monday night, with a regular Radical ratification meeting, and adopted their plans for carrying on the present campaign. It will be nice, for the white working men of the Radical party throughout the country to muster under the lead of the Bellefonte niggers just when they have got to muster this fall, or leave the party that puts them in that position.

—The weekly *Patriot* can be had from now until the first of January, for *forty cents*, which makes it *the cheapest*, as well as one of the best, if not, *the* best Democratic weeklys in the State. The Daily *Patriot*, which is not excelled by any Daily anywhere, reaches us here, eight hours earlier than Philadelphia papers, and we are glad to learn is rapidly increasing in patronage. Every Democrat should take it.

GRANT'S ECONOMY.—In the civil appropriation bill which has lately passed the House of Representatives we observed the following items

For fuel for the President's house	$5,000
For annual repairs and repainting the exterior of the Presidents house,	10,000
For *flower-pots, mats* and twine,	1,000
For lighting President's house. Capitol and public grounds	10,000
For circular fence on the President's ground,	10,000
For *additional repairs* to the green house at President's house,	2,500

Information has been received from Austin, Texas, to the effect that Governor Davis has determined that, if the Legislature adjourns without passing the appropriations asked, amounting to one million six hundred thousand dollars, he will immediately call an extra session. If that is refused, he will report to the Federal government that the State is lawless; that he is powerless, and ask that the State be remanded to military rule; that he be appointed Military Governor, and that the [illegible]
