Integrity at a Discount.

If there was ever a doubt that President GRANT was not a tool in the hands of the politicians...

It has been a long time since we entertained the idea that the present Executive of the United States was a strictly honest man...

Gen. Cameron is the purity of his department of the public service. He did not want his clerks to be taxed upon their salaries for the purpose of applying the proceeds to carrying the election of some political blackguard...

That integrity and honesty have been inhaled in the Interior Department, and a warning given to all the other Secretaries...

Even West Virginia, where BRANNER set up the pins, has gone against us, says BRANNER, of the Herald...

The Philadelphia Day has entered upon the second year of its existence. Taken all in all, The Day has been a good paper...

Gov. GEARY has issued his proclamation for a thanksgiving day, in accordance with the recommendation of the President...

Another prize fight came off at St. Louis the other day. It was not a severe one, however, and neither of the brutal combatants received but a much punishment as he deserved.

Remorse!

Our Radical exchanges, speaking of Gen. Lee and JEFFERSON DAVIS, talk of the corroding care and remorse that must have oppressed their souls...

Gen. Lee had like a Christian, he had. ABRAHAM LINCOLN put the will from the box of a theatre, where KISS and FARMER ESTABLISHED...

Drunk Again.

That unimpeachable man, DANIEL McFARLAND, whose trial for the murder of ALBERT D. RICHARDSON...

At one time we were inclined to look upon McFARLAND as an injured and deeply aggrieved man. We are now prepared to say that he was a traitor...

The Philadelphia Day has entered upon the second year of its existence. Taken all in all, The Day has been a good paper...

Dakota has elected a Democratic delegate to Congress. This is another change from wrong to right...

Gov. GEARY has issued his proclamation for a thanksgiving day, in accordance with the recommendation of the President...

THE ELECTIONS!

Glorious Triumph for Democracy!

DEMOCRATIC GAINS EVERYWHERE!

GRANT GROWING QUOMON GONALP

NEGROISM KNOCKED ON THE NOSE!

On Tuesday last elections were held in eight States. Although the returns that have reached us are but meagre...

MISSOURI

The State of Missouri has done nobly, more than the most sanguine Democrats anticipated or hoped for...

NEW YORK

The Empire State has done nobly, more than the most sanguine Democrats anticipated or hoped for...

NEW JERSEY

Seems to be the only State out of the eighteen voting, in which Radicalism held its own...

MARYLAND

Again sends a solid Democratic delegation to Congress, notwithstanding over 25,000 negroes voted with the white Radicals...

KENTUCKY

Stands by the old Landmark, and allows no gap in her Democratic delegation to Congress...

ILLINOIS

Shows decided Democratic gains. LONG JOHN WENTWORTH has gone "where the woodbine twineth..."

RECAPITULATION.

Table with 2 columns: State and Congressional Gains. Lists New York, New Jersey, Virginia, Tennessee, Michigan, Illinois, Wisconsin, Missouri, Alabama, Arkansas, Florida.

State by 51,150. The returns of this year show it to be under 22,000 a Radical loss of two Congressmen and 29,000 votes.

DELAWARE

Is still true to the white man. The Democrats carry everything by about the usual majority, 13,000. Niggers didn't amount to much in that glorious little Commonwealth.

KANSAS

The "poor blessing" arrangement, that John Brown started on its march, still sticks to the meager, the pitiful and bondholder...

MISSOURI

Here again the Democrats gained largely, the Radical majority of 21,117 in 1868, being reduced to less than 6,000 with a Democratic gain of one Congressman in the First district.

MISSOURI

Oppressed, downtrodden, outraged Missouri, has spoken in thunder tones. Missouri the Radical candidate for Governor, who had a majority of 10,000 votes as declared by Brown...

TENNESSEE

The vote in this State is reported to be very light, light almost to weakness. A Democratic majority of 75,000, with a Democratic gain of seven probably eight Congressmen...

FLORIDA

But little news from away down here has reached us. The Radical papers are charging that great outrages were committed by white men on the colored voters...

ARKANSAS

Here, where under the beauties and blessings of reconstruction, Radicalism expected to win, with its debasing acts and negro votes...

ALABAMA

Like other Southern States, Alabama, has wheeled into line and repudiated GRANT, niggerdom and reconstruction...

NEVADA

Nothing definite from her. Scattering returns received, promise a glorious Democratic triumph...

LOUISIANA

No news at all from this State, except that the United States officials have the ballot boxes, at their head quarters...

VIRGINIA

From the mother of States, the same glorious things reach us. A Democratic gain of one member of Congress, and a great reduction of the radical negro vote...

CONGRESSIONAL GAINS

Table with 2 columns: State and Congressional Gains. Lists New York, New Jersey, Virginia, Tennessee, Michigan, Illinois, Wisconsin, Missouri, Alabama, Arkansas, Florida.

In addition to those we gain two U. S. Senators, and the good Lord only knows how many thousands upon thousands of the popular vote...

AN DE COLORED TRUPES FOT NOBLY!

"Golly but dis chile bele bad!"

The above very pathetic portrait is a faithful representation of the result of the recent election on de kilted trupes...

Gen. SHERMAN, or SKUNK, or whatever his name is, is not disposed, we understand, to contest the seat of Gen. GRANT, who he had defeated him for Congress at the late election in Ohio...

We notice that Col. F. D. PIERCE, of Exeter, formerly of this place, is spoken of by quite a number of Radical papers as a candidate for Auditor General...

The next Congress, thank good ness, will have a considerable sprinkling of Democrats in it, though not enough to control the legislation...

Maryland, New Jersey, Kentucky, and New York, four of the States which held elections last Tuesday...

The election in Missouri in which GRANT felt specially interested, adds another stinging rebuke from an outraged people to this infamous administration...

that will be read with thoughtful and deep concern. It is handsomely illustrated with over one hundred and eighty fine engravings...

AMERICAN BASTILLE!—a special in American Literature, a work of thrilling interest, and replete with instructive, being a history of the ill-arranged system instituted by Simon Seward...

The work is due to the noise of history, to the passions of State, and to the country. The agent is now in town.

The New York Herald, a very nice paper, by the way, deserves credit for the following hit on the weather...

Everybody portends an early cold Winter this year. The earth, air, and the woods are full of omens...
