I But while any one might risk the answer, while any one might risk the answer, we doubt the ability of any to respond satisfactorily. Why is what? many will now inquire. Why is it, in this case, means just this and nothing more j, why is it, that there are Sablath school institutes or associations all over the county and none in Bellefonte? We county and none in Bollefonte? Wo hear of local associations in Spring and Benner townships, of one in Harris, of one in Forguson and almost every town-ship in the county and none in Belle-tonic Why is this? Is it for the want of material to compose such an associ-ation? We think not. There are some six or night locales and grantheners in town eight ladies and gentlemen in town, that go frequently to the association in all parts of the county, and never full to give such instruction and information give such instruction and instruction as is beneficial and of great advantage which they labor. We to the cause in which they labor. We have material enough to build up one of the largest and most interesting associations that can be found outside of our large cities There are in town six good Sabbath

The people over the county look on the schools in Bellefonte as models after which to pattern So they ought, many particulars, in here we have the professional men, men who have given all their lives to the study of books Education is a great power in the Sabbath school as well as in any thing else Here, each congregation has its own Warm-hearted generous and true, the minister, he has his home in town, possessor of a cool, clear intellectual or while many miles separate minister minister, he has his home in town ganization, he was a valued friend and rand congregation in the county.
