## Kn-Klux Bill Misunderstood.

The New York Sun says: In a speech at Cincinnation Wednesdy of last week Gen. J. D. Cox, who was recently Secretary of the Interior, said recently Secretary of the Interior, said that an army of one hundred thousand soldiers would not be sufficient to put in force the Ku-Klux. bill which has just passed the House of Representatives. Gen. Cox thinks it is impossible to restore peace and quick at the ble to restore peace and quiet at the South by any amount of military force South by any amount of mintary force so long as measure are agitated in Congress and discussed in the press which are calculated to irritate the Southern colo and make them. people and make them discontented

and restless. and restless.

(ien. Cox misapprehends the real nature of the Ku-Klux bill. Its essential design is not to restore peace and quiet at the South, and to allay discontent and disorder. This is only a residental and comparatively units. an incidental and comparatively unimportant part of the business. The first purpose of suspending civil law in that part of the country and sending down soldiers is to force the Republicans of those States to appoint dele-gates to the approaching National Convention of that party who will be in favor of the re-nomination of Grant. Next, the elections there are to be controlled by military means, so that the electoral votes of those States will be secured for Grant, whatever may be the wishes of the majority of their citicens. To carry out these designs, (ien. Cox can very well understand that an army of one hundred thousand men will not be required. Probably a force of twenty thousand will suffice. But if the next President should happen to be chosen in that way, how will the rest of the country like it? And what will Gen. Cox say and do then?

## Death of a White Black-bird.

Our readers may remember that nearly four years ago James B. nearly four years ago James B. Groone, Esq., while gunning, was attracted by the spectacle of a bird of white plumage flying with a flock of blackbirds. After hours of cautious pursuit, Mr. (i., by a lucky shot, brought down the rarra aris, but slightly wounded in the wing. He was cap-tured and entrusted to the care of Mr. Arthur Muchell, in whose hands he soon became lively and tame. It soon became lively and tame. It proved to be a genuine white black-bird. Every feather usually black in birds of its species, was white in it. The red spots on the wings were red on it. The bill and legs were white Its song and all its habits were just like those of its black mates. Flying, the hird linked white sitting, it was the bird looked white; sitting, it was a very light brown. The tips of its leathers had a dusty hue, but below the surface they were white. Mr. Mitchell kept the rare bird caged in til a dar or two since, when it sicken ed and died. Mr. Groome has sent it to Philadelphia to be prepared and stuffed, and will keep it as an authen the evidence that there has been such a thing as a white blackbird.—Cecil

GREAT MEDICAL DISCOV-DR. WALKER'S CALIFORNIA

VINEGAR BITTERS. Hundreds of thousaids bear testimony to their Wonderful Curative Fffects

WHAT ARE THEY? THEY ARE NOT VILE FANCY DRINK.

Made of Poor Rum Whiskey. Proof Spirits and Refuse Liquors doctored, spiced and sweatened to please the taste, called "Tonics," "Appotizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholte Stimulants. They are the Great Blood Purifier and a Life Giving Principle a perfect Renovator and Invigorator of the System, carnying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided the bones are not destroyed by miperal poison or other means and the vital organs wasted beyond the point of repair.

are not deargoged by mages a person and and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Billous, Remittent and Intermittent Fovers Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

Dyspepsia or Indigestion Headache, Pain in the Shoulders, Cought, Tightness of the Chest, Dizziness, Sour Erticlations of the Stomach, Bad taste in the Motth, Billous Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

iation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kudneys and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and blowels, which render them of unequaled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Bilious, Remitlent and Intermittent Fever, which are so prevalent in the valleys of our great Rivers throughout the United States, especially those of the Mississippi, Missouri, libinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Pearl, Alabama, Mobile Savannah, Roanoke, James, and many others with their vast tributaries, during the Summer and Autumn, and temarkably so during sea sons of unisual heat and depress, are livariably secompanied by extensive derangements of the stomach and iver, and other abdominal viscera. There are always more or less obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with vittated accumulations. In their treatment, a purgative, exerting a powerful influence upon these organs, is essentially necessary. There is no eathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as thay will speedily remove the dark colored viscal matter with which the Bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs. The universal popularity of this valuable remedy in regions subject to miasmatic influences, is sufficient evidence of its power as a remedy in regions subject to miasmatic influences, is sufficient evidence for the special points of the special points of the special points in such classes.

MOST PERFECT, Natural, Artificial help to the human eye eveknown.

They are ground under their own supervision, from minute Crystal Pebbles, melted to gether, and derive their name "Diamond" on account of their hardness and brilliancy. The scientific principle on which they are constructed brings ine core or centre of the lens directly in front of the eye, producing a clear and distinct vision, as in the natural, healthy sight, and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizzness, &c., peculiar to all others in use. They are mounted in the finest mahner, in frames of the best quality, of all materials used for that purpose. Their finish and durability cannot be surpassed.

CAUTION—None genuine unless bearing their trade mark >> stampod on every frame Natural, Artificial help to the human eye eve
