

The Democratic Watchman.

BELLEVILLE, PA.

Friday Morning, Sept. 15, 1871.

THINGS ABOUT TOWN & COUNTY

The prettiest girl in town has announced her determination to be present at the coming county fair.

Ira C. Mitchell, Esq., lectured before the Centre County Normal Institute on Thursday evening, the 7th inst.

Yes, Chippy, you do look, oh, so sweet and pretty in that nice little hat 'o' yours, which, we think, is a vast improvement.

By the Journal, we perceive that Maj Gen. Beaver, commanding this military district, has been organizing the Philsburg militia.

We regret to state that Mr. John Given, of this place, was suddenly seized with hemorrhage on Monday evening last, and was quite ill for a couple of days.

The Republican says that a Mr. Hancock, of Boggs township, had an arm broken the other day by having it caught in the belting of a threshing machine.

The foundation of the new engine house of the Undine Fire Company has been dug out, and the building will be put up as rapidly as possible.

An adjourned court will be held here in October, beginning on the 13th Monday, for the trial of causes in which his honor, Judge Mayer, is concerned.

That ribbon arrangement called a "sash," we believe, which some lady wore on her Grecian head, was dropped in the street near the bridge on Monday night, and brought to this office, where the owner can get it by calling or sending for it.

Dr. Roland G. Curtin, of Philadelphia, whose native place is Belleville, was in town this week. The Doctor has changed but little since his boyhood days.

The Scrimshaw patent pavement has been laid along Bishop street from the residence of Mr. Fred Smith to the Farmer's hotel of Mr. Howard.

The editor of the Philsburg Journal has been made the victim of a fowl proceeding. Mr. James Test entered that station the other day and presented the editor with a couple of fine spring chickens.

Seven Sunday schools preached at Julian Furnace last Saturday. As we came down in the train from Tyrone, we saw the people gathering from all quarters, with flags, banners, music and military.

The brick addition to the Academy is already under roof, and we presume it will not long before it will be entirely completed.

The work of repairing the bridge piers has at last been commenced and has been progressing since Monday. We are glad of this, and look forward to its speedy completion.

That joy of wives and curse of husbands—house cleaning—will soon be around again. Even the very dogs and cats seem to be aware of its near approach.

A man who chews tobacco or smokes cigars always feels good when he goes into a first class tobacco store. Such an one is Mr. Nathan Beck's.

A little son of Levi A. Miller, of this place, was knocked down and run over by the Brokerhoff House omnibus, on Wednesday night.

We saw a platoon of the Logan Fire Company standing around a water plug the other day. They said they were waiting for a fire.

THE PREMIUMS.—In looking over the premium list of the coming county fair, we are surprised at the paltry sums offered for trotting horses.

The same damaging policy seems to prevail in reference to the premiums for cattle. Five dollars is the highest amount offered for the best bull or cow.

It seems a curious thing to us that a rich and fertile mining agricultural county like Centre is not able to offer as large premiums at its fairs as the lumbering counties of Clearfield and Clinton.

As we take it, the object of a County Fair is to bring out the greatest display of stock, poultry, cereals, vegetables, fruits, agricultural implements, ornamental articles, &c., &c., that the county is capable of producing.

The awarding of such paltry sums is a poor way to encourage competition. Farmers and others who bring stock and other things here from a distance, want something else to pay them for their time and trouble.

They want something worth contending for. Give them this, and they will come here in crowds, and our fair grounds will be covered with the best and finest stock, &c., in the county.

There is still a feeling that creates a good deal of dissatisfaction, and that is the fact that there is too little discrimination used in the selection of committees to make the awards.

Nearly all the members of the committee are from the better classes of the county, and the poorer classes generally.

Now, we haven't a particle of objection to any of these ladies, so far as we are personally concerned, but their selection exclusively looks so much like favoritism, that the matter is talked about and commented on, and thus a prejudice is created that will operate against the best interests of that department of the fair.

The Undine Fire Company's new horse carriage arrived here on Tuesday, and in the evening was taken up town by a number of the members, with lamps lighted, and followed by a troop of very enthusiastic boys.

The Undine boys are looking for their engine this week, also. They have been very expeditious thus far in getting themselves into good shape, and we expect to hear a good report of them at the next fire.

There will doubtless be a large turnout of people, like there was last year, but we fear the articles on exhibition will not be noted either for their numbers or excellence.

For good ale, we must recommend the saloon of Mr. Joe Hawkins on the corner of Allegany and Bishop streets. Joe keeps as respectable a place as any in town, and is master of his own premises.

Mr. Johnson, the enterprising landlord of the Brokerhoff House, has put a handsome omnibus on the road, drawn by a pair of very fine horses.

Mr. Milliken's remains arrived here on Friday evening last and were interred on Saturday.

Mr. Milliken's remains arrived here on Friday evening last and were interred on Saturday. As we stated last week, he had gone to Oskaloosa to attend a meeting of the Society of Friends, of which he was an active and consistent member.

As stated above, Mr. Milliken's remains arrived here on Friday evening and were interred on Saturday. The funeral was a very large one, and was attended by all our leading citizens and business men.

Mr. Milliken was manager and one of the owners of the great Valentine iron works here, and the firm with which he was connected has thus been robbed of its master mind.

The writer of this notice never had any personal acquaintance with Mr. Milliken, more than to speak to him on the street, but the good that men do is not always interred with their bones.

A most pleasant reunion came off at the residence of Mr. John Irwin, of this place, on Tuesday last. On that day, Mr. Irwin gave a dinner at which were present his aged mother and thirty-eight of her living descendants.

The Undine Fire Company's new horse carriage arrived here on Tuesday, and in the evening was taken up town by a number of the members, with lamps lighted, and followed by a troop of very enthusiastic boys.

That portion of the Masonic fraternity of this place, known as the Knights Templar, will leave here on Monday next for Baltimore to attend the grand convocation of Knights Templar in that city on the 18th inst.

MEETING AT THE AGRICULTURAL COLLEGE.—In accordance with law, the usual meeting of delegates from the County Agricultural Societies of Pennsylvania was held at the College, Centre County, on Wednesday, the 6th inst.

After examining the experimental and college farms, the buildings, &c., the delegates met in the college chapel, and organized by the election of Hon. Francis Jordan, of Harrisburg, as chairman, and John S. Furst, of Clinton County, Secretary.

On counting the ballots it was found that Hon. A. O. Hiestor, of Dauphin, Jas. Kelly, Esq., of Allegheny, and William B. Roberts, Esq., of Montgomery, had received a majority of all the votes cast, and were declared duly elected Trustees of the college, to serve for three years.

The following resolution was unanimously adopted concerning the retirement of B. Morris Ellis, Esq., of Lycoming county, from the Board of Trustees.

Resolved, That the thanks of this meeting be tendered to B. Morris Ellis, for the interest he has taken and the service he has rendered to this institution, as one of its Trustees for the last twelve years.

Dr. Calder, the President of the College, being called upon, gave an account of the condition of the Institution, which was highly satisfactory to all present.

Subsequently, eloquent and cheering addresses were delivered by Hon. F. Jordan, H. N. McAllister, Esq., Rev. Dr. Gilson and Gen. James Beaver.

The people of our State have reason to rejoice over the great improvement in the Agricultural College, and the prospect of its rapid advancement. In the few months which have elapsed since Dr. Calder's election the number of students have nearly doubled, and many more have signified their purpose to come.

Rev. Mr. Patterson, the very able Universalist Minister, who preached two interesting and eloquent sermons on Sunday last, in the Court House, will again preach in the same place the coming Sabbath.

Rankin is evidently doing the book business justice. Every express train brings him goods.

The Philipsburg Journal has the following items in its issue of Saturday last.

On the information of George Gearhart, Mrs. Ellen Moore was arrested on a charge of Squire Parker for a beating on Tuesday, charged with felonious assault.

That portion of the Masonic fraternity of this place, known as the Knights Templar, will leave here on Monday next for Baltimore to attend the grand convocation of Knights Templar in that city on the 18th inst.
