

Ink Slings.

Vote early, and then give your whole time and attention to getting other voters to the polls!

Democrats! Don't let Col. WEAVER be defeated by the LIES, the busses, willful, malignant, hell-born lies of his enemies. Rally every man to his support, and thus show those Radical enluminating rascals that truth is mighty and will prevail.

The Radical missionary work among the darkies in town is being done quietly but vigorously. Money is being distributed among them by the handful. They are being bought up to vote the Radical ticket by dozens. WHITE MEN, avenge yourselves at the polls!

IRA C. MITCHELL, Esq., told the truth at Hoberburg, last Saturday afternoon, when he said that the worst man on the Democratic ticket was better than the best man on the Radical ticket. But then we have no bad men on our ticket. It is composed of the very best men in the county.

If the farmers who live along the lines of railroads in Centre county don't want the law repealed which forces railroad companies to pay for every horse, cow or pig killed by their locomotives, they should vote for the Democratic nominee for Assembly. This law will be repealed just as sure as the Radicals elect their candidate.

The Radical organ in this place, edited by the man who bought a diploma as Doctor, of Laws calls the law which gives lumbermen and mechanics a lien on logs and buildings, as security for their wages "the humbug Lien Law." What do you think of this, working-men? Browns gives it this term in his last paper, and says it ought to be repealed! Will you vote for such a party?

The "Humbug Lien Law," exclaims the Republican, and all the aristocrats in town, like BUCHANAN and BRAVER, who are opposed to protecting the interests of the laboring men, take up and re-echo the cry. "Humbug, indeed! The lumbermen, mechanics and laboring men, generally, will show you how much they consider it an honor, gentlemen, on election day.

Radicals Against the Lien Law.

There is an article in the last Republican which argues that the Lien Law ought to be repealed, and that lumbermen and mechanics ought to be left to whittle for their wages!

To disguise this inference as much as possible, the article is signed "Laboring Lumberman," but is evidently written by some irresponsible contractor, who is prevented by this law from cheating the men who work for him.

There are numbers of just such men, and they are the biggest rascals in the whole country. They hire a lot of workmen, go to the woods, take out millions of feet of timber, get them down the river to market, pocket the proceeds, and then leave their hands to get their money the best way they can. It was to put a stop to such rascality as this that the Democratic representative from this county had the Lien Law passed last winter. This law gives the lumberman a lien or first claim upon all the logs taken out by them, and thus secures their wages by compelling the contractor to pay them before he can sell his logs.

Now, we ask, in all sincerity, is not this a beneficial, a most noble law? Is it not just the very thing for which our lumbermen and mechanics have been praying for years? And yet Browns and his correspondents have the brazen effrontery to stand up and say that this law "discriminates in favor of the rich against the poor!" What folly! What absurdity! What bare faced demagoguery!

These fellows tell us that the Lien Law "ought to be immediately repealed and its author branded as a DECEIVER and POLITICAL TRICKSTER!"

And for what? SIMPLY BECAUSE HE PASSED A LAW WHICH GUARANTEES to lumbermen and mechanics their just wages from a set of sharpers who would, if they could, CHEAT THEIR LABORERS OUT OF EVERY CENT!

This is the height and depth of the "crime" which makes the author of this law, in Radical estimation, a "deceiver and political trickster." People of Centre county, will you not mark these men?

Remember, workingmen, this law does not benefit the author of it. It was passed for you and yours. Can you do less than express your thanks to him at the polls?

Democratic Watchman

"STATE RIGHTS AND FEDERAL UNION."

VOL. 16.

BELLEFONTE PA., FRIDAY, OCT. 6, 1871.

NO. 39

Democrats of Centre County!

As this is the last opportunity we shall have to address you through the DEMOCRATIC WATCHMAN, previous to the election, we desire to once more urge you to do your duty. Immense results hinge upon the issue of the present contest. As we have told you before, we now tell you again, that the present election is not only important in itself, but is the great key to DEMOCRATIC TRIUMPH OR DEFEAT in 1872. As you wish for a victory THIS, do your duty now.

Democrats, the day of battle is almost here. Are you all in readiness? Are your ranks closed up, and every man in his place? Are there any lag-gards, loiterers or stragglers? If there are, bring them all in; put the weapon of Democracy—the glorious ballot—into their hands, and bid them stand, shoulder to shoulder, with their more eager brethren. Let not one man be left behind; get them all into the ranks, and go the polls determined, invincible and UNFURNISHED!

We have an active, unscrupulous, unrelenting and relentless enemy to fight. They are well organized, in leagues and lodges with secret signs and passwords—and will bring every man they have, sick or well, halt or blind, into the contest. Not a man of them will remain at home! They all understand that a desperate, a mighty effort is to be made to carry Centre county for the Radicals this fall! Hence, every man among them is wide awake, and using his individual efforts and energies to give success to their cause. As one of the best means of working, they preserve a very quiet and uninterested demeanor, so as to make Democrats believe that they are not caring much how the contest results. At the same time they are acting under orders, and moving, as it were, the "very stones to rise in opposition to the Democracy.

Democrats of Centre county! let the energy and activity of our opponents be imitated by you. Do not let them excel you in zeal, in watchfulness or in effort. Be ACTIVE, be VIGILANT, be BRAVE! Do not go to sleep until you know that every man in your respective townships is ready for the fray; and when you do lie down, satisfied that everything is right, let it be with your sentinels posted and your arms in your hands, so that you may be prompt to spring up, ready for battle, at the first rising of the sun on the morning of the ever to be memorable TENTH of October!

Now, Democrats—we leave the contest in your hands. We have done all we can to secure your triumph. We have labored early and late, and have every reason to expect the best results. From all quarters the prospects are cheering, and naught now remains but for you, the soldiers of the grand Democratic Army—which is sent to deliver the people from their oppressors—to do your duty. Remember that your mission is a grand one. Remember the great stake you have in the matter and the uncounted advantages that will result to yourselves from your triumph. Remember that your VICTORY will drive from power the most infamous, outrageous, corrupt and despotic administration that ever cursed a country, relieving the people from a personal and financial thralldom such as a people never suffered under before; and that your DEFEAT will only bring upon you the chains of tyranny, debt, taxation, poverty and ruin. One or the other of these alternatives will result from the influence which Democratic success or defeat in the present campaign will have upon the presidential struggle of next year. This is a solemn

fact, which only needs to be thought of to see how momentous and full of fate it is.

People of Centre county, you have much to gain or lose. Which of the two alternatives will you select?

Democrats, Remember!

DEMOCRATS, REMEMBER that the very men who, as Radical candidates, are now asking your votes, denounced you as "TRAITORS" during the war, and would have arrested or hung you had they had the courage to do it.

REMEMBER that the men who are now asking you to vote for them as Radical candidates insulted and abused you whenever they could get you into a crowd, and taught their children to sneer at you as TRAITORS and COP-PELLEHEADS.

REMEMBER that not a man on the Radical ticket but denounced you in the vilest terms and most malignant manner, and chuckled with delight when the government sent its provost marshals and drafts to drag you or your children from your homes and firesides, to fight for nigger freedom and suffrage.

REMEMBER that every man on the Radical ticket said it was right to arrest Democrats, to destroy Democratic printing offices, insult Democratic women, imprison you for speaking your minds, and to rob you to enrich provost marshals and free negroes.

REMEMBER that not a man on the Radical ticket but was one of those bitter, malignant, ranting Radicals, who wanted to mob you when you came to be made to carry Centre county for the Radicals this fall! Hence, every man among them is wide awake, and using his individual efforts and energies to give success to their cause.

REMEMBER, ALSO, that the candidates upon the Democratic ticket are men who stood by you all the time—who believed as you believed, were abused as you were abused—insulted, beaten and denounced because of their devotion to principle and the cause which YOU SUFFERED FOR.

Can you desert THEM NOW, and aid, either by staying at home or scratching your ticket, the men who so bitterly denounced and outrageously abused you.

STAND BY THOSE WHO STOOD BY YOU!

Take Care!

NATURALIZED CITIZENS, you who propose to vote for a certain candidate on the Radical ticket, TAKE CARE that you do not find yourselves VOTING FOR THE FIRST KNOW-NOTHING IN CENTRE COUNTY! There is a candidate on that ticket who, we are told by men who were members of the Dark Alley and Hen Roost party, was the first KNOW-NOTHING in the county, and the man who instituted and organized the infamous lodges and councils which bore eternal hostility and proscription to foreigners and Catholics!

TAKE CARE, then, DEMOCRATIC FOREIGNERS—you who are so cautious about voting for a Democratic candidate of whom it has been FALSELY said that he was suspected of Know-Nothingism eighteen years ago—that your over zeal does not lead you into the support of a man who was ACTUALLY and BEYOND DISPUTE, the ORGANIZER of the Know-Nothing lodges of Centre county, and who, to this day, holds the same views in reference to NATIVE AMERICANISM that he did then, although just now obliged (for polite purposes) to conceal them.

THE ONLY SAFE WAY, Democratic adopted citizens, is to vote the ticket given us by our Convention. By doing otherwise we give a direct stab at our own principles, and help to put in office men who only a few years ago denounced us as "d-d traitors and Copperheads!"

VOTE THE WHOLE TICKET.

GET OUT THE FULL VOTE. One vote may be of immense importance. In this contest with a powerful and wealthy ring, every honest man is needed at the front. Let there be an advance along the whole line on Tuesday next.

Niggers Versus Foreigners.

Do our foreign-born citizens understand that, by the legislation of our Radical law-makers, NEGROES have been made eligible to the office of President and Vice President of the United States, while CARL SCHURZ and other able WHITE MEN born in a foreign country, are not eligible and can never hold those offices? If they do not understand this, it is time they were beginning to think about it. Take REVELS, for instance—the late nigger Senator at Washington. Under the fifteenth amendment, he can hold the office of President, if the Radical party choose to put him there. He can enter the White House, sit down in the chair of Washington, and lord it over the country and its white inhabitants, as President and Commander in Chief of our army and navy, in all the black dignity of emancipated niggerism. But can CARL SCHURZ, the German, or Gen. JAMES SHELDON, the Irishman, become President or Vice President? No. Because they are foreigners; and foreigners, in the estimation of the Radical Party, are not NEARLY SO GOOD AS NIGGERS. Think of REVELS or FRED DOUGLASS, or any other nigger as President of the United States, made eligible to that position by Radical legislation! And then think of the brave and able white German and Irish soldiers and Statesmen, who are not eligible, because they are foreign born!

Can any foreign born citizen vote the Radical ticket with the above fact staring him in the face? If he can, he prostitutes his manhood and disgraces the country that gave him birth.

Three Hundred!

JOHN T. JOHNSTON, the Bellefonte post master, and the best politician in the Radical party in the county, is so bent upon to assert publicly that the Democratic majority will not be over four hundred in old Centre!

Democrats! what do you think of this? Shall the prediction of this GRANT official come true, and our gallant old party be so untrue to itself as to give only those figures, or shall we show him just how little he knows about the SPIRIT that now animates the Democracy by giving for our noble ticket one of those grand old majorities for which Centre county used to be so famous—say about ONE THOUSAND?

The idea of three or four hundred Democratic majority in Centre county! Why, Democrats, the very mention of such a thing is ridiculous!

It is an INSULT to every Democrat and every other honest man in the county.

Three or four hundred! when we expect and are almost certain to give them eight hundred to a thousand! IF WE CAN ONLY GET OUR VOTE OUT!

Remember this, Democrats! THE VOTE MUST BE GOT OUT, or we will fall short and JOHN T. JOHNSTON'S prediction may be verified!

REMEMBER, also, that the Radicals are boasting about how much they intend to reduce our majority!

DON'T LET THEM DO IT. It can't be done, if you will only WORK! WORK!! WORK!!!

Republican Testimony On Radical Misrule

Had Democratic speakers and journals uttered the following testimony it might have been attributed to party hatred; coming, as it does from men and papers who have never served in any other than the Republican ranks, it is very significant, indicating pretty definitely that the "damned spot" of disaffection will not "out."

First hear Carl Schurz. "The Constitution has been violated in one of its most vital principles, and nothing in any degree to be compared with this act of usurpation has ever happened in the whole history of this republic."

"I cannot, I shall not endorse a violation of the Constitution in its most vital part by supporting, under any circumstances, the candidacy for reelection of the President who perpetrated it."

"The cousins and brothers-in-law of the President may be officers no worse than others, but when he puts them to the public crib, the Chief of State teaches his subordinates by his example, which is every where visible, that in his opinion a public office may be used for the self-end to make out of it what can be made, and who will wonder when those subordinates also make out of their offices all that can be made."

H. B. Stanton, speaking of Grant and the mission of the Republican party, says:

"The victory being won, I have no taste for savoring the field to rule the slain! The slavery controversy is ended, and the Republicans will find that they cannot construct a Presidential platform out of debris of a demolished rebellion, nor elevate the negroes into undue prominence on the points of Federal bylaws."

Even their so-called warmest friends—the negroes, turn against them. Here what Senator Pinchbeck, of Louisiana, utters:

"Is it possible we are to be put down by the Government we have sustained? It that be the case, the sooner this Government is torn down and a monarchy built upon its ruins the better."

Cassius M. Clay cannot keep silent, but says:

"I believe that the attempt again to impose Grant upon the country will be fatal to the Republican party, if not ruinous to the Republic."

Governor Geary spoke out long ago:

"You can't govern this people with the bayonet. Whenever it comes to that the Republic is a failure, and we had better confess it. Better have fifty fights at the polls than to have the bayonets there."

The Cincinnati Commercial thus descends on the President a nepotism:

"The example of the Chief Magistrate is, however, doing mischief. Our public places are full of families Drunken sons and stupid fathers in law and worthless courts abound in the Federal offices throughout the land, and greatly demoralize the public service."

The N. Y. Sun on his penchant for giving aid:

Jefferson died poor, and Monroe was indebted to charity for the stone that bore his epitaph. To think of our president dying poor! Let the adventures of Grant rest assured that no such calamity awaits his final exit, if it can be averted by the laying in of a large supply of lands, tenements, houses, bonds, stocks, plate, horses, carriages and other valuables, the gifts of grateful officeholders, and of hungry expectants who await his reelection to thrust their hands into the treasury.

The Boston Transcript on his use of bayonets in New Orleans:

"The outrage at New Orleans whereby United States troops were employed against the delegates favoring that blatant demagogue, Governor Warmouth, deserves the prompt attention of the administration, and the summary punishment of all the federal officials responsible for the disgraceful transaction."

Also the Chicago Post:

"It is such an infamous case as never before happened on this continent, and such an example should be made of the participants that it should be the last one."

Again, the N. Y. Sun speaks:

"Never before had we a President so indifferent to right and wrong that he could appoint a convicted bribe-taker to high office under his Administration, and not only keep him in power after his true character had been revealed, but promote him to other places of distinction where he could gain still greater riches by similar acts of venality and fraud."

Such testimony we might continue ad libitum, (for it is to hand,) but our space forbids.

How now are we to free ourselves from such an administration? Very simply. The thing depends entirely on the election this fall. A good Democratic victory in our State will just as surely drive from the White House the man against whom these respectable witnesses testify, as he is President to day. See to it, then, Democrats, that such victory be won. Voting will accomplish it.—Four Quarters.

The Difference.

Democratic officials robbed the city of New York, and Democrats traced up the robbers, prosecuted them, and will have them punished.

Radical officials robbed the State of Pennsylvania, but our Radical State officers permitted the principal robber to escape.

Vote for McCANDLESS and COOPER.

Everything.

—Erie county nominates Chief Justice Thompson for the Presidency.

—Grant is working his way back toward the east, having seen his Kansas relations.

—Butler rolled one eye heavenward and plausibly ejaculated, "The Lord's will be done," when defeated.

—Not a single Republican editor in the whole country denies that millions of taxes have been stolen by collectors of Internal Revenue.

—York and Adams Senatorial District have nominated William Messers of Adams, for Senator. His election is sure.

—The New York Herald says that Canlking and Fenton are the "Red Cloud" and "Spotted Tail" of the Radical party.

—The Little Rock Journal says a report is being widely circulated among the colored people that Horace Greeley belongs to the Kuk-Kux Klan.

—Texas will elect on next Thursday. Things political are very warm now in that State. If there is a poll the Democrats will win by a large majority.

—Federal troops are being quietly sent to all parts of the South by General Grant. This is the way he expects to force a re-nomination and re-election.

—If the mis-judged Republican party is the friend of the masses, why does it rob the people of the government lands, and bestow them upon gigantic corporations?

—President Grant is said to smoke only ten cigars a day now. By the advice of his physician, instead of forty five, as was his former custom.

—The Radicals claim that certain men in New York are thieves, because they were poor and are now rich. Are they willing to try Grant and a thousand other Radical officials by that test?

—Agassiz is of the opinion that a great Democratic tide will sweep over the State of Pennsylvania and Ohio on the 10th proximo. He says there will also be one in Texas on the 6th.

—Mr. Henry K. Peffer has received the nomination of State Senator from the Cumberland and Franklin Senators' contest, but the former is a strong Democrat and possesses the esteem and confidence of all who know him.

—Hon. James H. Harvey has, on account of ill health, retired from the editorship of the Washington Daily Patriot. Hon. Noah L. Jeffries has purchased Harvey's interest in the paper, but this involves no change in its political tone.

—Sumner says "Gen. Grant is the lowest man who ever sat in the Presidential chair, lower intellectually than Andrew Johnson, lower morally than Franklin Pierce, and lower socially, because in private life Mr. Pierce was a gentleman."

—Louis Joseph Papineau, a distinguished political Canadian hero, died on Sunday. At one time he took refuge in the United States to avoid arrest on charge of high treason for favoring constitutional resistance to the Imperial rule.

—The Reading Advertiser, in speaking of a Radical meeting at that place, says that Doctor Stanton was there, but could not make a speech nor show his colonel's commission. Also that impartial persons who have heard both Stanton and Agassiz, say that the latter is the man.

—John M. Topham's gratification at his election for Congressman in the Third district of California was heightened by the receipt of a telegram from George Peck, his Democratic rival, which read: "I move to make the election unanimous."

—The Troy Times says that as one of the conditions of union, to Grant Grant must be the Republican candidate for President, and follows this by saying: "In view of these conditions, will you consent to be our candidate on account of the personal ambitions of one man?"

An effort is being made in London to do away with Roman Catholic funerals on Sunday, to which the Courier Journal sarcastically remarks: "This is a good idea, but it is not a Roman Catholic's ought to die in time to be buried about the middle of the week."

—The Pittsburg Post advocates an amendment to the Constitution of the United States, making a foreign born citizen eligible to the Presidency. "This is right. When a man becomes an American citizen, there should be nothing to prevent the people electing him to any office within their gift."

Major Hodge, the defuncting postmaster, had two surrogates, each of whom gave a bond of \$20,000 and this was all the government took to save from that half million surrogates to but a thousand dollars. But then they are loyal, you know, and loyalty should protect what they do.

For University—The Philadelphia Bulletin, advocating a second term of Grant, says by widely the convention to attempt to re-appoint him. "He must be nominated." The statesman of the Bulletin's own, and suggest the probability that it is a person who might be another law or two, with a sufficient force of military, will be present to justify its dictation.

—Our State Central Committee continues to receive the most encouraging news from all parts of the State, and if every Democrat does his duty from this time until the night of the election, there can be little doubt that our ticket will be elected by a majority of which the Democracy of the Keystone State can well be proud.

—The arrest of Evans, it is said by Republican papers is only a matter of time. That we presume is a fair statement of the case. The time, however, will certainly be after the election. That is right. When a man has done every rascal connected with this great evil exposed, before the tenth day of October, we have not a doubt.

—A Washington dispatch speaking of Treasurer Spinner's return, says: "The female clerks of his office gave him a affectionate welcome. Flowers were radiant all over the room, and hands would him at lunch time." He did not say what had become of the female women, but it is not about from London, but there is much that might be said by others of the disgusting scene in which his "female women," as he calls them, welcomed him home.

—Hon. JEREMIAS DAVIS—This eminent statesman, so prominent before the American people for a quarter of a century past, is now sojourning in Baltimore. He is accompanied by his estimable lady, and is the guest of a citizen residing on St. Paul street. It is stated that Mr. Davis will make Baltimore his home in the future, he having accepted the presidency of an insurance company, the headquarters of which will be located at No. 11 German street. Mr. Davis enjoys warm and devoted friends in great numbers all over the United States, but nowhere are they more numerous nor more deeply attached than in Baltimore.—Sunday Telegram.

—The frigate "Constitution," of whose history every American is justly proud is now prosituted by an unscrupulous Radical administration to the base duty of assisting in the colonization scheme of the unscrupulous ring of this city, and has been towed up from Annapolis under the plea of needed repairs, to assist in the work of supporting Radical rounders and reporters. Not content with coming here a person to aid in supporting the falling fortunes of our local ring dynasty, the Secretary of the Navy has ordered a ship, whose history is the common property of our country, to lend its aid to the advancement of the interests of a few unscrupulous local partisans. We hope every citizen employed on the "Constitution" will vote the Democratic ticket.—Four Quarters.

—The New York Sun makes the following contract between the Massachusetts Senators and President Grant:

Gen. Ben. Butler found Senator Sumner and Senator Wilson together in Boston on the evening "Did you," asked Butler, "authorize the announcement that you were both against my nomination for Governor?" "We did," was the prompt and unhesitating answer.

In the summer of 1864 Gen. Grant, at City Point, issued an order removing Gen. Butler from the command of the Army of the James. The order was immediately disobeyed. A copy was sent to Butler at Bermuda Hundred in the evening. The next morning he came over to City Point with the order in his hand. "Did you," he asked Gen. Grant, "direct that this order should be issued?" Grant seemed to be stunned. "I did not direct it to be issued in this form." The order was withdrawn, and Butler remained in command of the Army of the James until his fall to Fort Fisher.
