CENTRAL HOTEL, MILESBERG, PA. A. A. KOHLBECKER, Proprietor. This new and commodious Hotel, located opposite the depot, Milesburg, Centre county, has been entirely refitted, refurnished and replenished throughout, and is now second to none in the country in the character of accommodations offered the public. Its table is supplied with the best of the market affords its bar contains the purest and choicest liquors, its stable has attentive hostlers, and every convenience and comfort is extended its guests. Through travelers on the railroad will find this an excellent place to lunch or procure a meal, as all trains stop there about 25 minutes. 24 24
THE CUMMINGS HOUSE, BELLEFONTE, PA. Having assumed the proprietorship of this finely located and well known hotel, I desire to inform the public that while it will have no bar, and be run strictly as a temperance hotel, it will furnish to its patrons all the comforts, conveniences and hospitalities offered by others. Its table will not be surpassed by any. Its rooms are large and comfortable. Its stabling is the best in town, and its prices to transient guests and regular boarders will be very reasonable. The citizens of the town will find in the basement of my hotel a FIRST-CLASS MEAT MARKET at which all kinds of Meat can be purchased at the very lowest rates. I earnestly solicit a share of the public patronage. GOTTLEIB HAAG, 33 13

This Marriage a Success.

I saw one of those rare old couples who seem to have grown nearer and dearer to each other as the snow of the swiftly passing winters have made their locks whiter and scatter in one of these bazars. She was a dear old lady with a tender voice and confiding manner, and her pretty little aristocratic hands trembled as she held to the light the handkerchief she was examining. He was broadshouldered and white-bearded, and he wore a black broadcloth coat buttoned closely. He caught sight of some pretty scuffs that the girls wear on their heads going to and from the hops. Bringing a gay pink one over, he showed it to his wife. "Here is something you must have, dear?" "Oh no. What use could I make of it?" "You need it when you sit on the piazza in the evening, and," in an undertone, "you will look so nice in it." She blushed and said, "That one is a little too gay. I will see what they have." Between them they selected a pretty one, all covered with shining crystal beads, and as she protested weakly that even that was too gay for her he pressed her hand tenderly and said: "What nonsense!" I wondered if that match had been made at Saratoga in years gone by.—Saratoga letter in New York World.

Shooting Sparrows.

A young man in Pottstown swore in a mild but emphatic way that he would drive the English sparrows from the neighborhood of the parental mansion with his shotgun. The Pottstown Ledger thus describes the result: "The young man who does the shooting puts in an appearance early in the evening with a double-barrel gun, and commences firing into the tops of the trees which are infested by the birds, and after each 'bang!' of the fowling-piece down drop a lot of the sparrows, and also a big flock rise and fly away. Soon the little scamps come back, and again the gun roars, and there is another tumbling, a rustle of wings and a hasty flitting—but every time the persistent sparrows return to their haunts. This performance takes place each evening, the scene closing by the 'shoot-ist' appearing with a large basket and picking up his game, just as a man would who had been knocking fruit from an apple tree, and probably he finds a hundred or more birds each evening. For a week or two this bird-battle has been kept up, but as yet the question of victory is undecided. The sparrow army moves down upon its old quarters each evening, seemingly determined to hold the fort, and the exterminator is on hand promptly and continues his efforts to exterminate."

Told of Stephen Girard.

A man who had just set up in the hard ware business, and who had been a clerk where the eccentric millionaire, Stephen Girard, had been in the habit of trading, applied to him for a share of his patronage. Girard bought of him, but when the bill was sent in he found fault and marked down the prices. "Cask of nails," he growled "which I was offered for so and so. You have charged so and so, and you must take it off." "I cannot do it, sir," said the young merchant. "But you must do it," roared Girard. "I cannot and will not," was the final reply. Girard, bolted out, apparently in a rage, but soon after sent a check for the whole bill. The young man began to relent and say to himself, "Perhaps he was offered them at that price but it is all over now. I am sorry I did not reduce the bill and get it out of him on something else. His trade would have been a good deal to me." By and by Girard came again and gave him another order. The young man was very courteous, and said he was almost sorry he did not reduce the former bill. "Reduce a bill!" exclaimed Girard; had you done it I would never trade with you again. I merely meant to see if you had cheated me."—Detroit Free Press.

A Connecticut farmer's wife

while out in the yard hanging up clothes dropped several pins in the grass, and stooping to pick them up some thing bit her on the hand. She rushed in to the house in a half-fainting condition exclaiming, "Oh, I have been bitten by a snake!" A neighbor passing by the house was called in and asked to suggest a treatment. He did so, and then went to the yard to look for the snake. While looking over the grass something stung him, the snake he supposed. Procuring a club he carefully poked around in the long grass, and to his amusement and surprise, found a hen snugly ensconced in the grass, sitting on some eggs. The lady recovered rapidly.

The Best Advertising

—The most efficient advertising in behalf of Hood's Sarsaparilla is that which comes from the medicine itself. That is, those who are cured by it, speak to friends suffering similarly, and in turn derive benefit and urge others to try this successful medicine. Thus the circle of its popularity is rapidly widening from this cause alone, and more and more are becoming enthusiastic in behalf of Hood's Sarsaparilla as it actually demonstrates its curative merit. All that is asked for Hood's Sarsaparilla is that it be given a fair trial. If you need a good blood purifier, or building up medicine, try Hood's Sarsaparilla.

Synopsis of the New Dog Law.

What It Provides for the Assessment and Taming of Dogs in Pennsylvania—Duty of the Commissioners

The law for assessing and taxing dogs in this State, passed by the last Legislature, and signed by Governor Beaver on the 15th of May, 1889, is a very stringent one. The following synopsis gives the points:

WHAT IT PROVIDES.

The law provides that from and after the passage thereof shall be assessed, levied and collected annually in every township and borough of the Commonwealth from the owners of dogs a tax of fifty cents for every male dog, and one dollar for every female dog, the sum to be collected with the other township taxes. These sums shall be paid to the Treasurer of the Board of School Directors in the districts and shall be kept separate by the Treasurer so that he will know how much has come into his hands from this source. The money shall constitute a fund from which persons sustaining loss or damage to sheep by dogs may be paid for such loss, along with the costs necessarily incurred in establishing their claims. The Assessors of every borough and township shall annually, when making their other assessments, ascertain the number of dogs in their respective districts and the names of the owners, and how many of each sex are owned or kept.

The County Commissioners shall annually make a true return to the Board of School Directors of the number of dogs owned therein, together with the owners names, and the School Directors shall cause the tax to be collected in the same manner as and along with the school tax.

LOSS OF SHEEP.

Persons who have sustained loss or damage to sheep may make such claim before any of the Justice of the Peace, and the latter shall notify the owner of the dog or dogs causing the loss and if the owner does not appear "as soon as practicable" and pay the loss caused by his dogs, the Justice shall notify the Township Auditors to appraise the loss sustained by the claimant; they have power to summon witnesses and investigate the case thoroughly, and shall determine and report to the Justice the amount of damage if any. The Auditors shall be sworn by the Justice of Auditors. A section prescribes the manner in which the Justice shall then proceed in bringing the matter before the School Board. When the latter receives such notification and it appears a loss has been sustained, they shall file the amount of the approved claim with the necessary costs of the damages, with the necessary costs incurred, to be paid out of the fund raised by the tax on dogs. If the owners of the dogs doing the damage is responsible, then the Treasurer of the Board shall immediately collect the damages and costs from him, and place the proceeds in the sheep fund. If it shall be found at the close of the current year that the sum of money in the fund to pay for all losses incurred under the law, by the School Board shall pay a pro-rata share to the several claimants: if the funds are sufficient, then the claims shall be paid in full.

DOGS PERSONAL PROPERTY.

All dogs in the State are made personal property and subject of larceny. Justices shall be allowed a fee of fifty cents in every case that comes before them. Owners of the dogs causing loss may voluntarily pay the damages, with out awaiting action. In case there is a surplus in the sheep fund in the hands of the Treasurer at the close of the current year amounting to \$100, the same shall be transferred to the school fund of the district for school purposes. The law does not repeal or affect the provision of any existing law on the same subject in any county or district. The law is a very important one, not only to farmers, but to all dog owners.

Tariff Reform in Pennsylvania.

All may not see and feel it, but we believe we see and feel it, that at this very time a most wholesome and gratifying revolution of tariff sentiment is going on, not mildly or slowly, but rapidly and radically, even here in the very heart of old Pennsylvania. Thousands and thousands of thoughtful and sincere men of the Republican faith heretofore, are now thinking and reasoning. And the great laboring element, with its experience whilst under the influence of political demagogues, vote brokers and tricksters, and organized ranks, is now seriously debating the question whether or not, after all, the fire-tried old Democracy is the only sound and reliable party to rule the country in the interest of American industries and for the common welfare of the people.—Mauch Chunk Democrat.

Catarrh Can't be Cured with local applications

as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you have to take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucus surface. Hall's Catarrh Cure is no quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonic in town, combined with the best blood purifiers, acting directly on the mucus surface. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. Cheney & Co., Prop., Toledo, O., Sold by Druggists, price 75c.

Butter a pudding-dish, cover with a layer of very finely sifted apples

powder with sugar, a trifle cinnamon, and a suspicion of a few drops of lemon extract and his of butter; cover with bread-crumbs, alternate this until the dish is filled, making the last layer of crumbs. If convenient, pieces of quince preserve may be added. Bake and serve hot with sweetened fresh cream flavored with lemon, or lemon sauce made by mixing together the yolks of three eggs, the whites of two, a coffee-cupful of butter, half a pound of sugar, the juice and grated rind of a lemon, stirred over a slow fire until it thickens like honey.

disgusting everybody, but use Dr. Sage's Catarrh Remedy.

"All Wool and a Yard Wide."

When a great business house, of world-wide reputation for honesty, fair dealing and financial responsibility, feels it warranted in attaching its certificate of guarantee to its goods, such action furnishes the best possible evidence that the products are believed to be just what they are represented to be. Such confidence on the part of manufacturers and vendors naturally begets confidence in purchasers, and hence it is that there has grown to be, all over this great country, such an unprecedented demand for, and such implicit confidence in, that most popular liver blood and lung remedy known as Dr. Pierce's Golden Medical Discovery, as no other medicine has ever before met with. It is sold by druggists, under a positive guarantee from the manufacturers, that it will either benefit or cure in every case of disease for which it is recommended, or the money paid for it will be promptly refunded. It is manufactured by the World's Dispensary Medical Association, of Buffalo, N. Y., a well-known and financially solid business corporation. No other responsible manufacturers of medicines have put their remedies to such severe tests, as to warrant them to give satisfaction, or to refund the money paid for them. "Golden Medical Discovery" cures "liver complaint," or biliousness, indigestion and dyspepsia, all humors or blood-taints, skin diseases, scrofulous sores and tumors and pulmonary consumption (which is only scrofula of the lungs) if taken in time and given a fair trial. Chronic catarrh in the head, bronchitis and throat disease, are also cured by this most wonderful blood-purifier and invigorating tonic.

A NEW DEPARTURE

from all the old established conditions on which proprietary medicines are sold, has been made by the World's Dispensary Medical Association, of Buffalo, N. Y., who having for many years observed the thousand of marvelous cures of liver, blood and lung diseases effected by Dr. Pierce's Golden Medical Discovery, now feel warranted in selling this wonderful medicine (as they are doing through druggists) under a positive guarantee that it will give satisfaction in every case, or money paid for it will be promptly refunded. "Golden Medical Discovery" cures all humors or impurities of the blood, from whatever cause arising, as eruptions, blotches, pimples, old sores and scrofulous affections. It is equally efficacious in bilious disorders, indigestions or dyspepsia and chronic catarrh in the head, bronchial, throat and lung affections, accompanied by lingering coughs.

A SEVERE TEST.

When a manufacturer, from years of observation, has so completely satisfied himself of the universal satisfaction given by his products, that he feels fully warranted in selling them under a certificate of guarantee, it is very natural to believe that such a producer has implicit confidence in the merits of his goods, and that, too, not without good reason. Such confidence is possessed by the World's Dispensary Medical Association, of Buffalo, N. Y., in Dr. Pierce's Family Medicines, and hence his "Catarrh Prescription" is sold by druggists, as no other medicine for similar purposes ever was, under a positive guarantee, that it will in every case give satisfaction, or money paid for it will be refunded. It cures all those distressing and delicate ailments and weaknesses peculiar to women. It is not necessary to enumerate the long catalogue of derangements, both functional and organic, of the female system which this marvelous remedy overcomes. They are, alas! but too well-known to most females who have attained womanhood, to need more than a hint to make them plain to their understanding.

BLOOD POISON

Causes much suffering and is very difficult to cure. But by its great purifying powers Hood's Sarsaparilla has accomplished many remarkable cures in severe cases, one of which is described below. "I am not interested in Hood's Sarsaparilla. I bought and paid for all I used. This testimony I give for the benefit of those afflicted with any disorder of the blood. "Four years ago on a warm day I handled a lot of boards covered by poison ivy. I soon had all the symptoms of ivy poisoning, and it spread all over me till I was scab from head to feet, suffering

INTENSE HEAT AND ITCHING.

My skin peeled everywhere, my hair and whiskers came out, my finger nails came off. I had three different physicians, who succeeded in drying it up at times, only to have it break out again when I got a little warmed up from exercise. I was finally obliged to give up work, and was confined to the house two months. One physician said I would have to die, and I had given up hope. Mother urged me to try Hood's Sarsaparilla, and I took one bottle before I saw any special effect. Then the old skin began to peel off, and the

NEW SKIN WAS SOFT AND MOIST.

Then I bought six bottles for five dollars, took three bottles and was apparently well. But the next summer in warm weather, when I got my blood warmed up, the poisoning would come out again in spots and burn and itch. Then I took the two other bottles of Hood's Sarsaparilla, and for two years I have been entirely free of symptoms of the poisoning. I can recommend Hood's Sarsaparilla to all as the best blood purifier I know of." Geo. W. Vess, 70 Park Avenue, Brookport, N. Y.
