

Democratic Watchman

Bellefonte, Pa., September 19, 1890.

THE PILLAR AND THE CLOUD.

Lead, kindly light, amid the encircling gloom, Lead thou me on; The night is dark and dreary from home; Lead thou me on;

I was not ever thus, nor prayed that thou Shouldst lead me on; I loved to choose and see my path; but now Lead thou me on!

I loved the gleams and glories of a day, I rode the ruddy wheel, I remember not past years! So long thy power has blessed me, sure it still Will lead me on;

O'er moor and fen, o'er crag and torrent, 'till The night is gone, And with the morning faces smile Which I have loved long since and lost awhile!

Here is Richness for You.

The following dispatch in last week's National Democrat is a good illustration of reform under the present administration:

SAN FRANCISCO, Aug. 13.—Colonel John S. Mosby, like Early and Beauregard, has an interest in a lottery to the extent of seeing that the drawing is fair. His particular lottery is the Juarez, at Paso del Norte, Mexico, just across the border.

The Value of Knowledge.

A Brooklyn manufacturer paid a bill without a murmur the other day, simply on account of the way it was worded. His engineer found that the hot-water pump would not work and sent for a machinist.

Shetland Ponies for Children.

Ponies, little and big, shaggy and sleek, are now so common up town, to dog carts or under the saddle, driven by ladies and children, or ridden by boys, that it is a wonder where they all come from.

The Importance of Key West.

Opinion freely expressed among naval officers in the North Atlantic squadron at Key West that the Government is making a grave mistake in not strongly fortifying Key West.

A Great City's Egg Supply.

When it comes to eggs, figures fail. It is necessary to speak of them by dozens. Last year 6,000,000 dozens of eggs were sold in the egg markets, 72,000,000 eggs all told.

Georgia's Sinking Mountain.

The famous "sinking mountain" on the Chattooga River makes a first-class earthquake barometer. Although gradually sinking all the time, its periods of greatest disquiet are when earthquakes are racking some remote part of the globe.

Nervous.

"Jane, what is the baby playing with?" "With the flat-iron, mum."

A Portsmouth (Ohio) man named Kingsley

has a well-developed apple growing on an ordinary grapevine, the result of skillful grafting.

A Clerical Kicker.

A Glasgow paper, the Weekly Herald, gives an amusing account of a minister of one of the orthodox churches who, on his way to preach a funeral sermon in the country, called to see one of his members, an old widow lady, who lived near the road he was traveling.

The Sugar Maple's Value.

The sugar maple economically is one of the most valuable of American trees. The wood it produces is heavy and hard, close-grained, tough and strong.

A Crazy Man's Doings.

CINCINNATI, Ohio, Sept. 8.—At Demersville, Kentucky, yesterday, Mr. C. F. Wakefield, a farmer, presumably insane, set fire to his dwelling, fired a shotgun at his daughter while she was trying to save some of her clothing.

The Buffalo.

The Buffalo has never failed to prove what is claimed for it, that of an honest trader, and has always given a satisfactory return for the money invested.

A New Departure.

There has been a constant demand for a lower priced Superphosphate. For a very great effort we have secured an article that will fill the demand.
