

**A Question Answered.**

The *Wage-Earners' Journal* of Phillipsburg last week contained the following: "Why is the *Wage-Earners' Journal* so emphatic in the support of Ex-Gov. Pattison?" asks a correspondent. Well, not because he is a Democrat, we answer in the first place, because it was our only reason, we would be whooping her up for Kribbs, for Holt, for McCormick, for Ishler and others who are Democrats. We have a better reason. Advocating the cause of organized labor, believing that the working people can only obtain their rights by and through legislation, we further believe that legislation can only be had by electing honest men to office, men who have proven themselves real friends to the interests of the people of the State. Robt. E. Pattison is an honest man. He is not only an honest man, but he has made a record which has clearly demonstrated that he is a fearless man when it comes to the discharge of what he conceives to be his duty—discharging his every duty without fear, favor or affection. He is no demagogue. What he thinks, he says. What he believes right, he does. When he refused to send Pinkerton thugs to Johnstown, he acted conscientiously. When a demagogic legislature appropriated money it knew was not in the Treasury, he vetoed the measures calling for expenditure beyond the ability of the State to pay. That was a brave act. When he came into office and found not one miner on the board appointed to manage the mine hospitals, he at once appointed two miners on the board, and the hospitals became popular with the class for which they were erected. That was a just act. What Gov. Pattison was from 1883 to 1887 we believe he will be from 1891 to 1895. If we did not so believe, we would not advocate his election. We believe he will be fairly every interest in the State—to the farmers as well as to the miners; to corporations as to individuals. No interest, no class, will suffer by any act of his, and no interest nor class will reap benefits by any act of his at the expense of any other interest or class. He is just the kind of a man the PEOPLE need in the Executive of this Commonwealth, and it will be the PEOPLE who would suffer if he be defeated. These are our honest views in regard to Mr. Pattison. The reader can take them for what they are worth. We are of the opinion that we would not be dealing fairly with the wage-earners who have so generously supported us during the four years' past did we withhold these views at this time when unorganized and organized labor, especially the mining craft, have a grand opportunity to take a step the results of which will prove of incalculable good to every workman in the State.

**Episcopean Clergyman on Delamater.**

Rev. Dr. Phillips Brooks is one of the best known ministers of the Episcopal church in America. For a long time he resided in Philadelphia, but for several years past he has been pastor of Trinity church, Boston. He was recently invited by Herbert Welsh, secretary of the Lincoln republican committee of Philadelphia, to speak at a meeting in Trinity Parish, Boston, September 25, 1890. DEAR MR. WELSH.—As a citizen and a republican I am thankful to know that the republican citizens of Pennsylvania propose to protest

against Quay. If ever such protest was needed it seems as if it were needed now. I cannot come to the meeting, and indeed I think that the voices of Pennsylvanians should mostly be heard on that occasion, but I bid you godspeed and shall rejoice in your success. Yours most sincerely, PHILLIPS BROOKS.

**Address to the Democratic Voters of Centre County.**

Editor Democratic Watchman.—Allow me, through the columns of your paper, to give the Democrats of this county some pointers as to the coming election. In the first place I would ask the question, why should a Democrat vote for any of the Republican county candidates? Is it because a Republican administration of three years in the county was managed so economically? No! We all know what an extravagant administration a Republican board of commissioners gave us for the last three years, although they have been lauded almost to the skies as angels by that truthful (?) sheet, the *Gazette*. But there is no use going into details about the commissioners, since their record for incompetency is being so thoroughly ventilated all over the county. But before their election you were told that they can you, as taxpayers, expect from the next best men in the county. Now what were the best men in the county from the Republican ranks? This, I think, should settle the question as to how you, as Democrats, should vote in regard to commissioners.

But, fellow Democrats, I will come a little nearer home, and ask you why you should vote for the present Republican candidate for Recorder, who, with the aid of Democrats don't stand a ghost of a show for election; but yet he travels over the county and asks Democrats to vote for him to defeat a crippled man who is his peer in every respect, as far as competency and qualification are concerned. But this is not all, fellow Democrats. This wolf in sheep's clothing is to-day aiding with the money he has earned as Recorder, (after being elected by Democrats) the Republican managers in trying to defeat the whole Democratic ticket. Yet this man has the audacity to ask true Democrats to vote for him while at the same time he is helping financially to swell the Republican corruption fund in the county by buy votes and debauch the election. Do you think a man of this kind is worthy of your support?

Now is this all, fellow Democrats. This same man who has more than once given vent to the expression that the Democratic party is composed of a low class of people, while the Republican party is composed of the intelligent class, comes to you with his great big Sunday face and asks you, whom he looks down upon as low and unintelligent, to cast your ballots for him as against a man who he tells you is a stuck-up fellow. And right there I would ask whether Mr. Morrison is so stuck-up because of the two immense (?) properties he owns as compared with Hart's new mansion, the North Carolina copper mining stock, and the profession out of which with \$2,500 invested for material and one day's work (?) he makes from \$30 to \$35. In short, any man who proposes to be a moralist, and gives certain parties money to pay Democrats taxes for votes should by all means stay in his own intelligent (?) camp where vote buying and election debauching is looked upon as one of the fine arts in politics. And more than this, fellow Democrats, in his desperation to get Democratic votes, and to ensnare the unwary, he has actually represented himself as being a Democrat. What do you Democrats think of such treachery? Can you consistently vote for a man who is doing all in his power financially and otherwise to overthrow the principles which you sincerely believe are to the interest of the poor and common class of people?

Fellow Democrats, I ask you as one who holds principle and clean politics above individuals, to stand by your county ticket without a scratch, and don't be caught in this man's "spider and fly" meshes. It is our local organization which, if properly organized, will help to swell the majority of that man with spottish character, Robert E. Pattison, and with him in the gubernatorial chair we want to elect every man on the Democratic ticket in the county.

**The Horn Blowing Outrage.**

Mr. Entoro.—Allow me to allude to and denounce the horn-blowing outrage that was perpetrated in this place on the evening of the Pattison meeting. Gov. Pattison was enthusiastically received at the depot by a multitude of anxious voters and at once conducted to Gorman's Opera House where he in a brief and statesmanlike manner showed that the present State administration cost five hundred and ninety-two thousand dollars more than his administration did, throwing in his extra session, and leaving out the Johnstown flood expenditures of Beaver's term. It was upon his allusion to the Johnstown expenditures that the insult of hissing him came from parties in the back seats who probably belonged to the Bellefonte "sufferers" who didn't want any allusion made to the flood expenditures because it was a delicate subject to them.

Notwithstanding the wet weather, the opera house was insufficient to accommodate the supporters of the Standard Oil candidate and Quay's pet to stop any horn blowing or noise by the Democrats at their meeting, and notice was accordingly served on the Democratic boys in all of the public schools that they should not blow horns on that occasion, or they would be arrested by the police, as an extra force had been detailed for that purpose. The boys, true to Democratic principles, obeyed the order.

The war was brought up again, and one of the speakers, Quay's candidate for Secretary of Internal Affairs, told what a great hero he had been, (although he was in the army but a few months at the end of the war) waved the bloody shirt, and abused the Democrats. Intelligent Republicans who came to the meeting to hear State issues discussed went away disgusted.

But let me remark in conclusion that if the meetings of one party can be disturbed by horn-blowing and other outrageous noises, while the meetings of the other party are given the protection of the police, then good-bye to the right of free speech and fair discussion in this country.

Some people agree with Tax Sec's opinions about men and things, and some people don't; but everybody likes to get hold of the newspaper which is never dull and never afraid to speak its mind.

Democrats know that for twenty years Tax Sec's has fought in the front line for Democratic principles, never wavering or weakening in its loyalty to the true interest of the party. It serves with fearless intelligence and disinterested vigor. At times opinions have differed as to the best means of accomplishing the common purpose; it is not Tax Sec's fault if it has seen further into the millstone.

Eighteen hundred and ninety-one will be a great year in American politics, and every body should read Tax Sec.
