A REVOLUTION IN LIME BURNING .-The firm of McCalmont & Co., of this place, general dealers in agricultural supplies, are also among the heaviest lime operators in the State. They have the advantage of limestone of unusual high quality, much of which is shipped in its crude state for furnace purposes, but most of it is converted into lime in their own kilns, which is of so high a quality as to secure a demand for it, for manufacturing uses especially, in this

Until the present season they had three large flame kilns in operation which turned out a good many hundred bushels of lime a day. But this season another kiln has been added which has largely increased their output and a Holiday appearance and we are glad which from its improved character is calculated to bring about a revolution in the industry of lime-burning. It is operated on the principle of the flame kiln, but the improvements, which were devised by Mr. William Shortlidge, the senior member of the firm, add greatly to the capacity of the kiln and at the same time improve the quality of the

The great feature of the improvement he has made consists in securing a per-return from a hunting trip on Saturday bars, which are of his devising, a more complete draft is secured which enables the lime to be more thoroughly and evenly burned. From its description it must be a marvel of luxury and comfort. The wedding was

MISS LUCY SCROEDER MARRIED .- A quiet wedding ceremony was performed at the residence of Mr. D. S. Keller on West Linn street on Tuesday morning last at nine o'clock, the participating parties being Miss Lucy Schroeder, the youngest sister of Mrs. D. S. Keller, and Mr. Wm. Bryson, a leading attorney of Philipsburg, this county. A small number of the immediate triends and relatives were present to witness the ceremony. The bride has been a leading society woman of Bellefonte for some time. She formerly made ber home with Judge Hagerman, of Reading, Pa. The happy couple departed on the morning express, west, for an extended tour. They have the best wishes of a large circle of friends in our town.

Fortunately no one was hurt except the with barreled whisky proved quite a bonanza for the Italians who flocked about the wreck like flies on a sugar barrel.

A VERY SUCCESSFUL BALL .- On celebrated on Wednesday, November Wadnesday Thanksgiving Eve, the Undine Hose Co. of this place gave its cessful one of the delightful dances which the fire laddies have, as yet, had. The music was first class and the floor being in an excellent condition all found it enjoyable, indeed, waltzing to the Terpsichorean strains of the orchestra. One of the nice features of the dance and a point which, probably, added more to its success than any other, was the exclusion of all improper characters from the ball room. This action on the part of the committee was right and will prove a great benefit to their future entertainments. We congratulate you, boys, on the splendid manner in which you conducted the ball.

REMARKABLE ESCAPE.—The Renovo News of Monday recorded the following: "John McEachron, a boy aged about five years, had an experience with fire yesterday afternoon, near his home on Drury's Run, which might have proved burnt for some time the little fellow tried to extinguish it with his cap.
