The "Indian mail carrier" which will be played in the Opera House this Friday evening, is a realistic portrayal of border life embodying government service and early settlements. Miss Gowans-Mohawk is a full blooded Indian and an actress of unquestioned repute. TWO FORMER BELLEFONTERS.—We observe in a Rochester, N. Y., paper that Dr. O. M. Myers, formerly a Bellefonte boy, has introduced the use of Koch's consumption lymph in the hospital of that city. Dr. Myers had been on to Philadelphia and spent two weeks with the University of Pennsylvania Tuberculosis Commission in testing the value of the Koch treatment of consumption, and he brought a vial of the lymph along with him to test its efficacy by the treatment of consumptive patients in the Rochester Hospital. The fluid he had with him was procured in Berlin by a special representative of the University commission. It is a brown transparent fluid, with little or no odor. This must be largely diluted before being used. The method of using it is by injection under the skin, the back being selected as the location of the operation. Some cases require larger quantities than others to produce reaction, and the intensity of the reaction appears to be in proportion to the intensity of the disease. Speaking of the effect of the application of the lymph to consumptive patients, as seen by the Doctor at the University, he said that it at first produced a gradual rise in temperature, followed by drowsiness, loss of appetite, nausea, headache, and in some cases, child sensations along the spine, and copious perspiration. In 24 hours the temperature will have declined to normal or even become sub-normal. The cough becomes more frequent and the sputum thinner and decidedly increased in quantity. After several days treatment, in most cases, the cough becomes less frequent, the quantity expectorated much reduced and it loses its purulent character. Undoubtedly the effect is to intensify the symptoms, but, secondarily, to be decidedly diminish them.

When asked his opinion as to the real value of this new medical discovery the doctor said: "It is too early to express a decided opinion, but the general feeling is that the remedy is of undoubted value in early cases of consumption—pulmonary—and in surgical cases where the diseased tissue can be removed. The fact that in such cases, under treatment, there is a decided abatement of the more distressing symptoms certainly furnishes ground for this conclusion. In this connection it is not out of place to say that Dr. Myers is a son of Mr. J. H. Myers, the inventor of the Myers American Ballot System which

furnishes a mechanical appliance for carrying into effect the Australian plan of voting. This system is being considered by a number of State Legislatures, and no doubt will eventually be adopted by some of them. Its use would greatly simplify the process of voting and furnish a safeguard against fraudulent elections.

RETURN OF DISTINGUISHED CITIZENS.—On Tuesday evening a meeting of citizens of Bellefonte was held in the Court House to arrange for the public reception of Ex-Governor Beaver and Ex-Adjutant General Hastings upon their return to Bellefonte after the expiration of their terms of office. They were expected to arrive on the 4.30 p. m. train on Thursday. Hon. James P. Coburn was President of this meeting, and a committee consisting of ex-Governor Curtin and Messrs. Isaac Mitchell, G. W. Jackson, E. M. Blanchard, John P. Harris, D. F. Fortney, J. C. Meyer and W. L. Malin, was appointed to make all the arrangements, such as the procuring of a band, suitable speakers, an escort for the guests, raise enough money to defray the necessary expense incurred, select the presiding officer, vice presidents, secretaries, etc.

Sabring, Esq., of Loveville, stopped off in Bellefonte, on Tuesday, to look up his business interests. Mr. S. was on his way home from Jersey Shore. Miss Caroline Orris, youngest daughter of ex-Judge Orvis, returned home on Wednesday night, from a ten week's visit to Philadelphia, Jenkintown and Lancaster. Ex-county commissioner, John Decker, was in town on Tuesday. We suppose he came over to see what "dem dang" buggers had done about Mr. Friedler's county printing. George Rynyan, Esq., formerly proprietor of the Central Hotel, in Lock Haven, was in town on Saturday looking up his many friends. George is going to quit the hotel business in our sister town. Mr. David Gearhart, a very pleasant gentleman and one of the honored residents of Philipsburg is sojourning, for a few days, at the residence of Mr. Andy Shively on North Allegheny street. Mr. Gearhart is accompanied by his brother. On Monday we noticed Mr. Harry Wetzel on our streets. Harry used to be a Bellefonte boy. Having graduated from our high school in '84 he entered Lehigh University and graduated from that institution as a civil engineer. He married one of Bethlehem's pretty girls and went west to settle. This is his first visit to the old homestead since he went away. Time has wrought very little change in his appearance.

LITERATURE at Unionville. The citizens of Unionville are enjoying the benefits of a good literary society this winter. G. H. Hubbard, teacher of the Grammar School who has been elected president, with quite a goodly number of citizens who are interested in educational work, are doing all they can to make the exercises both entertaining and instructive. The debate of last Friday evening was very animated, and discussed with a great deal of interest. Subject of discussion was, Resolved that the Negro has had more reason to complain of the White man's abuse than the Indian has had. Chief on the affirmative, Charles Potter; assistants, Oris Spotts and Joseph Barton, Chief on the negative, G. H. Hubbard, assistant, John Rumberger and Thomas Dale. Mr. Dale failed to be present. After the question had been well ventilated the judges decided unanimously in favor of the negative (the Indian). The best of order prevailed during the entire exercise, notwithstanding the audience was so large that it was impossible for all to get inside of the door, hence quite a number were deprived of hearing the exercises. The literary part of the program was very entertaining, and the pupils of the Grammar school acquitted themselves admirably. The people of Unionville seem to feel a great interest in the exercises connected with agood debating society. The subject for our next discussion is, Resolved that education lessens crime.

RESOLUTIONS on the Death of Wm. Singer. BLANCHARD, Jan. 15, 1891. At a regular stated meeting of George Harleman Post, No. 392, G. A. R. Jan. 7, 1891, the following Resolutions were passed: WHEREAS, It has pleased Almighty God, in His infinite wisdom, to remove from our midst our esteemed and much beloved comrade, Lieutenant William Singer, an upright and honest member of our Post, and while we bow in humble submission to His supreme will, we nevertheless deplore and keenly feel the loss of a true comrade and an able and active citizen. Lieutenant Wm Singer enlisted in the year 1861 as a private in Co. A, 6th Regiment, Penn. Vol. Inf., and by his very and a faithful performance of his duties as a soldier was promoted to a Lieutenant

Was severely wounded at the battle of Chancellorsville, May 10, 1864. Therefore, Resolved, That by his death our Post has sustained a severe loss, a name has been stricken from our rolls which can never be replaced and gloom pervades the Post room. Resolved, That we extend our heartfelt sympathy to his wife and children in their sore distress and in faith commend them to the God of all comfort and consolation. Comrade, God has taken you from our ranks but the emblem of remembrance at thy grave teaches us that your name shall always remain green in our memory. W. P. FOWLER, T. A. SWEENEY, H. A. SUTHER.

Bitten by a Pet Copperhead. Terrible Death of Miss Katie Wilkins, at Freedom.

FREEDOM, Pa., Jan. 17.—Death from the bite of one of two pet copperhead snakes is the fate that has befallen Miss Katie Wilkins, 18-year-old daughter of Dr. J. B. Wilkins. The snakes were last fall presented by a tramp to Dr. Wilkins, who intended to send them to the Zoological Garden at Philadelphia. The snakes were put in a large glass secured by a covering of wire gauze, and the jar was placed on the bracket in the corner of the Doctor's office in the village. This jar was most remarkably overturned and broken on Thursday evening, after the Doctor and his daughter had got back from a professional visit. It was done by a large owl flying in at the window and dashing about frantically in the room before the Doctor or his daughter could light a match to see what was the matter.

Katie's screams as she fell fainting in her father's arms, brought others of the household into the room. When the ladies began to care for the insensible girl they were terrified to find one of the snakes wound around one of her legs. All drew back with horror except a farmer named Thomas, who seized the snake and choked it to death. It had bitten the girl between the ankle and knee. She was taken from the office to the house immediately, and every known antidote for poison was administered by her father. It was without avail, for at 7 o'clock yesterday morning she died. After taking the girl home, some of the men, knowing there had been two snakes, returned to the office and killed the other. The body of the young woman was smaller and spotted. The doctor said she had become quite attached to the snake and had been in the habit of feeding them. They knew her voice, and her presence seemed also to be known to them. She seemed to have no fear of them.

THE DANVILLE INSANE ASYLUM. The Danville State Hospital for the Insane was originally calculated for 700 patients; yet without much inconvenience it can be made to accommodate 800. At this time it contains 991 and the number is rapidly increasing. It is now necessary to make up every night 130 beds on the floor, along the halls and passages ways and remove and pack them away every morning. The whole atmosphere in the building is unavoidably vitiated by the crowded condition of the wards. The attention of the last Legislature was called to this condition of the hospital and after due examination a bill was introduced to provide for the accommodation of the chronic and idiotic patients. That were past the stage of improvement. The trustees are in hopes this Legislature will help the hospital out of its trouble.

ANOTHER USE FOR KOCH'S CURE. BERLIN, Jan. 20.—Dr. Guttman, at a meeting of prominent physicians to-day, demonstrated upon a subject who had chronic advanced tuberculosis, that ulcers on the intestines besides ulcers on the lungs had been nearly healed under injections of Professor Koch's lymph, a fact that suggested that Kochine tended to cure ulceration of the bowels.

BANCROFT EULOGIZED IN GERMANY. BERLIN, Jan. 20.—The German newspapers print warm eulogies of the late George Bancroft, the American historian. Mr. Bancroft was in terms of intimate friendship with Prince Bismarck, to whom he wrote in October, 1870, that he thanked his stars that he lived in a time when such men as Bismarck and King William, of Prussia, lived.

IT IS NOW SENATOR HILL. ALBANY, Jan. 21.—Every member of both houses of the Legislature was present to-day when a joint ballot for United States Senator was taken. The vote as announced gave Hill, 81 votes; Everts, 79. Hill was declared elected.

THE GOLDEN WEDDING OF S. N. FISK AND WIFE, a highly respected couple, was recently observed at their home at Braintree, Mass. There was the same carpet upon the floor and the same paper upon the walls as when the original wedding took place, and they were nearly as good as new.

Lincoln county, Nebraska, sends out an appeal for aid for 2500 people who are suffering by the drought. The State Legislature, one would think, might stop wrangling for a few hours and do something for its sorely tried and starving constituents.

Job Pritchard, an ex-Deputy Sheriff, was shot and killed at his place, eight miles west of Hot Springs, Ark., Sunday night, by his brother-in-law, Green Carpenter. The renewal of an old feud is supposed to have been the cause.

Moulders in the great Johnson Reuler Works, at Ottumwa, Ia., the largest manufacturing of sewing machine appliances in the world, have decided to go on a strike against the ordered enforcement of the piece work rules of the works.

INDIAN TREACHERY. The remains of Lieut. Casey passed through Altoona Sunday morning on Atlantic express. They were being taken to his late home in Massachusetts. Lieut. Casey was murdered by a Brule Indian last week. He had been to the Indian and advised him to come into the agency. When he turned to go away the hostile shot him in the back, killing him instantly.

If there be any such private trade in Koch's lymph in New York as the journals of that city report it should be contraband in law, as it is in contravention of professional ethics. The medical societies should co-operate with the civil authorities in putting a short stop to it. The lymph may be genuine, but such moonshine methods of disposing of it would open the way to incalculable evils as grave as any which might flow from a counterfeit article.

The reports from Indian localities for the relief that a thorough investigation of their condition is greatly needed. It seems to be beyond denial that the rations which should have been given out did not reach them and that the failure of their crops was due to the poor seed furnished them. Is it any wonder they kick?

If you are obliged to buy meat some time before you use it, sprinkle it thickly with pepper; it can easily be removed before cooking. Powdered charcoal is excellent to preserve meat from becoming tainted. Wash the meat as soon as it comes from the butcher's and thoroughly dry it.

CHEAP COW, CATTLE AND HORSE FEED. COTTON SEED MEAL. GLUTEN MEAL. LINSSEED MEAL. PRATT'S FOOD FOR CATTLE & HORSES. The best and lowest priced food for cattle and horses. Owing to the high price of Corn and Oats, Cotton and Linsseed Meal cost less per hundred pounds than mixed chop; notwithstanding that, it has been demonstrated by W. C. Patterson, Supt. at the State College farm, that one pound of Cotton Seed Meal is worth as much as a pound of mixed chop. One pound of Cotton Seed Meal, one pound of Gluten or Corn Meal and four pounds of Wheat Bran make a most excellent feed for milk cows; and one handful of Linsseed Meal fed to horses and mules twice a day, promotes digestion and prevents colic and other sickness and makes them sleek in their coat. We have recently sold W. C. Patterson, Supt. of the State College farm, for feeding purposes, 6 1/2 tons of Cotton Seed Meal and we are quite sure that he will not buy it in such large quantities, unless the use of it proved to be profitable; therefore, we can recommend it for feeding stock, with the full assurance, that we are furnishing more value for the money received than is offered in any other class of feed. We have a large stock of this feed on hand, and are prepared to furnish it in large or small quantities at the lowest price. Orders left at our office in the Hale building, Bellefonte, Pa., will receive prompt attention. 35 48 3m. McCALLMONT & CO.
