KENDALL'S SPAVIN CURE. THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Read proof below.

BROOKLYN, Conn., May 5, '60.

DR. B. J. KENDELL Co.:
SITS:—Last summer I cured a Curb upon my horse with your celebrated Kendalls Spavin Cure and it was the best job I ever saw done. I have a dozen empty bottles, having used it with perfect success, curing every thing I tried it on. My neighbor had a horse with a very bad Spavin that made him lame. He asked me how to cure it. I recommended Kendall's Spavin Cure. He cured the Spavin in just three week.

Christopher Columbus died in obscurity and poverty at Valadolid, Spain, May 30, 1506. By special favor of the monks of St. Francis his body was for a time deposited in the vault of their church in that city, but some years later in pursuance of his own expressed wish, the remains were translated to Hispanio-la and placed in a crypt under the cathedral of San Domingo. In 1529 the Kendall's Sparser in just three week. Yours respectfully, WOLCOTT WITTER.

Gents:—I think it my duty to render you
my thanks for your far famed Kendall's Spavin

medicines which did no good. I purchased a
bottle of your Kendalls Spavin Cure which
cured her in four days.

We should never give too much of ur society even to those who love us. Our society even to those who love us. It is well not to stay too long in any company so as to leave regrets and illusions behind us when we depart. One will thus appear to better advantage and seem to be worth more. People will then desire to see you return; but don't gratify that desire immediately; make them wait for you, but not too long, however.
