

Democratic Watchman
Belleville, Pa., February 20, 1891.

Trades and Trade Schools.

Springfield Homestead.
If every boy learned a trade thorough-ly the market would not be glutted as present with unskilled labor, and there would not be so many young men around in offices trying to make a living generally at \$5 to \$9 a week, while they are learning scarcely anything of actual business. This is the situation and Col. Auchmuty, of the New York trade school, described the remedy in an extremely interesting and valuable lecture at the board of trade rooms Wednesday evening. The apprenticeship system has passed out of vogue in the United States, and the majority of skilled workmen are foreign born. A young man nowadays must pick up his trade, at best in a slipshod manner in such a position as he can get. The trade unions are hostile to the training of apprentices; their policy is to corner skilled labor.

The trade school is the solution of the problem. The 2,500 young men who have learned trades in Col. Auchmuty's school have earned from \$2.20 to \$5 per day on leaving, and testify that the school has been the making of them. Plasterers have gone right out and earned \$4 a day. Bright young men made the course in plumbing in three months, in some instances, and find work awaiting them on graduating. The work of the bricklayers who learn the trade there is far superior to the average contract work. The old system of training induces a boy to leave school, to find employment in a workshop.

The trade school system encourages him to remain at school, to go to college, if he can, and then learn his trade in a trade school. Thirty-one of the forty-four states of the Union are represented at the New York school. Col. Auchmuty asks what more useful and enduring gift Springfield could receive from the business men than such a school.

A Ride Across Europe.

A correspondent in Paris sends an interesting account of Lieut. Assel's ride from Lubin, in Poltava, to the Paris Exhibition. He is only twenty-five years old. When he determined to go to Paris he followed the Czar Nicholas's method of laying out a route with a difference. He did not use a ruler, he took a thread and stretching it across the map from Lubin to Paris, marked off his route in a straight line. Then he started on horse back alone, Lieut. Assel rode on one horse and led another on the Turcoman system, riding each horse on alternate days. One steed was half English and half Don Cossack, the other was of pure Russian breed. He rode on an average a little over fifty miles a day, and covered the whole distance in thirty days. The cost of riding across Europe with a couple of saddled horses was only \$30, or about twenty shillings a day. If it can be done as cheap as this, equestrian tours will become common.

WHAT A CHANGE.—Is wrought in people who suffer from rheumatism when they take Hood's Sarsaparilla. The acidity of the blood which causes the disease is neutralized, the blood is purified and vitalized, the aching joints and limbs rest easily and quietly, and a feeling of serene health is imparted. Hood's Sarsaparilla has accomplished wonders for thousands subject to rheumatism. Try it yourself.

CATARH IN NEW ENGLAND.—Ely's Cream Balm gives satisfaction to every one using it for catarrh troubles.—G. K. Miller, Druggist, Worcester, Mass. I believe Ely's Cream Balm is the best article for catarrh ever offered the public.—Bush & Co., Druggists, Worcester, Mass.

An article of real merit.—C. P. Alden, Druggist, Springfield, Mass. Those who use it speak highly of it.—Geo. A. Hill, Druggist, Springfield, Mass.

Cream Balm has given satisfactory results. W. P. Draper, Druggist, Springfield, Mass.

It is essential for the proper development of mind and body that a sufficient quantity of soluble and assimilable phosphates be introduced into the stomachs of young children. Mellin's Food is rich in blood-forming, brain-forming and bone-forming compounds.

Who the New Kansas Senator Is.

Judge Peffer is a native of Cumberland county, Pa., and a brother of B. K. Peffer, ex-director of the poor, and well known to many readers of this paper. In 1852 he went to Indiana and engaged in farming; in 1857 he went to Missouri and at the breaking out of the war moved to Illinois, where he enlisted in the Eighty-third regiment, Illinois volunteers, and was placed upon detached service and charged with responsible duties. In 1870 he settled in Kansas, opened a law office and established the *Kansas Farmer*, of which he is still editor. He entered politics in 1874 as a Republican, and was elected to the Kansas state senate where he served one term. He is 60 years of age, and tall and slim.

A CLERGYMAN'S OPINION.—Having had an opportunity to test the excellent qualities of Dr. Bull's Cough Syrup, I hesitate not to say it is the best remedy I have ever used in my family.—Rev. Wm. Chapman, Pastor M. E. Church, Georgetown, D. C.

Mr. Miller, wife of the Governor of North Dakota, dropped into the office of a newspaper at Dryden, N. York, recently, and set a couple of sticklers of matter as a reminder of the old days when she was a compositor in that office and the Governor was "making up" to her.

A GUARANTEE.—There is no case of rheumatism or neuralgia, which will not be relieved by the use of Salvation Oil. Price 25 cents.

Medicinal.

TOTALLY HELPLESS.

FROM SCIATIC RHEUMATISM—WHOLLY CURED BY HOOD'S SARSAPARILLA.
The fact that rheumatism is caused by accumulation of acid in the blood, and the fact that Hood's Sarsaparilla has wonderful power in purifying the blood, explain the success of Hood's Sarsaparilla in curing this disease.

"In May, 1885, I was taken with sciatic rheumatism in my legs and arms. It entirely prevented me from working, and I was confined to my bed entirely helpless. I had medical attendance and in August I was just able to move around. I was reduced to

A MERE SKELETON
and my appetite was gone. It was thought by all my friends that I could not possibly live. I took almost everything I could hear of but with no good results, during the winter. One day, reading about taking Hood's Sarsaparilla in

MARCH, APRIL AND MAY.
I concluded to try it. One bottle gave me such relief that I took four bottles, and since then I have not been troubled with rheumatism, and my general health has never been better. My appetite is increasing and I am gaining in flesh. I attribute my whole improvement to taking Hood's Sarsaparilla, and I earnestly recommend it to all who are troubled with like disease. I consider it the

GRANDEST MEDICINE
ever put up." Wm. F. Taylor, Emporium, Cameron Co., Penn.

"I hereby certify to the foregoing facts as stated." JONATHAN GIFFORD, Justice of the Peace, Emporium, Penn.—Be sure to get

HOOD'S SARSAPARILLA
Sold by all druggists. \$1; six for \$5. Prepared only by C. I. Hood & Co., Apothecaries, Lowell, Mass.

100 Doses ONE DOLLAR.

DETROIT SURE GRIP STEEL TACKLE BLACK—Half the cost of holding fast to Storekeepers, Butchers, Farmers, Machinists, Builders, Contractors and OTHERS. Adm'td to be the greatest improvement EVER made in tackle blocks. Freight prepaid. Write for catalogue. FULTON IRON & ENGINE WORKS. Established 1852. 10 Brush St. Detroit, Mich. 9647-137

CHEAP COW, CATTLE AND HORSE FEED. COTTON SEED MEAL. GLUTEN MEAL. LINSSEED MEAL. PRATT'S FOOD FOR CATTLE & HORSES.

The best and lowest priced food for cattle and horses. Owing to the high price of Corn and Oats, Gluten and Linsseed Meal cost less per hundred pounds than mixed chop; notwithstanding that it has been demonstrated by W. C. Patterson, Supt. of the State College farm that one pound of Cotton Seed Meal is worth as much as two pounds of Corn meal and Linsseed Meal. It is a most nutritious and palatable food for milk cows; and one handful of Linsseed Meal fed to horses and mules twice a day, promotes digestion, prevents colic and other sickness and makes them sleek in their coat. We have recently sold W. C. Patterson, Supt. of the State College farm, for feeding purposes, 64 tons of Cotton Seed Meal and we are quite sure that he would not buy it in such large quantities unless the use of it proved to be profitable; therefore, we can recommend it for feeding stock, with the full assurance that the quantities received are of the highest quality. We have a large stock of this feed on hand, and are prepared to furnish it in large or small quantities at the lowest price. Write for catalogue. The Hale Building, Belleville, Pa., will receive prompt attention. 35 43m McALMONT & CO.

Gas Fitting. WM. GALBRAITH, Plumber and Gas and Steam Fitter, Belleville, Pa. Pays particular attention to heating buildings by steam, copper smithing, reboiling gas fixtures, &c.
