Miscellaneous Advs. DETROIT SURE GRIP STEEL TACKLE BLACK - Half the cost of holding saved to Storekeepers, Butchers, Farmers, Manufacturers, Builders, Contractors and OTHERS. Admitted to be the greatest improvement EVER made in tackle blocks. FULTON IRON & ENGINE WORKS. Established 1852. 35 47 ly COW, CATTLE AND HORSE FEED. CHEAP SEED MEAL. GLUTEN MEAL. LINSUED MEAL. PRATT'S FOOD FOR CATTLE & HORSES. The best and lowest priced food for cattle and horses. Owing to the high price of Corn and Oats, Cotton and Linsued Meal cost less per bushel than mixed chaff, notwithstanding that it has been demonstrated by W. C. Patterson, Supr. at the State College farm, that one pound of Cotton Seed Meal is worth as much as two pounds of Corn meal and Linsued Meal. One pound of Cotton Seed Meal, one pound of Gluten or Cotton Seed Meal, and four pounds of Wheat Bran make a most excellent feed for milk cows; and one handful of Linsued Meal fed to horses and mules twice a day, promotes digestion and prevents colic and sick ness and makes them sleek in their coat. We have recently sold W. C. Patterson, Supr. of the State College farm, for feeding purposes, 65 tons of Cotton Seed Meal and we are quite sure that he would not buy it in such large quantities, unless the use of it proved to be profitable; therefore, we can recommend it for feeding stock, with the full assurance, that we are furnishing more value for the money received than is offered in any other class of feed. We have a large stock of this feed on hand, and are prepared to furnish it in large or small quantities at the lowest price. Dealers left at our office in the Hale building, Bellefonte, Pa., will receive prompt attention. 35 43 3m McALMONT & CO.

Democratic Watchman. Bellefonte, Pa., March 20, 1891. Tattooed Seaman. During the Civil War the Fashion Was at Its Height. So clever was the artist in tattooing in days of the civil war that every spar or portion of rigging in use on a war ship appeared outlined upon the human skin with a fidelity in regard to detail well nigh equal to that of a design in many a representation of a fox hunt, which design covered the entire body, was a favorite one among navy seamen. In most cases this design was skillfully tattooed, and even beautifully, the huntsmen in red coats, the horses at full gallop, the leaping hounds and fleeing fox appearing wonderfully life like in their attitudes and proportions. For the ornamentation of the arms some design of a national character was chosen by men seeking to be tattooed. A Goddess of Liberty bearing the national flag and seated on a flying eagle's back was for years a favorite design among sailors. A full length picture of the Goddess of Liberty with hand resting on a National shield and with the topknots of several vessels appearing in the background was another popular design for the forearm. The National coat of arms and also the one peculiar to the navy were quite popular pieces. Seamen of a religious turn of mind usually selected a representation of the crucifixion of Christ to appear on their forearms. Others preferred to have a design representing Christ crowned with thorns appear upon either their back or breast. "The sailor's farewell," representing a maiden and sailor in the act of parting with each other and with a full-rigged ship in the background, was perhaps the most popular design during the war. There were numerous other designs in use, a description of which would occupy more space than can be afforded in this sketch. The most singularly-tattooed man ever met by the writer was an individual who during the war served on board the sloop-of-war San Jacinto. Upon this man's body appeared a perfect representation, save as to color, of the flags of all nations. These designs covered nearly every portion of the man's body from the neck downward. Free Masons, Odd Fellows and those belonging to kindred organizations were often wont to adorn their hands, arms and bodies with the whole or a part of the symbols of their respective orders. Of the smaller designs the initials of one's name was perhaps the most sensible of all others chosen to appear on one's body. The professional tattooer did a thriving business in our navy during the civil war. The price demanded by them for the work they performed varied with the skill of the artist and the design chosen by the person to be tattooed. The price for tattooing the fox hunt was fixed at \$70. For a full-rigged ship \$25 was demanded. For any piece requiring time and exercise of more than ordinary skill in its completion, a sum ranging from \$10 to \$70 dollars was demanded. The placing of a star and anchor upon a man's hand was a simple affair with tattooers, who, for tattooing either design, charged fifty cents. Certain of the celebrities in tattooing, serving in our navy during the civil war, left the service having in their possession quite a respectable sum of money obtained by them in the steady pursuit of their peculiar calling. Bill Haswell, of Baltimore, who in his day was held to be equalled as a tattooer, is said to have retired from the navy after a cruise of twenty-six months with upward of five thousand dollars over and above his regular pay, which was that of a seaman. -Boston Commercial Bulletin.

Why Women Are Rarely Robbed. It is singular that more ladies are not robbed on the public thoroughfares, for the majority of them carry every cent they possess in their pocketbooks, which in turn are carried in their hands. I suppose, however, the reason thieves do not snatch more of these money-bags is that they know well the chances are they would get but little, even if successful in evading the police, after the assault of the kind upon a woman. The great handsome silver-veined Russia leather affair called purses are very attractive in themselves, but in nine out of ten cases the inside of them is very lonesome. I heard a professional thief say once that this was regarded as extra hazardous in his profession to rob a woman, either in the house or on the street, and for two reasons: Firstly, that a woman always much to be taken. A man, on the contrary, either gives the thief a chance to get away or fights, and then his watch, money or valuables are much easier to get at. A MODERN ABSALOM - Peter Anderson, who is visiting relatives in Minneapolis, has the most wonderful hair development in the United States. He is a good looking young man about 21 years of age. He was born in Wisconsin, and is a veritable Absalom. His hair is about ten inches long, of an ashy brown color, and each particular one stands on end, not like quills, but by lock and feeling. Mr. Anderson can wear neither hat nor cap, but instead a silk turban with a light elastic band drawn over and down to the scalp, above which it bulges out about fifteen inches in diameter, and the cubic contents of which about equal to that of a peck measure. "Sugar," said the schoolmaster to the class, "is either made from the beet, as in France, or from the sugar cane as in the West Indies. Now do you think you can remember that?" "Yes, sir," replied a sharp boy. "I think we can remember the connection between the cane and the beet." "Did you ever," said one preacher to another, "stand at the door after your sermon, and listen to what people said about it as they passed out?" The other replied, "I did once" - a pause and a sigh - "but I'll never do it again."

CALEDONIAN CREAM - Beat the whites of two eggs to stiff froth, and mix with it gradually two ounces of strawberry jam, two ounces of currant jelly, and, if liked, two ounces of castor sugar; serve on a glass dish piled high. Almost any jam will make this sweet. DR. HARTMAN ON CATARRH - The fallacy of a case of catarrh, the mistake which so many physicians, of all schools, make in the treatment of catarrh is, that it is regarded as a local disease and not a systemic disease. If the patient has catarrh of the nose or throat, sprays and gargles are used; if the catarrh is in the larynx or bronchial tubes, inhalants are used; if the catarrh is in the stomach, medicine is swallowed; if the catarrh is in the bladder or urethra, injections are resorted to; hoping in each case to cure this disease by applying the medicine to the exact spot where the disease is located. While it is a fact that sprays, inhalants, gargles and injections are often helpful in the treatment of a case of catarrh, they can never accomplish a cure. Catarrh is a disease of the system, which manifests itself in some mucous membrane, oftenest of the nose, throat, bronchial tubes or lungs, but frequently of the stomach and bowels, and again of the urinary and sexual organs. A persistent use of Pe-ru-na according to the directions on the bottle will remove the catarrhal taint from the system, after which the diseased part, wherever located, will soon recover. That this is the correct theory of the treatment of catarrh is amply proven by the multitude of testimonials that are constantly pouring in from all parts of the country. Catarrh in all stages and varieties, colds, coughs, bronchitis, la grippe, catarrhal dyspepsia, all yield, surely and permanently, to the curative virtues of Pe-ru-na. John B. Risley, of Merrimac, Wis., writes, July 3, 1889: "I received in December last one of Dr. Hartman's 'Treatise on Catarrh,' and after a careful perusal of it I concluded to give his remedy a trial. I was afflicted with nasal catarrh. I did so and gained eleven pounds in weight the first month, with a steady increase in health and vigor that has been permanent so far, with but very little symptom of catarrh left. His remedies are the only ones I have ever found able to give me any relief. The following cases need no comment, save that each one was cured by taking Pe-ru-na simply without any local treatment whatever: FLINT, MICH., March 2, 1891. DAVISON, MICH. - My wife has suffered with catarrh and chronic headache. One bottle of Pe-ru-na was a great relief, but three bottles has cured her so that she does her own work without any trouble. T. H. GRIDLEY. FLINT CITY, MICH. - I had a very hard cold; could hardly speak; also la grippe. Took one bottle of Dr. Hartman's Pe-ru-na and put in one-half pound of rock candy and found almost immediate relief, and was well inside of one week. MELISSA KEENE. GOODRICH, MICH. - Am taking Dr. Hartman's remedy for chronic catarrh and rheumatism, and find it helping me more than anything I ever tried. MRS. MARY A. SKEELY. SULPHUR SPRINGS, TEX., Feb. 16, 1891. PERINA MEDICINE CO. - Sirs: I have used Pe-ru-na in my family - first for my wife in lung trouble. She has been greatly benefited; has passed over the winter, so far with a great deal less trouble than for years. I have, also, found it of great benefit in two cases of la grippe in my family. I have found great benefit myself in kidney trouble, and think a bottle or two more will set me all right. REV. J. C. RAYNALL. SULPHUR SPRINGS, TEX., Feb. 18, 1891. I herewith certify that I was cured of a very severe cough by one bottle of Pe-ru-na after having used two prescriptions from my family physician and one other cough remedy to no advantage. E. R. MCKINNEY. WYNNE, ARK., July 26, 1889. DR. S. B. HARTMAN, Columbus, O. - Dear Sir: My wife having suffered for twelve months with what the best medical skill in the country called 'Bronchitis,' and finding no relief, I purchased two bottles of Peruna, and now she is nearly cured. JAMES W. HALK. INDEPENDENCE, MO., Aug. 2, 1890. The Peruna Medicine Co. - Gentlemen: I had been afflicted for fourteen years with nervous debility and chronic catarrh. I had tried three of our best physicians, but failed to get any relief. I have taken five bottles of Peruna in connection with Mass.-lin, and feel entirely well, but intend to keep taking it for a while. I know that Peruna has saved my life. Yours respectfully, MRS. DICY A. LEWIS. It is needless to attempt to give only the vaguest outline of the wonderful success which Peruna has met with in the cure of catarrh. This success is entirely due to the fact that Peruna eradicates the disease from the system instead of temporarily relieving some disagreeable symptom. Medica. KENDALL'S SPAVIN CURE. THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Read proof below. KENDALL'S SPAVIN CURE. BELLEVILLE, PA., Nov. 27, 1890. DR. B. J. KENDALL CO. GENTS - I would like to make known to those who are almost persuaded to use Kendall's Spavin Cure the fact that I think it is a most excellent Liniment. I have used it on a Blood Spavin. The horse went on three legs for three years when I commenced to use your Kendall's Spavin Cure. I used ten bottles on the horse and have worked him for three years since and has not been lame. Yours truly, WM. A. CURL. GERMANTOWN, N. Y., Nov. 2, 1889. DR. B. J. KENDALL CO. GENTS - In praise of Kendall's Spavin Cure I will say, that a year ago I had a valuable young horse become very lame, look enlarged and swollen. The horseman about here (we have no Veterinary Surgeon here) pronounced his lameness Blood Spavin or Thoroughbred, they all told me there was no cure for it, he became about useless, and I considered him almost worthless. A friend told me of the merits of your Kendall's Spavin Cure, so I bought a bottle, and I could see very plainly great improvements immediately from its use, and before the bottle was used up I was satisfied that it was doing him a great deal of good. I bought a second bottle and before it was used up my horse was cured and has been in the team doing heavy work all the season since last April showing no more signs of it. I consider your Kendall's Spavin Cure a valuable medicine, and it should be in every stable in the land. Respectfully, EUGENE DEWITT. Prices \$1 per bottle, or six bottles for \$5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL CO., Enosburgh Falls, Vermont.
