# TREATES AN APPETITE.

There is nothing for which we recommend Hood's Sarsaparilla with greater confidence than for loss of appetite, indigestion, sick headache and other troubles of dyspeptic na ture. In the most natural way this medicine gently tones the stomach, assists digestion, and makes one feel "real hungry." Ladies in delicate health, or very dainty and particular satisfaction. Try it.

#### DYSPEPSIA.

"I suffered a great while with dyspepsia and tried a good many remedies. A friend urged me to try Hood's Sarsaparilla, and I have now taken two bottles. It has entirely cured me of dyspepsia, and a screfulous affection has also entirely disappeared. I can hardly find words to express my high appreciation of Hood's Sarsaparilla." ALLEN H. MEL. act date of Christ's return. HOLM, City Hotel, Lancaster, Pa.

BROKEN DOWN IN HEALTH.

"For three years I suffered with dyspepsia, growing so bad that I was at one time completely broken down in health. I began taking Hood's Sarsaparilla on trial, and seeing that it was doing me good, continued with it After taking six bottles I gained strength and appetite and was restored to my former health," JOHN E. BELVERNON, Pa., Nov, 27, 1890. Dr. B. J. KENDELL CO.: Gents—I would like to make known to those who are almost persuaded to use Kendall's Spavin Cure the fact that I think it is a most excellent Liniment. I have used it on a Blood Spavin. The horse went on three legs for three years when I commenced to use your Kendall's Spavin Cure. I used ten bottles on the horse and have worked him for three years since and has not been lame. GERMANTOWN, N. Y., Nov. 2, 1889. Dr. E. J. KENDALL CO.: Enosburgh Falls, Vt. Gents—In praise of Kendail's Spavin Cure I will say, that a year ago I had a valuable young horse become very lame, hock enlarged and swollen. The horsemen about here (we have no Veterinary Surgeon here) pronounced his lameness Blood Spavin or Thoroughin, they all told me there was no cure for it, he became about useless, and I considered him almost the, and I condise very pianing great improve-ments immediately from its use, and before the bottle was used up I was satisfied that it was deling him a great deal of good. I bought a second bottle and before it was used up my horse w.s cured and has been in the team do-ing heavy work all the season since last April showing no more signs of it. I consider your Kendall'S Spavin Cure a valuable medicine, and it should be in every stable in the land. Respectfully yours. EUGENE DEWITT.

He says that the second coming of Christ is not far distant ; that the Jews are returning to Jerusalem, and he takes this as indicative of the great event. Richard Whitmer is the present guardian of this manuscript. He is the son of David Whitmer, who sat on one side af the curtain and wrote down while Joseph Smith, the prophet, read and translated the Book of Mormon on the other side by means of the spectacles made of stones known as the Urim and Thummin. From this manuscript the Rev. Mr. Brown has figured out this great event.

He will leave his wife and three daughters here while he goes to Jerusalem in the early part of this summer. He says he does not know just what day Christ will come, but thinks it won't be very many months, and wants
