Celebration of the Glorious 4th!

It is now almost two weeks since the citizens of our town celebrated the nation's 115th birthday, but for the benefit of those of our readers who could not be here to enjoy it and for those who have not as yet heard of its magnificence, we will publish a short account of the proceedings which proved so interesting.

The heavy rain of Friday night before the 4th somewhat dampened the ardor of enthusiasts, but when the night trains arrived with different organizations and crowds of people on board, everyone seemed to forget that the red and blue had all run out of the bunting upon which they had spent so much time.

The morning of the 4th dawned clear and cool, and long before the town was aroused train loads of visitors had commenced arriving. They had ample time to note the elaborate decorations along the streets, before breakfast, and they doubtless realized that Bellefonte intended having an awful

big day. Promptly at 10 o'clock the parade was formed, the different divisious resting as follows: The first division on High street with right resting on Spring; the second and third divisions on North Spring and Howard street, and the fourth division on North Water street. -J. H. Orvis and family, Harry At 11 o'clock the command was given Keller and wife, and E. S. Orvis and and the parade began to move. The speakers of the day, Hon. A. G. Curtin and Judge A. O. Furst, then delivered spicy little talks from the stand which had been erected in the Diamond, and the mornings program ended.

During the afternoon the Sheridan Troop entertained about eight thousand people on the ball grounds. They gave a very spirited exhibition of cavalry drilling and to say that it was enjoyed is putting it mildly. At three o'clock the Milton Military band commenced playing down on the ball grounds and everyone knew that the long looked for game between the P. R. R. club ,of Philadelphia, and Bellefonte, was about to begin. The game was hotly contested from start to finish and proved one of the most interesting Bellefonte has ever seen. The visitors won in the eighth inning when they added two runs to their score, making the final 8 to 7.

In the evening an open air concert and a large pyrotechnic display proved very attractive features and seemed to interest the crowd exceedingly well.

Without doubt the whole proceedings were the finest our town has ever carried out and with pardonable pride we can say that Bellefonte has set a pace for the future demonstrations of her sisters which they will find a difficult matter to keep up with; but then it was a citizens' 4th and we were all in it and for an invitation to attend a basket pic-

If it were possible to pick one organization, from the many visiting, as superior to others, we would center our choice upon the Rescue Hook and Ladder Co ,of Curwensville, their natty suits and fine appearance eliciting general ap- ner with men had made him a general plause, but then the two Philipsburg companies and the organization from Milton, and the Lock Haven boys, and all the others, looked so well that they were an honor to the parade. They all looked bright and tidy, and the entire absence of drunken men was a most commendable feature.

Among the business displays several general character of the floats bespoke field to the barn he accidentally fell and much care and expense in their prepara- the half ladened wagon passed over his tion. Montgomery evidently spent a great amount of time and labor on his display, for it was a beauty in College band and always honored by every respect. Drawn by six well mat- his fellow workingmen. ed draught horses it elicited general admiration.

The total subscriptions for the day amounted to \$815.50 and expenditures to \$660.66, leaving a balance of \$154,84 which was turned over to the Logan Steam Eire Engine Co. to be paid on their new Silsby engine.

To four gentlemen, Mesrrs. J. S. Mc-Cargar, John D. Sourbeck, Geo. T. Bush and Mayor Reeder, the citizens of Bellefonte are indebted for more of the success of the day, which we will ever remember with the pleasantest recollections, than toany others. Their untiring efforts reaped a harvest in the unanimous expression, "a glorious day."

OUR FIRST COACH.—Bellefonte is never slow in taking on metropolitan airs and our energetic business men are always on the lookout for some new attraction for their establishments. This time it is in the livery of Mr. Jas. Potter and the addition is a handsome "Tally-ho" coach. It was built by W. J. Meyers, the coach maker at Pine Grove Mills, and is a model for comfort and beauty. We can imagine nothing more "sporty" than being a member of a party which hires this conveyance for picnic purposes. Perched on one of the many seats away up on its top one experiences the most pleasant sensations and then what, with a careful driver and a fleet team, has he to do but enjoy himself?

This coach is a thing which any man might feel proud to possess and we congratulate Mr. Potter on the foresight which prompted him in having it built.

dents. They are Squire Elias Heckman and wife and Mr. and Mrs. T. H. Rote, of Orangeville, Ill., and Mr. Solomon Ermold and wife, of Buckeye, Ill.

Mr. Heckman left Penn Hall century ago: They will visit friends in the lower end of the county. We welcome them back to "old Centre" and hope that their visit may prove a pleasant one.

A UNIONVILLE BENEDICT. - Mr. Joseph T. Barton, of Unionville, was married to Miss Alice Smith, of the same place, on Tuesday evening, July The route of parade was from Spring 7th, at 8 o'clock. The ceremony was performed at the residence of Rev. Geo. Elliott, on Linn street, Bellefonte, and was strictly private. The young couple had been members of a cave party and instead of going home on the evening train they tarried here and were happily made one.

> Mr. Barton is head clerk in the general mercantile establishment of T. E. Griest, at Unionville, and is a young man of good judgment aud business ability and has figured quite prominently in the politics of the Bald Eagle contingent. His bride is a prepossessing and intelligent young woman who will make him a valuable help-mate. We hope that their married life may be but a continued honey-moon.

ACCIDENT AT A LUMBER JOB .- The Sugar Valley Journal of the 3rd inst. states that an accident happened on Barner & Engle's lumber job, near Carrol, on Tuesday, of last week, by which Robert Barner, the 19-year-old son of Daniel Barner, nearly lost his life. The in danger and something had to be done. young man, in company with three or four other workmen, were chopping down trees, and while thus engaged a ed because she would not permit anylarge hemlock tree fell upon Robert, breaking his backbone and otherwise injuring him severely. He was immediately removed home and medical aid was summoned. Kind friends are giving every assistance possible to ease his suffering, but the chances for his recovery are doubtful.

-We are under obligations to Centre Council No. 703, Royal Arcanum, feel doubly repaid for the trouble it cost, | nic to be held in R. A. Park, at Philipsburg, on Thursday, July 23rd. The The fact that only two arrests were picnic will undoubtedly be a success,

A TRUSTED EMPLOYEE KILLED .-One of the saddest accidents which has College for many years resulted in the death of Mr. Jas. Fulton, a young man whose conscientious work for his employers and whose straightforward man-

favorite in the community. On Thursday evening, July 9th, when every man on the College farm was working his hardest to harvest the hav crop which was down, and when they had gone out for the last load they little realized that on the retnrn they would bear one of their number, dead. But such was the case, for while Mr. are deserving of special note though the Fulton was driving the team from the

THEY SURPRISED HIM. -On last Friday, July 10th, Mr. Geo. L. Peters who lives on the Hoover place above Dick's Run, celebrated the 79th year of his life in a way that afforded much pleasure to many of his kin. The old gentleman had not anticipated anything unusual for his birthday, however, and, when one after another, friends and relatives, began to assemble at the homestead he began to realize that there was something up, and before long he found himself surrounded by all of his children but the two sons who are in Iowa, his grand children, nephews, nieces and friends.

The party was a gay one and for the time being Mr. Peters was made to forget that he was slowly but surely drifting down the current of time. The day was most pleasantly spent and when evening came all seemed loath to depart. We wish him many occasions of such happiness. Friends and relatives were present from Bellefonte, Port Matilda, Unionville, Lemont and other places.

A FINE MUSICAL ORGANIZATION .-One of the pleasantest memories we will have of our glarious 4th, of '91, will he that of the hand which accompanied the Steam Fire Engine Co., from Milton. It was the Milton Military band and is composed of an exceptional number of talented young musicians. While their appearance did not exactly fulfill one's ideal of a military band yet if they had called themselves the Milton Symphony Concert Band the name would have been well merited indeed.

During the day in Bellefonte the or-VISITORS FROM THE WEST .- Centre | ganization rendered much delightful county is just now being honored by a music, but perhaps the evening's provisit from several of her former resi- gramme was most enjoyed. UNIONVILLE HAS A BURGALARY .-On Tuesday morning last about two o'clock Squire Benjamin Rich, of Unville, was awakened by some one walking in his room. Thinking it was his son, he called him by name, and receiving no response he looked up just in time to see a strange form grab his watch and trousers and run from the room. The Squire jumped from his bed and followed the man out into the landing, and was just in the act of looking over the railing when a pistol shot warned him that he was not needed any longer. From the position Mr. Rich occupied at the time, and the place where the ball lodged in the ceiling above, it is evident that if the shot was intended to have effect it was dangerously near its mark.

A LIVELY LUNATIC.-Some days ago Chief of Police, W. M. Snyder, of Tyrone, went to arrest an insane woman, wife of W. H. Shelow, of that place. For the last three months she has been a terror in the community in which she lives. When the policeman went to make the arrest he had a good deal of trouble, and she defied arrest three times. The lives of the neighbors were She was taken up to the Hollidaysburg jail shoeless, stockingless and bare-headthing to remain on those parts of her person, pulling them off as fast as they were put on.

CANADA THISTLES .- Chief Burgess Reeder issues a proclamation in which he gives notice to every person owning or occupying lands within the Borough of Bellefonte, on which Canada thistles are growing, to cut the same, so as to prevent the seed of the same from ripening. such thistles, the same will be cut and destroyed in the manner prescribed by the Act of Assembly in such cases made and provided, and in that event the the rescue of Corman. Both were badowner or occupant according to law.

A HORRIBLE DEATH .- A three year old child of John Wilkins, a blacksmith occurred in the neighborhood of State at Lemont, got into a field in which there was a flock of sheep, on last Thursday. In the flock was a very cross buck and immediately upon seeing the babe inside the fence he made for it. goring and mangling it in a horrible manner. When found the body was altogether lifeless and the mother has been almost crazed with grief.

PROMOTION OF A CENTRE COUNTY SOLDIER .- - General J. S. Brisbin will be retired from active service February 1, 1891. As General Kautz, lately promoted, vice General Gibson, retired, will be placed on the retited list in January, 1892, the promotion of General Brisbin before his retirement is probable.

General Brisbin is a Centre county man and was born in the neighborhood of Boalsburg. He married a daughter of David M. Wagner, of Bellefonte, a very handsome and excellent lady who died recently.

-Novelties in furniture and wall paper are the order of the day at E Brown, Jr's on Bishop street.

-Mrs. John Homan, who lived with her husband at the branch, just above Lemont, on the road to Pine Grove Mills, suddenly dropped dead at the threshold of her home on Thursday last. She had been as well as usual up to within a few moments before her death, when cries for help brought friends who were leading her into the house, when death came. Heart disease is supposed to be the cause.

-McQuistion & Co's is the place to get fine buggies, carriages and wagons of every kind.

-Early on Monday morning, July 6th, burglars entered the home of Mr. John W. Cooke, on North Allegheny street, and succeeded in finding a gold watch and chain, a silver watch and chain, about ten dollars in cash and some good clothes. Mr. Cooke heard them in his room, but taking it to be his son Harry who was going to leave on the early train he was not disturbed until it was too late to capture the "bird." -John Anderson, Henry Yeager,

-On the night of the 4th of July the pretty little house, on Curtin street, owned by Mr. A.S. Valentine, of Allantic City, and occupied by Mr. Ed. Rowe and family, was burned with all its contents. Scarcity of water and the slow work of the department are responsible for the entire demolition of the place, for when the fire was first discovered a few bucket fulls of water would have put it out.

Two MEN BLOWN UP .- A very distressing accident occurred at the lime quarries operated by A. G. Morris, just below town, on Wednesday morning last. Two men, Charles Heverly and Lyman Corman, were setting off a blast away up in the side of one of the solid rock walls which vary from 75 to 100 feet in height. They had just completed a hole six feet in depth and after having made an unsuccessful attempt at firing it they were putting in a "sand blast" when a spark from the first flew into the six pound can of powder which they had and a terrific explosion followed. Heverly was blown off the ledge of rock on which they were standing and dashed down on a pile of rock about 40 feet below, while Corman was blown off If owners or occupiers refuse to destroy also, but grabbing a safety rope he saved himself from the awful fall.

HOUSEL.—Near Zion, June 22, of diabetes, George Alexander, son of Foster and Eliza Housel, aged 7 years, 8 months and 8 days. As the shepher gathers his flock to his fold, so God, in His wisdom gathers little children into his heavenly kingdom, and in taking this one, has removed from the family a very bright and interesting child. His dis ease was not thought as fatal, until he called his parents and other near relatives to his bedside and stretched out his hand to bid them a final good bye, when it was known that "God's will be done." There was a shadow of sorrow swept over the family and others pre. sent, that will forever keep fresh in their memory, especially the parting words of the dearly beloved child.
