

MARRIAGE LICENSES.—Adam Waters, Rebersburg and Miss Sallie Reinhart; Edwin Ruhl and Miss Maggie Burrell, both of Spring Mills; Edward Canfield and Miss Hannah R. Solby, both of Philipsburg.

The following letters remain in the Bellefonte P. O. unclaimed, July 27, '91. John Armagast, Robert Anne, Frances Brown, Alton S. Gorman, James Davis, Sylvia Frederick, Mrs. Belle Houtz, Prof. Henry Isaacs, 2, Dan McClure, Mary Staley, Clara Southard, Minnie Smith.

When called for please say advertised in. J. A. FEIDLER, P. M.

Books, Magazines, Etc.

Lady Macdonald, the widow of the late Premier of Canada, opens the August Ladies' Home Journal with her first contribution to literature, in the opening article of a series which she has written for that magazine, descriptive of "An Unconventional Holiday," which, with a party of friends, and in her yate car, she enjoyed last summer through the most picturesque portions of Canada. Annie R. Ramsey has some very timely "Hints on Mountain Climbing"; Kate Tannatt Woods treats a new subject, telling what "The Girl Off to Boarding-school" should take with her; the poet Tennyson's wife is sketched in the series of "Unknown Wives of Well-Known Men"; a very helpful and useful article is that which treats of all the "Summer Hike and Summer Dangers"; our different "Types of American Girls" are treated by four able writers; Jeannette L. Gilder has a clever character sketch in "Pepper Hash"; Ellen Le Garde shows the benefits of "Swimming for Girls"; Mrs. A. D. Whitney's and Jessie O'Donnell's articles are continued; Dr. Talmage writes this month from his seashore home; Hezekiah Butterworth and Robert J. Burdette tell some "Bright Things for Boys"; Mrs. Malton has the best "Fashions" articles supported by any magazine; Little Elsie Leslie writes of "Children on the Stage"; and all through this number there is the breath of summer and the strength of merit. One dollar per year. Published in Philadelphia by the Curtis Publishing Company.

A timely table of contents, especially adaptable to midsummer reading, is presented by the New England Magazine for August. Colonel Albert Clarke, the secretary of the Home Market Club of Boston, opens the number with a bright and instructive account of the State of Vermont. "A Side Issue of the Campaign" is a clever little story by Mary E. Brush, a name new in literature. The Harvard Essays are above the average of such contributions to literature. Charles Lewis Slatery says something worth the saying in an original and piquant fashion, in "A Remedy for American Philistinism." "The Birthplace of Hannibal Hamlin" is a little descriptive sketch of Paris, Me., It is by Charles E. Waterman, a fellow-townsmen of Hamlin's. William Howe Downes contributes a finely illustrated paper on "The Literature of the Mountains." Eliza Orne White, one of the younger Boston writers, has a pretty little story in a minor key called "Commonplace Carriage." W. D. McCracken furnishes a very interesting and valuable paper on "The Rise of the Swiss Confederation," which is also timely in view of the coming celebration in Switzerland. "Benington and its Battle," by Edwin A. Start, is an historical retrospect nearer home, and is a historical vein. N. H. Chamberlain contributes an interesting paper called "In the Footprints of Burgoyne's Army."

The Great French Railroad Collision.

Details of the St. Mande Disaster—A Terrible Blunder Made by Firemen.

PARIS, July 27.—To-day's reports from St. Mande, near Vincennes, of the collision between two excursion trains, loaded with passengers returning from the musical festival at Fontenay show that forty-nine people were killed and one hundred severely injured before they were extricated from the ruins. The details of the accident show that the collision was a most terrible affair. The engine of one of the trains telescoped three carriages loaded with excursionists, and at the same time the reservoir of gas on the damaged train exploded and set fire to the wreckage, while scores of people were pinned down, wounded and helpless, beneath the ruins of the three carriages. In a very short time the flames spread to such an extent that numbers of the wounded were slowly roasted to death before the eyes of those who were doing their utmost to rescue them. The horrible shrieks of the burning people, and the cries of desperation and terror from the survivors who were engaged in the work of rescue continued almost without interruption for half an hour after the collision. Later reports say that 200 people were either killed or injured as a result of the St. Mande collision. Many of the unfortunate people imprisoned beneath the wreck were drowned by the firemen who were summoned to the scene. Forty minutes elapsed before the firemen were able to obtain water, but when they had done so they poured torrents upon the wreck and seemed to be utterly unaware of the fact that they were drowning the people they were attempting to rescue. The town hall of St. Mande presents a fearful spectacle. The blackened bodies of the dead lie in rows upon the floor and upon the tables in the building. In some cases the remains are but little more than heaps of cinders, intermixed with portions of limbs and fragments of people who were but a short time before laughing, chatting and singing in jovial contentment. One pile of charred limbs and human cinders was especially conspicuous, as it consisted of a mass of unidentified and unconnected bodies placed in a heap.

Charmed by a Trombone.

BEDFORD, July 28.—A member of an orchestra, which is staying at the Springs hotel for the season, had a rather unwelcome auditor to a summer night concert the other evening. The gentleman is the leading trombonist, and had retired back on the hill from the hotel to give one of his favorite selections for the benefit of his guests. While performing he was suddenly disturbed to see a black object steadily making its way toward him from the bush. This object, which proved to be an enormous blacksnake, crawled to within a few feet of the musician, then stopped, and rearing its head waved it to and fro in enjoyment of the music. The performer hastily decamped, being too highly flattered, however, by the attentions of the melody-loving snake to attempt to kill it.

The Farmers Rejoicing.

WEST CHESTER, July 23.—Tillers of the soil in Chester county almost to a man are united in the belief that the present season is the most bounteous in the way of crops that they have experienced for a number of years. The wheat has been harvested and now the oats are claiming attention, although some farmers are even through the oats harvest. The grass while not so bad as last year, has made remarkably good hay, free of dust and very nutritious. A few farmers have threshed their wheat and the average yield to the acre so far is about thirty-five bushels. Oats, potatoes, fruit and vegetables will be far above the ordinary average.

Pine Grove Mentions.

Mrs. George Ard, of Main street, is slowly recovering from a severe injury in the back by a cherry tree.

Caught and another injury was furnished by Mr. Wm. Foster, who lent a helping hand in getting them homeward, leaving the carriage a total wreck.

Mrs. Will Hammer, of Altoona, is spending the heated season with her mother-in-law in our town and spending her leisure moments in the gathering of fruit and berries.

Mrs. Glenn Bailey, of Altoona, is visiting relatives here on her homeward journey from Philadelphia where she spent some time with her husband who she reports improving under medical treatment for spinal affection.

The shrill whistle of the steam thrasher is again heard in all directions, hulling out the grain which is yielding well and of excellent quality. The recent rains are proving a great benefit to the corn crop. Barley and oats are an average crop and the early potatoes are yielding prolifically.

Our agricultural friend, Michael Hess, while visiting the State College grounds his team became frightened and unmanageable. After a short run it overset the carriage, dashing Mr. Hess and wife and two lady visiting friends to the ground. Fortunately no one was seriously hurt. The horses were subsequently

Next Saturday, August 1st, promises to be a gala day for our town in the shape of a social basket picnic. The best of band and vocal music is being practiced for the occasion, and breezy speeches are in readiness to be opened up in the grove near town and a general social good time is expected.

Last Sunday Rev. Mr. Calder occupied the Lutheran pulp, morning and evening. In the evening the house was filled with attentive hearers who had assembled to hear his address, which was quite interesting, having for his subject the habits and customs of the heathen together with his experience in mission work in Burma. The Rev. is a fine speaker and his audience were highly entertained with the discourses.

Miss Jane Gilliland, of Belleville, Mifflin county, accompanied by Mr. and Mrs. J. C. McConnell, of Iowa, after an absence of thirty years, is visiting their old time friends in Pennsylvania, and for the past week are the guests of Squire J. H. Miller and wife. Mr. McConnell is a veteran of the war, was in Gen. Rosecrans' command and was wounded at Murfreesborough. We welcome them back to old Centre, hoping their visit will be one of profit as well as pleasure.

It is with regret we learn the death of Mrs. Olive Walker, wife of Mr. A. Walker, near this place, on the evening of the 15th inst., surrounded by her young family after a year or more of suffering from dropsy and a complication of diseases. Although during all that time she had all that medical skill and human hands could do to relieve her of her distress, she was compelled to succumb to her disease. Her maiden name was Bathurst, a most kind and agreeable lady, of whom it can be truly said she had no enemies. Rev. A. L. Miller of the M. E. congregation, of which she deceased was a consistent member, conducted the funeral. On the 17th inst., her remains were interred in the Meek cemetery. In the condolence of many friends the husband and his young family of eight bright little children are comforted; all that is possible under so great a bereavement.

To Our Subscribers

THE SPECIAL ANNOUNCEMENT which appeared in our columns some time since, announcing a special arrangement with Dr. B. J. KENDALL Co., of Enosburg Falls, Vt., publishers of "A Treatise on the Horse and his Diseases," whereby our subscribers were enabled to obtain a copy of that valuable work FREE by sending their address to B. J. KENDALL Co., (and enclosing a two-cent stamp for mailing same) is renewed for a limited period. We trust all will avail themselves of the opportunity of obtaining this valuable work. To every lover of the Horse it is indispensable, as it treats in a simple manner all the diseases which afflict this noble animal. Its phenomenal sale throughout the United States and Canada, make it standard authority. Mention this paper when sending for "Treatise."

Delaware's Peach Crop

PHILADELPHIA, July 28.—Dispatches from the Delaware peninsula state that the anticipated great peach crop has rapidly faded to very moderate proportions by reason of the ravages of the mysterious "yellows," and the unusually large peach crop has dwindled down from the estimates of 6,000,000 baskets made in May to less than 1,000,000 baskets in July, and there is every indication that it will be less than that before August.

FERTILIZERS.

We announce to our farmer friends in Central Pennsylvania, that we have arranged for a supply of four different grades of farm fertilizers, which we offer for sale with the full assurance that we are furnishing full market value for the money we receive for the same. CHAMPION \$25.00 AMMONIATED SUPER-PHOSPHATE. Our Champion \$25.00 Ammoniated Super-Phosphate has been thoroughly tested by farmers, and we are informed by many of them that it has given entire satisfaction. It is a complete fertilizer. We have assurance from those who use it that they received an honest return in the crop for the money invested. Owing to the delay in advising us how much was wanted by each farmer, we could not supply all the demand last year. To avoid disappointment this year we request farmers to place their orders with us before August 15th, 1891. DISSOLVED SOUTH CAROLINA ROCK. We have purchased two grades of Dissolved South Carolina Rock; one grade contains a minimum of 13 per cent. and the other a minimum of 14 per cent. available Phosphoric Acid, the analysis of which we guarantee. The value of Dissolved South Carolina Rock consists in the amount of available Phosphoric Acid it contains. We are prepared to furnish the most value invested in this class of fertilizers. When the goods shall have been received, we invite a test analysis to be made of any sample or from the goods purchased by any farmer by the Chemist of the State Board of Agriculture, who is Dr. Frear, of the Pennsylvania State College. There is dissolved South Carolina Rock of various grades and called by different names, such as Acid Phosphate, being placed on the market, which is adulterated and only contains 11 per cent. available Phosphoric Acid, the value of which is at least four dollars per ton less than the fertilizer we sell, which contains a minimum of 14 per cent. available Phosphoric Acid. We invite a critical examination and a thorough comparative analysis of the Dissolved South Carolina Rock we sell. We assure our farmer friends that we do not offer to sell them shoddy goods—our greatest ambition being to furnish the largest value for the least money. AMMONIATED DISSOLVED BONE. We sell Lister's goods, which are a complete Animal Bone Ammoniated Super Phosphate. BUFFALO HONEST FERTILIZERS. The Buffalo, which has been the leading fertilizer of Centre county for at least twelve years, still maintains its reputation of furnishing an honest return for the money invested. It is strictly what is claimed for it, "An Honest Fertilizer." Many of the leading farmers of Centre county, among whom we refer to Major Wm. F. Reynolds, of Bellefonte, Hezekiah K. Hoy, of Benner township, and John H. Musser, of Aaronsburg, pronounce it the most profitable fertilizer they have used, because it not only stimulates a prolific growth as well as a large yield of wheat, but the grass shows the effects of its strength for several years. DEMAND FOR FERTILIZERS. From present indications the demand for fertilizers will be very large this year, which makes it necessary for farmers to place their orders early to make sure of their supply. We sell these fertilizers by the bag, ton or car load at popular prices. McCALMONT & CO. Bellefonte, Pa. 36-29-6c.
