

Served the Rascal Right.
The *Sanbury Daily* relates how some ladies punished a wife beater: Mike Yornick, a Greek, was tried before a Shamokin magistrate Friday on a charge of attempted murder. During the heavy rain storm of Thursday night Yornick commenced beating his wife, and the cries of the woman attracted the neighbors who are co-residents in a Greek colony about three miles from Shamokin. Those who came to the rescue of Mrs. Yornick were American women. One of the women secured a clothes-line, and with the assistance of the rest of the women bound Yornick to a fence, where he was allowed to remain during the heavy storm, while some of their number secured an officer who brought Yornick to Shamokin. He was brought to the county jail Saturday, where he will remain until the September term of court, unless he secures bail.

WOLFSPIN RUGS.—The Esquimaux hunter puts a chunk of fat on a sharpened flint and fastens it to a wooden stake planted in the ground. In kicking off the fat the wolf cuts his tongue, and maddened by the taste of the blood continues to lick the sharp stones. Other wolves attracted by the smell of blood, gather around. In their fury they turn upon one another, and the end of the fight is like the historic tragedy of the Kilkenny cats—there are no survivors. All the hunter has to do is to remove the skins and rebait his savage trap.

AS SEEN BY UNACUSTOMED EYES.—Pat (politely accosting lady with fashionable trailing skirt)—Mum, I beg pardon but hadn't yez better give yure suspender a hitch?

ADDITIONAL LOCALS.
—The celebration of the fortieth anniversary of the marriage of Rev. G. W. Bouse and wife, at Milesburg, last Friday, was pleasant in all its features. The guests assembled in the Methodist church where addresses fitting the occasion were made by Rev. Mr. Wright, of the Milesburg Presbyterian church, and Rev. W. A. Houck and J. A. Woodcock, of Bellefonte. After services in the church the company proceeded to the parsonage where refreshments awaited them. Many handsome and valuable presents were given Mr. and Mrs. Bouse, among which was a handsome gold watch to the reverend gentleman, the gift of his four sons. All his children and grand children were present. There was a large attendance of friends from Tyrone, Unionville, Bellefonte and other places.

A STANCH DEMOCRATIC BIRD.—Eddie Lyttle, of this place, is the owner of a large rooster that spends much of his time on the railroad tracks near the station. One day last week he lingered too long on the track and was struck by the engine of day express and thrown against the bank where he lay until the train passed, after which he got up and walked away apparently none the worse, except being minus a few feathers. On Tuesday the same emblem of Democracy was hit by the engine of a freight train. The engine and about twenty cars passed over him and he was rolled along the track between the rails for a considerable distance. All who saw him thought he was being killed, but when the last car had passed over him he got up, shook off the loose feathers, and walked away as though nothing of importance had occurred.—*South Fork Courier.*

AN IMPORTANT ROAD TAX DECISION.—At Wilkesbarre on Wednesday Judge Rice rendered a decision in a peculiar case brought before him. Cox Bros. & Co., the coal operators at Drifton, pay nearly one half the road tax in Foster and Hazel townships, their total tax reaching nearly \$4,000. They applied to the supervisors to allow them the privilege of working out this tax by putting men and teams to work on the road under the direction of the supervisors. The latter would allow them only to work out a small portion of the tax and attempted to collect the rest in cash. Cox Bros. then applied to the court for an injunction to restrain the supervisors from collecting the tax and directing them to allow the plaintiffs to work out the tax. Judge Rice awarded the injunction and says in his opinion that every taxpayer has a right to work the whole of his road tax, provided he does so under the direction of the supervisors.

A DESERTED VILLAGE.—Near the town of Beech Creek there is a "Deserted Village." It is known as Revel Town, and at one time was a thriving town with about sixty houses, and now there is not a living soul to be found within its gates. A handsome old English mansion, with its great rooms and its extensive wine cellar, is now falling into decay, and cattle roam over its door sills and in its spacious parlors at their own sweet will. This once beautiful residence was at one time the home of General John Revel, who died there years ago, and whose bones now rest in Highland cemetery. There is a magnificent orchard of fruit trees of all kinds that are weighted down with their harvest, and no one there to pluck off their bounty. The village was in the heart of a prosperous mining region, but owing to the location, and perhaps to mismanagement, the venture was unsuccessful. The mines were deserted and the village allowed to go to ruin.

Pine Grove Mentions.
D. G. Meek and wife are among the campers this week at Newton Hamilton camp. On Friday last a spanking team of four-hand, attached to the tally-ho, carried a party of picnickers from Bellefonte to the grove near our town, where the congenial party spent the day with pleasure.

—J. A. Decker, Esq., mine host of the St. Elmo Hotel, has just completed the remodeling of his famous hotel, both inside and out, besides, a new coat of paint has been applied, presenting a fine appearance. Jim is a first-class hotel man and knows how to make his guests feel at home.

Work has commenced on the remodeling of Mrs. Dannelly's house on front street. Our cemetery has been converted into a pasture ground. If our people cannot keep the cemetery in a respectable condition, in which everybody agrees it is not, possibly the sheep can and will have the desired effect.

It is with regret that we record the death of Mrs. Laura Meyers, wife of our much esteemed fellow townsman, Henry F. Meyers. The sad event took place at the home of her parent, Mr. Foster, of Alexandria, Huntingdon county, where she had been taken just a week previous, with the hope that the change might be beneficial to her, or at least that it might prolong her life. But, alas, the brittle thread of existence was then almost broken. After seeing most of her relations and former associates, she was contented and calmly passed away at 10 o'clock a. m., on the 6th inst., aged 29 years, 4 months and 21 days. She left a father and mother, five sisters, three brothers, a bereaved husband and two children, one of 12 years and one 2 years old. How sad that she was not permitted to enjoy the earthly union longer. But God's ways are not our ways, and after permitting her to spend the last few days with her dearly loved parents, he relieved her from her sufferings and took her to himself above, where she will await the coming of dear ones left here below. She was a sincere and devout christian lady, a member of the reformed church in which she was always engaged in performing her whole duty. The interment took place on Saturday, the 8th inst., at five o'clock p. m., at the Alexandria cemetery. Services were held in the church, conducted by Rev. A. A. Black, of Boalsburg, assisted by Rev. A. Kerlin. A large number of friends and neighbors from here were in attendance, among whom were the pall-bearers, A. G. Archee, R. B. Fry, J. B. Heberling, W. H. Boush, Dr. H. B. Livingston and J. G. Heberling. May she rest in peace and flowers sweetly bloom on her grave.

Books, Magazines, Etc.
—General Butler's forthcoming book will be one of the largest historical autobiographies ever published. It will contain one thousand, large pages, printed on high grade paper and illustrated with several hundred wood engravings. It will be published in English, German, and French. The best artists are now employed on the work. The Dickinson Type Foundry is casting type especially for it. The typography and press work will be by the Barta Press of Boston, the first edition to be not less than one hundred thousand, probably double that number. The publishers are A. M. Thayer & Co., of Boston. The general and exclusive agents for Pennsylvania and Delaware are J. W. Keeler & Co., Philadelphia, Pa.

Found His Dead Sister.
HARRISBURG, Pa., August 6.—The dead body of Jennie Van Horn was found floating in the canal here this morning. While locktender Dudley was fishing it out he called for John Van Horn, a passing messenger boy, to assist him. When John looked down on the face of the dead girl he was horrified to see that it was his own sister. Jennie was an attendant in the Insane Hospital, and has had a great deal of trouble lately. Her father shot himself recently, and about a year ago her lover was killed on the railroad. It has not been determined whether the girl committed suicide or was murdered.

SCRAP PUDDING.—Put the scraps of bread, crust and crumb into a bowl with sufficient milk to cover them. Cover with a saucer-lid or a plate, and put into the oven to soak for about half an hour. Take out and mash the bread with a fork till it is a pulp; then add a handful of raisins and as many currants, teaspoonful of brown sugar, half a cupful of milk, some candied fruit, and one egg. Stir up well, grease a pudding-dish, and pour the pudding in. Grate over it a little nutmeg, put into a moderate oven, and let bake for an hour and a half.

FERTILIZERS.
We announce to our farmer friends in Central Pennsylvania, that we have arranged for a supply of four different grades of farm fertilizers, which we offer for sale with the full assurance that we are furnishing full market value for the money we receive for the same.
CHAMPION \$25.00 AMMONIATED SUPER-PHOSPHATE.
Our Champion \$25.00 Ammoniated Super-Phosphate has been thoroughly tested by farmers, and we are informed by many of them that it has given entire satisfaction. It is a complete fertilizer. We have assurance from those who use it that they received an honest return in the crop for the money invested. Owing to the delay in advising us how much was wanted by each farmer, we could not supply all the demand last year. To avoid disappointment this year we request farmers to place their orders with us before August 15th, 1891.

DISSOLVED SOUTH CAROLINA ROCK.
We have purchased two grades of Dissolved South Carolina Rock; one grade contains a minimum of 13 per cent. and the other a minimum of 14 per cent. available Phosphoric Acid, the analysis of which we guarantee. The value of Dissolved South Carolina Rock consists in the amount of available Phosphoric Acid it contains. We are prepared to furnish the most value invested in this class of fertilizers.

When the goods shall have been received, we invite a test analysis to be made of any sample or from the goods purchased by any farmer by the Chemist of the State Board of Agriculture, who is Dr. Frear, of the Pennsylvania State College. There is dissolved South Carolina Rock of various grades and called by different names, such as Acid Phosphate, being placed on the market, which is adulterated and only contains 11 per cent. available Phosphoric Acid, the value of which is at least four dollars per ton less than the fertilizer we sell, which contains a minimum of 13 per cent. available Phosphoric Acid.

We invite a critical examination and a thorough comparative analysis of the Dissolved South Carolina Rock we sell. We assure our farmer friends that we do not offer to sell them shoddy goods—our greatest ambition being to furnish the largest value for the least money.

AMMONIATED DISSOLVED BONE.
We sell Lister's goods, which are a complete Animal Bone Ammoniated Super Phosphate.
BUFFALO HONEST FERTILIZERS.
The Buffalo, which has been the leading fertilizer of Centre county for at least twelve years, still maintains its reputation of furnishing an honest return for the money invested. It is strictly what is claimed for it, "An Honest Fertilizer." Many of the leading farmers of Centre county, among whom we refer to Major Wm. F. Reynolds, of Bellefonte, Hezekiah K. Hoy, of Benner township; and John H. Musser, of Aaronsburg, pronounce it the most profitable fertilizer they have used, because it not only stimulates a prolific growth as well as a large yield of wheat, but the grass shows the effects of its strength for several years.

DEMAND FOR FERTILIZERS.
From present indications the demand for fertilizers will be very large this year, which makes it necessary for farmers to place their orders early to make sure of their supply. We sell these fertilizers by the bag, ton or car load at popular prices.
