The Committee on resolutions, through its chairman, W. C. Heinle, Esq., reported the following:

The Democracy of Centre county in convention assembled do resolve:

First: That we call the attention of all fair minded citizens to the glaring rascalities of the Republican officials in the chief city of the Commonwealth, where millions of the public money have been boldly stolen from the Treasury and largely employed in the corruption of voters at the polls; where pretended committees of investigation have refused to expose the chief conspirators in the looting of the city treasury, through fear that the exposure would bring disaster and ruin to the Republican party.

Second: That we charge that the present Auditor General and State Treasurer have neglected to make periodical settlements with county treasurers as required by law; that the State Treasurer has placed state funds in insecure banks; that the Auditor General has permitted mercantile appraisers to swindle the State by gross frauds in the collection of mercantile licenses, and in general aided and abetted dishonest officials to use their positions to enrich themselves at the expense of the tax payers, whereby large sums of money belonging to the people have been annually wasted and stolen.

Third: That in view of the malfeasances in the finances of the Commonwealth by the leading men in the Republican party, we declare that public safety and security demand that all honest citizens, regardless of party affiliations, should unite in supporting candidates for Auditor General and State Treasurer of known integrity, belonging to the Democratic party, in order that the true condition of the State's finances may be fully investigated and the chief actors in public crimes brought to punishment.

Fourth: That the faithful discharge of official duty at Harrisburg by steadily and courageously guarding the public funds against needless and extravagant expenditures; stemming the flood tide of vicious and useless legis-

lation; approving such legislation as tends to the amelioration of the oppressed and securing to them their rights, and at all times having a jealous concern for all the varied interests of our grand Commonwealth, make the name of Robert E. Pattison shine as that of a true patriot, and merits from us our unqualified endorsement as the Chief Executive of Pennsylvania.

After the unanimous adoption of the above, Judge Orvis presented the following in relation to the basis of representation in future congressional and senatorial district conferences, which was unanimously adopted.

Resolved, 1st. That hereafter the Democratic party of Centre county will insist that the representation in all district conferences or nominating conventions from each county, shall be in proportion to the Democratic vote of such county.

2nd. That we favor making the nominating convention sufficiently large to properly represent and voice the wishes of the people, and therefore favor the allotment to each county in the district of a delegate for every five hundred democratic votes (or fractional part thereof over one half cast at the last Presidential or gubernatorial election.

3rd. That we favor the election of the District delegates to the nominating conventions by the people at the primary elections, with or without instructions as the voters may deem best, and that said delegates be elected in single districts, so that each delegate will be responsible to the voters of his immediate district for his actions in the nominating convention.

4th. That the County Committee of Centre county be, and the said committee is hereby instructed, to apportion said county into ten Delegate Districts, each containing as nearly as may be an equal number of democratic votes, without dividing an election district, and to publish said apportionment a sufficient time before the primary election of 1892, to give the voters full and ample notice thereof.

5th. That at the primary election to be held in 1892 there shall be elected in each of said Delegate Districts in the county, one Congressional delegate who shall attend the Congressional Conference or nominating convention for the purpose of nominating a candidate for Congress from the 28th District of Pennsylvania. That district delegates be elected at every subsequent election whenever a district nomination is to be made.

6th. That a committee of three be appointed of which the president of this convention shall be chairman, to attend the next Democratic County Convention of the several counties composing our present Congressional, Senatorial and Judicial Districts, and lay these resolutions before said conventions, and request the co-operation of the democracy of said counties in establishing this reform in making district nominations.

7th. That a copy of these resolutions be sent to the Chairman of the Democratic County Committee of each of the counties composing the present Congressional, Senatorial and Judicial Districts of which Centre County forms a part.

The chair appointed Judge Orvis and F. K. White to attend the conventions suggested in the 6th resolution.

There being no other business the convention adjourned sine die.

LOUR MILL BURNED AT PHILIPSBURG.—Early last Tuesday morning a fire broke out in the flour mill of Brinton, Duncan & Barnes, at Phillipsburg, resulting in its entire destruction.

The loss is estimated at \$10,000, on which there is an insurance of \$5,500—\$5,500 on the building and \$2,000 on the stock, etc. Considerable flour, feed, etc., was removed from the building during the progress of the fire. Fortunately about \$2,000 worth of grain, etc., ordered and on the way, had not yet reached the mill, having been delayed at Tyrone or some other point along the route.

The origin of the fire is a complete mystery. Some think the building was set on fire by a passing locomotive; others look upon it as the work of an incendiary, while the impression with many is that it caught from heated bearings.

THE CHRONIC INSANE HOSPITAL.—The Philadelphia Record says: "The commission to locate and build an asylum for the chronic insane met Thursday and organized permanently by electing Wharton Barker president; Henry M. Dachert, treasurer, and John M. Reynolds, secretary, Hon. B. Storm and John Curwen, M. D. and the other gentlemen named, constitute the commission. They received personal and written applications from committees representing different counties. They will go into the Schuylkill, Lebanon and Cumberland valleys, and thence to various points in the central portion of the State. The act of assembly appropriates \$500,000 for the purchase of 500 acres of arable land and the erection of buildings at a point accessible to the State hospital for the insane. Other visits will be made at an early date."

The Bellefonte committee may consequently look for a visit from the regularly organized commission soon.

The annual reunion of the three western companies of Gov. Beaver's old Regiment, the 148th Pa. Vols., will be held at Indiana, Pa. Aug. 27th, a pressing invitation to the remainder of the regiment has been extended by Senator H. K. Sloan on behalf of the Western boys. Those desiring to attend can procure card orders for tickets by applying to D. S. Keller, Bellefonte.

A PAIR OF BEAR STORIES.—It is a little early for bear stories, which usually make their appearance when the season is further advanced toward fall, but the bears seem unusually frisky this year. It appears that one day last week Harry Smith and Percy Myers, two Nippenose boys, were on their way to Waterville, with loads of bark, two large bears stepped from the side of the road and followed them for some distance, when the boys concluded to try their luck at throwing stones, these being the only weapons they had at that time. But the bears not heeding the stones came still closer to the wagon, at which time the boys thought it best to mount the wagon, and driving on a short distance, stopped and began firing at them again, when one ran up the mountain. The other getting angry, came for the boys and each of them got a stick out of the bark rack and made for the bear. They clubbed him until they were nearly exhausted, when they espied the other bear coming down the mountain. The boys jumped into the wagon again and had to leave them, went on to Waterville and gave the news to an old hunter, who went along back with the boys, but the bears were no more to be found.

About the same time as the above adventure three residents of Eagleville had a lively experience with members of the bear family in the woods at the headwaters of Beech Creek. They were Irvin and D. B. Kunes and W. W. Clark, who had gone into the woods to look up stray cattle belonging to them. The first bear they encountered was a large one, supposed to weigh 500 pounds. D. B. Kunes had taken a big dog with him and after considerable urging the dog attacked the bear. Bruin ran for a short distance and then reversed the order of things by turning on the dog. The dog ran back to where the men were, with the bear closely following. One of the men climbed a tree, and the others by dodging behind trees succeeded in evading the attack of the infuriated animal until the dog again put it to flight.

ANOTHER PREMATURE BLAST.—Quarry accidents resulting from premature blast are of too frequent occurrence. One occurred last Saturday in the McAteer quarry, near Union Furnace, Blair county, seriously injuring John Himes and Jacob Esport. They were filling with powder a hole which had been previously shot with dynamite, and it is evident that a spark remained from the shooting. A quantity of powder had been poured into the hole and Esport had the second can under his arm and intended finishing to get ready to fire the charge when there was a terrific explosion, the full can of powder exploding in his hands. Himes was taken to his home at Franklinville and everything done to relieve his sufferings and it is expected he will recover. Esport, after having his burns dressed, was taken to the hospital and made as comfortable as the nature of his injuries would permit. His face, arms, chest and right knee are badly burned. It is not thought either men will lose his eyesight.

AN ARM SHOT OFF AT LOCK HAVEN.—William Charles, a former resident of Phillipsburg, but for some months past a clerk at the Central Hotel, Lock Haven, met with a misfortune Monday morning about half past seven o'clock, that may result in his death. He and the porter of the hotel were having a little scuffle, in a sportive way, when the latter picked up a gun which had been left in the room by another party, and not knowing that it was loaded, pointed it at Charles, "in fun," with the remark, "I'll shoot you." And sure enough, he did shoot him, the ball penetrating the right elbow and almost severing the arm, and at noon reaction had not yet taken place, and grave fears were entertained respecting the result. The porter is said to be in deep anguish over the sad termination of his reckless use of the gun, but Mr. Charles' friends are hoping that beyond the loss of the arm, which is bad enough, there will be no more serious results.

NO SPECIAL TRAINS TO NEWTON HAMILTON.—No special trains will be run to the Newton Hamilton campmeeting this year. It was the request of Presiding Elder Lantz and Secretary Rhoads that no special excursion trains be run on Sunday, and the P. R. R. company decided to run none but the regular trains. There will be excursion rates as usual. The effect will be to keep away the customary huge crowds on Sunday, but it will be the better for the attendants who go to campmeeting to worship. This is the first time in the history of the Newton Hamilton camp that no excursion trains will be run to the grounds on the Sabbath, and the effect will be watched with interest.

COWS KILLED BY LIGHTNING.—Harry Snyder, a farmer who lives in Nitany valley, between Mackeyville and Clintondale, was unfortunate enough to lose three valuable cows last week. They were under a tree in a pasture field when the tree was struck by lightning, resulting in the killing of the cows. Mr. S. estimates his loss at \$100.

SALE CONTINUED.—The sale of the real estate of Samuel Woodring, deceased, has been continued, to take place on Saturday, August 22d, at 2 p. m., at the Court House in Bellefonte. See advertisement.

A BOLD ESCAPE FROM JAIL.—Last Friday morning, James Welsh, awaiting trial for highway robbery, and Frank Waite, for criminal assault, on a little girl, escaped from the jail at Hollidaysburg. They wrenched bars off their iron coats and with them dug a large hole through a three foot stone wall, and with a rope made out of their bed clothes dropped twenty feet to the yard below, and then with a file, which had been furnished to them in jail by friends filed the lock of the yard gate and made good their escape. There is a liberal reward offered for their arrest.

ATTACKED BY HUNGARIANS.—Last Friday, James McGonigal, superintendent of Wigton & Co's, near Madara, while driving along the public road in a buggy, accompanied by his wife was assailed by three Hungarians. One of them struck him on the head with a rock, knocking him insensible. As they were about to do him further violence Aaron Shoff and his son, hearing the screams of Mrs. McGonigal, appeared on the scene. The men have not yet been captured. McGonigal was unarmed. He is unable to give any cause for the attack on him.

A CLINTON COUNTY FRUIT FARM.—A Lock Haven paper gives an account of a fruit farm belonging to Mr. George S. Good, about a mile and a half from that place. Out of 8,000 peach trees planted, more than 5,000 are growing finely, and with the exception of a few recently planted, are all loaded with fruit. Seven men are kept busy every day in propping the trees. Mr. Good's system of propping consists of a center pole lashed to the trunk of the tree and the limbs in all directions tied up to this pole by means of tar rope. Some idea of the extent of this trying may be had by knowing that more than \$50 worth of twine has been used for the purpose. An estimate of this peach crop is 8,000 bushels, and this is rather an under estimate.

The apple trees are equally well loaded and the same system of propping is used. Choice Wagners, Baldwins and other varieties of winter apples fairly cover the trees. But for the props the trees would all be broken down by the weight of the fruit. The pear and plum trees are young, just beginning to bear, yet they were loaded with fruit.

ANOTHER FATAL RESULT OF CARELESS PISTOL HANDLING.—McVeytown, Mifflin county, is in an state of excitement over a fatal accident which resulted, last Monday, from playing the fool with a loaded pistol. It appears that a party of young men were stopping at the house of Mrs. Wilson, a short distance out of the town, and one of their number was the possessor of a revolver. The young man remarked the weapon was badly in need of cleaning and handled it in a careless way, after which he laid it on a table.

Mrs. Wilson came into the room preparatory to getting their noon meal, and spying the revolver on the table, remarked in a jocular way that she had a mind to shoot somebody. She first pointed the weapon at one of the men, then at the others, then at herself, and lastly at the girl, who was seated on the door-sill. To the horror of those present the weapon was discharged, the ball striking the girl in the eye and lodged in her brain, causing almost instant death.

The young lady's lover was present at the time of the shooting and his grief over the loss of his sweetheart was pitiful in the extreme. Mrs. Wilson is almost distracted over the awful affair and is now under the care of a physician. The accident, if it may be so called, is the talk of the town and much sympathy is expressed for Mrs. Wilson. The coroner held an inquest and rendered a verdict in accordance with the above facts.

A VICIOUS COPPERHEAD.—Some days ago while Mrs. Knouse, of Turkey valley, Huntingdon county, was gathering huckleberries, she was bitten on the ankle by a copperhead snake. She applied an onion at once, to draw the poison out, and continued gathering berries. While having a bunch of bushes in her hand another snake (probably the same one that bit her) passed through her hand but did not bite her. A little dog she had with her was bitten, and the canine's body swelled up as full as the hide could hold.

A better crop of tobacco than is growing in little Clinton at present never was grown. Michael Confer, a well-known farmer of Franklin township, Lycoming county, committed suicide Thursday morning of last week, by hanging. He was about 55 years old. Nothing definite is known as to the cause of the deed, but it is thought to be the result of trouble in his family, as it is known that they had a serious quarrel on Sunday.
