Two prominent citizens of Bellefonte were mustered into the Veteran Legion, last Wednesday evening. This honorable association of old soldiers is rapidly growing in this place under the inspiring management of Adjutant G. B. Brandon.

A HANDSOME PAVEMENT.—Mrs. D. G. Bush has had the old pavement, in front of her residence on Spring street, removed and its place supplied by a new one laid with large and handsome Euclid stone brought from Cleveland, Ohio. The stones are six feet in length, which compose the width of the pavement, and all of them are of equal size. They were furnished by A. M. Mott, who laid the pavement and did it in excellent style.

NARROW ESCAPE OF A PREACHER FROM DROWNING.—One day last week the pastor of the United Brethren church, at Port Matilda, on the Bald Eagle Valley road, between Milesburg and Tyrone, came very near being drowned. He wanted to wash his buggy and attempted to drive into the creek below that place, when his horse frightened and backed down over the embankment about ten feet high into the creek. The horse fell and became tangled up in the harness, struggling and floundering in the water in his efforts to extricate itself. Mr. Noden, the pastor mentioned, went to the assistance of the animal and tried to cut the harness, but in the struggles of the horse he was knocked down and sank under the water. The timely arrival of a Mr. Willis just saved the preacher from drowning, although it is said he was rescued more dead than alive. The horse was drowned and the buggy totally wrecked.

THE CLINTON COUNTY DEMOCRACY.

The Democrats of Clinton county held their convention last Tuesday and made the following nominations and appointments: For Associate Judge, Hon. J. W. Crawford; Register and Recorder, James C. Smith; Jury Commissioner, Alexander Flanigan; Coroner, Dr. Fuller; Delegate to the Constitutional Convention, W. H. Clough; Delegates to the State Convention, Isaac Franz, John Wynne and Thomas Duff. Irvin McNaull was elected Chairman of the County Committee.

Resolutions were adopted indorsing the administration of Governor Pattison; condemning the Bardsley steal and the corrupt management of the Auditor General's and the State Treasurer's offices; the treachery of the Republican party since the adoption of the new Constitution, the effect of which has been to deprive the farmer and laborer of the benefits they would otherwise and should derive from several of the most important provisions of that instrument; condemning the extravagance of the national Administration, its jobbery and recklessness that have mounted the expenses of the Government up to the vast sum of \$1,000,000,000.

A GOOD NATURED RATTLESNAKE.—The big rattlesnake in Neil Davis' show window is a goodnatured chap. He treats the mice that are put in his cage with the greatest indifference, allowing them to run about over his scaly hide, at will. The other day Neil overheard them talking. Said the mouse: "What kind of a beast are you, any-how?"

"Oh, I'm a holy terror from Tarkill Hollow, I am," said the rattlesnake as he let a couple of kinks out of his backbone, "and I kerry a long knife in me boot leg. Don't shove me too hard, sonny, for I'm bad medicine; an' I might forget an' turn meself loose on yer."

"Well, I'll be careful and not shove you," said the mouse, as he backed into his corner and pulled his whiskers nervously, "but what is that funny thingy-me-jig on your tail?"

"That's me fire alarm," chuckled the snake, "s'teen rattles an' a button." "Oh, how pretty!" exclaimed the mouse. "Please, may I touch the button?"

"Oh, certainly," grimly answered the snake, "you touch the button. I'll d rest."—Philipsburg Ledger.

BELLEFONTE'S BUSINESS DIRECTORY.—The citizens of our town and county, as well as that portion of the traveling public which finds it necessary from time to time to transact business in Bellefonte, are indebted to Mr. J. A. Fiedler, postmaster of this place, for a convenience the value of which is almost impossible to estimate.

The fact that Bellefonte, a live business town of over 4000 inhabitants and controlling the daily business of about 10,000 people, has never had a Directory to which one could refer for names, residences, etc., has for some time been the source of much wonderment. Much as one has been needed, no person had the courage to undertake the stupendous work of compiling statistics for such a thing until Mr. Fiedler resolved to do it. He has undertaken the publication of a Directory of the county as well, and we believe it is now in the press, but the portion to which we desire to call your particular attention is the neat twenty-six page pamphlet Directory of the borough of Bellefonte. It contains the names and ages of all males and the names of females, with street numbers, and cuts of Hon. John B. Linn, the historian of the county, and Mayor Wilbur F. Reeder, with short biographies of each, and several cuts of new buildings in town, making in all a neat and highly valuable little pamphlet.

It contains blank pages on which changes of address or other memorandum can be recorded and kept, and on the whole is a most useful thing for every family and business house in our town to possess.

The Directory of Bellefonte is selling for 50 cents, and can be had at the post office or by addressing J. A. Fiedler, Bellefonte, Pa.

We take pleasure in calling the attention of our farmer readers to the advertisement of Messrs. McCalmont & Co., offering their fertilizers for sale. The Pennsylvania State Board of Agriculture make the commercial value of their champion \$25.00 ammoniated bone Super-Phosphate, \$31.77 per ton, which is the highest commercial value given to any \$25.00 fertilizer that is now offered for sale in the State of Pennsylvania—in fact the commercial value given to their Champion \$25.00 goods is higher in proportion to the selling price than they give to any other fertilizer within our State, which is a creditable showing in behalf of the fertilizers sold by Messrs. McCalmont & Co., as well as an official indorsement of their ability to furnish the highest grades of fertilizers at the least possible cost to their farmer customers.

The above claims are fully corroborated by the official reports of the Pennsylvania State Board of Agriculture now in the possession of Messrs. McCalmont & Co., who will take great pleasure in showing them to all those farmers interested in securing the facts concerning the quality and prices of fertilizers now being offered for sale in Centre county. They invite farmers to call on them for this information.

Books, Magazines, Etc.

A timely and interesting feature of the September number of the NEW ENGLAND MAGAZINE is a finely illustrated article on the late Edward Burgess and his boats. Mrs. Kate Gannett Wells opens the number with a sketch of Campobello and its old Brass Cannon. E. P. Powell writes with fine enthusiasm on "A Pan-Republic Congress." Charles Howard Shilim, the well-known Californian writer, contributes a paper on "The University of California." It is well illustrated, and very interesting. Dr. Prosper Bender, in an article on "The French Canadian Peasantry," gives us an insight into the conduct of elections in French Canada. Caroline Christine Stocker writes on "Phillip, Pontiac, and Tecumseh," the prophets and warriors of the Indian race. Arthur L. Salmon, an English writer, contributes a fine poem. There are other poems by John Alibster Currie, Kate Whiting, and Caroline Thayer, David Butum, Caroline Sinclair Woodward, and Mary L. Adams contribute bright stories. The Editor's Table and Omnibus are bright and pertinent.

A MAGAZINE WRITTEN BY WOMEN.—As was expected, the greatest interest has been exhibited in the new story by Amelie Rivers which was begun in the August number of the COSMOPOLITAN. The second part appears in the September number and the story will close in the following issue. The September issue of the COSMOPOLITAN Magazine is a "woman's number" so far as the authorship of its articles is concerned, but the general interest of the periodical is sustained by the variety and timeliness of the topics treated. The opening article, on Edward Detaille, is by Lady Dilke, and is profusely and beautifully illustrated. A Forgotten City, by Eleanor Lewis, is a romantic description of the ruins of Solutum, the Sicilian Pompeii. Malmaison in the Mar. ket, by Mary Bacon Ford, describes the waning fortunes of the house celebrated for the residence there of the ill-fated Empress Josephine. Julia Hayes Perry describes the Ladies' New York Club. Elizabeth Blisard writes of "Tattersall's," the great London horse market. Mollie Elliott Sewall contributes "The Romance of Count Knigsmark," the titled adventurer, and the Countess Ella Norraikow writes of War's Share in Russian Nihilism. Her article being illustrated with portraits of many fair conspirators. There are besides papers, by Mrs. Roger A. Pryor; Anna Vernon Dorsey; by Daisy O'Brien, and verses by Katherine Grojjean, Mrs. Charles B. Foote and Susan Hartley Sweet, nearly all being liberally illustrated.

Obituary.

George L. Peters was born July 10th, 1812, and died August 3rd, 1891, aged 79 years and 23 days. He was married three times, first to Mary Williams, October 8th, 1834, and there was born to them 7 children, 4 sons and three daughters. She died in 1833, leaving him a widow, with a large family of children. He married again to Mrs. Emily Brown, in 1854 whose maiden name was Emily Records. There were born to them of this union 3 children, 3 sons and 2 daughters. When she died in 1872, leaving him again a widower. He remarried a widow about a year and then married Catherine Glenn. She died in 1885, leaving him for the third time a widower, in which state he lived until death relieved him. He was the father of 15 children, 7 sons and 8 daughters, 11 of whom live to mourn their loss. He made a profession of the religion of Christ at the age of 19 years, and was baptized into the fellowship of the Milesburg Baptist church 49 years ago, by Rev. George Miles, in 1831, and he served the church in the capacity of a deacon for nearly fifty years.

He was a faithful servant of the Lord Jesus, and was ever active in the service of his Master, until God released him from his earthly services saying, "It is enough, come up higher." Funeral services were conducted by his pastor, T. B. Cross, who spoke from Rev. 14:13 "The Blessed Dead." Four deacons acted as pall bearers, and a very large concourse of relatives and friends followed him to his last resting place to await the resurrection of the just.

A Conscientious Criminal.

An exchange states that twenty-four years ago, Samuel S. Hull stabbed to death Conductor Charles Parker, of the Johnstown accommodation, in a fight at Nineveh. He was promptly arrested and as promptly tried and convicted of murder in the second degree and sentenced to ten years in the Western penitentiary and to pay a fine of 61 cents. He was taken to the pen, served his sentence and was released, after which he returned to his home where he has since lived undisturbed. Friday last, in talking about the matter and the circumstances, it occurred to him that he had not paid the 61 cent fine, and Saturday last he boarded the train and went to Greensburg to liquidate the indebtedness, which, owing to its being a half holiday and observed by all the county officials, he could not do. He, however, left the money with his attorney, to pay and take the county's receipt for it on Monday.

Pine Grove Mentions.

The attendance at Court this week is unusually large from this township.

Rev. King and family were the guests of father-in-law Joseph Ward, Sunday last. Miss Clara Ward, after a year's absence, is now enjoying a visit to her parental home here.

All lovers of good music will find a rare treat in the Academy Hall next Saturday evening.

A number of our Granger friends here about are among the eight sizers at Williams Grove this week.

Our agricultural friend, D. L. Dennis, this far is the champion wheat grower in this section, having this year had forty-five bushels of improved Fultz to the acre.

The excessively wet weather is causing much uneasiness among potato growers on account of rot having set in. We predict that before next spring they will be worth more than 25cts per bushel, the price now is 10cts.

Rev. A. Black delivered a very elaborate harvest home sermon last Sunday, a. m. in the West Bethel church, in which was most tastefully arranged a fine collection of flowers and a collection of grain and fruits of all kinds.

Dr. H. D. Livingston, a few days ago, showed us a set of teeth about to be forwarded to Indiana where dentistry, is more expensive the cost being about \$189. The doctor has all he can do here without building up a trade in that far away country.

Our Presbyterian neighbors indulged in a Sunday school picnic in Superintendent Miller's grove, on Thursday last week. Generous tables were spread and most heartily partaken of, after which ice cream and dainties were served to all present.

A select party of jolly young folks from Buffalo Run came over to this side in search of fire and water and located in the Krumrine Grove where they joyously spent the day as basket picknickers, returning home on the p. m. train, much exhilarated over the sparkling water in the grove mentioned.

Our champion squirrel hunter is giving his undivided attention to cider making which he is prepared to do with lightning rapidity, having attached a steam engine to his mill, besides other modern improvements. He is therefore prepared to do all jobs of cider making on the shortest possible notice.

The prolonged showery weather is retarding our forenoon farmers in progressing with their seeding, besides doing much damage to the oats crop on shock, while the grass hoppers are stripping the stalk of the grain, doing much damage, but the loss in the oats will be gained in the corn crop, which is quite promising and if frost is late a good crop is looked for.

Mr. James Myton, of Shaver's Creek, brother in law of Major J. I. Ross, died suddenly at home on the 20th inst, of paralysis, aged 78 years. He was well known in this valley as a stock man, and as a farmer accumulated a considerable wealth, principally real estate. A wife and four daughters and three sons mourn his sudden death.

Rev. George Elliot announced last Sunday evening to his congregation, of his intended absence through the month of September, not so much for recreation but from a sense of duty to visit a feeble sister in Illinois and a brother in southern Kansas. We wish him a pleasant and joyous visit, and hope his return with vigor and zeal to assume his pastoral duties.

We very much regret to note the resignation of Rev. A. L. Miller of this M. E. Circuit. His pastoral services next Sunday at this place. During his pastoral service he has won a legion of friends regardless of denomination. Although young in years, not yet at the zenith of manhood, a most zealous worker for the speed of the Gospel. A fine pulpit orator, the day is not far in the future when he must be recognized as one of the head lights of the M. E. Conference. We trust however the flock will not be long without a shepherd.

\$300 a Head for Slaves.

WASHINGTON, D. C., August 21.—Vaughn's scheme to pay the freed negro four hundred millions, which Frederick Douglass has indorsed, in spite of the fact that Douglass is rich, has been indorsed upon by John H. Williamson, of Raleigh, a leader among the colored politicians of North Carolina, who proposes to run for Congress next year, or the proposition that Congress authorize the issue of two per cent. fifty year bonds to the amount of \$1,200,000,000, the proceeds of which are to be applied to paying \$300 a head for the four million freed slaves—\$300 to the former owner or heirs and \$100 to the freed man or heirs. Williamson is practical, and thinks the scheme will get votes enough from possible beneficiaries to elect him.

FERTILIZERS.

We announce to our farmer friends in Central Pennsylvania, that we have arranged for a supply of four different grades of farm fertilizers, which we offer for sale with the full assurance that they are furnishing full market value for the money we receive for the same.

CHAMPION \$25.00 AMMONIATED SUPER-PHOSPHATE.

Our Champion \$25.00 Ammoniated Super-Phosphate has been thoroughly tested by farmers, and we are informed by many of them that it has given entire satisfaction. It is a complete fertilizer. We have assurance from those who use it that they received an honest return in the crop for the money invested. Owing to the delay in advising us how much was wanted by each farmer, we could not supply all the demand last year. To avoid disappointment this year we request farmers to place their orders with us before August 15th, 1891.

DISSOLVED SOUTH CAROLINA ROCK.

We have purchased two grades of Dissolved South Carolina Rock; one grade contains a minimum of 13 per cent. and the other a minimum of 14 per cent. available Phosphoric Acid, the analysis of which we guarantee. The value of Dissolved South Carolina Rock consists in the amount of available Phosphoric Acid it contains. We are prepared to furnish the most value invested in this class of fertilizers.

When the goods shall have been received, we invite a test analysis to be made of any sample or from the goods purchased by any farmer by the Chemist of the State Board of Agriculture, who is Dr. Frear, of the Pennsylvania State College. There is dissolved South Carolina Rock of various grades and called by different names, such as Acid Phosphate, being placed on the market, which is adulterated and only contains 11 per cent. available Phosphoric Acid, the value of which is at least four dollars per ton less than the fertilizer we sell, which contains a minimum of 14 per cent. available Phosphoric Acid. We invite a critical examination and a thorough comparative analysis of the Dissolved South Carolina Rock we sell. We assure our farmer friends that we do not offer to sell them shoddy goods—our greatest ambition being to furnish the largest value for the least money.

AMMONIATED DISSOLVED BONE.

We sell Lister's goods, which are a complete Animal Bone Ammoniated Super Phosphate.

BUFFALO HONEST FERTILIZERS.

The Buffalo, which has been the leading fertilizer of Centre county for at least twelve years, still maintains its reputation of furnishing an honest return for the money invested. It is strictly what is claimed for it, "An Honest Fertilizer." Many of the leading farmers of Centre county, among whom we refer to Major Wm. F. Reynolds, of Bellefonte, Hezekiah K. Hoy, of Benner township; and John H. Musser, of Aaronsburg, pronounce it the most profitable fertilizer they have used, because it not only stimulates a prolific growth as well as a large yield of wheat, but the grass shows the effects of its strength for several years.

DEMAND FOR FERTILIZERS.

From present indications the demand for fertilizers will be very large this year, which makes it necessary for farmers to place their orders early to make sure of their supply. We sell these fertilizers by the bag, ton or car load at popular prices.
