

Republican party of Pennsylvania for having fostered, encouraged, protected and continued a reckless system of official speculation with public moneys, whereby State and city treasurers have enriched themselves, corrupted the public morals and robbed the State and city of the practice of using public funds for private gain or political advantage is to be condemned, and should be completely and thoroughly eradicated.

Fifteenth—We arraign and condemn the Republican State Convention recently assembled for its contumacious and defense of faithless Republican State officials, guilty of these derelictions, some of whom sat in its councils, influenced its actions and dictated and controlled its utterances.

Sixteenth—We pledge the candidates this day nominated to make such investigations and give such information to the Law Department of the Commonwealth as will aid in bringing to punishment those guilty of malfeasance in office, and we pledge our support to the State administration in all its efforts to accomplish these ends.

Seventeenth—We denounce the corrupt and shameless domination of Senator Matthew S. Quay in the politics of the State, and arraign and condemn the Republican party for its servile acquiescence in the leadership of a man who has utterly failed to defend himself from grave charges against his official conduct and political record.

Eighteenth—We heartily endorse the wise, statesmanlike and patriotic administration of Governor Pattison; we applaud and approve his fearless vetoes of partisan, vicious, and ill-considered legislation, his recommendation of salutary laws, his rigorous investigation and his determination to enforce the Constitution upon offenders and secure public reform.

Nineteenth—We sympathize with the just demands of workingmen for all such legislation as will protect their interests, and for such speedy amendment of the constitution as will secure to them a free and secret ballot.

Twentieth—We oppose the repeal of mercantile taxes, and insist that they shall be fully and equitably laid, honestly collected, and that the money arising from them shall be paid into the State Treasury and not stolen by its agents. We favor the repeal of such provisions of law as require advertisement of these taxes and the incurring of cost of collection where there can be no recovery. We favor the abolition of mercantile appraisals and the substitution of some certain, economical and expeditious method of assessing and collecting these taxes.

Twenty-first—We approve all legislation looking to an honest registry of votes, to the end that every qualified voter may be secured the exercise of his franchise, and that the lists may be purged of all names not rightly thereon.

Twenty-second—We believe that the right of a free, honest and secret ballot is the right preservative of all political rights. We approve in the largest measure of ballot reform and believe the whole advantages of the Australian ballot system should be secured to the electors of Pennsylvania. The ballot bill enacted by the last General Assembly was a step in the right direction, but it needs to be supplemented by measures to protect the secrecy of the ballot and to secure reform in registration. To this end, and for these purposes we favor the assembling of a constitutional convention.

CENTRE COUNTY, S S:—

The Commonwealth of Pennsylvania to the Sheriff of said county, Greeting: We command you that you attach William H. FERTILIZERS.

We announce to our farmer friends in Central Pennsylvania, that we have arranged for a supply of four different grades of farm fertilizers, which we offer for sale with the full assurance that we are furnishing full market value for the money we receive for the same.

CHAMPION \$25.00 AMMONIATED SUPER-PHOSPHATE.

Our Champion \$25.00 Ammoniated Super-Phosphate has been thoroughly tested by farmers, and we are informed by many of them that it has given entire satisfaction. It is a complete fertilizer. We have assurance from those who use it that they received an honest return in the crop for the money invested. Owing to the delay in advising us how much was wanted by each farmer, we could not supply all the demand last year. To avoid disappointment this year we request farmers to place their orders with us before August 15th, 1891.

DISSOLVED SOUTH CAROLINA ROCK.

We have purchased two grades of Dissolved South Carolina Rock; one grade contains a minimum of 13 per cent. and the other a minimum of 14 per cent. available Phosphoric Acid, the analysis of which we guarantee. The value of Dissolved South Carolina Rock consists in the amount of available Phosphoric Acid it contains. We are prepared to furnish the most value invested in this class of fertilizers.

When the goods shall have been received, we invite a test analysis to be made of any sample or from the goods purchased by any farmer by the Chemist of the State Board of Agriculture, who is Dr. Frear, of the Pennsylvania State College. There is dissolved South Carolina Rock of various grades and called by different names, such as Acid Phosphate, being placed on the market, which is adulterated and only contains 11 per cent. available Phosphoric Acid, the value of which is at least four dollars per ton less than the fertilizer we sell, which contains a minimum of 14 per cent. available Phosphoric Acid.

We invite a critical examination and a thorough comparative analysis of the Dissolved South Carolina Rock we sell. We assure our farmer friends that we do not offer to sell them shoddy goods—our greatest ambition being to furnish the largest value for the least money.

AMMONIATED DISSOLVED BONE.

We sell Lister's goods, which are a complete Animal Bone Ammoniated Super Phosphate.

BUFFALO HONEST FERTILIZERS.

The Buffalo, which has been the leading fertilizer of Centre county for at least twelve years, still maintains its reputation of furnishing an honest return for the money invested. It is strictly what is claimed for it, "An Honest Fertilizer." Many of the leading farmers of Centre county, among whom we refer to Major Wm. F. Reynolds, of Bellefonte, Hezekiah K. Hoy, of Benner township; and John H. Musser, of Aaronburg, pronounce it the most profitable fertilizer they have used, because it not only stimulates a prolific growth as well as a large yield of wheat, but the grass shows the effects of its strength for several years.

DEMAND FOR FERTILIZERS.

From present indications the demand for fertilizers will be very large this year, which makes it necessary for farmers to place their orders early to make sure of their supply. We sell these fertilizers by the bag, ton or car load at popular prices.
