COMRADE SKILLMAN TELLS HOW HE WAS CURED OF BLOOD

POISONING. Mr. Theodore Skillman was a member of Co. B. 7th New Jersey Regt., during the war, amd is at present a member of Conyngham Post 97,

G. A. R., Wilkesbarre, Penn. He has for sev-

eral years been janitor of the ball. He says:

Wilkes-Barre, Pa., August 28, 1891. "Some ten years ago as a result of catarrh contracted in the army, I had ulcers form in my throat. Blood poisoning ensued that put me in a pitiable condition. I was under treatment at Jefferson Hospital, Phila., being in the special care of several of the most eminent physicians in the country. I left there in a worse condition then when I went and return ed home pronounced incurable and fully exgrew so bad toward the last that I had to have an operation performed and a silver tube inserted into my larynx in order to breathe. One day a friend who had taken Hood's Sarsaparilla with great berefit, urged me to try it After I had taken but a single bottle I noticed some improvement. When I had taken three or four bottles I broke out all over with small blotches like water blisters. My friend told me to keep on with the medicine, that it was simply doing what it ought, driving the poison out of my system, and sure enough it did. I kept on till I had taken twelve of fifteen bottles. It is new four years since I stopped, completely cured, and I have since had no farther trouble. I feel that I owe my life to

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Read proof below.

KENDALL'S SPAVIN CURE.

Belvernon, Pa., Nov, 27, 1890.

Dr. B.J. Kendell Co.:
Gents—I would like to make known to those who are almost persuaded to use Kendall's Spavin Oure the fact that I think it is a most excellent Liniment. I have used it on a Blood Spavin. The horse went on three legs for three years when I commenced to use your Kendall's Spavin Cure. I used ten bottles on the horse and have worked him for three years since and have been lame.

Your truly, Yours truly, WM. A. CURL.

Germantown, N. Y., Nov. 2, 1889.

Dr. B.-J. Kendall Co.:

Encourgh Falls, Vt.

Gents—In praise of Kendall's Spavin Cure I
will say, that a year ago I had a waluable young
horse become very lame, hock celarged and
swollen. The horsemen about here (we have
no Veterinary Surgeon here) pronounced his
lameness Blood Spavin or Thoroughpin, they
all told methere was no cure for it, he became
about useless, and I considered him almost
worthless. A friend told me of the merits of
your Kendall's Spavin Cure, so I bought a bettle, and I could see very plankly great improvements immediately from its use, and before
the bottle was used up I was satisfied that it
was doing him a great deal of good. I bought
a second bottle and before it was used, up my
horse was cured and has been in the team doing heavy work all the season since last April
showing no more signs of it. I consider your
Kendall's Spavin Cure a valuable medicine,
and it should be in every stable in the land.

Respectfully yours,

EUGENE DEWITT.

Resolutions Passed by the Late County Commissioners' Convention.

At the meeting of the county commissioners of the State, at Lancaster, the following resolutions were pre-

"WHEREAS, The present depressed condition of the farming interests of Pennsylvania is largely caused by the bad condition of the country roads at the time of year when farmers should have every convenience for handling farm produce.

"Resolved, That the road tax law of Pennsylvania should be so changed as to do away with the present system of working out road taxes, and require all road taxes to be paid in cash to the properly authorized officers." By a vote of 63 to 40 this was referred

to the memorial committee to prepare an act in proper form for the consideration of the legislature. The following was adopted by a unanimous vote: "Resolved, That the members of the legislature be urged to repeal the act limiting the duration of the tax lien to

two years from the time of the levy or

assessment, unless the same be entered

on record in the prothonotary's office.' The following was referred to the memorial committee to frame an act providing for the repeal of the law: "Resolved, That we call upon the next legislature to repeal the registry law of 1873, which was repealed by this

Helena's Female Bandit.

She Tells Remarkable Stories and Prefers to Wear Trousers to Corset and Skiris.

The female highway robber arrested here last Friday while attempting to leave town in man's attire proved to be a verynervy young woman. She is also a versatile prevaricator. Her name has been discovered from letters in her possession. Instead of being Bertie Miller she is Helen Forstund, and her parents live not far from Spokane Falls, Wash-

ington. On Saturday the City Marshall secur-ed a complete outfit of woman's wear, and the female bandit donned the attire of her sex, in which she presented quite a striking appearance. She soon tired of the limitations of corset and skirt, however, and again appeared at the door of the cell in a cutaway and trousers. The fact that a trail of blood was found along the route of the retreating thug who shot Policeman Grogan, com-

plicates matters. Grogan was confident he had winged the fleeing foetpad who shot him, but neither the man Clark nor the woman Forstund bear a scratch. Clark has been positively identified by the wounded officer, and by both the victims of his robberies. The girl is held as an accomplice, and the only evidence against her is her own confessions and the watch of one of Clark's victims being found on ther person.

More Than \$6,000,000 a Year Chewed by New York Girls.

More than 300 W. C. T. U. delegates of New York State are in session in New York city. Says the Sun : Many articles were lost on Wednesday and the losses were all announced from the platform after this fashion:

"Ledies, one of the delegates has mis laid her pocketbook. She thinks she lest it on the liserary table in the hall at her, and did it very meekly. the noon hour. Will the person who picked it up by mistake kindly send it to you \$25 for this flat won't we John?" the platform.

\$6,000,000 A YEAR FOR GUM. Some interesting facts about gumchewing were brought out on Wednesday. It appears that the habit is almost as bad as cigarette smoking. A delegate has figured it out that New York girls chew \$6,000 worth of gum a

It was also reported that there is town in Allegheny county which last year-spent \$80,000 for tobacco and only \$8000 for churches.

A Movel Scarecrow.

Some of the farmers of the Eifel, the district that lies between the frontier of Belgium and the Rhine, adopt a novel plan for scaring the birds from the wheat. A number of poles are set up in the cornfields, and a wire is conducted from one to another just like the telegraph posts that you'see alongside the railway. From the top of each pole there hangs a bell, which is connected with the wire. Now, in the valley a brook runs along with a current strong enough to turn a small water wheel, to which the wire is fastened. As the wheel goes round it jerks the wire, and so the bells in the different fields are set a tinkling. The bell thus rung so mysteriously frightens the birds from the grain, and even excite the wonder of men and women until they discover the against you? Lushington—Your honor secret. This simple contrivance is found to serve its purpose very well.

Maxims for All.

eyed Goddess of his own.

Life is double faced and double edged. To know one's self is to distrust one's self.

Each life may have a potentiality of greatness. To be misunderstood by those we love

is bitterest of all. Find a disinterested friend and you have found a jewel. The greatest study of all is that of the

changes of the mind. Success has some times to be paid for, after having been fairly earned. One is led to think that there is little that is constant nowadays save mutability.

The philosopher takes his fortune much as he does his health—enjoys it when it is good, endures it when it is bad, and seeks extreme remedies only at the most urgent need.

Have many acquaintances and few friends. Never oppose the poor; even the poor

Never criticise your neighbor; he may be a fighter in disguise. Associate with the rich; a man is mistaken for the company he keeps.

Look after the dollars and save time, for every dollar contains ten dimes A haughty carriage concealeth an empty pocket often from impertinent curiosity.

If you must be charitable, be charitable in public. It sets a good example and you get some return.

Triumphant Woman.

"There are some queer couples in the world," remarked a real estate agent. 'The other day a man and a woman called to see me about renting a flat. The woman did all the talking, and turned to the man for confirmation or corroboration. He always agreed with "Well," said the woman, "I'll give

"Yes'm." "And I'll pay my rent promptly, too; won't we, John?"

"Yes'm." "And take good care the house; won't I, John?' "Yes'm.

"But," I inquired as is usual in such cases "are you man and wife?" "Man and wife?" exclaimed the woman, sharply; "indeed we are not; are "No'm."

"What!" says I "not man and "Not much ! I'd have you know tha; in this family we are wife and man ain't we John ?" "Yes'm."

How He Obeyed the Orders.

Something reminds the Baltimore Sun of a story about Judge Pettigrew, who many years ago graced the bar of South Carolina, An order had been issued that every attorney appearing in court chould wear "black coat and trousers." Pettigrew appeared in a black coat and Nankeen trousers. His Honor, frowning, said.

"Mr. Pettigrew, do you know, sir, that you are transgressing a most positive order in this court ?" "In what way, may it please your honor?

"The order says you shall wear black coat and trousers," yelled the judge.
"I have on a black coat and trousers," replied the wit.
"But," roared the judge, "the order

means black coat and trousers. "I don't read it so," replied Pettigrew. "It also says that the sergeantat-arms should wear a cocked hat and sword. I see the cocked hat, but I don't see any "cocked" sword."
