

Farm Notes.

Arsenites, such as Paris green and London purple, have become staple articles of use on all farms upon which potatoes or fruit are grown. The tendency in their use is to make the solution too strong. No solution stronger than one pound of arsenites to 200 hundred gallons of water should be used, and from one to four pounds of lime may be added to each 100 gallons of water with advantage.

In this section, where from 20 to 25 bushels of wheat are considered an excellent crop per acre, away off in bleak Manitoba where the winters are long and severe, a yield of 40 bushels per acre is not unusual. It is possible to secure such yields in any wheat section, but the land must be brought to the condition of fertility necessary, and the cultivation of the soil must be done with judgement.

To expect the cow to thrive without exercise is to demand from her that which would not be expected from other stock. Exercise promotes the appetite, thus enabling it to consume more food, which is converted into milk. Close confinement in the stall in winter must sooner or later affect the health of the cows. A covered open shed, or a large yard, will be of advantage. It will do more to harm to have the run of the fields in dry weather, even if they secure no food therefrom.

One advantage that accrues from the use of commercial fertilizers upon potatoes is that they usually contain sulphuric acid and chlorine, free or in compound, and these act more or less as fungicides, and destroy the germs of rot, mildew, mold, etc. The rot in the potato is caused by a parasite, and if we use manure with a little copperas we usually have little trouble from it. Barnyard and stable manure are thought to rather increase these troubles.

Manure is not always a complete fertilizer. It may lack in some important element, and contain an excess of another. It has been exposed to the rains, so as to permit of its being leached, it will have lost much of its nitrogen. The quality of the food also affects the quality of the manure. Instead of manure being a complete fertilizer for plants, it is really one of the most variable substances produced or used on the farm.

The capital invested in the dairy business in this country is enormous. The value of the milk, beef, butter, cheese and calves is but a portion compared with the barns, fences, stables, land and labor devoted to the dairying. It is an old proverb that the dairying business will always lift a mortgage, which may not always be true, but it is a fact that dairying is one of the most successful industries in which a farmer engages.

The farmer who buys grain to feed to stock buys manure at the same time. The farmer who grows all his stock food saves transportation, as his barn contains all that he may require. Where food is purchased and fed to stock, however, a large share of the profits is in the shape of increased fertility of the soil. It always pays to buy food to sell again in the shape of meat, milk, butter and cheese.

Lecture on Fools. Admit One.

A gentleman who lectured on fools, printed his tickets as above. Suggestive, certainly, and even sarcastic. What fools are they who suffer the inroads of disease when they might be cured. Dr. Pierce's Golden Medical Discovery is sold under a positive guarantee of its benefitting or curing in every case of Liver, Blood and Lung disease, or money paid for it will be cheerfully refunded. In all blood taints and impurities of whatever name or nature, it is most positive in all its effects. Pimples, Blotches, Eruptions, and all Skin and Scalp diseases, are radically cured by this wonderful medicine. Scrofula disease may affect the glands, causing swellings or tumors; the bones, causing "Fever sores," White Swelling, "Hip-joint Disease," or the tissues of the lungs, causing Pulmonary Consumption. Whatever its manifestations may be, "Golden Medical Discovery" cures it.

They Love Him on Election Day.

From the Bloomsburg Sentinel. The colored people of Dauphin county are angry at the Republicans for defeating the colored candidate for corner. The colored people of Dauphin county and other counties may learn some day that the Republican party cares nothing for the colored man except to have him vote the Republican ticket.

Loves Young Dream.

Love's young dream was a very bright one, and its fulfillment will be bright, too, if the bride will remember that she is a woman, and liable to all the ills peculiar to her sex. We remind those who are suffering from any of these, that Dr. Pierce's Favorite Prescription will renew the hue of youth in pale and allow cheeks; correct irritating uterine diseases, arrest and cure ulceration and inflammation, and infuse new vitality into a wasting body. "Favorite Prescription" is the only medicine for women, sold by druggists, under a positive guarantee from the manufacturer, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

—Here is a recipe for a chocolate soufflé: Stir together thoroughly, for about five minutes, the yolks of four eggs with three teaspoonfuls of sifted sugar, a teaspoonful of flour and three ounces of finely grated chocolate; beat the whites of the eggs to a stiff froth and beat them lightly into the first mixture. Butter a soufflé tin and fasten around it a band of buttered paper that will stand 2½ inches above the edge of the dish; pour in the soufflé mixture and bake for fifteen or twenty minutes. Serve immediately, strew with powdered sugar.

—Geo. M. Walter, Messenger of the Adams Express company, Baltimore Md., says: "Having used Dr. Bull's Cough Syrup for the past ten years in my family, I wish to say that I consider it the best Cough Syrup I ever used. It has cured my children of croup several times and saved me many a doctor's bill.

—Is there anything in a name? There is Keely's motor and Keely's bi-chloride of gold cure for drunkenness. They both appear to be largely composed of the bichloride of gold.

—After using Ely's Cream Balm two months I was surprised to find that the right nostril, which was closed for over twenty years, was open and free as the other, and can use it now as I could not do for many years. I feel very thankful.—R. H. Cressingham, 275 18th street, Brooklyn.

AWFUL SKIN DISEASE
CHILD A MASS OF RAW BLEEDING SORES. MIRACULOUS CURE BY THE CUTICURA REMEDIES.

A face, from the hair to the neck on both sides, a raw mass of bleeding sores; two little hands and arms in the same condition; a body around the waist of which was a broad band of bleeding eruptions, and from the hips to the tips of her toes the skin was so raw as to be absolutely sickening to the sight. Said Mrs. H. A. Stout to me: "I have tried everything suggested to me on my little daughter, and she has been so afflicted almost from birth. I have had three doctors experiment on her, but with no result. One day, however, I was almost distracted. Every night I had to bandage her all over, and the mittens on her hands to prevent her from digging the raw flesh with her fingers. Mr. Faulkner said he believed that Cuticura Remedies would cure her. He offered to bear the expense. At that time she was worse than I had ever seen her, and there seemed no prospect of recovery. Cuticura, Cuticura Resolvent, and Cuticura Soap have wrought a miracle. To day her skin is smooth and fair, and I believe she has entirely recovered." The above is true in every particular, and I refer to Mr. C. V. Woolver, druggist.

HARPER'S MAGAZINE.
1892
Illustrated.

The Magazine will celebrate the fourth Centenary of the Discovery of America by its re-discovery through articles giving a more thorough exposition than has hitherto been made of the Recent Unappreciated Development of our Country, and especially in the Great West. Particular attention will also be given to Dramatic Episodes of American History.

The Field of our next European War will be described in exciting Papers on the Banthe "From the Black Forest to the Black Sea," by Pontney Bigelow and F. D. Millet, illustrated by Mr. Millet and Alfred Parsons. Articles also will be given on the German, Austrian and Italian Armies, illustrated by T. DeThulstrup.

Mr. W. D. Howells will contribute a new novel, "A World of Chance," characteristically American. Especial prominence will be given to short stories, which will be contributed by T. B. Aldrich, R. H. Davis, A. Conon Doyle, Margaret Deland, Miss Wilson and other popular writers.

Among the literary features will be Personal Reminiscences of Nathaniel Hawthorne by his college class-mate and lifelong friend, Hon. John G. Bridge, and a Personal Memoir of the Brownings, by Anne Thackeray Ritchie.
