## THINGS ABOUT TOWN & COUNTY

—Salvini was an Altoona attraction on Wednesday night.

—William McCafferty, an old resident of the town, died rather suddenly, on Tuesday afternoon.

—The mercury in Bellefonte thermometers crawled down to 5° below zero on Wednesday morning.

—The coasting on Monday evening was fine and young America was out with sleds of all sizes and shapes.

—A course in mining engineering is one of the additional branches proposed for the Pennsylvania State College.

—The Misses Gamble and Sander-son, of Williamsport, spent Sunday at the home of Pres. Judge A. O. Furst on Linn street.

—Hardman P. Harris, left on Thursday morning, for a trip to Wash-ington, D. C. He is off for the benefit of his health.

—Altoona's mayor, Col. Burchfield, of the 5th Reg., N. G. P., was in town on Saturday to look at Co. B's new armory.

—The Altoona Chronicle suspended with its last Saturday's issue. Inability to give the paper proper care and attention is given as the cause, by the editors.

—The revival services which are being conducted in the Methodist church, by Miss Sharpe, the evangelist, are largely attended and good work is being done.

—Prof. H. J. Walter, of the Uni-versity of Missouri, is the new occupant of the chair of Agriculture in the facul-ty, at State College. He succeeds Prof. T. F. Hunt, resigned.

—Ad. Fauble, Bellefonte's popular young clothier, is spending the week in Philadelphia and Baltimore. He at-tended the Patti concert, in the Quaker city, on Monday evening.

—Mr. and Mrs. James H. Rankin returned from a pleasant five week's trip, on Saturday night. While away they visited Washington, Richmond, Va., and other southern cities.

—Jno. W. Kline, a highly esteemed and respected resident of Snow Shoe, died of general debilitation, on Friday night. Deceased was 74 years old and leaves five children to mourn his death.

—Phillipsburg physicians are find-ing it difficult to treat pneumonia pa-tients on account of the irregularity of the steam heat. At night the pressure is allowed to go down and the sufferers contract new colds.

—The WATCHMAN office is the place to have your sale bills printed. New type, new cuts and artistic work at reasonable prices are the drawing cards, while the Sale Register is a great ad-vertisement for your goods.

—Ex-Commissioner Griest entertain-ed a sleighing party, of Bellefonte young folks, on Tuesday evening and they returned highly elated with the hospitality of the jolly commissioner and his most estimable family.

—"Kin" Nelson, a noted Phillips-burg character, mysteriously disappear-ed, on Tuesday of last week, and has not been heard of since. The people of that town are very much exercised as to his whereabouts and many rumors are afloat.

—Rev. Leidy will preach, in the Coleville chapel, on Sunday, the 24th inst., for the benefit of the P. O. S. of A. Every member of that order, in this vicinity, is earnestly urged to be present. He will preach another sermon, in the Forge Methodist church, in the evening.

—William Kelley, a prisoner who escaped from the Bellefonte jail nearly four years ago was re-arrested on Saturday morning. He escaped from the jail by using a skeleton key which he had manufactured before he had been in jail forty-eight hours, but he'll more than likely serve his sentence this time.

—Coasting is at its height and Bellefonte's many hills are alive with young and old. All joining merrily in the gay winter sport. High street af-fords the best course at present though the descent is somewhat more danger-ous than some of the others. On Wed-nesday night there were fully five hun-dred coasters on the hill.

—Among the many remedies being used as cures for grip we might mention quinine and whisky, calomel, hickory nut kernels and asafoetida all of which are claimed to be effective. In the case of the latter we think the cure must be decidedly worse than the disease. An eminent physician has ascribed the great prevalence of grip this season to the fact that the abundant fruit crop of '91 has caused everyone's blood to become so thin that all are specially susceptible to the grip germ.

GEN. JAMES S. BRISBIN.—On last Friday a telegram was received that Gen. James S. Brisbin had died, Thurs-day afternoon at the Lafayette Hotel, in Philadelphia, where he had gone for treatment for bronchial affection. This indeed was a shock to his friends in this community, who supposed he was in his usual health and did not know that he was East. In the July of 1888 in moving from Fort McKinney, Wyoming, to Fort Robinson, Nebraska, he was prostrated by the heat which resulted af-terwards in the partial paralysis of the right side from which he never fully recovered.

Gen. Brisbin, the son of Ezra and Margaret Brisbin, was born at Boals-burg, in this county nearly sixty years ago. When quite young he came to Bellefonte where he was connected with the Centre Democrat, first as assistant to his brother-in-law W. W. Brown and afterward as the editor in chief. When Fort Sumpter was fired upon he was one of the first to answer Lincoln's call for 75,000 volunteers and although a resi-dent of our own town he preferred to join his own old company, the Pennsylvanians, which left Boalsburg, April 20th, 1861, under Captain Robert McFarlane. Gen. Brisbin was not must-ered in Co. H, 7th Reg., Pa., Volun-teers but was offered and accepted a commission as Second Lieutenant in the 1st U. S. Dragoons. A natural soldier, brave, honorable and ambitious, his pro-motion was rapid, and in 1865 he was made brigadier general of volunteers. At the close of the war he enlisted in the regular service and was transferred to the Ninth United States Cavalry and, from that time until his death he was one of the noted soldiers in the great North West. During that time he has been in command of nearly all the prin-cipal forts in Montana, Wyoming, Ne-braska, Minnesota and the Dakotas. In 1889 he was commissioned Colonel of the First United States Cavalry and if military men were promoted accord-ing to their ability and seniority, as it is generally supposed they are, Gen. Bris-bin would have received the stars years ago. Of splendid physique and a bril-liant mind, he was an ideal soldier and a representative man of the times, begin-ning with only a common school educa-tion he has long been recognized as an able and intelligent writer. His articles on the destruction of the forests of this country were widely copied, and a story "Belden, the White Chief," which was published in book form, had a large sale. He was a regular contributor to several of the leading periodicals of the country, and many readers of this paper will never forget his interesting and in-structive letters from the great North West. He was ever loyal to Pennsylvan-ia but the great country west of the Mississippi never had a more faithful and zealous advocate than Gen. James S. Brisbin. In '61 he married Jane, Mr. and Mrs. D. M. Wagner's oldest daughter, who at that time was only fifteen years old. She was a beautiful woman, and at the time of her death, which occurred December 13th, 1887, at Fort McKinney, was considered one of the most popular women in the army. In '90 he married a lady from Philadel-phia, who, although not so well known in Centre county as his first wife, is fully competent to make noble men and women of the four younger children who are left in the fatherless home at Red Wing, Minnesota. Carrie and Blanche the two oldest daughters are married, while Winfield the oldest son is in business in Nebraska. Gen. Brisbin was a most indulgent father, and the last letter we received from him expressed the wish that his life might be spared a few years on account of his little ones. His only brother died some years ago in Missouri, but his sisters Mrs. W. W. Brown, of Canton, Ohio, Mrs. Hasson, of Boalsburg, Mrs. John Morgan, of Charleston, Va., and Mrs. Dr. Hunter, all survive him. His death came as a personal loss to many citizens of Penn-sylvania, who knew him as a genial, big-hearted, honorable man with a nature broad, independent and pliant, and out of this character came the life which we admire and the death which we lament.

THE Y. M. C. A. TO BE OPENED SOON.—On the 1st of February the Y. M. C. A. rooms will be opened with a reception to the new General Secretary, Mr. D. S. Bursley, from Watertown, N. Y., and then they will be kept open and running in their old time way. It is the intent of the association to have a tenant for the house, who will keep the rooms in order and take proper care of the gymnasium as well as to look after the general interests of the Association. With such an arrangement and an active Secretary we can look forward for good results from the organization. Threading-rooms will again be regular-ly open to the public and it will be the attractive rendezvous for many of our young men who are forced to spend their evenings at unprofitable places.

—The Y. W. C. T. U. will meet Monday, January 24th, at four o'clock. Every member is requested to be present to vote on the question "To be—or not to be."

Mrs. S. G. KISSOR, Pres.

—Company B, of this place, will be inspected on the evening of Feb. 13th.

—Andrew Cruse, the ex-Annapolis student, arrived in this place on Tues-day morning.

—Johnny Caldwell, the old man who was robbed of \$112.00 some weeks ago, is lying dangerously ill, at his home, in the North ward.

—William Reed, an aged resident of Thomas Street, died at noon on Tues-day. He was the father of Mrs. Isaac Thomas, and had passed his 94th year.

—The Lock Haven Democrat says their Good Templar organization "had visitors from below" on Tuesday night. Our organization don't admit any such fellows.

—Go and see the "New Boy Tramp" at the Opera House, on Mon-day night. Don't be afraid he is not one of the kind who will ask you for a "hand out."

—Gen. D. H. Hastings, lectured in the Chapel of the Pennsylvania State College, on Saturday evening, for the benefit of the Ladies' Art Society. His subject was "The Johnstown Flood."

—As local news gathers the new proprietors of the Daily News are not proving very successful. In their Mon-day's issue an obituary of a woman who was brought here for burial was the only item of a local nature.

—Henry Feidler, the aged father of ex-county Commissioner M. S. Feidler, died, in his 80th year, at Millheim, on Saturday evening. On Wednesday his remains were borne to the grave and the last sad rites paid the departed.

—The Altoona papers say that a goodsized and well-pleased audience witnessed the performance of Augustin Neville, in the "New Boy Tramp," on Tuesday evening. Bellefonte's will have an opportunity of seeing it next Monday night.

—The supposed Clinton county murder has turned out to be a case of suicide. The fact that Mrs. McKeague's wind pipe was not altogether severed makes it evident that she must have lived for some time after her throat was cut and if it had been murder someone in the house would have heard the dying woman's cries.

—The Christian Endeavor Society, of the Presbyterian church in this place, will hold a sociable in the chapel Friday evening, the 22nd inst. There will be music by some of the best talent in the town, a Calisthenic Drill, a Conversa-tion Party—something entirely new. Refreshments will be served. Admission 10 cents.

—The "Old Fellow's Grand March" and the "Air Ship Waltz" are two of the latest compositions of Isaac Doles, Indianapolis, Ind. Both are musical gems. They comprise five pages each, sheet music size, besides il-lustrated title pages, not difficult in execution, but beautiful in composition, and sell at 40c. each. By way of in-troduction Mr. Doles will mail them to any address on receipt of ten cents each, when accompanied by this notice.

—A Gazette writer informed 'editor Furey, of the Lock Haven Democrat, in the Monday's issue, that, "in the days of Washington and Penn, Pittsburg might have been called a western city" and at the same time made a nice display of his ignorance on historic Pennsylvania. The good old quaker had mouldered in his tomb almost a hundred years ere such a place as Pittsburg was heard of and Washington died much too soon to hear that Fort Pitt had become the Smoky City.

—The bob sleds offered for sale by McCalmont & Co., are substantially built, neatly constructed and well finished—they are convenient for turning around, easily backed, will haul heavy loads and in every respect are the most desirable bob sleds in the market. Those in want of sleds should examine the stock of McCalmont & Co., before purchasing. Only two swell body sleds left in the store. Those in want had better not lose any time in pur-chasing these sleds and sleighs—they are in active demand.

—It may be a matter of interest for some of our readers to know that the postage stamp will be fifty-two years old in May. Its inventor was a printer, James Chalmers, of Dundee, Scotland, who died in 1853. England fifty-two years ago, introduced the new system of prepaying letter postage, and according to a decree of Decemb-er 21, 1839, issued the first stamps, which were to be put before the public on May 6, of the fol-lowing year. A year later they were introduced in the United States and Switzerland, and within three years had become common in Bavaria, Belgium and France.

The Institute will be held in the Methodist Church, and will be called to order at 10 30 on Friday morning. Do not miss any of the first session. This program will be adhered to as nar-rily as possible, but may be varied if cir-cumstances require.

The State Legislature has appropri-ated a small fund for aiding in holding these local Farmer's Institutes, and it is the desire of the State Board of Agricul-ture that the Farmers of the various counties in which they are held should, by a general attendance and interest, manifest their appreciation of this en-deavor on the part of the Legislature to advance farm interest.

All the sessions of the Institute are free, and every body is cordially invited, Ladies are specially welcome; go and take the family and your neighbor. Fill the question box with questions, and take part in the discussion. Good music at every session.

THE NEW BOY TRAMP.—The Buffalo Times has the following to say of Au-gustin Neville and his company which will appear in the Opera House, on next Monday night, the 25th:

"The house was packed full last night, and the audience was perfectly satisfied with the excellent performance of "The Boy Tramp." The play is pretty, full of fun and human interest and is much improved since its production here last season, both in cast and scenic effects. The company are all capable people and acted their parts in a most masterly manner. Augustin is a most clever comedian after the style of Roland Reed, and made a great hit with the big au-dience. The scenery is a big feature and was received with loud applause."

HOW WOMEN STAND IN THE M. E. CHURCH.—The question as to whether women should be eligible, as delegates to the general conference of the Method-ist church has been agitating the minds of the good brethren and arousing the "dauder" of the "consistent sister" ever since it was decided to put the question to a general church vote and, conse-quently, the final outcome is looked forward to with much interest.

The vote of the laity has been largely in favor of the admission and the majority of 71,740 will have much sig-nificance at the next general conference. The ministerial vote resulted in a ma-jority of 451 for admission and the present indications point to a victory for the women.

COUNCIL AND ITS MEETING.—On Monday night five councilmen in the Council Chamber and transacted the little borough business brought before them. There being no petitions to act upon, the water question was taken up and the Water Committee reported an enormous waste, occasioned by per-sons running their hydrants all night. The matter was laid before council and it decided to levy additional taxes upon all such persons. Rules for the regula-tions of Police were formulated and unanimously adopted. The committee to investigate the character of the new organization to be known as the Undine Hose Co., reported and the company has had thorough recognition. The routine business of the session having been transacted the meeting adjourned.

DISTRICT CONFERENCE.—The Altoona district conference will be held in the Methodist church, at Howard, on Tuesday evening February 16th, and Wednesday, the 17th. Lasting until 4 p. m., on Wednesday. Many interest-ing questions will be discussed by the different ministers and laymen who will be present. The sermon will be preached by Rev. A. R. Miller, D. D., of Altoona, at 7:15 on Tuesday evening and per-sons of all denominations are cordially invited to attend.

Committee: Revs. Wm. A. Houck, George W. Bouse and N. B. Smith and Austin Curtin.

LOOK OUT FOR THE COFFEE SWIND-LEK.—There is a "slick" tongued in-dividual heading this way who will try to sell you twenty-five pounds of coffee at a ridiculously low price. If you pur-chase it you will have the satisfaction of unwrapping a poke of nicely browned beans over which the wily agent has poured some essence of coffee.

A YOUTHFUL FORGER.—The little mining town of Scotia was thrown into a fever of excitement last week when it became known that J. W. Biddle, Jr., a youth of 20 years, had departed with his father's pension check. The boy usu-ally lifted the mail at the postoffice and on Tuesday, when his father's quar-terly payment came he took it out, but failed to return home. He boarded a train for this place and proceeded to Joseph Bros. & Co's store, where he gave his name as J. W. Fogelman and said that he had been working for a month and a half for a man named J. W. Biddle, who had just paid him off with a \$36 pension check. The Joseph's believing his story, sold him an over-coat and gave him his balance in cash, where upon the young scamp took a train and the last heard of him was that he had reached Elmira, N. Y. It was evidently a deliberately planned scheme to steal his father's check and he has added forgery to the crime of larceny.

PUBLIC SERVICE EXCHANGE.—Is the name of a handsomely remunerative business which our boyhood friend, and a young Bellefonte, has built up in Seattle, Washington. Nearly three years ago Paul L. Sternberg severed his connection with the post-office here and started to make his fortune in the west. From time to time we have heard of his successes, in different lines, and now there comes to us a circular announcing his new business and from the scope it includes we infer that Paul has made quite a nice thing as proprietor of the Public Service bureau, of Seattle. Paul always possessed just that snap and judgment which was destined to make him a man of worth and his carefulness and integrity has undoubtedly stood him in good stead in his new home.

—Williamsporters are regaining confidence in the Williamsport National Bank and deposits are being re-placed. The city's deposit of \$50,000, which was withdrawn when the first scare arose, has been taken back.

—The body of Mrs. Fanny Baney was brought home, from Atlantic City, for burial, on Monday morning. She was the aged mother of Mrs. H. H. Benner and moved from here just a week before her death. A large funeral cortege followed her remains from the train to the cemetery.

—George Mallory has moved his blacksmithing establishment from Wa-ter street to the old shop on the pike, recently vacated by R. R. Voris. It is like getting back home for George to return to the shop in which he worked so many years, and he will continue giving entire satisfaction to his many pa-trons.

1038 CALLS.—Monday was the day, designated by the managers of the tele-phone company, on which a record of calls should be kept. Though it was an unusually dull day in the exchange here, the young women had to respond to ten hundred and thirty-eight drops.

A MIRACULOUS ESCAPE.—While a Mr. Hamill and family, of Indiana county, were driving into Punxsu-tawney in a sled, on Monday morning, they were besieged on all sides by school children who climbed into the vehicle for a ride and by the time the sled and its precious freight reached the railroad crossing, south side, the passen-ger train from Horatio was due and when the team was crossing the track the train ran into it, smashing the sled into small pieces and scattering the oc-cupants right and left. Strange to say no one was hurt. It was a miraculous escape for the party as the sled was almost crowded with boys and girls. It gave them all a terrible fright and shak-ing up.—News.
