

Pine Grove Mentions.

First class cows for dairy purposes are in demand.

Our mutual friend, Frank Bowersox, one of our big grangers, is spending a week in Snyder and Union counties.

The greatest blizzard of the season swept over this section last Saturday and Sunday blocking the roads with snow and impeding travel in all directions.

On account of last year's short corn crop the number of hogs has decreased, in consequence of which they command high bids and quick sales. Stock sheep are selling at from 5 to \$6 per head.

While some of our party goers were homeward bound at a late hour recently, some suspicious one among them saw, as he imagined, a spook that suddenly by some nook or crook disappeared. We trust however there will be no Jack the Ripper horrors.

March 30 At the residence of the late J. F. Krebs 2 miles west of our town there will be sold one of the largest and best thoroughbred stocks of Hambroian horses and Jersey and short horn cows of which registers will be furnished a scrupulous dinner will be prepared and served.

Mr. Milton Krebs has made rapid progress, during his last session at dental college, in the art of unaccountably jerking out old teeth root and branch, and will hang his modest tin shingle, which will bear the legend Dr. Milton Krebs, Dentist, in our midst.

Rev. D. Y. Brouse very ably filled the M. E. pulpit last Sunday evening before taking his final leave for his ministerial field in Cameron county. He has been laboring successfully in his new field for the last six months where his people hold him in high esteem and with appreciation they on the eve of his departure for his home presented him with an elegant overcoat beside replenishing his wallet with twelve extra dollars.

In our last mention we noted the dull sales of stock this spring. For the past five years but few horses have gone to the eastern market. The great strides made by electricity has thrown a large number of horses on the market reducing the price so that horses that have been sold just changed hands, principally among farmers, at very low prices. However there is a demand for good clean, blockey horses suitable for coaching and driving. This far but few horses offered at public sale here brought over one hundred dollars while many have been sold below sixty dollars.

Diets.

ECKLEY.—At Bald Eagle Station, Wednesday March 10th, Lucy A. Eckley. Aged 74 years 10 months and 15 days. Sweet may be her sleep in Jesus.

Obituary.

Josephine, wife of Harry H. Lucas, fell asleep in Jesus, at the residence of James Lucas, near Wallace Run, Centre county Pa. March 9, aged 25 years 1 month and 2 days. She was buried in the cemetery at the Messiah church, March 11. Having been converted at the age of 16 she joined the United Brethren in Christ remaining faithful unto the end. She was a good wife; a kind mother; and a faithful Christian. A sorrowing husband, son, daughter and many other relations and friends mourn her sad demise. Blessed are they that sleep in Jesus for they shall rise first, and we which are alive and remain shall be caught up together with them in the clouds to meet the Lord in the air and so shall we even be with the Lord. 1 Thess. 4: 16, 17. The funeral services were conducted by Rev. C. G. Miller.

Why do we mourn for dying friends, Or shake at death's alarms? 'Tis but the voice that Jesus sends, To call them to his arms.

Are we not tending upward too, As fast as time can move? No should we wish the hours more slow, To keep us from our love.

Why should we tremble to convey Their bodies to the tomb? There once the flesh of Jesus lay, And left a long perfume.

The graves of all his saints he blest, And softened every bed: There should the dying members rest, But with their dying head?

Thence he arose, ascending high, And showed our feet the way: Up to the Lord and flesh shall fly, At the great rising-day.

Books, Magazines, Etc.

With the April number, the Cosmopolitan completes its twelfth volume in a manner worthy the wide and growing popularity of this magazine. The Cosmopolitan is the most superbly illustrated of the monthlies and the pictorial embellishment of the April number is rather above the average. The leading article is on "Genoa—the home of Columbus" written by Murat Halstead other articles are: "A romance of old shoes," "Torpedoes in Coast Defence," "Homes of the Renaissance," "The Crew of a Transatlantic Liner," "The Marriage of American Women to German Noblemen," "The Theatre of To-day," "Two English Men of Letters," "All Stars and Conditions of Men," "A Living Owl," "Count Leon Tolstoi." Beside all these attractions, the April Cosmopolitan is rich in fiction and poetry. "The Hanelco of Heavenly Rest," "Princess Ratanzo," "The Bird and other verses." The whole most beautifully and profusely illustrated.

Senator Hill Well Pleased With the South and Himself.

Senator Hill returned from his Southern trip on Sunday last, District Attorney Ridgeway, of Brooklyn, and Assistant Adjutant General McEwan, of Albany, accompanied him. The party took a carriage and drove to the Arlington Hotel.

Senator Hill says that he had a most enjoyable trip. "As I said in several of my speeches," he said this afternoon, "I have gained new ideas of the South and its needs. I have made a great many speeches to very large crowds of people and everywhere met an enthusiastic and cordial welcome."

Senator Hill has no plans for the immediate future. He expects to remain in Washington for some time attending to his duties in the Senate. He has not accepted an invitation to address the Hill Club of St. Louis, and probably will not be able to accept it. Numerous invitations have been received within the past week to visit various Western and Southwestern cities and he is strongly urged to make a tour later on through the West and Southwest.

The Senator is also considering an invitation to address the students of the University of Virginia, on Jefferson's birthday. He will probably accept it.

America's Greatest Surgeon Dead.

PHILADELPHIA, March 22.—Professor D. Hayes Agnew died at his residence, No. 1601 Walnut street, this afternoon, passing quietly away. There were present at the last moments his family, Dr. J. William White, Dr. Daniel and the Rev. Dr. John S. MacIntosh, D. D., of the Second Presbyterian church, of which Professor Agnew had long been a member. Professor Agnew never returned to consciousness after falling into the fatal stupor this morning, his life ebbing slowly away.

Dr. Agnew was born in Lancaster county in 1818. He ranked among the most eminent surgeons of his time and in the pursuit of his great calling and as a contributor to modern medical literature he had won a name that will illuminate the pages of history. He came in closer touch with the American people in the autumn of his career as the consulting surgeon of the late lamented President Garfield.

BALTZELLS.—

The advertiser prowling about the store yesterday for fresh surprises met with a genuine one in the Coat Department. Such heaps of handsome, stylish garments in all popular styles and fabrics, Braided, Buttoned and Embroidered, the chief wonder being how such evident worth could go for so little money. The large space set apart for them is literally packed with Spring Beauties, puzzling the fair buyers as to choice in selections. Snow, slush and biting winds seem to say, "No use for Spring Wraps," but experience tells us better. April, with her smiles and tears will soon be here, when heavy coats will be intolerable and light ones a necessity. It may not be two weeks until the Robin and the Blue Bird will carol in the budding trees and balmy airs banish the chilling blasts of winter. Be ready, then with your Spring Top Coats. This morning we make a special bow to "Gentle Spring" in anticipation with some very handsome styles in Wraps, leading off with the ever popular and ubiquitous Blazer.

These Coats are in shades of Tan, Blue, Grey, Brown and Mixed, Plain and with Embroidered Collars. A handsome Braided Style rates at \$5.00. A tan beautifully finished and elegantly embroidered in Green \$14.50.

Am immense line of Black Blazers, one lot \$3.50, another a trifle finer \$4.00.

Too much could hardly be said about our stock of Reefers. They come in shades the same as the Blazers, but are more variously and handsomely Trimmed Embroidered, Braided or with Frogs and handsome Pearl Buttons.

The rush for these cheap, yet excellent Garments is already great and they will soon disappear.

They will visit this country every four weeks, thus saving their patients the trouble and expense of visiting the city, as they are only physicians and surgeons in the country who carry their own manometers, models, diagrams, etc., to illustrate and make plain to all afflicted the cause and nature of their disease. This will give their numerous patients and others who are in need of medical treatment an opportunity to consult these distinguished physicians whose duties at the Institute will permit only monthly visits to your community.

A WORD ABOUT CATARRH. It is the mucous membrane, that wonderful semi-fluid envelope surrounding the delicate tissues of the air and food passages, that Catarrh makes its abode. Once established, it eats into the very vitals and renders life a long-drawn breath of misery and disease, dulling the sense of hearing, trammeling the power of speech, destroying the faculty of smell, fainting the breath and killing the refined pleasures of taste. Instidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelopes the bones, eating the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient and all alleviators are simply procrastinated sufferings, leading to a fatal termination. Dr. Salm has, by a treatment local and constitutional, made the cure of this dread disease a certainty, and has never failed. Even when the disease had made frightful inroads on delicate constitution, hearing, smell and taste have been recovered and the disease thoroughly driven out.

CHRONIC DISEASES. The Doctors treat no acute diseases, but make an entire specialty of chronic and long standing diseases. Cases given up by other doctors and pronounced incurable, they most desire to see. The doctors have treated over 15,000 cases in Ohio in the last twelve years, many of which have been given up as incurable, some to be blind, others deaf, and a large number to be invalids for life. But behold how they see and hear, and many are started on the high road to health and recovery every day.

RECTAL DISEASES. He also makes a specialty of all forms of Rectal Diseases, Piles internal and external, itching and bleeding, ulcers, fissures, fistulae, which are often taken for Cancerous and Lung Diseases, all cured if taken in time. Remember he cures all forms of piles without pain, interruption or detention from business, and without the use of a knife, Caustic, Ligature or Injection. Come and be convinced.
