Farm Notes.

Potato Planting in Trenches.

Quite a revolution was effected by the system of growing potatoes by the trench method...

The land is plowed a foot deep and opened eight inches. The seed is then planted and the trenches left open...

It is Doing Good Work. It won't do to try to slur the House for not doing any work when it can point to appropriation bills almost perfected...

Next month the new beds of strawberries should be made. One of the most essential requisites is to have the land deep and fine...

An excellent way to secure early plants is to use egg shells. Fill the shells with rich earth, plant a few seeds on the top...

Always cull out the herd or flock, selling off the least profitable of the stock, and grading up the best by the use of pure bred males...

How to make one horse do the work of two is a problem not easily solved, but the farmer who does not carefully sharpen his plow point or get rid of one that is worn and rusty, will impose 50 per cent. more work on his team than is really necessary...

Grow what you need for yourself before growing to sell. The home market is the best of all, for it demands a supply the entire year. Begin the season with a garden, and aim to have a variety.

France is one of the progressive nations in horticultural science. In about 35,000 of her schools the children are taught, among other things, how to take care of gardens and fruit trees and shrubs.

The farmers who are successful are those who never lose sight of the fact that the farm is a home; that everything done toward beautifying and improving the place is enhancing its value.

The winter is the time to buy tools. Every farmer should at this season of the year determine what implements he will need for the next year, and make arrangements for procuring them.

Sweeter than Honey in the Honey-comb.

"What in life is half so sweet, As the hour when lovers meet." Nothing is sweeter to the youthful and robust in health, but alas! too many "Court in poetry, and live in prose" after marriage...

It is Doing Good Work. It won't do to try to slur the House for not doing any work when it can point to appropriation bills almost perfected...

O, this dull, depressing headache, That won't wear off; This hawking and spitting, And this hacking cough...

Do I tell you what to do, my friend, if you'll lend me your ear a minute. Go down to the drug store and buy Dr. Sage's Catarrh Remedy...

The siseton Indian Reservation in South Dakota will be opened to settlement on or about April 15th, 1892. This reservation comprises some of the choicest lands in Dakota for farming and sheep raising purposes.

ELECTRIC BITTERS.—This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise...

Always cull out the herd or flock, selling off the least profitable of the stock, and grading up the best by the use of pure bred males. In this manner there will be a constant improvement, and in a few years the capacity of production may be more than doubled, while the cost will be no greater.

Mrs. Frances Hodgson Burnett has returned to this country from England and is now in Washington. Just before leaving London Mrs. Burnett formally opened the Drury Lane Boys' Club, to which, as a memorial of her son Lionel, she made a gift of the reading room and library.

What it costs must be carefully considered by the great majority of people, in buying even necessities of life. Hood's Sarsaparilla commends itself with special force to the middle classes, because it combines positive economy with great medicinal power.

"How brilliant the moon is tonight," said Naggs, as they walked to church last night. "Yes," said Mrs. Naggs, "like most men he's brightest when he's full."

One of my children had a very bad discharge from her nose. Two physicians prescribed, but without benefit. We tried Ely's Cream Balm, and, much to our surprise, there was a marked improvement. We continued using the Balm and in a short time the discharge was cured.

This certifies that I have used Dr. Bull's Cough Syrup and found it to be what it is represented. I can safely say that it has helped my cough (which I might say was chronic) and I cheerfully recommend it to all those afflicted. H. W. Donnelly, 84 East 131st Street, New York.

LA GRIPE SUCCESSFULLY TREATED.

"I have just recovered from a second attack of the grip this year," says Mr. Jas. O. Jones, publisher of the Leader, Mexico, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days, against ten days for the first attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy, as I had to grope in bed about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.' 50 cent bottles for sale by F. P. Green, Drug-gist.

The word "Hebrew," according to Rabbi Grossman, designates the race to which the descendants of Abraham belong, while the word "Jew" characterizes the religious faith of those who believe in Judaism.

A BAD HUMOR CURED \$5,000 EXPENDED ON DOCTORS AND MEDICINE WITHOUT AVAIL. GAVE HIMSELF UP TO DIE.

GOOD WIFE SUGGESTS CUTICURA REMEDIES. USES THEM 7 MONTHS, AND IS ENTIRELY CURED.

I was in the war during 1863-64, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1874 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famed doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure, but could not, and finally giving myself up to die, my good wife suggested to me, one day to try the Cuticura Remedies, which were so extensively advertised and used. I followed her suggestion, and am happy to say by diligent application of your Cuticura Remedies for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to-day. You may refer to me if you wish, as I will tell any one who may call on me my experience.

Banner Lye.

EVERY FAMILY. Wastes or gives away during the year more or less kitchen grease, each pound of which can be found on nearly every grocery store.

Disolve the contents of one can of Banner Lye in three and one-half pints of cold water and pour slowly into five and one-half pounds of lukewarm grease, stirring from the start, until it thickens into a mushy condition; then pour into any kind of tin to harden—a child can make it, and full directions are to be found back of each label.

A can of BANNER LYE will do the work of twenty one pounds of washing soda, and besides its value for scrubbing purposes, the cleansing and disinfecting of Sinks, Closets and Waste Pipes, destroying the Filth and Disease arising therefrom, makes its systematic use one of the greatest boons the housekeeper has fallen heir to.

Saddlery.

SCHOFIELD'S NEW HARNESS HOUSE.

We extend a most cordial invitation to our patrons and the public, in general, to witness one of the GRANDDEST DISPLAYS OF Light and Heavy Harness

ever put on the Bellefonte market, which will be made in the large room, formerly occupied by Harper Bros., on Spring Street. It has been added to my factory and will be used exclusively for the sale of harness, being the first exclusive saleroom ever used in this town, as heretofore the custom has been to sell goods in the room in which they were made. This elegant room has been refitted and furnished with glass cases in which the harness can be nicely displayed and still kept away from heat and dust, the enemies of long wear in leather. Our factory now occupies a room 1674 feet and the store 2820 added makes it the largest establishment of its kind outside of Philadelphia and Pittsburg.

We are prepared to offer better bargains in the future than we have done in the past, and we want everyone to see our goods and get prices for when you do this, out of self defense you will buy. Our profits are not large, but by selling lots of goods we can afford to live in Bellefonte. We are not indulging in idle philanthropy. It is purely business. We are not making much, but trade is growing and that is what we are interested in now. Profits will take care of themselves.

When other houses discharged their workmen during the winter they were all put to work in my factory, nevertheless the big (1) houses of this city and county would smile if we compared ourselves to them, but we do not mean to be so odious, except to venture the assertion that none of them can say, as we can say "NO ONE OWES US A CENT THAT WE CAN'T GET." This is the whole story.

The following are kept constantly on hand. 50 SETS OF LIGHT HARNESS, prices from \$8.00 to \$15.00 and upwards. LARGE STOCK OF HEAVY HARNESS per set \$25.00 and upwards, 500 HORSE COLLARS from \$1.50 to \$5.00 each, over \$100.00 worth of HARNESS OILS and AXLE GREASE, \$400 worth of Fly Nets sold cheap from 15c to \$3.00 each, Horse Brushes, Curry Combs, Sponges, Chamis, RIDING SADDLES, LADY SADDLES, Harness Soap, Knee Dusters, at low prices. Saddlery-hardware always on hand for sale. Harness Leather as low as 25c per pound. We keep everything to be found in a FIRST CLASS HARNESS STORE—no changing, over 20 years in the same room. No two shops in the same town to catch trade—NO SELLING OUT for the want of trade. Prices. Four harness-makers at steady work this winter. This is our idea of protection to labor, when other houses discharged their hands, they soon found work with us.

Miscellaneous Advs.

STATE OF PENNSYLVANIA: COUNTY OF ALLEGHENY. Personally before me a Notary Public for the Commonwealth of Pennsylvania, resident at Pittsburg, in said County and State, appeared John T. Moss, who, being duly sworn according to law, deposes and says that he is the distiller at the John T. Moss Distillery, Westmoreland county, in the Twenty-third District, Pennsylvania; that he has been engaged continually in the distillation of whiskey since 1855, and that the Digness Rye Whiskey distilled by him for Max Klein, of Allegheny City, Pa., is double copper-distilled and absolutely pure rye and barley malt.

Sworn and subscribed to November 6th, A. D. 1890. MARSHALL H. BENO, Notary Public.
