A WORD ABOUT CATARRH.

A WORD ABOUT CATARRH. It is the muens membrane, that wonderful semi-fluid envelope surronnding the delicate tissues of the air and food passages, that Ca-tarrh makes its stronghold. Once established it eats into the very vitals and renders life a long-drawn bre ath of misery and disease, dull-ing the sense of hearing, trammeling the pow-er of speech, destroying the faculty of smell, tainting the breath and killing the refined pleasures of taste. Insidiously, by creeping on from a simple cold in the head, it assaults the membranous lining and envelopes the bones, eating the delicate coats and causing inflammation, sloughing and death. Nothing short of total eradication will secure health to the patient and all alleviates are simply pro-crastinated sufferings, leading to a fatal ter-mination. Dr. Salm has, by a treatment local and constitutional, ma de the cure of this dread disease a certainty, and has never falled. Even when the disease had made irightful inroads on delicate constitution, hearing, smell and taste have been recovered and the disease thoroughly driven out.

CHRONIC DISEASES.

The Doctors treat no acute diseases, but make an entire specialty of chronic and long standing diseases. Cases given up by other doctors and pronounced incurable, they most desire to see. The doctors have treated over 15,000 cases in Ohio in the last twelve years, many of which have been given up as incura-ble, some to be blind, others deaf, and a large number to be invalids for life. But behold how they see and hear, and many are started on the high road to health and recovery every day.
