

One Republican Who has had Enough of Prohibitory Tariff and Force Bill.

Harrison and Reed! That means Prohibitory Tariff, Force Bill, Gold Standard, Gag Rules and a swarm of new officials to eat the substance of the people without rendering any equivalent.

The Republicans tell us that the McKinley act makes goods cheaper. If that is so, why are the manufacturers in favor of it? If it makes their wares cheaper why do they pay liberal campaign assessments to prevent its repeal?

A protective tariff is bad; a prohibitory one is infinitely worse. Will tariff men tell why so much shoddy is on the market? With present machinery goods can be made much cheaper than by the old methods. Tariff men can not honestly claim the benefits of labor-saving machinery for the McKinley monstrosity.

Who receives the advance price if not the manufacturer?

Who pays the advance price if not the consumer?

Every tariff is paid by the consumer, not by the foreigner, as McKinley asserts. Now if we protect one branch of business other industries pay it, and where is the fairness? Nowhere.

It is class legislation of the most odious kind. Suppose the doctrine of protection is right, and it is easily shown that the present tariff is too high. Suppose that the difference in labor here and in foreign countries is 20 per cent, a high estimate. Then 10 per cent, on the value of the goods would be ample to protect against cheap labor when we remember that the labor in producing manufactured goods is only 20 or 25 per cent, of the selling price, to say nothing of ocean freights. If there is no real difference in the labor cost here and in foreign countries there would be no need of a protective tariff at all.

If the protective tariff should raise the price of labor here it would only cause the cheap labor to emigrate here and compete with us at home. Labor statistics show no material difference in labor during low and high tariff periods.

Republicans claim we have better times when tariff is high and they cite panics caused by scarcity of money during periods of low tariff. They forget the panics of 1873 and 1877, when tariff was rather high. From 1846 to 1857 was a period of low tariffs and good times.

Whenever there is plenty of money in circulation the times are good; therefore, let the silver all be coined. In conclusion, let us reduce the tariff to 10 per cent, or nothing.

The General Government can be sustained by direct and equal taxation in the same way the State and smaller municipalities are sustained.

Let us have free coinage in such a way as to get plenty of money in circulation among the people.

The people of the South can manage their elections as well and as fairly as the people of the North. If the South has intimidated its voters by force it is not a drop in the bucket to the numbers who vote the Republican ticket to avoid losing their places and with them their children's bread.

I have voted with the Republicans for many years, but now my eyes are opened and I bid them adieu.

ACADEMY WILL SOON OPEN.—PARENTS WISHING TO PATRONIZE IT SHOULD APPLY EARLY FOR SEATS.—The vacation will soon be over and parents must decide where their children are to go to receive a good, sound and thorough education. The Bellefonte Academy, with its new improvements that have made it as attractive and comfortable a school as you can find anywhere and with its faculty of five experienced teachers, four of whom have been most successful in their work at the Academy, and the fifth Miss Hunter a college graduate, has had a successful experience in other schools, should enlist the deepest interest of those interested in the success of their children. Many have already manifested such an interest and if others are only indifferently considering the matter they had better decide soon and apply for a seat in the school as the prospects indicate that by the opening of the fall session the good seats will have been applied for. Students from the country who are thinking of attending the Academy this Fall should decide at once and have their applications for the railroad tickets that are supplied to students at such greatly reduced rates signed by the principal early.

The calisthenic and musical exercises under Miss Emma Hughes' direction promise to be more attractive and pleasing this Fall than ever before. The young ladies should remember that all who are members of the music class whether students at the Academy or not, are entitled to all the privileges of the calisthenic drill and marches. The schools open on Wednesday September 7 in all the departments and a prompt attendance is desired. See the advertisement in another column.

Why Young Men Are Democrats.

The young men who are giving fresh vitality to the Democratic party in all the States speak of it with sincerity. They are not old enough to get tariff ideas from Pennsylvania mill owners and ideas on appropriations from log-rolling special interests. There is to them no eloquence in vindicating prohibitive tariffs for the benefit of a few rich manufacturers and Billion Congresses for the benefit of the minorities who "stand in." The young men have not had time to distort their sense of justice or to spoil their lessons upon the functions of government. They cannot yet agree that politics must be conducted with falsehood, bribery, and subsidized newspaper.

A Tennessee Trouble.

A Coward and Traitor Both, "Bud" Linsay's Promise to Testify Saves His Life.

KNOXVILLE, TENN., Aug. 22.—The story that "Bud" Linsay had been lynched at the hands of the mob proves to be untrue, but "Bud" had a pretty close call and only escaped the noose by promising to turn State's evidence.

For several nights "Bud" has been confined in an old mine and the mouth guarded by a large squad of soldiers. In some way four men managed to seize him and carry him off during the night between the pickets. He was hurried toward Briceville, and once there a rope was secured, and placed around Linsay's neck. His true character was soon seen. Though considered a desperate man, and although he has at least a dozen murders to his account, he broke down and begged for his life with all possible fervor. His pleadings and lamentations were effective.

He had life given him upon the solemn assertion that to-day he would turn State's evidence and reveal the names and plans of all the leaders, tell how the mob was raised, the nature of the oath, the names of the miners known to have killed soldiers or guards.

When all this was promised the rope was taken from his neck, and he was returned to camp for safe keeping. It is now believed that with his testimony at least 30 leaders can be tried for murder and convicted.

MINERS ARRESTED AND GUNS SEIZED.

NASHVILLE, TENN., Aug. 22.—General Carnes and his troops are still arresting miners and others who are suspected of having conspired with them against the peace and dignity of the State. Seventy-five miners have been taken into custody at Jellico and more than 300 guns seized. The searching of houses for fire-arms and ammunition goes on and a large quantity has been found in the Coal Creek Valley. The arrest of George V. Ford, the State Commissioner of Labor, on the charge of aiding and abetting the lawless miners, has been followed by the arrest of George Irish. Mr. Irish is alleged to have been chief counsellor of the miners. He was captured at a point four miles from Knoxville this afternoon, while making his way westward. It is understood that an order has been issued by General Carnes for the arrest of Charles T. Allemen, Mr. Ford's assistant. Allemen represents Anderson County in the Legislature. Allemen, who was being searched for in Knoxville and Anderson Co., arrived to-day from Knoxville. He said in an interview that he had not been to Coal Creek since last Thursday and was then in the town only a few hours. He said he had always been opposed to the course pursued by the miners.

Two additional pieces of artillery were sent to Coal Creek to-day to more securely fortify the entire valley against possible intrusion. There was but little firing at Coal Creek last night and to-day. No one has been shot to-day, but there are many miners in the mountains, and they take advantage of every opportunity to get in a shot at the soldiers. The troops at Fort Anderson are to be strengthened.

WHOLESALE ARRESTS MADE.

KNOXVILLE, Aug. 23.—Twenty-three men who are supposed to be in sympathy with the most notorious of the miners, have been arrested near Coal Creek and locked up. Several of them are suspected of holding up the mail train between Clinton and Coal Creek last Thursday night. One of the suspects is Jim Hatmaker, son of John Hatmaker, who led the attack on the stockade at Oliver Springs last Tuesday. Every possible attempt is being made to apprehend the elder Hatmaker. He was of the greatest prominence in all the mining troubles and is supposed to have escaped to Kentucky. Another man who is wanted is L. A. Roeschur, a German, who for the past year has conducted a shooting gallery on the creek. He is a practical sharp shooter, and last week went to a high point overlooking Fort Anderson and erected for himself a small barricade. From behind this he kept up a constant fire and it is believed that he killed Private Smith. Evidence sufficient to show that he was an anarchist of pronounced views has been discovered. He has been very active among the miners since his arrival at Coal Creek, and many believe that he has directed in person the attempts on property and human life recently made in that vicinity. All the leaders prominent in the labor troubles of the past sixteen months, save Linsay, are absent from Coal Creek on what will prove to be an extended vacation, and the deluded miners and citizens who were led into open rebellion against the state are left to suffer all the penalties.

The latest sensation at Coal Creek is that the mines are to be smoked in order to drive out the miners who are supposed to be hiding in the bowels of the earth.

Three more dead bodies of miners were found in the mountains. This makes in all the bodies of twenty-seven miners found since Thursday's skirmish. A number of wounded were carried away by their comrades.

BUZZARD'S BAY, Mass., Aug. 15.—Washington, Aug. 23.—The State Department was to-day advised by the Consul of the United States at Hamburg, Germany, that it has been officially admitted to him that cholera exists in that place.

Although no real fear that the cholera will reach the shores of the United States is expressed by the authorities of the Treasury Department, they are taking all precautions deemed necessary to prevent its introduction. Circulars have heretofore been issued to custom officers directing the disinfection of baggage from cholera-infected ports.

Assistant Secretary Spaulding was in conference to-day with Dr. Austin, who is acting Surgeon General of the Marine Hospital Service, in regard to further precautionary steps. The health officers at the ports of New York and Baltimore have been advised formally of the existence of cholera at Hamburg and Havre, as were also the immigration officers at these ports.

HAMBURG, Aug. 22.—The Correspondent of this city, states that there were 120 new cases of cholera reported yesterday. Many deaths from the disease were also reported.

RESIGNS HIS POSITION AS SUPERVISOR.—On the first of July while breaking stone on the road, Mr. W. H. Taylor, was struck in the eye with a gravel destroying the sight of one eye and he writes us that it requires great attention to save the other eye. In consequence of this affliction, Mr. Taylor is compelled to resign his position as supervisor of the North side of Spring township, a fact which he requests the WATCHMAN to make public.

THIS WEEK'S COURT.—The court that has been in session this week, has been of little interest to the public, and of that character that the less said about it, the better for the reputation of our people and county. Twenty-three cases of fornication and bastardy lumbered down the list, and when Judge Furst with his associates, Hon. Dan'l Rhoades and Hon. T. F. Riley took their seats at ten o'clock on Monday morning, there was no certainty that anything but cases of this character would be reached during the week. Many of them were settled or compromised, and when the Grand Jury got down to work with D. G. Stewart of Snow Shoe as foreman, it found a much shorter list of petty cases to act upon than was anticipated when court convened.

The following is a synopsis of the probationary record of indictments that have been acted upon up to Thursday at noon:

Commonwealth vs. Elwood Shiffer. Charge, forcible entry and detention. Bill ignored and prosecutor W. H. Bucher, sentenced to pay the costs.

Com. vs. Robt. McKeever. Charge, vagrancy. Bill ignored and county pays cost.

Com. vs. J. O. Harm. Charge assault and battery. Guilty, not sentenced.

Com. vs. Chas. M. Wilson. Charge, assault and battery and carrying concealed weapons. Guilty on first count and sentenced to pay a fine of \$100 and cost.

Com. vs. Snow Shoe Overseers Poor. Charge, neglect of duty. Bill ignored and county pays cost.

Com. vs. J. Miles Renner. Charge, fornication and bastardy. Guilty first count, fined \$100 and cost of prosecution.

Com. vs. Sam'l T. Dixon. Charge, selling liquor to minors. Guilty. Not sentenced.

Com. vs. Andrew Hoffman. Charge, assault and battery, and felonious attempt. Guilty, not sentenced.

Com. vs. E. J. Snavely. Charge, larceny. True bill. Case not concluded.

Com. vs. N. Haugh. Charge, assault and battery. Guilty. Sentenced fine \$10 and costs.

Com. vs. L. C. Bullock Jr. Charge, assault and threats. Not guilty. Costs divided between prosecutor and defendant.

Com. vs. H. Newton Jones. Charge, assault and threats. Not guilty. Prosecutor Z. T. Harshbarger pays cost.

On Wednesday afternoon the Grand Jury finished the business laid before it, and before being discharged, examined the buildings, recommended some minor repairs to Jail and Court-House, and stated that it found the public buildings and offices generally in good condition, and suggested that "a stone curb be placed around the court yard, a low iron fence placed upon it and some of the trees be cut down, the yard sodded, and a fountain placed in the centre."

THE 19TH ANNUAL PICNIC AND EXHIBITION OF THE PATRONS OF HUSBANDRY, SEPTEMBER 12 TO 17.—Work has commenced in earnest in the Park. The committee is on the ground and gangs of men are at work fitting up the surroundings and all will be in readiness by the 10th of September for those desiring to camp.

TENTS.

Orders for tents are pouring in every day. Two hundred and twenty-five are already engaged. The committee has made large purchases of tents and has increased its orders twice already. With these and what they will be able to get from the State, they expect to be able to provide for all.

PERMANENT WATER SUPPLY.

Two inch galvanized water pipes are being permanently laid with numerous spring hydrants, and water troughs, so that there will be an abundance of free water for man and beast.

PUBLIC PAVILIONS.

Numerous canopy top tents will be put up, with seats for the free use of the public, thus forming numerous pavilions for the people to congregate, on the ground.

Asiatic Cholera at Hamburg.

WASHINGTON, D. C., Aug. 23.—The State Department was to-day advised by the Consul of the United States at Hamburg, Germany, that it has been officially admitted to him that cholera exists in that place.

West Virginia All Right.

Cleveland Will Carry it by a Large Majority.

BEDFORD MASS., August 22.—Ex-United States Senator Davis, of West Virginia, who with his family and Miss Elizabeth Elkins, a daughter of Secretary Elkins, has been stopping at the Springs for the past ten days, was asked to-day as to the political outlook in West Virginia.

He said that both parties have placed unusually strong tickets in the field for State offices, and the fight, when rightly opened up, would be the liveliest in the history of the State. He said that West Virginia had always been Democratic, and he believed that it would continue to be, and that Cleveland would carry it by larger majority than before.

Half a Million on Forged Paper.

CLEVELAND, O., Aug. 23.—Millionaire John Huntington, of this city, now an invalid in Europe, has called his affidavit that the half million dollars of suspected paper recently issued by Paige, Carey & Co., of New York, is forged and fraudulent. David R. Paige, the man most suspected, is probably now in Brazil.
