

The Cholera in New York Harbor.

NEW YORK, August 31.—Twenty-two deaths, attributed by the ship-surgeon to cholera, occurred on board the steamship Moravia during her trip from Hamburg to this port, which she reached last night. She left Hamburg on August 18, the day on which cholera was first discovered in that city. The ship is now in quarantine with the yellow flag flying, and it is believed this dread scourge, that is now devastating eastern Europe can be confined to the vessel that brought it over. The physician here, fear no further spread of it.

The Looted Treasury

We reprint from the Philadelphia Ledger a Washington letter on the condition of the National Treasury from Mayor Carson, one of its editors, who is fully informed on the subject, and who never permits party interests to suppress or color the truth. This statement presents most appalling facts to the country and let us soberly look them in the face. They are as follows:

1. The surplus in the Treasury June 30, 1888, the close of the last fiscal year of the Cleveland administration, was \$55,409,748.

2. Since then Congress made a forced loan of \$54,207,975 by converting into the Treasury the special trust fund for the redemption of national bank notes.

3. Since then the fractional silver coin has been lumped into the assets of the Treasury, although it was omitted from assets before because not available.

4. For the first time since the war, the payment to the sinking fund has been suspended, under the present administration.

5. For the first time during the last score of years, a small loan that matured in September, 1891, had to be extended because of the inability of the government to pay it.

6. With all these additions to the assets of the Treasury the cash balance in the Treasury on the 30th of last June, the close of the fiscal year, was \$27,050,286; or only \$12,897,228 exclusive of fractional silver that cannot be drawn upon to pay government debts.

7. The appropriations of Congress for the present fiscal year aggregate \$98,000,000. Of these expenditures fully \$70,000,000 were absolute obligations created by the previous Congress in pensions, bounties, etc.

8. The revenues as estimated by the Treasury department for the present year will be \$455,336,350.

9. The excess of expenditures over receipts this year will be \$53,000,000 with only \$12,897,228 of available Treasury surplus, even after a forced loan of over \$54,000,000, the suspension of the sinking fund payments and the extension of bonds overdue.

10. The deficit for the present year, even after taking the last dollar of available money from the Treasury, must be fully \$40,000,000.

11. The steady increase of pensions authorized by the Bill Congress, will add not less than \$30,000,000 more to pensions next year, with many more millions demanded for growing bounties and almost countless public buildings already under contract.

Such are the sober facts as to our looted Treasury. The surplus of over \$55,000,000 left by Cleveland is gone the forced loan of the bank note redemption fund amounting to over \$54,000,000 is gone; the payments to the sinking fund are suspended; the bonds of the nation due are unpaid for want of money; exclusive of fractional silver that is not available, the surplus at the close of the fiscal year was only \$12,897,228; the appropriations made for the present year are \$53,000,000 in excess of the estimated receipts, and of these appropriations \$70,000,000 were to meet obligations created by the previous Republican Congress.

Taking the appropriations and the estimated revenues for the present year, and adding the available surplus to the revenues, the present fiscal year will leave the Treasury bankrupt not less than \$40,000,000, with growing pensions, bounties, etc., to swell the deficit for some years to come. The Treasury is looted and bankrupt, and the people must choose between increased taxes or honest, economical government. Which shall it be?

The employes of the Scranton button factory strike for an increase of wages on Monday. The male employes have been earning from 40 to 60 cents a day, and the females from 15 to 25 cents a day. They demand a dollar a day. The button factory is heavily protected by the McKinley tariff law, but the employes are not. If they do not want to work for the starvation wages now paid them, their places will be filled by the "pauper labor of Europe," who can come to our shores without molestation. This is a tariff picture which the McKinley organs will not print.—Williamsport Sun.

The 4th general reunion of the 45th Pennsylvania regiment will be held during the National encampment of the G. A. R. in Washington City, at the headquarters of the 1st Brigade, 2d Division of the 9th Army Corps on the White Lot, at 10 o'clock, Wednesday the 21st, where all members should report on their arrival.

DR. THEO. S. CHRIST, Staff, W. C. VANALLEN, Co. A. C. T. FRYBERGER, Co. D. EPHRAIM JEFFRIES, Co. G. EUGENE BRADGE, Co. G.

Grounds for His Argument. From the Port Allegheny Reporter. McKinley is telling the Nebraska farmers they have good grounds for backing up the monopoly tariff. But he took care not to mention the mortgages on the grounds.

Working With and Without a Mask. From the New York World. The greatest difference between train robbery and tariff robbery is the fact that the train robber faces his victim.

New Ballot Law.

Acts That Subject the Offenders to Severe Punishment.

There are some things, which, if done, will, under the new ballot law, subject the offender to punishment. Here are the offenses against the law as called from section 31 to 35:

Allowing a ballot to be seen, with apparent intention of showing marks. Casting or attempting to cast an unofficial ballot, or one improperly obtained. Interfering with voters. Inducing voters to show ballot. Uncovering numbers.

Defacing, destroying or removing of official lists of candidates, cards of instructions, specimen ballots or supplies for marking.

Hindering voters. Forgery, defacing, destroying or suppressing nomination certificates or papers or letters of withdrawal. Filing false certificates or papers or letters.

Signing nomination papers when not qualified. Forgery, defacing or delaying the delivery of ballots.

Willful or negligent non-performance or mis-performance of official duty. Willful misfeasance of printer of ballots.

Appropriation or improper disposition of ballots by printers. Having ballots in possession outside of voting room.

Counterfeiting ballots or having counterfeiters in possession. Violating any provision of the act.

Please Ask Bill McKinley.

In London wheat is now selling at \$1 and \$1.05 a bushel. In Chicago wheat is selling at 70 to 80 cents a bushel. In free trade England, wheat sells for \$1 a bushel and in the protected United States for 70 cents a bushel, what good is a protective tariff to the American farmer? How does protection protect?—Exchange.

ADDITIONAL LOCALS.

Harvey Hile, formerly of Bellefonte for five years a student at the State College, where he made a superior record both as a scholar and an athlete, started Thursday morning for Madison Wis. where he will enter the Mechanical Engineering Department of the University on a fellowship which he received through the excellence of his graduation thesis at the college.

THANKS TO THE COLLEGE AND EXPERIMENT STATION.—At a meeting of the Executive Committee of the Mt. Gretna Farmers' Encampment, held at Mt. Gretna, Aug 25th, 1892, the following was unanimously adopted:

Resolved, That we hereby tender the Pennsylvania State College and Experiment Station a note of sincere thank for their attractive and instructive display of varieties of wheat and results of experimental work made at our Exhibition this year and we extend a cordial invitation to the College to make a display of its work at our Exhibitions hereafter.

Mr. James David, one of the oldest and probably one of the best known citizens of Clinton county died at his home in Beech Creek on Monday morning last. To many of the people of this county Mr. David was well known, as in his way he was a character, and had many friends who will be sorry to learn of his death. He was a man of many good qualities, brusque, honest and without deception; had filled the office of county commissioner and other public positions, creditably, and died, leaving no one to say an unkind word of any act he performed during life.

KELLAR IS COMING.—The greatest of all magicians will appear at Garmans Opera House Sept. 7th and with him his latest wonder, "Cagliostro." This remarkable production electrified the Philadelphia public last season, when it was introduced for the first time during the magician's phenomenal run there. It is a wonderful combination of scientific skill and clever conjuring, and its effect upon an audience said to be truly remarkable.

Kellar also brings his masterpiece of magic, "Oh! I!" the truly astonishing Astarte, Nana Sahib, the Hindoo wonder worker, and a host of other curious and wonderful things calculated to astonish and mystify.

MARRIAGE LICENSES.—Issued during the past week, taken from the docket. J. J. Sents, of Williamsport and Emma Leathers of Mt. Eagle.

U. S. Grant Coble, and Ella M. Dale of Houserville.

A. Lawrence Miller, of Riverside, and E. Blanche Patterson of State College.

Cyrus Watson and Sarah Kissel, both of Union Twp.

James P. Nolan and Mollie E. Powers, both of Bellefonte.

John Robert and Ida Parents, both of Phillipsburg.

Benjamin Meek and Minnie Spatzer, both of Rush Twp.

William S. Walker and Hattie B. Malone, both of Snow Shoe.

John Brown of Spring Mills, and S. die Frazier of Bellefonte.

Wm. Richner and E. L. Heatan, both of Boggs Twp.

Thos. A. Anman and Sallie Bierly, both of Rebersburg.

There are fifteen counties in the state that have no debt. There used to be sixteen in the list, until the Republicans succeeded in electing a board of Commissioners for this county who manipulated the finances in such a way that it was but a few months after they succeeded to office, until Centre was placed among the number that borrowed money to pay their debts.

Saturday last was a big day up at the Park, if crowds and a good time go to make up big days. In addition to the crowd that went to see the ball game between the Bellefonte and Tyrone clubs, in which the former did up the latter in such fine style, there was a half a dozen car loads of people from Howard and down the Bald Eagle. The Odd Fellows lodges from Boalsburg and State College and scores of other folks who went just to see what the crowds already there, were doing. It was a nice day. Everybody had a good time and all returned in the evening highly pleased, except the Tyrone visitors who bet their money on the wrong side of the ball game.

THE PRINCE OF MAGIC.—Keller is coming. The man of mystery as usual, always has something new. This time it is "Cagliostro," which is said to be the most astonishing trick ever produced. In this illusion Keller is said to eclipse all his former inventions, in fact so great was the hit it made when first produced at the Magician's Egyptian Hall, during his long run in Philadelphia, that he was in constant receipt of letters requesting him to continue it upon the programme, and only retired it when absolutely forced to by the pressure of other productions.

"Oh!" another Egyptian Hall success, will also be seen. The effect of this trick upon an audience is said to be really startling, and hardly one can represent the involuntary exclamation from which it derives its name.

The Hindoo mystifier, Nana Sahib, astonishing Astarte, and numerous other novel features, will also be seen at Garmans opera house, Wednesday, Sept. 7.

Many of the patrons of the WATCHMAN along with the good people of the Southern side of Clinton county, enjoyed themselves at the Odd Fellows picnic at Loganton on Saturday last. Great preparation had been made for the occasion, and when the long procession of visiting orders, bands and citizens marched through the pretty streets of that hospitable town, there was no one but pronounced the gathering a decided success, and when the day was over, voted that Loganton was the place to visit to receive cordial greeting and generous entertainment.

As representatives of the order in Centre county, the Rebersburg and Millheim lodges accompanied by Brush Valley and Millheim bands were in attendance, and added much to the success of the picnic. Scores of citizens from Brush and Penns Valleys were over and not one, on returning had anything but the kindest words, for the royal welcome and hospitable treatment extended them by the big hearted people of Sugar Valley and Loganton.

ADDITIONAL FACTS ABOUT THE GRANERS' PICNIC.—The committee has leased additional land adjoining the railroad, which is well shaded, under which will be placed tables and seats for picnic parties that may wish to set their tables under the trees by themselves. This will also greatly improve the appearance from the railroad side as the under brush has been cleaned away.

Prof. H. L. Ball, of the weather signal service Philadelphia, will establish at the Park a Meteorological station equipped with instruments and the necessary signal outfit. He has also arranged for a convention of weather observers during the week on the grounds.

Arrangements have been completed whereby all can be accommodated with tents that may desire to camp. Orders should be sent in without delay.

Trains will be run every few hours to and from the Park.

Col. Mullen has been appointed Chief of Police with full authority to guarantee ample protection to all camping on the ground.

Arrangements have been completed so that there will be telephone and telegraph connection for the accommodations of those in attendance.

A distributing post office will be opened on the ground under the management of Mr. Brisbin, post master at Centre Hall. All mail that will be directed to Grange Park, Centre Hall, will be promptly delivered at Headquarters.

Those who prefer can board themselves. Boarding houses on the ground under the management of Mr. James A. Keller, of Centre Hall, and satisfactory boarding guaranteed at reasonable prices.

Hotels with good accommodations. Convenient lodging and boarding can also be had at private houses by applying to the committee.

Miss Robbins a sister of Mrs. Harry Schroyer is here now. Miss Robbins has a very fine contralto voice and sings in St John's Church Philadelphia.

FIFTY IN GOLD.—Last night four K. G. E. men came down from Bellefonte to personally present the prize awarded to Crescent Commandery, of this city, fifty dollars in gold for being the best drilled commandery at Bellefonte at the recent reunion. To properly celebrate the event the "buzzards" gathered and flapped their wings. The Good Templar band played sweet strains and all were delighted. The cash, two twenty-dollar gold pieces and a ten—(eagles and double eagles)—were enough to rattle the eye of the laymen, but the Eagle men were expecting it and of course were not bewildered. They had prepared for their feathered friends and gave them a royal reception for which they are famous, as all K. G. E. people and newspapers throughout the State will say. It is a source of great pleasure on our part to see that the prize was won by a home commandery, and furthermore that it was delivered by such an agreeable quartette. The receipt for the gold reads: "\$50. Au. August 27th 1892. Received of J. W. Alexander, fifty dollars in gold, prize awarded to Crescent Commandery, Aug. 18th, in the competitive drill at Bellefonte.—Lock Haven Democrat.

CANADA THISTLES.—Last week in a short note we called attention to the neglect of duty in township officials, who failed to enforce the Act requiring the destruction of Canada Thistles. In connection herewith we give in full the law designating whose duty it is to see that they are cut, and fixing the penalties for failure to perform that duty. That lands in this county are becoming more and more polluted with them every year is a fact that every one will admit; that when they once become thoroughly rooted it is almost impossible to get rid of them, and in places render the land worthless is equally true. And yet in the face of these facts, many farmers and others pay little attention to them, allowing them to go on spreading from year to year, until whole fields are covered with them and to eradicate them thoroughly will cost more time and trouble than it did to originally clear the land. Some owners may not know that they are liable to a fine, for allowing these thistles to grow, without an effort to destroy them. If there are any, ignorant of the requirements of the law, their attention is called to the provision of the Act as here given:

1. It shall be the duty of every person or persons, and of every corporation holding land or lands in any county or counties of this commonwealth, either by lease or otherwise, on which any Canada thistles or weeds commonly known as Canada thistles may be growing to cut the same so as to prevent such thistles or weeds from going to seed and the seed of the same from ripening, and every person or persons, or corporation as aforesaid, who shall neglect or refuse to comply with the provisions of this act, shall forfeit and pay a fine of fifteen dollars to the treasurer of the school district in which such land may be situated, to be recovered the same as debts of like amount are now by law recoverable.

2. If any person or persons, or corporations, so holding land as aforesaid, on which any Canada thistles, or the weeds commonly known as such, shall be growing, and likely to ripen seed thereon, shall neglect or refuse to cut and destroy the same so as to prevent the seed thereof from ripening, it shall and may be lawful for any person or persons, who may consider themselves aggrieved or about to be injured by such neglect or refusal, to inform by written notice any constable or supervisor of the said Canada thistles or weeds may be growing, whose duty, it shall then be to give five days' notice in writing to such person or persons, or corporation, to cut and destroy such thistles or weeds, and on their neglect or refusal to do so, and to destroy the same at the end of five days, it shall be the duty of the officer giving such notice to enter upon such premises, with such other person or persons as he may employ, and cut down and destroy such Canada thistles, and the said officers or other persons so employed shall be entitled to recover from such person or persons or corporation owning or holding land as aforesaid, compensation at the rate of \$2.50 per day, and the officer serving such notice shall likewise be entitled to a fee of 50 cents, together with six cents mileage for each mile, circular, necessarily travelled, to be recovered as debts of like amount before any justice or court in said counties.

3. It shall be the duty of the road supervisor or supervisors of the public roads or highways in every township or district as aforesaid, to cut and destroy in the same manner all such Canada thistles or weeds on or along such roads, and in case of unseated or mountain lands, whenever it shall come to the knowledge of either the supervisor or constable of the existence of any such Canada thistles or weeds thereon, it shall be his duty to notify the owner, or owners, or agents of said lands in writing, giving ten days notice to cut and destroy the same as aforesaid, and upon failure to comply at the end of ten days such officer, or any person or persons employed by him, shall proceed in the manner hereinbefore provided, with like fees and compensation, and if any such constable or supervisor shall neglect or refuse to perform his duties as prescribed by this act, he shall be liable to a fine of ten dollars, the same to be sued for and recovered as aforesaid, by the party or parties aggrieved or about to be injured by such neglect or refusal.

Not the Year for Fools.

From the Butler Herald. The Republican stump speaker is now prone to run counter to plain manifestations of Providence. The R. S. s. will claim in order to show what ears of grain of wheat, and what big ears of corn has come out of Harrison's administration and the McKinley tariff, but Providence will more than likely come out first best in impressions on the sensible farmer. It looks as if in this year of grace fact may get the better of clap-trap.

Business Notices. What shall it profit a man if he gain the whole world and then has the dyspepsia so bad that he can't enjoy any of the good things it contains? He won't have dyspepsia if he takes De Witt's Little Early Risers.—C. M. Parrish. Piles of people have piles, but De Witt's Witch Hazel Salve will cure them.—C. M. Parrish. DIED.—In this city of consumption. A familiar headline isn't it? It is pretty funny to neglect a cold or cough. One Minute Cough Cure is pleasant safe and sure.—C. M. Parrish. It's not very pleasant to cough and hack, to suffer pain in chest and back, to have many people could stop it, for sure. By simply using One Minute Cough Cure.—C. M. Parrish. Have tried almost every known remedy for itching Piles without success, finally bought a box of De Witt's Witch Hazel Salve and it has cured me. C. D. Haskins, Peoria Ill.—C. M. Parrish. A gentleman of this country who has excellent judgment remarked to us the other day that he would not give a cent for a cure of dyspepsia and liver complaint as De Witt's Little Early Risers.—C. M. Parrish. There is no use talking, neither Harrison or Cleveland will be elected unless they take De Witt's Little Early Risers. They have a "get there" quality possessed by no other pill.—C. M. Parrish. Dyspepsia, distress after eating, sour stomach, poor appetite, bad taste, coated tongue and heartburns are cured by De Witt's Little Early Risers, the famous little pills.—C. M. Parrish. 37-34-ly

NEW ADVERTISEMENTS. FARM TO RENT.—That large and productive farm in Ferguson township, Centre county, on the White Hall road, near Pennsylvania Furnace Station, now up for rent, from April next. Apply to Franklin Bowersox, tenant in charge or to B. AYRES, 805 North 17th Street, Philadelphia. 37-34-31*

FIRST CLASS LAUNDRY WORK.—J. E. Barry is the Agent of the Bellefonte branch of the CITY STEAM LAUNDRY of Williamsport, with office in Dunham's News Depot High street.
