A FRIEND?—When you are being fitted for your first pair of glasses it is decidedly annoying to have some one who knows you laugh at the evidence of approaching age, and twit you upon your slight infirmity. You will avoid this by calling on Queen's Eye Specialist, who will be found at the Brockerhoff House Bellefonte, Wednesday, Sept. 21.

AN OMEN OF DEFEAT.—It is very long faces the Republicans of Bellefonte are carrying about now. They have had an omen. Chilling, hope-depressing, evil foreboding, omen. On Wednesday last, the expensive banner strung across the street from Bush Arcade, and upon which are the portraits of Harrison and Reid, fell and trailed in the dust, for quite a while. At first it was not known what caused the collapse, but to allay the fears of the superstitious, the story was circulated that the rope upon which it was suspended was burned off by coming in contact with the electric light wire. We don't know whether it is true or not. We don't know whether it matters whether it is or whether it is not. The fall is only a precursor of what will happen the candidates and party that they represent, when the returns are made known after the November election. It is but an omen of what is coming.

—Fauble's are now nicely ensconced in their new rooms in the Brockerhoff House block, go and see them.

—The following squib from the Philadelphia Record seems to be very utopian in its ideas yet a realization of its suggestion may some day prove practicable:—"The people of the thrifty city of Lock Haven are considering the propriety of building a system of street railways. A deputation of the city fathers are to go to Boston to see the trolly, perform, and to Milford, Mass., to observe the workings of the storage battery. A line of electric cars from Lock Haven to Bellefonte, by way of the Nittany Valley, would be a great advantage to both places and to intermediate communities."

SPREAD OF CANADIAN THISTLE.—Reports from a number of localities in different sections of the county, are to the effect that Canadian thistle is in large growth along roadsides as well as premises of people who are indifferent on the subject of weed growths, when it is their duty, as well as their interest to exterminate these evidences of the divine displeasure over man's original sin and the curse in consequence put upon the earth. Parties who allow Canadian thistle to grow on their premises are liable to no small amount, and supervisors who suffer it to spring up and run to seed along public roads are culpable in the highest degree, as the law makes it incumbent on them to exterminate all such weed growths when found on the highway. Now is the time to cut down Canadian thistle before it runs to seed, and people who have it on their premises are undoubtedly of the bad citizen class who neglect to root it out as well for their own protection as that of their neighbor. Let people who see this implacable foe of soil culture growing where the owners of the land allow it to flourish call the attention of supervisors to the fact, and if they neglect to proceed for its extermination, then appeal to the township constable to have the nuisance removed by due process of law. If the people hesitate to act in these premises then there is help for them in such a dilemma.—Ez.

INDIVIDUAL LETTER BOXES.—Postmaster General Wanamaker on Friday issued an order deputizing the postmasters of free delivery cities, town and rural communities to put up letter boxes, on the request of citizens, for the collection and delivery of the mail at house doors. The order, it is said, affects nearly three million residences, to which the free delivery service is already extended; and it is regarded by postal experts as the most important departure in the free delivery of mails since the beginning of the system under Postmaster General Blair.

The canvas of models to be recommended has lasted over two years, and the recommended boxes have stood the test of actual experience. In the test upon the Washington carriers' routes, where the boxes were put upon the houses located mostly upon the building line, an actual saving of time on the trip of the carrier was half an hour or more, and in the test upon the St. Louis route, where the boxes were all put upon houses seventy-five feet from the sidewalk, there was an actual gain of several minutes.

In St. Louis more than four times as much mail was deposited in the house letter boxes as had formerly been dropped in the street letter boxes upon the same area and in the same length of time. The boxes vary in price from one to two dollars and a given route is to be equipped when the postmaster finds that two thirds of the householders desire the new double service.

The change means that as fast as patrons of the mails desire them, the two new facilities of immediate deliveries to safe receptacles, and of collections direct from house doors, will be within reach, without any expense to the household, except the first cost of the box.—Huntingdon News.

Sunday Newspapers.

Circumstances have arisen in this community which demand a statement of facts relating thereto.

At the request of many law abiding and Christian citizens we were induced to deliver to subscribers New York and Philadelphia Sunday newspapers the same day as published. That such papers are clean and elevating in their contents is without dispute. For doing this some of the clergy have invoked the Blue Law of 1794 against us and also inaugurated a boycott against our other business.

Acting under the advice of eminent members of Christian churches, we secured subscribers to pay monthly and simply delivered the papers upon the same day as published in a quiet way without disturbing any person in his or her religious meditations.

C. unconsciously believing that we were violating no law promulgated by Jesus Christ our God, or any law of the land, we embarked in the business and are continuing it until our courts declare against it which we have full faith they will not do. We do not desire to antagonize the religious sentiments of any individual yet, we claim the same right of conscience as claimed by a few of the clergy. We are also a member of the living church of Christ and would not do anything knowingly that would desecrate the Lord's day or violate the laws of the land. If our citizens desire the reading of Sunday newspapers, such as we deal in, we will continue to deliver them to them until our courts decide it is a violation of the civil law.

Respectfully we remain the public's servant,

We deeply regret to chronicle the death of little Mary, daughter of Wm. A. and Mary Tarr, aged 13 years, after a short illness of three days with that dread disease, diphtheria. On the third and last day of her illness she called her mother to her bed side, and in touching and parting words, told her she was going to die and gave directions how her toys and wearing apparel was to be divided among her little sisters and brothers, this done she calmly, and with a radiant smile on her face, closed her eyes and breathed her last.

McCracken is prostrated with a severe attack of inflammatory diarrhoea and Mrs. George Harpster is suffering from a sore made by a vicious cow. Mr. Harpster was in the act of assisting a new calf from the field to the barn, while trying to render some assistance, when the cow, with a sudden making a plunge at the woman, crushed her to the ground. One horn wounding her under the right arm and passing upward to the shoulder blade. It was with the greatest difficulty that the frightened husband succeeded in beating the furious animal away. She received the attack later, but was kept at her bed for several days, and was finally called and the wounds dressed. For a time it was feared she had sustained internal injuries, from the tramping of the cow, but at this writing we are glad to say the lady is getting along nicely.

### A MATTER OF GREAT IMPORTANCE TO YOU

IN SUFFERING FROM LONG STANDING CHRONIC DISEASES, DISEASES OF THE BLOOD, SKIN AND NERVOUS SYSTEM, AS WELL AS THOSE SUFFERING FROM EYE, EAR, NOSE & THROAT TROUBLE.

MORITZ SALM, M. D., Specialist, Von Grafe Infirmary, COLUMBUS, OHIO. —WILL BE AT THE— BUSH HOUSE, BELLEFONTE, PA. —SATURDAYS—

Sept. 17, Oct. 15, Nov. 12, Dec. 10, Jan. 7, Feb. 4, Mch. 4, April 1, & 29, May 57, June 24.

ONE DAY ONLY. EXAMINATION AND CONSULTATION FREE TO EVERYBODY. UNSOLICITED TESTIMONIALS SEVERE EYE TROUBLE.

I have been troubled with some Eye disease for some time. The pain was almost unbearable at times, and I couldn't think of reading or sewing at any time. I put myself under the care of Dr. Salm, who visits Butler every four weeks, and after only three months treatment, I consider myself entirely cured, and I can safely say that my eyes feel better and have better vision than at any time within the last twelve years. Mrs. P. GOLDBERG, Butler, Pa., W. Jefferson street.

CROSS EYE OPERATION. I have been cross-eyed ever since infancy. On August 27, 1891, I went to Dr. Salm, who visits Indiana every four weeks. He operated on my eye with perfect success, without pain or loss of blood in about a minutes time. Respectfully, KALE KUNKLE, Parkwood, Indiana county, Pa., Oct. 23, 1890.

EAR TROUBLE AND CATARRH. I have been troubled with catarrh and deafness, ringing in the ears, about six years. Tried two different doctors in Pittsburg and ever so many patent medicines, without the least benefit. I have now been under Dr. Salm's treatment four months, and the improvement is remarkable, and I am certain that within a short time I'll be entirely cured. He is the Doctor to go to, get cured. W. R. MILLER, Kelley Station, Armstrong Co., Pa., Oct. 2, 1891.

FISSURE, FISTULA AND ULCERATION OF RECTUM. After first treatment in the most intense pain had vanished as if by magic. For nearly five years I have suffered most fearfully from fissure, fissure and ulceration of rectum. The pain produced by same was at times almost intolerable, and my doing any work was out of the question. After having had the first treatment from Dr. Salm, the relief was remarkable and the fearful pain of years' standing had vanished as if by magic, and now after a short course of treatment I consider myself entirely cured. Gratefully, JOHN HORNER, Indiana, Pa., March 11, 1891.

GROWTH REMOVED FROM THE EYE BALL. Dr. Salm has removed a hard, gritty growth from my left eye with perfect success and but little pain. The sight has also improved to a great extent. Respectfully, Mrs. ELMIRA ADAMS, Wick, Butler county, Pa., January 22, 1891.

REMOVAL OF TUMOR FROM THE EYE BALL. A few months ago Dr. Salm removed from my left eye-ball a tumor which had become very large, with perfect success and no pain whatever, and was not kept in the house a single day on account of the operation. ALICE WOOD, Rochester Mills, Indiana Co., Pa., Jan. 14, 1891.

TUMOR REMOVED FROM THE EAR DRUM. I have had a tumor growing in the ear almost attached to the drum. Dr. Salm removed the same four weeks ago without any pain, and as I can see now, with splendid results. He is a great physician. PETER AMMAN, Somerset, Pa., January 16, 1891.

PRIVATE DISEASES. On account of having been Attending Physician at Hot Springs, Pa. Salm has never failed to cure a case of Private Disease, peculiar to either sex, no matter of what nature or how long standing.

RUNNING OF THE EARS. Our little son Brinton has for the last five years had running of both ears, and the same was so offensive that it was almost impossible to be near him; he became emaciated pale and puny, and was nearly always crying on account of the pain. We had him treated in Linesville, Clarion and Oil City by the best home physicians, but no cure resulted and we might just as well have thrown our money in the fire. Dr. Salm has been treating him for three months, and an entire and splendid cure has been made by him on Erinton. Mrs. R. V. McNAUGHTEN, Kingsville, Clarion Co., Pa., Jan. 27, 1891.

LUNG TROUBLE CURED. In June of last year I put myself under treatment for a bad case of lung trouble. I was losing flesh rapidly and became weaker daily, so that my friends and myself became very much alarmed. Although treated by some of our very best home physicians, I began to sink more and more. At this date I consider myself entirely cured of all my previous troubles, have once more a good appetite and can eat and sleep with pleasure, and am indeed very much satisfied with the result. Dr. Salm has done all he promised. S. E. BARR, Blanco, Armstrong Co., Pa., Feb. 2, 1891.

CATARACT SUCCESSFULLY REMOVED. Having heard of successful cataract operations Dr. Salm has made, particularly of one case of an old lady in Columbus, I decided to have him operate on mine, which I had been blind for nine years. The operation was performed some time in July; the pain was not worth mentioning and no chloroform was given. As a result I can to-day see far as near, read and write again, and from having been in ill health and puny, I am also rapidly improving in strength. I will gladly answer any correspondence and personal inquiry, regarding this successful operation. I was 7 years of age when the operation was performed. MARGARET KELLEY, Ashley, Delaware Co., Ohio.
