Fencing Facts For Farmers.

Every farmer in Centre county knows the position which Messrs. HAMILTON and DALE have taken on the fence question. They are opposed to the repeal of the act which repealed the fence law. In other words they are both opposed to fencing, but are trying to deceive the people by making them believe that, if elected, they will be guided by the voice of the people, as expressed by an additional election for that purpose. Now in the first place such a thing is practically impossible, and in the second it is only a scheme of the Republican candidates by which they hope to fool the people.

Suppose we had no fences. Suppose every farmer in the county should take down his fencing: What would be the result? The inevitable out-come would be continual litigation, neighbors would become tenemies, the poor man must sell his cow and tenant farmers do away with their

How could the farmers along the Buffalo Run valley drive their cattle to the creek for water, after the season had dried up their cisterns? With no fencing along the roads it would be absolutely impossible for them to keep their stock off of their neighbors' fields. Result-arrest for trespass and dam-

What would become of a man whose cow or horse got on the rail-road track and caused a wreck? According to a certified to the proper county officers, and the County Commissioners will recent decision of the Supreme court | have to arrange the ballot to suit themin Ohio, he would be liable to the, railroad company for every dollar's worth of its property damaged.

If the laboring man who lives on the side of Tussey, Nittany, Brush, Muncy or the Allegheny mountains should turn his cow out to pasture in the woods, the owners of the wild, unoccupied lands would sue him for dam-

not turn his cow out to pasture on the commons that surrounds all of these towns. They belong to some one, and, though they are not fenced up, that some one will arrest him and recover damages.

Tenant farmers will no longer be able to herd their young cattle on the mountain lands for summer pasturage, as they have done in the past, and their only source of profit in farming will thus be removed.

These are only a few of the results which would come from the election of either Hamilton or Dale and you can readily see that a vote for either one of them is a vote against your best interests. Be sure of your men-no matter what others say-and vote for SCHOFIELD and McCormick.

-John Hamilton's idea of a Local Option policy regarding the fence law will be carried out on November 8th, but in a slightly different manner than the would-be-legislator, from College township, suggests. The people of the county know that Messrs Mc-CORMICK and SCHOFIELD are in favor of repealing the present law, and in doing everything in their power to procure an enactment by which the poor man can keep his cow and derive some benefit from the thousands of acres of wild land pasturage in the county. Every voter in Centre county knows how silly is the idea to hold an additional election to see whether our people are in favor of fencing or not, when it can be done just as well in November. Poor man, vote for HAM' ILTON or DALE if you think you have no further use for your cow. Vote for McCormick and Schofield if you desire to keep one and be free of expensive litigation.

---Instead of finding a pot of gold rain-bow chaser, John Hamilton, will tumble into a bowl of soup. The people want a man who says he is in favor of fencing and not one who tells them that they can settle it after he is

---Every vote for John Hamilton or AL DALE is just so much toward taking the milk from the mouth of the cow if we have no fences.

A Popular Candidate.

It has been a long time since there has been an aspirant for office in this county whose candidacy has met with such favor as that of James Schofield. Because of his 22 years of successful business relations with the people of Centre county they have confidence in him, and are not slow in expressing it. and the highest compliment that he could possibly desire lies in the fact the districts in which he has done the heartily endorsed him at their Primaries. There is nothing that will tell on a man's character and principles like his dealings with others. It makes mighty little difference whether he be Irish, Dutch, Welsh or English so long as he is trustworthy and capable.

Mr. Schofield is in favor of a fence man, whose organ, the Wage Earners tive honors:

It would not have matterknown "Jim" too long to have been influenced one particle by what he would or would not say, now since he aspires to a seat in the State Legislature. We have known him since a boy—and a bad boy at that. Just bad enough to be taken into McClure's saddler shop, and made a harness maker of, but not quite bad enough to make a good printer's devil. 'Jim' served his trade faithfully, and turned out to be one of the best harness makers chairman; W. E. At night he studied and read and read and studied. then began to dabble in politics, and turned out to be quite a good stump speaker, and popular with workingmen and farmers because their welfare has always been a sort of a hobby with him. Several years ago the people of Bellefonte wanted an A No. 1 man to fill the position of Overseer of the Poor and they elected "Jim," and poor man's babe. Yes, the south will be as solid in its Democracy this year as it ever was. Indeed, it will even be more solid than usual by giving larger Democratic majorities. Virginia and West Virginia are the states that the Republicans make a special effort over in every presidential election, but they will both give fine majorities. Indicted for Murder.

It Is Frick's Turn Now-He With Oth er Carnegie People, are Indicted for Murder—The Finding of the Grand Jury— The Action Something of a Surprise, but at the Same Time Little Commotion Was Caused by the Return Made by the Grand Jury-No Tim Yet Set for the Trial

PITTSBURGH, Pa., October 11.-At 3 o'clock this afternoon the grand jury returned true bills against the members of the Homestead advisory committee G. A. Leishman, F. T. F. Lovejoy, Henlargest business are the ones that most beartily endorsed him at their Prime. officials, Henry and Fred Pinkerton, Captain Cooper, Fred Primer and other Pinkerton detectives charged with murder and conspiracy.

THE GROUNDS ON WHICH THE TRUE BILLS WERE FOUND.

The grand jury sitting in the treason cases against the Homestead strikers and the murder and conspiracy charges law and in this is the friend of the poor against H. C. Frick, various other officials of the Carnegie Steel company and the Pinkerton detectives, at 3.10 this af-Journal, had the following to say of ternoon brought in true bills in all the over to Treasurer Robert B. Roosevelt ry yesterday by Chief Justice Paxson, ve honors:

"James Schofield, of Bellefonte in the treason cases, it was thought that the murder charges would be postponed spent a couple of days in Philipsburg, and when the jury reported on them althis week among his friends, with a so it came in the nature of a surprise. view of ascertaining their views to his Chief Justice Paxson, of the supreme fitness to occupy the position of one of court of the state, and Judge Kennedy, the representatives of Centre County of the county courts, occupied the bench When the jury entered the court room Foreman Berlin presented the findings, which after examination by the judges around, and his visit to the editor was were handed to the clerk of the courts. The bills against Hugh O'Donnell and ed to us had he not called. We have others, for treason, include thirty-one defendants.

The indictments for murder are for the killing of George W. Rutter, John E Morsis, Joseph Sotak, H. Silas Wain all strikers, and include H. C. Frick chairman of the company; F. T. F: Lovejoy, secretary; J. A. Potter, super-G. Leishman, vice chairman; W. E. Corey, assistant super-intendent; Nevin McConnell and James in the State, his best piece of work be- Hinde, of the Pinkerton detective agency. The bill for conspiracy embrace all those charged with murder, with the addition of George Landes, H. M. Curry, Otis Childs, L. C. Phipps, of the steel company, and Fred W. Primer, a detective. Those charged with aggravated riot are H. C. Frick, H. M. Curry, J. G. A. Leishman, F. T. F. Lovejoy, L. C Phipps, J. S. Dovey; Nevin McCon-nell, John Cooper, C. W. Biddell, Fred Primer, W. H. Burt and F. W. Hinde. The indictment against the Carnegie officials for murder reads as follows in the case of Silas Wain: "The grand inquest of the commonwealth of Pennsylvania * * * do present: That said

> counter charges of murder, treason, conspiracy and riot. The witnesses for the prosecution were: Captain Huhn, F. G. Miller, Dr. Barton, Dr. Fogelson, C. E. Marcey, W. B. Rodgers, J. H. Gray, Dr. Osburn, Wm. Taylor, Dr. Purman Dr. McCoslin, J. H. Gillan, Emma Nester and Chas. Mansfield. The indictment against Mr. Frick and his associates for conspiracy, sets forth, among other things, that "said defendant did unlawfully, falsely and maliciously conspire, combine, federate and agree together to depress. lower, lessen and diminish wages, price and compensation of labor of diverse persons employed by the Carnegie steel company limited, to then and there close up the steel manufacturing and to cease work and operations therein, and thereupon to convey and caused to be sent 200 men and upwards armed with guns, etc., to overawe, intimidate and frighten divers persons in the arid township of Mifflin who were then lately before employed by the said Carnegie steel company to invade the said township of Mifflin and to attack which swings between the earth and and to shoot off and discharge the said deadly weapons against said persons

lately employed by said Carnegie steel company limited.

In regard to the fight on July 6th, the bill says "the defendants did coun-

sel and advise the shooting." Among the conspiracy witnesses is John McLuckie, burgess of Homestead. The indictment in the riot cases against Frick officials differs little from that in the conspiracy charge. The grand jury's action did not cause much excitemen among the public generally and the defendants themselves took it quite cooly; the Carnegie officials however, declined to be interviewed on the subject of the charges. It is not known yet what term of the criminal court the cases will be assigned.

Huntingdon, Oct. 12.—After the return a few weeks since of the incorrigible inmates of the Huntingdon reformatory to their respective counties, it was thought that the spirit of insubordination among the prisoners had been thoroughly weeded out.
