

Democratic Watchman

Bellefonte, Pa., Oct. 21, 1892.

A HARDWORKING WOMAN.

All day she hurried to get through,
Sometimes at night her husband said,
'Ma, ain't you goin to come to bed?'
An then she'd kinder give a hitch,
An pause half way between a stitch,
An sorter sigh, an say that she
Was ready as she'd ever be.

THE COLUMBUS MONUMENT UNVEILING.

In the afternoon the imposing ceremonies of the unveiling of the Columbus monument attracted thousands to the park. Vice President Morton, Senator Hill and Governor Flower and staff, Mayor Grant, other city officials, Archbishop Corrigan, Italian Minister Baron Fava, consul, all the Italian societies and officers of the Italian cruiser Baccan were officially present.

UNITED CATHOLIC SOCIETIES PARADE.

The parade of the United Catholic societies of New York Brooklyn, Jersey City, Yonkers and other suburbs was viewed by undoubtedly 1,000,000 people Tuesday, who crowded the streets they passed through. Fully 30,000 men were in line carrying banners and flags illuminated with transparencies, mostly bearing religious symbols. The American flag was conspicuous throughout the whole parade, while the ancient flag of Spain was also visible in the display.

WEDNESDAY NIGHT'S PAGEANT.

The "Historic and Industrial night pageant" which closed the outdoor part of the Columbian celebration to-night, was something of a disappointment. There were many difficulties to contend with. The crowds of people were simply so vast as to be absolutely unmanageable. They were good natured, they raised no disturbances, but there were simply too many of them. The line of parade from the battery of Fifty-ninth street was enclosed by a wall as solid as if it had been made of iron.

Morals.

Not upon mind, but upon morals, is human welfare founded. The true subjective history of man is the history not of his thought, but of his conscience; the true objective history of man is not that of inventions, but of his vices and virtues. So far from morals depending upon thought, thought, I believe, depends upon morals. In proportion as a nation is righteous, in proportion as common justice is done between man and man, will thought grow rapidly, securely, triumphantly; will its discoveries be cheerfully accepted and faithfully obeyed to the welfare of the common weal.

Wagon grease will take off warts and protruding moles.

Where Columbus Landed.

Watling's Island Believed to be the Spot, and Not Cat Island—Some Interesting Investigations.

All the geography books used in the public schools of this country used to say that Christopher Columbus first landed in the new World at Cat Island, called by the natives Guanabani, but as a matter of fact geographers have been quarrelling for the last three centuries over the identity of Guanabani, and the most recent authorities incline to the belief that Guanabani and Cat Island are one and the same. Some time or another Cat Island, Grand Turk, Marignana, Samana, and Watling's Island have been held to be the original Guanabani. Washington Irving and Alexander Von Humboldt agreed upon Cat Island and for years it was marked as Guanabani in the school geographies.

Columbus says in his journal that Guanabani is quite large and very level with plenty of green trees, abundant water, and a lagoon in the middle. He adds that it has no mountains and is covered with verdure. A sterling feature is conveyed in his report that he found it surrounded by a reef with a narrow entrance admitting to a broad deep harbor. He found a point that seemed peculiarly adapted for fortification.

Herr Cronan found all these features in Watling's Island, together with its resemblance to a bear, a point that one of the companions of Columbus noted touching Guanabani. New Providence is the only other island of the Bahama group that resembles a bear, and it has never been confused with the original Guanabani. The earliest map of America, that drawn by Juan de la Cosa, the companion of Columbus, shows Guanabani in much the same relation to Cuba and Hayti that Watling's Island bears to those islands on modern maps.

Bedrooms of the Orient.

The bedrooms of the Orient are far different from those of Christendom. Fully half the women of the world sleep upon the floor or ground, and even the richest of the ladies of Asia have never known the luxury of hair mattresses and spring beds. Most of these Mongolian beauties don't know what a feather bed means and there is in most museums a Japanese pillow, consisting of a piece of wood about the size of a loaf of bread with a piece of soft paper on the top of it, and so made that it will just fit into Yum Yum's neck and to prop her head off the floor.

Not Used to the Country.

"Can't you change your seat to the other side of the car? Some one asked a little girl who had been sent to the country by the Country Week Association. The child hesitated fearing that she might lose many a pleasing sight from the car window by changing her seat. Then, thinking she would investigate the matter, she asked:

"Is the country on both sides of the car?"

Now TRY THIS.—It will cost you nothing and will surely do you good, if you have a Cough, Cold, or any trouble with the Throat, Chest or Lungs, Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to give relief, or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at Parfiss's Drug Store. Large size 50c. and \$1.00.

Not Difficult.

Cholly—Clever woman that. She is really short and dumpy, but by means of her train and carriage she makes you forget it. Dick—I don't see anything clever about that. With a carriage and a train one can carry anything off.—Harper's Bazar.

The most wonderful medicine I have ever met with is Chamberlain's Colic, Cholera and Diarrhea Remedy. In cases of colic it gives a speedy relief. On hunting trips I have found it indispensable. Put in alkali water it imparts a pleasant taste and prevents the painful diarrhoea which alkali water produces. I could not feel safe without it in my house. J. F. SMITH, Fort Abercrombie, N. D. For sale by Frank P. Green.

Unalloyed Sport.

Little Dick—Papa, I wish you'd buy me a fish pole. Papa—There are no fish in that stream. Little Dick—Well, then, you won't have to go 'long to take 'em off 'r book.

Don't commit suicide on account of your incurable blood disease. The sensible thing for you to do is to take Ayer's Sarsaparilla. If that fails, try, then—keep on trying, and it will not fail. The trouble is, people get discouraged too soon. "Try, try, try again."

Cholera Subsiding.

European Centers Declared Free of the Dread Disease.

BERLIN, Oct. 10.—The authorities announce that there are no genuine cases of cholera among the prisoners who were removed to the hospital of the House of Correction, and that only one cholera patient is now in the Moabit lazaretto. The scare occasioned by the outbreak of what was said to be genuine Asiatic cholera in the House of Correction is subsiding.

In Paris and its suburbs yesterday there were reported 11 new cases of cholera and six deaths from the disease. The daily official bulletin will henceforth be stopped, as the authorities consider that the epidemic is no longer of a grave nature.

One new case of cholera and two deaths from the disease were reported in Craacow yesterday. All the patients are workmen employed on the Vistula river. The disease does not seem to be spreading in the town.

In Szegedin one new case was reported to-day making a total so far of seven cases and three deaths. All the schools of the city have been closed on account of the prevalence of the disease.

The presence of cholera in Buda Pesth has caused such a general feeling of uneasiness that the members of the Austrian delegation have decided to the Hungarian delegations to adjourn both houses. Drs. Proet, Broudal, and Thoinot, of Paris, have investigated the suspicious cases of sickness that have occurred recently at Marseilles, and which were thought to be an outbreak of Asiatic cholera. The physicians now report that the disease is not Asiatic cholera, but cholera nostras, which is not so infectious person to person. Measures to prevent any extension of the disease have been taken. The doctors declare that Marseilles is not a cholera centre.

An Original Entertainment.

The Lemon-Squeeze Puzzle Exceedingly Popular.

Without card playing or dancing then young married couples may be entertained very delightfully at an evening company by some of the puzzles which the lemon-squeeze puzzle, each party bringing a lemon, which is cut open and every seed extracted, and then all the seeds counted and put in a jar for the guests to guess at. The one guessing nearest to the number of seeds receives a prize, and there may also be a "booby" prize. An apple-cut or an orange-cut can be arranged upon the same principle. The refreshments in either case being largely composed of the fruits named.

BUCKLEN'S ARNICASALVE.—The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by C. M. Parrish.

Charles D. Gibson, the illustrator with whose type of woman the reading public is familiar, has the honor of originating a fashion. The swell girl now parts her hair in the centre and wears it in a loose knot, after the style of Mr. Gibson's women in his pictures.

Mrs. Hardhead—I can always tell what kind of a wife a man has by his views on the woman question. Mrs. Hardhead—Then you are a Chicago man.—New York Weekly

I was so much troubled with catarrh of the eye, my vision was so dim, that I was almost blind. I tried many remedies, but they did me no good. My eye is now perfectly restored.—B. F. Liepsner, A. M., Pastor of the Olivet Baptist Church, Philadelphia, Pa.

Neighbor—And so you have a little baby at your house? Is it a boy or a girl? Little Boy—Mamma thinks it's a boy, but I guess it'll turn out a girl. It's always crying 'bout nothin'.—Pittsburg Press.

"Who said Hood's Sarsaparilla?" Thousand's of people, who know it to be the best blood purifier and tonic medicine.

FOR BRONCHITIS. I never realized the good of a medicine so much as I have in the last few months, during which time I have suffered intensely from pneumonia, followed by bronchitis. After trying various remedies without benefit, I began the use of Ayer's Cherry Pectoral, and the effect has been marvelous, a single dose relieving me of choking, and securing a good night's rest.—T. A. Higginbotham, Gen. Store, Long Mountain, Va.

LA GRIPPE.

Last spring I was taken down with la grippe. At times I was completely prostrated and so difficult was my breathing that my breath seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner began taking it than relief followed. I could not believe that the effect would be so rapid.—W. H. Williams, Cook City, S. Dak.

LUNG TROUBLE.

For more than twenty-five years, I was a sufferer from lung trouble, attended with coughing so severe at times as to cause hemorrhage, the paroxysms frequently lasting three or four hours. I was induced to try Ayer's Cherry Pectoral, and after taking four bottles, was thoroughly cured. I can confidently recommend this medicine.—Frank Hofmann, Clay Centre, Kan.

Speaking of Flying.

Some run, some fly, and some are limited in their means than one, but the new fast trains on the Union Pacific System are out of sight while the other fellows are getting their wings fixed. The remarkable time of 13 hours and 25 minutes from Omaha to Denver made by the "Denver Fast Mail" is specially commended to people who wish to "get there." To Portland in 65 hours via Omaha and the Union Pacific System, you save fifteen hours and fifty minutes over all competition; to San Francisco in 67 hours via Omaha and the Union Pacific System, you save twelve hours and thirty minutes over all competition. For tickets via the Union Pacific or any information call on your nearest ticket agent or E. L. Lomax, Genl. Pass. & Ticket Agt., Omaha, Neb.

It May Be Interesting to Know.

That when excursion rates are made to Chicago for people who live in the East, to enable them to attend the World's Fair next year, it is contemplated by the Western roads to also make excursion rates from Chicago to all principle business and tourist points in the West, Northwest and Southwest, so that those who desire to spend a few weeks among their friends in the Great West, may have an opportunity of doing without incurring much additional expense. It may be well to consider this subject in advance of actual time of starting, and the Chicago, Milwaukee & St. Paul Railway Co. has issued maps and time tables and other instructive reading matter, which will be glad to furnish free of expense upon application by postal card address to Jno. R. Pott, District Passenger Agent, Williamsport, Pa. or to Geo. H. Hefford, General Passenger Agent, Chicago Ill.

In the First Place.

"The Overland Flyer" of the Union Pacific System is today as it has been for years, the most popular as well as the fastest Daily Train Continental Train. The flyer is a solid vestibule-train composed of Pullman Sleepers and Dining Cars and Free Reclining Chair Cars. No change of coach Chicago to Denver, Ogden San Francisco or Portland. Note our common sense time table:

Suggestion for a Summer Trip.

If you wish to take the trip of a lifetime, purchase the low rate excursion tickets sold by all principal lines in the United States and Canada via the Northern Pacific Railroad to Yellowstone National Park, Pacific coast and Alaska.

The crowning glory of the trip through the Northwest, however, is the visit to Yellowstone Park, the land of hot springs, geysers and gorgeous canyons, and to Alaska with its endless oceans channels, snow-capped peaks, Indian villages and giant glaciers. If you wish to investigate the suggestion further send to Charles S. Fee, General Passenger Agent, N. P. R. St. Paul, Minn., for copies of the beautifully illustrated "Wonderland" book, Yellowstone and Alaska folders.

The Titan of Chasms.

A Mile Deep, 13 Miles Wide, 217 Miles Long, and Painted Like a Flower. The Grand Canon of the Colorado River, in Arizona, is now for the first time easily accessible to tourists. A regular stage line has been established from Flagstaff, Arizona, on the Atlantic & Pacific Railroad, making the trip from Flagstaff to the most imposing part of the Canon in less than 12 hours. The stage fare for the round trip is only \$20.00, and meals and comfortable lodgings are provided throughout the trip at a reasonable price. The view of the Grand Canon afforded at the terminus of the stage route is the most stupendous panorama known in nature. There is also a trail at this point leading down the Canon wall, more than 4,000 feet vertically, to the river below. The descent of the trail is a grander experience than climbing the Alps, for in the bottom of this terrific and sublime chasm are hundreds of mountains greater than any of the Alps range.

A book describing the trip to the Grand Canon, illustrated by many full-page engravings from special photographs, and furnishing all needed information, may be obtained free upon application to Jno. J. Byrne, 723 Monmouth Block, Chicago, Ill. 37-36-2m
