THINGS ABOUT TOWN & COUNTY

—It is over.
—La Grippe is threatening us with another visit.
—The Republicans got so chilly on Wednesday that it snowed.

—For a five minutes talk to Chicago, over the long distance telephone, the New Yorker must pay \$9.

—What has become of the Sabbath breaking arresters? They seem to have forgotten what they started out to do.

—West Moshannon, Clearfield co., is so short of water that one man has had another arrested for stealing from his well.

—Bellefonte never knows what an immense number of good looking men she can claim until election day gets around.

—The State College chapter of the Epworth League sent its full quota of delegates to the Harrisburg Convention last week.

—Rails are being laid on the Mahoning valley railroad. Work is being carried on from the Clearfield and DuBois ends of the line.

—The fellows who won are beginning to look up Christmas presents for wives, sisters and sweet hearts. The other fellows are "sawin' wood."

—George Billing—Do you know, the physicians declare that kissing is apt to produce a disease called—I've forgotten the name—but—Maud Cooling—The never mind, George; I've been vaccinated.

—Among the good democrats who came in to help us jollyify were; Hast Lyman of Roland; D. C. Keller, of Centre Hall; John Corrigan, of State College; A. R. and W. K. Alexander, of Millheim and W. C. Patterson, of State College.

—The people living in the vicinity of Axe Mann were badly scared last Sunday night when a big black bear made its appearance in their midst. It ran around through the woods as unconcerned as could be and the hair on the heads of some of the Axe-Mannites hasn't laid down since.

—35,000 cubic yards of muck arising from the drainage of countless cess-pools, privies, pig pens and stables situated on the banks of the stream which pours its waters into Kittanning reservoir, whence Altoona draws her water supply, were carted out of the reservoir last week.

—An exchange tells a story of a tramp who rang a doctor's door bell and asked the trim, pretty woman who opened the door if she would kindly ask the doctor if he had a pair of old trousers he was willing to give away. "I am the doctor," replied the plump and pleasing young woman, and the tramp fainted.

—While hanging a window shutter on the third story of a Renova building, one day last week, Joseph Swartzfischer, lost his balance and tumbled out. He caught on the window sill by his toes and hung there until two men, on the street below, who saw the accident ran to his rescue. So great was the shock to his nervous system, that he fainted just as soon as he was pulled in.

—William Anderson, a cook in Harvey Boyer's Tyrone restaurant, attempted to murder his employer last Friday afternoon by shooting him. While Mr. Boyer was sleeping on a lounge Anderson, who had been angered by a severe reprimand, opened fire on him. Two bullets taking effect, one in each arm. An errand boy knocked the would be murderer down with a monkey wrench whereupon he tried to shoot himself, but without serious results.

—On last Monday morning the remains of the late Rebecca Schreyer, were brought here, from Oak Park a suburb of Chicago, for burial. Funeral services were conducted at the home of Mrs. Minnie Harper, on west Linn street, and the interment was made at 2 o'clock the same afternoon.

Deceased was 74 years of age and was the widow of Allan Schreyer, deceased, who many years ago conducted a furniture and undertaking establishment in this place. She had lived here until recent years when she went to Chicago to make her home with her son Charles, where she died after a protracted illness. Seven children survive her, as follows: Mrs. Evans, of Lock Haven; Mrs. Minnie Harper, and Mrs. Hoffman, of this place. The sons are Charles, of Chicago; Benjamin, of Altoona; Hayes and Harry, the latter of this place. William Schreyer deceased, the oldest son who was well known here, the late Mrs. Daniel Garman, of this place, and the late Mrs. Hawthorne, of Williamsport, were children.

A WHITE DEER.—One of the most beautiful and wonderful specimens of the fleet-footed denizens of mountain heights ever seen in this region, in the shape of a deer, the color of which rivaled in whiteness the feathery snow flake, was brought to this city from the scene of its capture, on the banks of Baker run, Clinton county, Friday, and exhibited to the curious gaze of an admiring populace. The unusually fortunate hunter who was thus favored by the goddess of the chase and upon whom beamed the smiles of Diana's nymphs, was George S. McCartney, a resident of Dauphin, Dauphin county and a cousin of Ike Mulligan, of Renova. The deer is certainly a curiosity. Its head is the usual color—a sort of grayish red—but the balance of the body is snow white. It is the only one of the kind ever killed in the county, and is the first killed in the State since Benjamin Kaley shot one in Schuylkill county twenty years ago.

The incident has awakened many reminiscences among old hunters. Long ago it was considered an evil omen to kill a white deer, but taking into consideration the saying among mountaineers that "all signs fail in dry weather," we do not think Mr. McCartney need feel the least uneasiness concerning the result of his success as a hunter.—Renova News.

THE COLLEGE BOYS WINNERS.—The foot-ball eleven of the Pennsylvania State College went to Pittsburg last Friday evening and on Saturday lined up against the Pittsburg Athletic Club's eleven—better known as the East End Gyms.—The game was hotly contested from start to finish, but the superior training of the College boys was more than their doughty opponents could master. Fifteen hundred people watched Taylor, Fay, Morrow and Brown shoot through the Gyms' line and run around their ends until they had scored three touch-down, from which two goals were kicked.

The College boys played a snappy game from the "kick off" and frustrated every trick attempted by the Smoky City players. It was thought that the score would have been larger, but the crippled condition of the Collegians and the fact that Capt. C. E. Aull of the Gyms, was last year's P. S. C. captain and quarter back, accounts for the final of 10 to 0.

The teams lined up as follows:
P. A. C. (0) State College (16)
B. Aull, Left end.....Harris
Riley, Left tackle.....Morrow
Lawless, Left guard.....Fisher
Stevenson, Centre.....Read
C. Aull, Quarter back.....Atherton
Gumber, Right tackle.....Dwyer
Phelan, Right end.....Rothrock
C. Aull, Quarter back.....Atherton
Martin, Left half.....Taylor
Proctor, Right half.....Fay
Dibert, Full back.....Brown
Touch-downs—Fay 3 Goal kicks—Atherton 2. Referee—McCance. Umpire—Dan Barr.

THANKSGIVING PROCLAMATION.—Saturday Governor Pattison issued the following proclamation:

"Profound gratitude to the divine Author of all good, whose blessings have been so abundantly bestowed in the past and whose benediction we fervently invoke for the future, makes it fitting and right that the people should pause from their accustomed toil and pleasure to make acknowledgment of their dependence upon that Almighty Being from whom all blessings flow.

"In conformity, therefore, with the recommendation of the President of the United States, I, Robert E. Pattison, governor of the commonwealth of Pennsylvania, do appoint Thursday, the 24th day of November, as the day of thanksgiving and prayer.

"On that day let the people lay aside all secular occupations and meet together in their usual places of worship, in reverent thanksgiving for mercies received and prayer for a continuance of Divine favor. By the reunion of families and friends promote that love for home which secures contentment and prosperity, and above all in kind remembrance of the poor, put on charity which is the bond of perfectness, and so render our thanksgiving more pleasing to the Lord."

A JACKSONVILLE PARTY.—The young people of Jacksonville and vicinity recently spent a pleasant evening, in dancing, at the home of Mr. Close McClintic, near that place. Those who were present are: Misses Emma Long, Edith Irvin, Bertha Holmes, Maggie Long, Resie Beck, Annie Irvin, Maggie McClintic, May Long, Cora Robb, Annie Miller, Grace McClintic, Ellie Tate, Emma Hoy, Jennie Wagner, Alice Bergstresser, Fannie Fisher, Virgie Leathers, Carrie Beck, Mary Bergstresser, Maggie Wine, Mervin Betz, Newton Kling, John Beck, Elwood Winkelman, Joe Strunk, Nels Robb, Ans Shenck, Walter Cook, John Yearick, Dick Holmes, William Leathers, and Allie Irvin.

The young people were charmed with the hospitality of Mr. McClintic and his estimable wife and will remember the party as one of the bright events of their lives.

—Mrs D. H. Hastings is entertaining Mrs. John H. Hartranft and her two daughters.

—Phillipsburg Presbyterians are listening to a new preacher. His name is Henry F. Mears.

—At the age of 58 Mrs Josiah Johnson, of Hecla, departed this life on Tuesday night. Deceased leaves a husband and several children to mourn their loss.

—Last Saturday afternoon a picked eleven from the Penna. State College played foot ball with the Bellefonte team and won by the score of 24 to 0.

—Foot-ball at the College to morrow. Bucknell University versus State College. A special train will run up over the Bellefonte Central, leaving here at 1 p. m. and returning by 5 o'clock.

—The Presbyterian chapel of this place has been undergoing retouching, at the hands of some Boston frescoers, and now presents a charming interior. The prevailing tints are olive, pink, green and gold.

—John Dubbs went up the river yesterday morning. He had a plow handle on his shoulder when he started, so we presume he was dumb enough to think that there are some farmers up there. Oh no, John! they all voted with us this time.

—On the night of election '91 some fellows stole hold-back straps from the cart of Burdette Butler, of Howard. On the night of election '92 a like act was committed. This time taking, straps, whip, and tie-ropes. He will pay \$25 for conviction of the culprits who committed these acts.

—Among the young Bellefonters who came home to vote were Will Furst, Philadelphia; John Furst, Williamsport; Lee B. Woodcock and Charley Hughes, Princeton, N. J.; Joseph Rhoads, Altoona; Walter Lombrey, Will Keller, Clifford Lucas, Walter Bayard, Wilbur F. Harris and George McCafferty, Washington, D. C.

—At a meeting of council last Monday night a motion was passed to negotiate a loan of \$100,000, at a rate not higher than 4 per cent, to pay off the old 7 per cent bonds which will fall due on April 1st, 1893. Council also decided to try vitrified brick for crossings and has ordered 1000 for the test. The fire alarm question was taken up and thoroughly discussed. After considering the objections to its use council voted to continue blowing it when fire threatens our town. A wise decision.

FIRE BUGS AT WORK.—Attempts were made to start fires in three different parts of town on Tuesday night. One was frustrated which was being made in the stable of the Bellefonte Fuel and Supply Co., on Race street. Another in the stable belonging to the property of the late T. R. Reynolds, just off Spring street, was discovered before serious damage was done and the third was located near the Glass works. If the villains had been successful in getting a fire started at any of the places where they tried the result would have been disastrous, for every one is in quarters surrounded by light frame buildings which would have made a frightful conflagration.

IF IT ONLY PROVES TRUE.—According to the following prognostications for this month it will be seen that Mr. Hick's promises us lots of rain. If his prophecies only come true parts of Pennsylvania, which are now parched and baked for want of water, will surely have every confidence in his future forecasts:

"We will have bright, frosty days and nights during the opening days of November. About the fourth it will grow warmer, and during the days following storms will pass from west to east. Be prepared for cold waves to succeed all the regular and reactionary periods of the month. The 11th is a central day for reactionary movements. From 16th to 19th look for rain, sleet and hard autumnal gales. Hard freezing will follow on the heels of the storms, and continue up to the 22d and 23d. These dates will bring higher temperature and storm, and in turn be followed by cold. Month ends with storms, 28th and 29th, and cold wave the 30th."

HE WAS UP IN THE MORNING.—A good joke is told at the expense of Attorney Al Dale, who figured as a candidate on the Republican ticket for Assembly at the recent election. He had become so sanguine of his election that he all he thought remained to be done was to be out early on the morning of the 8th to catch the worm. It is natural for a fellow to get a little bit excited when he is in such imminent danger (?) of having Legislative honors thrust upon him as Mr. Dale was, but when he crawled out at one o'clock in the morning and wakened up the girl to get his breakfast, before knowing that he had only been in bed about an hour we think Al must have had it pretty bad. He went back then and overslept himself, not awakening until the worm had wiggled out of his reach and nothing was left in his bonnet by the sting of the bee.

SOLDIERS OF THE FIFTIES.—One of the pleasantest evenings we have ever passed was that of last Friday evening, Nov. 5, when we were courteously invited to the Gregg Post room to witness the reunion of the Bellefonte Fencibles, an organization existing since 1858. After the meeting had been called to order by Col. George A. Bayard, Mr. Robert Valentine was chosen presiding officer. "Jas. H. Rankin reading clerk, and Mr. C. P. Stonerod, secretary. Music is ever the means of touching some chord of remembrance that will vibrate and re-echo through every fibre of our being, carrying us beyond present surroundings, and as the familiar and soul stirring strains of "America," played by Prof. Myers' orchestra, were heard, these battle-scarred veterans were once more comrades toiled and foot sore.

"Cannon to right of them
Cannon to left of them
Cannon in front of them"
For a time, being recalled to themselves when the music ceased and they were led in prayer by Rev. Honesty, pastor of the A. M. E. church—"Then a silence fell"—and once more the years rolled back as Mr. J. H. Rankin called the roll.

"There they stood in the falling light;
These men of battle, with grave dark look,
And out of the original one hundred and thirty five.

After calling attention to the communications of regret that had been received from the three members unable to be present, Sergeant James H. Rankin read a brief history of this brave band with clippings from the old *Centre Democrat* and *Pennsylvania Sentinel*, then published in Harrisburg, both these articles being highly complimentary to the Fencibles. Mr. Rankin stirred up the fire and settled back into the shadow while Mr. Robert Valentine took up the strain enlivening the "boys" with some of the humorous incidents that had happened in the midst of all the toil and sorrow, and well preparing his hearers for an enthusiastic appreciation of the orchestra's next selection "Marching through Georgia;" the walls fairly ringing as every voice joined heartily in the chorus and a march was made for the mess table where something more elaborate than hard tack and black coffee was served. The inner man being well stayed, W. C. Heinle, Col. Austin Curtin, Corporal W. H. Musser, Capt. S. H. Williams, Capt. S. B. Miller and Mr. E. C. Humes each in turn made a few remarks befitting the occasion.

The lights were put out and every person went to their quarters with the touching words of "Auld Lang Syne" ringing in their ears, feeling this first reunion of the Bellefonte Fencibles in thirtyone years, to have been a fitting commemoration to those brave soldiers, for there never was an organization that contained finer men and no company in the army bore truer faith to the great cause it espoused and is more worthy to be honored in the annals of the Republic.

—Considerable snow fell in Bellefonte on Saturday morning.

—Three inches of snow fell in this place on Wednesday to cover the graves of the departed.

—The ladies of the Methodist and Evangelical churches held festivals on election day, both clearing handsome sums.

—Ladies, misses and children's fall and winter coats all in, already, and a great big line it is. Lyon & Co.

—Two distinguished looking gentlemen were seen on our streets Thursday morning. They were Dr. Geo. W. Atherton, President of the Pennsylvania State College, and Dr. H. P. Army, Director of the Experiment Station, at the College.

"Here" was the answer, loud and clear from the following persons: Ex-Gov. A. G. Curtin, who was captain of the Fencibles; James H. Rankin, who was first sergeant; Cyrus Strickland, Monroe Armor, Gen. John T. Curtin, H. P. Harris, H. H. Montgomery, P. M. Barnhart, H. C. Yeager, Robert Valentine, John Anderson, Frank P. Green, E. M. Blanchard, W. W. Montgomery, Col. George A. Bayard, W. S. Trippe, Col. D. K. Tate, all of Bellefonte; R. C. Cheesman, of Wash-

ington, D. C., Joseph Schnell, of Binghamton, N. Y.; Abram Miller, of Pleasant Gap; C. P. Stonerod, of Milesburg; William Orner, of McAlevy's Fort.

"'Twas a victory; yes, but it cost us dear—For that company's roll, when called at night Of a hundred men who went into the fight, Numbered but twenty that answered 'Here'."

As though pursuing the war time program and after roll call, seated around the camp fire to talk over the events of the day, Mr. Cheesman called for a speech from ex-Gov. A. G. Curtin, which was mainly an epitome of the war, the causes leading thereto and effects upon our nation, with the important part played in it by the Bellefonte Fencibles, to every member of which he paid a glowing tribute. The whole address was rich in reminiscences and several well-told anecdotes elicited hearty applause from those surviving participants.

After calling attention to the communications of regret that had been received from the three members unable to be present, Sergeant James H.
