### Gifts Made at Home.

They are Price Reduced and Appropriate for Christmas—Tokens of Esteem Adapted to All Ages and for Friends of Every Degree—How to make a Score of Inexpensive, Useful and Attractive Articles.

Most of my readers have doubtless seen the pretty banners that are so frequently hung on the head of the bed in guest chambers, but if not, they will find pleasure in sending one to some friend recently visited, or in placing one in their own spare room. Since fresh flowers cannot always be had, this pretty conceit may be substituted.

Three-eighths of a yard of sash ribbon and a brass rod are the materials needed, with a bottle of liquid silver or gold, as will compare best with the ribbon selected, and a very fine camel's hair brush. Trace these words of welcome on the ribbon, leaving sufficient margin at the top to turn under and fasten to the rings on the rod. Fringe the lower edge:

Sleep sweetly in this quiet room,  
O host, who art thou art,  
And let no mournful yesterdays  
Disturb thy peaceful heart.

Nor let to-morrow vex thy rest  
With dreams of coming ill,  
Thy Maker is thy changeless friend;  
His love surrounds thee still.

Forget thyself and all the world;  
Put out each glaring light;  
The stars are watching overhead;  
Sleep sweetly then, Good night!

Fasten a number of single sheets of note paper to the back of the banner with daisy ribbon tied in the end rings on the rod. On these guests will inscribe their names, dates of visits and any pretty sentiment they may wish to express.

### RIBBON CASE FOR PHOTOGRAPHS.

One and a half yards of two contrasting shades of four-inch ribbon, one-quarter yard of china silk to match either ribbon, wadding and sachet powder form this dainty case. Hem each ribbon; over cast the edges together for eighteen inches, turning up nine inches and overcasting the outer edges. Make a bag of the silk, line with wadding, perfume and slip into the ribbon bag. Fringe the ends four inches, knot once, and five inches above the margin of the bag tie a long looped bow, folding it over so the fringed ends will meet the bottom of the bag.

### TRAVELLING SHAWL AND WRAP CASE.

One yard of grass linen and two large bunches of Star brand are wanted. Cut two circles of the linen nine inches in diameter, braid a large initial on each, or three rows of braid may be put on, beginning half an inch from the outer edge. A piece a half yard wide by three-quarters long will fit the circles, after taking them an inch wide from the ends. Braid to match the circle, adding a small pocket to one side. Handles of doubled linen may be added, or leather handles can be bought at trifling expense. Close with buttons and button holes. Herringbone stitch may be substituted for braid. A more useful gift is hard to find, the "holding" capacity proving a charm on a family outing when numerous light wraps are wanted.

The list of gifts that a young man may offer to his young lady friend is so limited that a hint in that direction may not come amiss. Of course books and flowers are always permissible, but all girls are not "bookish," while flowers retain their beauty and sweetness so short a time after being removed from the hothouse atmosphere one scarcely feels surprised for sending a gift that will not survive the day it commemorates.

No articles of apparel can be offered, and "Huyler's" has ceased to be a novelty. A fan is the article of use and adornment that can be safely offered, and to make the gift complete one of those pretty ribbon cases to be carried on the arm accompany it. These are made of one and a fourth yards of ribbon wide enough to cover the fan easily, the ends overcast to within three inches. Cut in two lengths; fringe three inches deep. Fold the upper ends three inches, run a case for the arm ribbon, gather in the middle so as to form what look very like butterflies with their wings spread for flight. Any flower design may be painted on the case. Violets on yellow, forget-me-nots on pink, apple blossoms or wild roses on blue, especially pretty. Run narrow ribbons in the case.

### PRETTY BOOK COVER.

This is recommended for paper covered books or magazines; only the blotting paper of which it is composed being scarcely durable enough to supplant board covers.

Take a sheet of buff blotting paper and cut two pieces a trifle larger than the book it is to cover. Bind both ends and one side with brown ribbon that shades in with the paper, pasting it on with powdered gum tragacanth dissolved in a little cinnamon water. Cut two pieces of ribbon a fraction longer than the covers, turning down and pasting the ends to prevent fraying. Gum the unbound edges lay on one ribbon, let it dry, then paste the other ribbon directly over the first. A sketch in pencil of a pretty spot described, a favorite passage quoted or "Old Friends are Best Friends" on the cover will give pleasure to the owner of the treasured volume.

A simple and pretty rattle for the little "stranger that is within our gates" is made of a 7-inch embroidery hoop, wrapped in ribbon crossed so as to meet in the centre, where a bow is tied. Fasten ten silvered sleigh bells on the ends of the bows and at intervals on the crossed ribbons. Two yards of ribbon and fifteen bells are wanted. The narrow red, white and blue ribbon makes a particularly pretty and gay rattle.

In autumn the woods abound with twigs and pine cones, which may be utilized in various ornamental ways. A pine twig having three cones is one model, colored with liquid gold. A small thermometer is tacked near the centre of the twig, and near the top, which is really near the bottom of the branch, is tied a great bow of wide light green satin ribbon. The thermometer may be hung on the wall or

wherever else desired, and the cones may be bronzed or left in their natural state, as preferred.

These kind doilies are an exaggeration still they are new, and will therefore be used by extremists. They are made of linen, cut in the shape of leaves the edges embroidered and the veins outlined. They are placed on the plates under the little golden balls.

Toast doilies will probably prove more useful than the above. A square of linen is button holed and fringed and a spray of flowers worked in the corners. Another square a trifle smaller is placed at angles on the first and is folded over, while on the corner that comes uppermost the word "Toast" is worked in outline. The second square is treated as the first around the edges. Doubtless these doilies will prove a blessing to those who are always late to breakfast, while they make a charming addition to the table.

### The Lady in the Moon.

From the Boston Journal.

It is left to our 400th centennial to celebrate a charming discovery. It seems not to be generally known that the regal "man in the moon," who for ages or moons has been looked up to as sole ruler of his planet, shares his throne and divides his honors with the loveliest semblance of woman. Would you see her at her best let it be on a cloud less night as near the full of the moon as possible. Use a good opera or field glass. Be patient; some fail to find her at first. The face is in profile and looks toward your left as you gaze, occupying half the surface of the moon; the hair dark and coiled rather high; her throat and neck are radiantly beautiful. Beyond her profile is seen the dark face of a man looking straight forward.

### The Titan of Chasms.

A Mile Deep, 13 Miles Wide, 27 Miles Long, and Painted Like a Flower.

The Grand Canon of the Colorado River, in Arizona, is now for the first time easily accessible to tourists. A regular stage line has been established from Flagstaff, Arizona, on the Atlantic & Pacific Railroad, making the trip from Flagstaff to the most imposing part of the Canon in less than 12 hours. The stage fare for the round trip is only \$20.00 and meals and comfortable lodgings are provided throughout the trip at a reasonable price. The view of the Grand Canon afforded at the terminus of the stage route is the most stupendous panorama known in nature. There is also a trail at this point leading down the Canon wall, more than 6,000 feet vertically to the river below. The descent of the trail is a grand experience than climbing the Alps, for in the bottom of this terrific and sublime chasm are hundreds of mountains greater than any of the Alps range.

A book describing the trip to the Grand Canon, illustrated by many full-page engravings, and containing all the interesting and all useful information, may be obtained free upon application to J. J. Byrne, 723 Monmouth Block, Chicago, Ill. 37-36-3m

### Abraham Lincoln.

When leaving his home at Springfield, Ill., to be inaugurated President of the United States, made a farewell address to his old friends and neighbors, in which he said "neighbors give your boys a chance."

The words come with as much force to-day as they did thirty years ago.

How give them this chance?

Up in the northwest is a great empire waiting for young and sturdy fellows to come and develop it and "grow up with the country." All over this broad land are the young fellows, the boys that Lincoln referred to, seeking to better their condition and get on in life.

Here is the chance!

The country referred to lies along the Northern Pacific R. R. Here you can find pretty much anything you want. In Minnesota, and in the Red River Valley of North Dakota, the finest of prairie lands fitted for wheat and grain, or as well for diversified farming. In Western North Dakota, and Montana, are stock ranges limitless in extent, clothed with the most nutritious of grasses.

Its fruit farming region is wanted there is the whole state of Washington to select from. As for scenic delights the Northern Pacific Railroad passes through a country unparalleled. In crossing the Rocky, Bitter Root and Cascade mountains, the greatest mountain scenery to be seen in the United States from car windows is found. The wonderful Bad Lands, wonderful in graceful form and glowing color, are a poem. Lake Pend Oreille and Clear Lake, are alone worthy of a transcontinental trip, while they are the fishermen's Ultima Thule. The ride along Clark's Fork of the Columbia River is a daylight dream. To cap the climax this is the only water route in the world.

To reach and see all this the Northern Pacific Railroad furnishes trains and service of the highest quality. The most comfortable and comfortable Palace Sleeping cars; the best Dining cars that can be made; Pullman Tourist cars with first class service and class passenger; easy riding Day coaches, with Baggage, Express, and Postal cars all drawn by the finest Pullman Locomotives makes a train fit for royalty itself.

Those seeking for new homes should take this train and go and see the country. Write to be presented, write to CHAS. S. FEE, G. P. & T. A. St. Paul, Minn.

### The Land of Sunshine.

A Unique Country where the Skies are almost Never Clouded, while the Air is Cool and Bracing, the Perpetual Spring.

As an anomalous southern resort, by reason of the fact that there one may escape summer heat no less than winter cold, New Mexico is rapidly becoming famous. Averaging throughout the entire territory 5,000 feet in altitude above sea-level, and characterized by dry air which, unlike a humid atmosphere, is incapable of communicating heat, the temperature in midsummer remains at a delightfully comfortable degree through the day, and at night becomes invariably brisk and bracing. The sunshine is almost constant, yet the most violent out-of-door exertion may be undertaken without fear of distressful consequences. Sunstroke or prostration are absolutely unknown there. It is an ideal land for a summer outing. Its climate is prescribed by reputable physicians as a specific for pulmonary complaints, and the medicinal Hot Springs at Las Vegas are noted for their curative virtues. The most sumptuous hotel in the west, the Montezuma, is located at these springs. Write to J. J. Byrne, 723 Monmouth Block, Chicago, for "The Land of Sunshine," an entertaining and profusely illustrated book descriptive of this region, the most picturesque and romantic in the United States. 37-42-3m
