

be arranged for thirty-six. Each of these working halls is fitted for such a degree of convenience to the student as is believed to be most conducive to his success. Every working place is supplied with gas, water and drain, and ample hoods are at hand for the removal of noxious vapors. A pleasant private laboratory for the use of professors and assistants, is situated between the two large laboratories, commanding a view of both, and a supply room contiguous to all three furnishes apparatus and chemicals to the laboratories with a maximum of convenience.

As all chemistry centers about the balance, the room where the delicate operations of weighing are performed is of great interest. This opens from the quantitative laboratory, and the balance shelf, resting on piers built out from the solid brick wall, carries six beautiful balances, which can be operated with out the slightest tremor caused by movements of persons or machinery in the building.

Special features of the building are its splendidly lighted apartments, its perfect ventilation, which means freedom from the bad air so often found in laboratories, and its excellent distribution of water, steam and gas.

The department has a large and constantly increasing equipment and gives thorough instruction in all the important branches of chemistry.

THE MID-WINTER ASSEMBLY OF THE CLASS OF '93 CLOSES THE DAY.

The Class of '93 emphasized the pleasant impression made on the visitors during the day with its delightful dance given to the friends of the institution during the evening.

The Army was decorated in national colors and immediately over the procession arch the letters P. S. C. '93, in blue and white electric lights, caught the eye of every one who entered the hall. The dance was perfect and every one who attended was delighted with the arrangements the college boys had made for their entertainment. All of the distinguished guests of the day were there and it was truly a notable assemblage. Stupper and Fiske's orchestra was at its best. Twenty-nine numbers were danced and when the last strains of the "Aut wasser schen" had died away, though thoroughly tired, all gave a sigh of regret that the enjoyable occasion had so soon ended. Many handsome women and elaborate gowns were noticeable. The committee Messrs. Matern, Furst, Fay, Gross and Dale have reason to be proud of the class that did so much toward entertaining its guests.

**Reading Railroad Placed in the Hands of Receivers.**

Almost a Panic Prevailed.—A. M. McLeod, Chief Justice Edward Paxson and E. P. Wilbur appointed as Receivers.—The Board of Directors Hold a Meeting.—Business of the Road Will Be Conducted as Usual.—Stock of Roads Allied With Reading Hampered Down.

PHILADELPHIA, Feb. 20.—The great raid on Reading culminated today when the road was again placed in the hands of receivers. A. A. McLeod, Chief Justice Edward Paxson and E. P. Wilbur have been appointed receivers. The board of directors held a meeting this morning, and a statement is expected later in the day.

The excitement at the opening of the stock exchange this morning was intense, and almost a panic prevailed. The first sale of Reading was at 15, a loss of 3 1/2 over the closing quotations on Saturday. Following this drop the stock steadily declined, and at 10.15 o'clock was quoted at 14.

The stocks of the roads allied to the Reading were almost hammered down. New England showed a loss of 1 1/2 per cent. on the opening sale, at 40, while it soon dropped to 34 1/2. Lehigh Valley opened at 53, a loss of 1 1/2 per cent. and dropped in just twelve minutes to 44 1/2.

THE READING RAILROAD WAS DRIVEN TO A RECEIVERSHIP.

PHILADELPHIA, Feb. 20.—An inquirer reporter saw President McLeod at his hotel this evening. He was in good spirits. He said: "I am very sorry that we were driven to the necessity of a receivership, but it was the only thing to do. Our credit was attacked in a way that made it impossible for us to meet our obligations, and we had the receivership established before the property was further injured. I want to say that we have coal on hand now worth more than enough to pay our floating obligations and there will be no trouble in carrying on the finances. The trouble was brought about by the fact that we were doing an enormous business on a small capital, and when that attack was made on us it hurt our credit so that we could not borrow money. Many a business man and financial institution have been ruined in the same way.

The great menace to the Reading is the mortgage. The mortgage prescribes exactly how the accounts shall be kept, and directs that the balance on hand at the end of the year shall be paid to bondholders. Now we earned the preference interest last year under the terms of the mortgage, but, as a matter of fact, our equipment is so poor that we were obliged to spend as much in order to retain it. There are 6,000 cars on the line that are almost worthless. They are old fashioned, hold very little, are expensive to keep up and yet we have had to use them as our locomotives also to buy new ones. Our locomotives are not powerful or numerous enough to handle our business. We now expect to remedy this, for as receivers we can do some things which we could not before. We will put the property in the best possible condition so that it will earn all that there is in the trade.

"One of the heaviest preference stockholders of the company told me to-day that if we had not paid that interest he would have applied for a receiver last month, so that we were obliged to come to it one way or the other. The Lehigh Valley will remain with us as before. The New England system will be maintained. None of our friends have sold their New England stock. In fact, the receivership will not affect

any of the company's plans. The receivership was forced upon us, and I hope that it will not prove an unmitigated blessing.

"I want to say that I never knew how many friends the Reading had until to-day. We have had offers of assistance from all sides, and the future of the company is very bright. We are not insolvent by any means. We will pay every dollar, and the Reading will continue to develop its system. The coal trade is in no wise affected and the Reading terminal station will be pushed to completion."

**BUSINESS WILL GO ON AS USUAL.**

PHILADELPHIA, Feb. 20.—The business of the Reading companies will go on as usual, the accounts for wages and supplies being the first payments that are provided for under a receivership.

**RECEIVED BY THE GOVERNOR.**

HARRISBURG, Feb. 20.—Governor Pattison late to-night received Justice Paxson's resignation by telegraph, with the information that it will be followed to-morrow by a letter.

**ANNOUNCING APPOINTMENT OF RECEIVERS.**

TRENTON, N. J., Feb. 20.—Clerk Oliphant, of the United States circuit court for the district of New Jersey, to-night received a telegraphic message from Judge Dallas, announcing that he had appointed A. A. McLeod, Chief Justice Paxson and M. Wilbur receivers of the Philadelphia and Reading Railroad company. By the evening mail Clerk Oliphant received duplicate copies of the bill of complaint and application for the appointment of receivers. The papers were signed by Joseph McFadden, a resident of New Jersey.

**Will Disfranchise Colored Voters.**

MONTGOMERY, Ala., February 19.—Last night the senate passed the Sayre election bill. It had already passed the house. The governor will sign it and it will then become a law of the state. The new election law provides the disfranchisement of negro voters to the number of about 40,000 or more in Alabama.

**ADDITIONAL LOCALS.**

—James Phelan captured a badger near Osceola Mills several days ago and the sly little animal will be sent to the Zoo in Philadelphia. It is the second one that has ever been caught in this State.

**A MAN NEARLY FROZEN TO DEATH.**

—Harry Ricker, of Salona, came near losing his life last night by freezing to death. He had made a trip up Nittany Valley and it was late in the night when he started to return to his home at Salona. The cold was intense and for some time he suffered severely, but finally the cold completely overcame him and he lost consciousness. His horse took him home and when they reached his home it was found that Mr. Ricker was in a critical condition from the effects of the cold. A physician was summoned who soon revived the frozen man and a telephone message from Salona at noon to-day states that he is fast recovering from the effects of the "freeze."—Tuesday's Lock Haven Express.

**MARRIAGE LICENSES.**—Issued during the past week.—Taken from the docket.

W. H. Pletcher, of Howard, and Mattie L. Miller, of Beech Creek. Frank Chase and Mary Jones, both of Philadelphia. F. E. Nagney and Ella Shank, both of Bellefonte. Geo. W. Neighborhood and Alice Meyer, both of Centre Hall. Emanuel Corman, of Coburn, and Ida C. Hubler, of State College. Perry Cole, of Phillipsburg, and Josie Phillips, of Lock Haven. Rev. S. E. Koontz, of Wayland, N. Y., and Ollie S. Harter, of Walker Twp.

**SUCH THINGS TICKLE OUR VANITY.**—In the course of an editorial on the great Democratic victory of last November, the Richmond Christian Advocate says:

Mr. Cleveland won because the country editor worked well the mute but magnetic and mighty leverage that lifts men.

The Journal has all along found pleasure in yielding to the trethren of the weekly press the amplest credit for the telling work they did in the last as in previous campaigns, and we endorse heartily the epigrammatic tribute paid them by our Richmond contemporary. The change in the nature of political campaigns in recent years has given the press steadily increasing power. Formerly, it was the stump speaker who reigned supreme. Now, it is the newspaper and political pamphlet that turn the fortunes of the ballot box. Especially since Mr. Cleveland's advent in our politics have our national contests been campaigns of education, and in that work the newspaper has been the principal factor. The daily and periodical press has of course, been the fountainhead of information but it has been through the country weeklies that it has reached the people and done its most effective work. For that reason we say again, with our Richmond contemporary, all honor to the country editor!—Louisville Journal.

### Death of Miss Mary Melissa St. Clair.

For some time past Mary, daughter of A. J. St. Clair, of Fleming, had been confined to her room with that dread disease consumption. Everything that kind parents and friends could do, was done, but Mary grew weaker and weaker until Saturday night, Feb. 17th, at ten minutes to twelve, when the "Angel of Death" touched her and she fell asleep.

"Sleep in Jesus' blessed sleep. From which none ever wakes to weep." She was born Sept. 28, 1872, and was taken into the M. E. church by Rev. A. W. Guyer, Sept. 5, '86, having been converted the previous winter. She was always faithful in her attendance of the paths of grace, and her life corresponded with her profession—in short her life was stainless. She was loved and respected by all who knew her, and all with the poet are compelled to say,

"A precious one from us is gone,  
A voice we loved is stilled."  
On Tuesday afternoon at two o'clock Rev. George Warren, her pastor, assisted by Rev. Elliott Presbyter, minister of Fleming, conducted the funeral services at the home of the deceased. A large concourse of friends followed her to her last resting place.

To the bereaved parents and sister we would say,—Mamie has only preceded you to the land of eternal day, there to await your coming and in the testimony which she leaves behind—the testimony of a well spent life—the testimony of victory in a dying hour, you have every reason to say:

"Peaceful be thy silent slumber,  
Peaceful in thy grave so low,  
Thou no more wilt join our number,  
Thou no more our sorrows know,  
Yet again we hope to meet thee,  
When no more farth will be between us."  
The pall bearers were Messrs. F. W. Smith, H. R. Greist, C. P. Eckenroth, C. B. Calhoun, E. L. Lucas and W. E. Karns. The family returned their thanks to all for their kindness during Mamie's illness, and in their sad hour of bereavement. A FRIEND.

MINCE MEAT, We make our own Mince Meat and spare no trouble or expense in bringing it up to the very highest standard. We use a sufficient quantity of well cooked beef (which is the true foundation of all good Mince Meat). The fruit is all carefully cleaned and prepared, and every item of goods used in it is of the highest grade. Our Mince Meat can be used by any family with entire confidence, that the goods are just what we recommend them to be. It is quite a good deal of labor to make even a small quantity of Mince Meat and that frequently prevents people from using the goods. But now you can get it any time in any quantity and at a moderate price just as good Mince Meat as you can make in your own house. But it is hard to give in cold type any satisfactory description of the goods we have, so we will close with a cordial invitation to all who read this to call and see what a fine stock of GOOD THINGS we have.

SECHLER & CO. BELLEFONTE, PA.

### A MATTER OF GREAT

IMPORTANCE TO YOU

IN SUFFERING FROM LONG STANDING CHRONIC DISEASES, DISEASES OF THE BLOOD, SKIN AND NERVOUS SYSTEM, AS WELL AS THOSE SUFFERING FROM

EYE, EAR, NOSE & THROAT TROUBLE.

MORITZ SALM, M. D., Specialist, Von Grafe Infirmary, COLUMBUS, OHIO.

—WILL BE AT THE— BUSH HOUSE, BELLEFONTE, PA —SATURDAYS—

Feb. 25, Mch. 25, April 22, May 20, June 17, July 15, Aug. 12, Sept. 9, Oct. 7, Nov. 4, Dec. 2, and 30.

Will be in HOWARD from 10 a. m., to 4 p. m. HOWARD, PA., AT SYRACUSE HOTEL, —FRIDAYS.—

Feb. 24, Mch. 24, April 21, May 19, June 16, July 14, Aug. 11, Sept. 8, Oct. 7, Nov. 4, Dec. 2.

ONE DAY ONLY. EXAMINATION AND CONSULTATION FREE TO EVERY BODY. UNSOLICITED TESTIMONIALS

Wonderful. Tyrone, Pa. Sept. 29th, 1892.

Dr. Salm. The medicine you gave me for Bronchitis and Asthma helped me wonderfully. There are 5 or 6 patients here who know of my case, and want to consult you and want to know if you will stop over here; if not we will come to Bellefonte at your next visit. Yours Respectfully, Mrs. JENNIE CARSON.

Thanks to the good Dr. I feel once more hale and hearty. Bellefonte, Pa., Oct. 13th, 1892.

For more than 5 years I have had sore eyes and at the same time a miserable case of Dyspepsia, I felt bad all over, became thin and pale, lost all appetite and energy. But now after only a few months treatment by Dr. Salm I have gained very much in flesh, have a good color, eat heartily, my eyes are as good as any ones, and Dyspepsia is all gone. In fact I consider myself entirely cured, and thank to the good Dr. I feel once more hale and hearty. Attested by Miss MILLIE KELLEY her mother, Snowshoe, Centre Co. Mrs. Sarah Kelley.

Successful double cross-eye operations. Indiana, Pa., Oct. 12th, 1892.

I have been cross-eyed, and that very badly for over 28 years. Dr. Salm operated on both eyes in less than two minutes time, without causing the least pain, nor was I confined to my room for a moment. I can conscientiously say that my eyes are now perfectly straight thanks to the Dr. Respectfully, Mrs. CALLIE KINTNER.

SEVERE EYE TROUBLE. I have been troubled with some Eye disease for some time. The pain was almost unbearable at times, and I couldn't think of reading or sewing at any time. I put myself under the care of Dr. Salm, who visits Bellefonte every four weeks, and after only three months treatment, I consider myself entirely cured, and I can safely say that my eye feel better and have better vision than at any time within the last twelve years. Mrs. P. GOLDEN, Butler, Pa., W. Jefferson street.

EAR TROUBLE AND CATARRH. I have been troubled with catarrh and deafness, ringing in the ears about six years. Tried two different doctors in Pittsburgh and ever so many patent medicines, without the least benefit. I have now been under Dr. Salm's treatment four months, and the improvement is remarkable, and I am certain that within a short time I'll be entirely cured. He is the Doctor to go to, to get cured. W. R. MILLER, Kelley Station, Armstrong Co., Pa. Oct. 3, 1891.

GROWTH REMOVED FROM THE EYE BALL. Dr. Salm has removed a hard, gritty growth from my left eye with perfect success and no little pain. The sight has also improved to a great extent. Respectfully, Mrs. ELMIRA ADAMS, Wier, Butler county, Pa. January 22, 1891.

REMOVAL OF TUMOR FROM THE EYE-BALL. A few months ago Dr. Salm removed from my left eye-ball a tumor size of a small hazel nut, with perfect success and no pain whatever, and was not kept in the house a single day on account of the operation. ALICE WORK, Rochester Mills, Indiana Co., Pa. Jan. 14, 1891.

TUMOR REMOVED FROM THE EAR DRUM. I have had a tumor growing in the ear almost attached to the drum. Dr. Salm removed the same four weeks ago without any pain, and as I can see now, with splendid results. He is a great physician. PETER ANSMAN, Somerset, Pa., January 16, 1891.

PRIVATE DISEASES. On account of having been Attending Physician at Hot Springs Dr. Salm has never failed to cure a case of Private Disease peculiar to either sex, no matter of what nature or how long standing.

RUNNING OF THE EARS. Our little son Brinton has for the last five years had running of both ears, and the same was so offensive that it was almost impossible to bear him; he became emaciated, pale and puny, and was nearly always crying on account of the pain. We had him treated in Linesville, Clarion and Oil City by the best home physicians but no cure resulted and we might just as well have thrown our money in the fire. Dr. Salm has been treating him for three months, and an entire and splendid cure has been made by him on Brinton. Mrs. R. V. McNAUGHTEN, Kingsville, Clarion Co., Pa. Jan. 27, 1891.

CATARACT SUCCESSFULLY REMOVED. Having heard of successful cataract operations Dr. Salm has made, particularly of one case of an old lady in Columbus, I decided to have him operate on my right eye, in which I was blind for nine years. The operation was performed some time in July; the pain was not worth mentioning and no chloroform was given. As a result I can to-day see far as new, read and write again, and from having been in ill health and puny, I am also rapidly improving in strength. I will gladly answer any correspondence and personal inquiry regarding this successful operation. I was 77 years of age when the operation was performed. Ashley, Delaware Co., Ohio.

Address all communications to box 700, Columbus, O.
