Public sales have been the order for several weeks. Hogs bring as much as cows; sheep sell at high prices; farm horses bring nominal prices, while good style and draft horses bring fair prices.

From present appearances more room for grain will be required than last season. The wheat has come out of winter quarters looking better than when winter set in, and prospects for a good crop are flattering.

Our agricultural friends are about tired of toasting their shins at the hot stoves, but cold boys 13, girls 24; total 37. Average attendance fair day. Last Thursday, the 16th inst, conductor Dick Carrol's train 10 o'clock a. m., had just passed the first mile post west of Scotia, on the Tyrone and Lewisburg track, when an axle broke, tearing up the ties and rolling the car over an embankment. From the burning stove the coach was soon enveloped in flames, and baggage master Huff was only saved by dragging him from the burning car with a rope. None of the other trainmen were hurt, the wreck detained the train some time, but the wrecking crew from Tyrone soon cleared it up.

On Saturday of last week while J. N. Bell, ecompanied by Frank Krabs, was driving along the edge of a snow bank on the Wm. Goss farm, they suddenly found themselves buried in the bowels of the earth, the team and front bob of the sled going down some twelve feet in an unknown mire, from which they were extricated with great difficulty with rope and tackle. Mr. Levi Walker was seriously hurt on the head in trying to keep the orses from strangling; fortuna ely they escaped with but a few scratches, the sled tongue broke in splinters. It is a miracle that the horses were not disemboweled in their struggles to get out of their miry bed.

In a previous issue we mentioned the arrival of a Kansas lady, Mrs. Mcllie Profit, accom panied by her little son of two summers. The little fell w has been under medical treatment ever since their arrival for tonsilitis and laryngitis which threatened his dear life. Sev. eral consultations were held by his attending doctors, and a dispatch was sent to the father,
Mr. Hamilton Profit, who arrived on Saturday
evening, and was happy to find a slight
change for the better, which it is hoped thorough rest and time will increase. Mr. Profit is one of the founders of Tribune, Greeley county Kansas, one of its leading mercantile men and

tives in this section, announcing the death of McClellan Fortney, a brakeman on the main Pennsylvania line. He was standing on the top of a car while the train was passing through Altoona, and passing under 7th St., bridge was knocked off and instantly killed. A wife and four children and an aged mother, three brothers, John, James and William survive him. His remains were brought by rail on the 18th inst., to the home of his mother was passing through Altona, and passing under 7th St., bridge was knocked off and instantly killed. Deceased was 32 years

The funeral of ex-D. D. G. M. George W. Williams, of Boalsburg, took place on the 17th Inst. His death was not unexpected, as it was the result of a long struggle with a disease which laid hold of his once robust frame several years ago, and finally cu minated in diabetes. More than a year ago in a conversation he told the writer he had given up all hopes of recovery. In early winter he again made the same assertion that death was near, sure and soon, that he was preparing for the great beyond, when the master of all fraternities would call his spirit hence. In true subordination he laid aside all his fondest earthly anticipations. Death is sad, but doubly so, when it lays its icy hand on one just in the forenoon of life, in the prime of manhood, when all earthly ties are strengthening. He was called from the midst of his family and friends who were numbered legion. Naturally he was of a gener us, kind disposition which endeared him to the entire community, who knew him for his strong impulse of truth and manliness, despising all that was dishonest. Mr. Williams was a professional school teacher, and for many years was a member of the permanent certificate board of Centre county. Always taking a most active part in the welfare and promotion of education. He was a carpenter by trade, religiously a Lutheran. A Democrat not known as a scratcher and a kicker. He was one of the organizers of Boalsburg Lodge I. O. O. F., 894, and was elected D. D G master of Centre county in 1880, which position he filled with fidelity, which was shown by the very large representation of the membership from Lemont, Centre Hall, State College and Pine Grove Lodges at his funeral. The funeral was one of the largest witnessed for years. The carriers, were Israel Cond, John Harris, Wm. Bumgardner, John Fortney of Lodge 894 and Sigmund Joseph, Isaac Miller, Samuel Hazel and Wm. H. Miller, of Belle. fonte, Encampment No. 72. The ritualistic work was performed at the grave by Samuel F. Ishler and D. D. G. M. Rankin. F. W Weber had charge of the funeral, while his ministerial friend Rev. Trostle officiated from these words "but now they desire a better company". Mr. Williams was a kind husband and father and a good citizen. The wife and five children have the warm sympathy of neighbors and friends in this their time of sorrow and irreparable bereavement and may God protect and comfort them, and flowers bloom over the tomb of a loved one gone be fore. Aged 43 years, 3 months and one day.

Dr. Salm.

The medicine you gave me for Bronchitis and Asthma helped me wonderfully. There are 5 or 6 patients here who know of my case, and want to consult you and want to know if you will stop over here; if not we will come to Bellefonte at your next visit.

Yours Respectfully,

Mrs. Jennie Carsons.

Thanks to the good Dr. I feel once more hale and hearty.

Bellefonte, Pa., Oct 13th, 1892.

For more than 5 years I have had sore eyes and at the same time a miserable case of Dyspepsia, Ifelt bad all over, became thin and pale, lost all appetite and energy. But now after only a few months treatment with Dr. Salm I have gained very much in flesh, have a good color, eat heartily; my eyes are as good as any ones, and Dyspepsia is all gone. In fact I consider myself entrely cured, and thanks to the good Dr. I feel once more hale and hearty.

The pain was almost unbearable at times, and I coulon't think of reading or sewing at any time. I put myself under the care of Dr. Salm, who visits Butler every four weeks, and after only three months treatment, I consider myself entirely cured, and I can safely say that my eves feel better and have better vision than at any time within the last twelve years.

EAR TROUBLE AND CATARRH.

I have been troubled with catarrhand deafness, ringing in the ears about six years. Tried two different doctors in Pittsburg and ever so many patent medicines, without the least benefit I have now been under Dr. Salms treatment four months, and the improvement is remarkable, and I am certain that within a short time I'll be entirely cured. TUMOR REMOVED FROM THE EAR DRUM.

I have had a tumer growing in the ear almost attached to the drum. Dr. Salm removed the same four weeks ago without any pain, and as I can see now, with splendid results. He is a great physician. PETER ANMAN. Somerset, Pa., January 16, 1891. PRIVATE DISEASES.

RUNNING OF THE EARS. RUNNING OF THE EARS.

Our little son Brinton has for the last five years had running of both ears, and the same was so offensive that it was almost impossible to be near him; he became emaciated pale and puny, and was nearly always crying on account of the pain. We had him treated in Linesville, Clarion and Oil City by the best home physicians but no cure resulted and we might just as well have thrown our money in the fire. Dr. Salm has been treating him for three months, and an entire and splendid cure has been made by him on Brinton.

CATARACT SUCCESSFULLY REMOVED. Having heard of successful cataract opera Having heard of successful cataract operations Dr. alm has made, particulary of one case of an old lady in Columbus, I decided to have him operate on my right eye, in which was blind for nine years. The operation was performed some time in July; the pain was not worth mentioning and no chloroform was given. As a result I can to-day see far an near, read and write again, and from havin been in ill health and puny, I am glso rapid improving in strength. I will gladly answit anyl correspondence and personal inquiry, i garding this successful operation. I was years of age when the operation was performed MARGARET KELLEY, Ashley, Delaware Co., Ohio.
