

TYRONE VS. BELLEFONTE.—A great crowd of people gathered at Hunter's Park yesterday afternoon to witness the River league championship game between Tyrone and Bellefonte. Hundreds left here on the ball train at 1:45, and when the Park was reached most of the Logan picnicers, who were there, had made up their minds to see the game also. When Mr. Haley called the men in from practice to play ball the largest audience ever gathered at a Park game was waiting breathlessly for the first man to step up to the plate. The day was perfect and both teams showed up well in the preliminary practice. Many Tyrone men were on the ground. They had come down to encourage their team to better work than had been done at Williamsport and Renova, where they lost by the respective scores of 9 to 3 and 9 to 4, but 'twas all of no avail. It was a fight for tail end and Tyrone succeeded in getting it. Before the game Bellefonte and Tyrone had each won one and lost three games, making their averages tie at .250.

The teams played in the following order:  
Tyrone: Gill r, Jahns 3rd, Goodhart c, Aschenbach m, Richards 1st, Watts ss, Stuart 2nd, Dunn p, Gillam l.  
Bellefonte: Wetzell 3rd, Woodcock m, Soper c, Walters l, Jones 1st, Howell ss, Reed 2nd, Steele r, Hodson p.

1st.—Promptly at 2:45 Bellefonte came up and Wetzell led off with a single to left and was advanced on a balk, Woodcock flew out to Goodhart. Soper knocked a 2 bagger over 3rd to left and Wetzell scored. Walters flew out to r. Jones lined a 2 bagger to center and was fielded out at home by Gill on Howell's pretty single.

Tyrone in her half sent Gill up, he reached 1st on a short hit to left. Jahns reached first on a scratch, Gill going to third on Wetzell's miff of a fielded ball to catch Gill. Goodhart reached first on a scratch. Gill and Jahns both scoring, Goodhart was forced out at 2nd on Reed's miff of Aschenbach's pop fly. Aschenbach was thrown out while trying to steal second. Richards reached 1st on an error. Watts flew out to left leaving Richards at 1st.

2.—In the second inning the home team had Reed lead off with a hit for three bases, Steele knocked him in and reached 1st on a scratch, was advanced to 2nd on another balk. Hodson walked down on balls, Wetzell walked to and there was a force which Woodcock relieved by walking also and forcing Steel home. Soper flew out to Dunn. Walters then walked and Hodson came home. Jones scratched through short and cleared the bases. Howell got a base on balls and retired the side by being thrown out while trying to steal 2nd.

For the visitors Stuart led off by flying out from Hodson to 1st. Dunn fanned the air and Gillam went out from short to 1st.

3rd.—The third was led off by Reed who flew out to Dunn. Steel did the same thing and Hodson ended Bellefonte's hopes by flying out to Goodhart. Gill began for Tyrone by flying out to Howell. Jahns reached 1st or a hit through Howell and was doubled up by Goodhart's hit to Steele.

4th.—Wetzell led off for the "Governors" by flying out to m. Woodcock was presented with his base and Soper advanced him to third on a long hit to right and he stole home. Soper scored on Walters scratch through first. Jones fouled out to Jahns, Howell ending the run getting by going out at 1st. The garnet suits then sent Aschenbach up to fly out to left. Richards fouled out to Soper. Pop Watts took his base on balls and Stuart ended by being thrown out at 1st.

5.—Our turn came then and Reed flew out to Stuart. Steele went out from short to 1st. Hodson took his base on balls and Wetzell went out at 1st. The visitors tried their luck. Dunn came up but went down at once on a foul to Soper. Gillam tried it next but couldn't connect. Gill then waited for his base but was called out on strikes.

6.—Woodcock went out on being hit by a batted ball. Soper walked. Walters hit for a base. Jones sacrificed. Howell couldn't size up to the situation and retired the side by dying at 1st. Tyrone led off with a hit which was too hot for Howell and Jahns reached 1st. Goodhart flew out to Soper, Aschenbach struck out, Richards drove a pretty single to right and Jahns scored. Watt followed by striking out.

7.—The seventh began with Reed up. He led off with a pretty single to m. Steele forced Reed out at 2nd. Hodson walked again. Steele scored on Wetzell's liner to left for one base. Woodcock filled the bases by a fly down the foul line which Gill couldn't handle. Soper promptly relieved the bags of their burden by a three bagger to right. Walters fled out to middle. Jones followed suit and left Soper at 3rd. For Tyrone Stuart led off with a hit to short left but was caught napping at 1st. Dunn was hit by a pitched ball but soon went out on the pretty double from Howell to Reed to Jones on Gillam's short hit.

8th.—The home team sent Howell up but he died at 1st. Reed hit through 3rd and left for 2 but was fielded out

while trying to get home on a passed ball. Steele retired the side by flying out to left. The visitors sent Gill up who flew out to Reed. Jahns went walking; Goodhart went out at 1st. Reed missing a chance for a pretty double by fumbling Jones clean field of the hit.

9th.—Hodson opened the 9th by flying out to 2nd. Wetzell went out at 1st. Woodcock reached 1st on a fly to Centre which too many got after and scored on Soper's single tonight. Soper was fielded out at home on Walters clean grounder to Centre.

The game ended by Richards going out at 1st. Walters muffed Watts hot out to left after a long run. Stuart singled past 1st. Dunn struck out and Gill ended the misery of the visitors by flying out to Steele.

The score by innings was:  
Tyrone--2 0 0 0 1 0 0 0--3  
Bellefonte--2 0 0 0 4 0 1--15

Summary: Base hits Bellefonte 14, Tyrone 6. Errors: Bellefonte 4, Tyrone 6. Passed balls, Goodhart. Wild pitch, Hodson. Base on Balls off Hodson 4, off Dunn 7. Time of game 2 hours and 5 min. Umpire Mr. Haley and Mr. Ray. Attendance 1000.

The editor of the Houtzdale Advance has our sympathy. While undertaking to run a charity ball on an economic scale, the other night, he was "poked in the neck" several times and finally put out of the hall with all of his friends.

Chief of Police R. J. McClaughry, of Chicago, has resigned because of disagreements with Mayor Harrison. Major McClaughry is well known in this community, he having been Superintendent of the Huntingdon Reformatory.

After a prolonged illness Wm. Potter, one of our most respected colored residents, died at his home on Friday night. For years he had been the driver of Wilson & McFarlane's hardware wagon. Deceased was 61 years old and a member of the Presbyterian church.

The venerable Mrs. Meese, mother of our townsman John Meese died at her home, in Howard, on Monday afternoon. She had been ill for a long time previous to her demise. An Interesting Letter From a Centre County Boy in Alabama.  
Florence, Ala., 7, 15, '93.  
Dear Sir:  
To any farmer, or to any person in Centre county, who may be entertaining the thought of moving to some section where there are apparently greater inducements offered to cultivating the soil, I should like to say that without doubt, I feel satisfied that there can be but few places offering greater advantages than those in the north western section of the State of Alabama.

Being thoroughly acquainted with the conditions afforded farmers in Centre county and comparing with those here, there is no doubt but that this section has many advantages. It is generally understood that the Southern people are opposed to hard work, which I find indeed to be an undisputed fact. The farmer makes no attempt at anything beyond scratching the surface a little with a one horse plow, sowing and reaping. They possess no machinery, no stock that would be used by a Centre county farmer, and such a thing as fertilizing is never thought of. They seem, however, to make a very fair living and are the most sociable and agreeable people you will meet anywhere. They seem to possess the happy disposition of suiting themselves to any circumstances.

About four years ago a colony of Germans settled a few miles from Florence. They have been very prosperous and are always referred to in order to show what can be done when an attempt is made.

The land generally is level, is very well watered and the soil is a rich dark red clay with very little of sandy nature to be found. A great deal is not taken up which makes very good pasture. The people generally, instead of raising the grains, hay etc., to which the soil has proven to be so well adapted, spend the most of their time in trying to raise cotton because their fathers have done so in the past, but to which the soil does not seem to be suited.

The farmer who has been reared in this vicinity has no ambition beyond the present. He does not care to experiment with anything new, or to make any improvements, being entirely satisfied to eke out a living from the mere necessities of life. As a result the towns instead of being supported by the country are obliged to import most of their grains, fruits, vegetables etc.

The climate is of the very best, somewhat warm in the sun though we always have a refreshing breeze and comparatively cool nights. The warm season is, to be sure, considerable longer, but in general I do not believe the heat is more oppressive than it is in most sections of Pennsylvania.

Florence being the principal town in this part of the State, is a beautiful little place of something over 5000 people; located on the banks of the noble and picturesque Tennessee river, with the L & N, the M. & C. and the B. S. & T. R. railroads leading from it, affording easy means of traffic to all points of the compass.

These facts, together with the one that the best land can be had at from five to twenty dollars per acre, dependent largely upon the distance from town, and the extent to which it is improved, and the surface being lower and smoother, requiring less expensive machinery, are to my mind strong points in favor of the agricultural prospects of this section.

News Notes from Howard.  
"Hotter than thunder" is a common expression.  
"Oh for water" is another cry soon coming.  
Messrs Bricker and McCloskey were pleasant visitors from the woods this week.  
Wheat crops are not very heavy, so the farm ers say.  
Arthur and John Allison, of Parvin, were at the Peck house Sunday.  
The circus drew large crowds Friday, many standing for want of seats.  
The gap railroad is in a fearful condition as yet, and people expressed their disgust by destroying the lower toll-house.  
Chas. Pressler boasts of a new arrival at his house. Whether its Grover or Francis we don't know.  
Will the proper authorities look after the board walk along the railroad track and have it put down?  
Master Ward Beck is visiting J. M. Allison. Last week he tried to pump water but the handle flew off and struck him on the nose. Ward fainted but soon came to.

Grasshoppers have made sad havoc of the crops in this vicinity. This is something unusual in this section, and farmers are at a loss to account for them.  
Recognizing the abilities of Harvey Freeman, the Pennsylvania Industrial Reformatory, has reappointed him as special representative for this county, to look after the boys & etc.

The Howard P. O. S. of A. Camp invited Rev. Mr. Gross to preach them an interesting sermon last Sunday in the Evangelical Church. Delegations from Bellefonte Camp and Howard Council J. O. U. A. M. were also present as were other organization representatives. On the whole, many interesting notes were taken by those present, the preacher giving vent to some very popular and patriotic feelings. The Bellefonte Camp drove down in the Cox's tally-ho and then marched from the hall to the church in company with the local organizations.

Some time ago, and many a time since then the subject of straightening a certain street was mentioned in the council chamber by one member who is deeply interested. Though nothing to amount to anything was done, one outsider who lays claim to being a prominent citizen, moved his sidewalk to a point where as it stands now, has caused many an accident after dark. Young men and their best, old folks out for a stroll, visitors to the festivals and many others have fallen against the fence by reason of the great height of the walk from the ground, and distance of the fence or guard rails. We have been requested to ask this gentleman to look at it as others do, and either put up the proper guard or replace it where it belongs, without further talk.
