

Breckinridge's Answer.

He Finds Alleged Plagues in Madeline Pollard's Declaration.

WASHINGTON, Sept. 5.—Representative W. C. P. Breckinridge, of Kentucky, today filed his demurrer to the declaration of Madeline V. Pollard, charging him with breach of promise of marriage and asking \$50,000 damages.

The demurrer avers that the declaration of the plaintiff is bad in substance. The demurrer is based on the three following points of law.

First—The declaration consists of three separate counts, which improperly allege three separate contracts of marriage, and allege that said three contracts to marry were subsisting at one and the same time.

Second—Not more than one contract to marry can subsist at the same time between two persons.

Third—The third count of said declaration is bad in that it alleges matters and things which cannot in law be considered substantive evidence, facts necessary to substitute a cause of action, thereby violating rule 26 of the common law of the court.

Justice Getting in Its Work at Last.

Philadelphia Election Officials Being Taught the Sincerity of Law.

PHILADELPHIA, Sept. 5.—Select Councilman Harry Hunter, the Third ward's somewhat famous Napoleon of politics, is at last to be tried for the conspiracy by which his election was brought about in that Democratic stronghold last spring. So Judge Briggs decided today in putting aside Hunter's demurrer to an indictment laying pigeon-holed. The judge says that there is no doubt about the criminal character of the offense charged, and it is for a jury to say whether or not the allegations are true.

Meanwhile Judge Butler in the federal court today sentenced Charles McGroan, the supervisors at the Vaux-McAleer election in November, 1890, who were found guilty of neglecting their duties, to pay a fine of \$300 each and to undergo an imprisonment of 10 months.

Pennsylvania's Chautauqua.

HARRISBURG, Sept. 5.—At a meeting of the board of managers of the Pennsylvania Chautauqua these officers were elected: President, George B. Stewart, Harrisburg; vice-presidents, Rev. N. C. Schaeffer, D. D., Lancaster; Hon. Thomas C. Zimmerman, Reading; corresponding secretary, Rev. H. A. Gerdsen, Lebanon; treasurer, George E. Rise, Lebanon. The reports showed that the Chautauqua, during its two years of history, had expended over \$21,000, and that its indebtedness, which is for the plant, amounts to \$10,000. The last assembly was a successful one, the receipts being \$4,000.

Real Life Saving Exhibition.

WORLD'S FAIR, CHICAGO, Sept. 6.—There was a real life saving act on the waters of Lake Michigan yesterday afternoon. A yawl with seven men in it capsize. Capt. Easton in charge of the German launch boat, the fastest in the white city, was on that part of the lake and saw the accident. Two of the men were sinking for the last time when the captain and his crew reached them and used the boat hooks to good advantage. The other four men were clinging to the gunwale of the upturned boat and were easily rescued.

More Mills Resuming.

AMESBURY, Mass., Sept. 6.—The Hamilton mills opened again yesterday, after a week's shut down.

She Broke the Bank.

A Young Woman Wins \$300,000 in an Hour at Monte Carlo.

VIENNA, Sept. 3.—Trieste newspapers of Saturday last assert that a Miss Leal, a young Scotch woman, who has recently been playing at the Monte Carlo gaming tables, had remarkable luck for several days, which culminated in the breaking of the bank.

She is said to have won £50,000 in an hour.

Not an Idle Man to Be Found.

PROVIDENCE, R. I., Sept. 6.—The extensive paint works in the Pawtucket valley, which started up in several departments a few days ago, resumed in full to-day and no idle operative to be found in Clyde, Phenix or Natick.

ADDITIONAL LOCALS.

—The Lock Haven paper mill has resumed, giving employment to 188 men.

—The Philipsburg and Altoona rail-road has been completed from Ramsey to Philipsburg, which will be the extent of this year's building. Connections will be made with the Beech Creek.

—Some fatal disease has attacked Clearfield county cattle. A farmer named Hubler, in Graham township, lost seven in two days last week and his neighbor lost one. The disease attacks the knees and throat and resembles diphtheria in humans.

ARE YOU REGISTERED?—All Democratic voters should see that they are registered. Under the provision of the registry act the assessors will sit at the usual voting places from 6 to 9 p. m. to-day for the purpose of making any correction on their lists. All voters whose names do not now appear on the list must visit the assessor and see that their names are properly recorded. The matter of registration is very important to the voter. Remember to-day September 8th is the last day on which you can be registered.

MARRIAGE LICENSES.—Issued During the past week—Taken from the docket.

W. R. Walters, of Keyser, W. Va. and Eva Bush, of Unionville.

Thomas Howley and Lila Heverly, both of Bellefonte.

John D. Gill Jr., and Mary Ganoce, both of Philipsburg.

John T. Zeigler, of Abdera, and Ida Brickley, of Romola.

M. R. Kreamer, of Bellefonte, and Annie Fetzer, of Boggs Twp.

Harry Philips and Elenor Ayers, both of Philipsburg.

Olin Brooks, of Clinton county and Rachael Heaton, of Milesburg.

THE PROHIBITION TICKET.—The temperance people of the county, not wishing to fall into the wicked (?) ways of holding nominating conventions and exposing their organization to the temperance, have an Executive committee which makes the ticket for their campaign.

Their ticket for this fall has been announced as follows: For Sheriff, Daniel Hall, of Unionville; for Treasurer, Jared Harper, of Bellefonte; for Commissioners, W. H. Long, of Howard, and William Miller, of Philipsburg; for Register, George E. Seibert, of Benner township; for Recorder, S. B. Ling-enfelder, of Philipsburg; for Auditors, C. H. Eise, of Milesburg, and J. B. Kerns, of Penn township; for County Surveyor, Edward P. Butts, of Bellefonte.

THE ARMOR WILL CASE.—What has been known as the Armor will case has been occupying the attention of the court during the entire week.

The case had previously been heard before a master, subsequently taken to the Supreme court and returned from there to Centre county for trial before a jury. Under the will, as signed by the late Mrs. Ruth Armor, D. M. Butts was appointed sole executor of the estate, and the other heirs assert that undue influence was brought to bear in the framing of said will and ask that it be set aside. At the time of making the will Mrs. Armor was 91 years of age, and many witnesses, from among the best people of Bellefonte, were called to testify to her condition, mentally, at the time the will was signed. Messrs. Beaver, Gephart & Dale, are the attorneys for Mr. Butts and Messrs Orvis, Bower and Orvis for the contesting heirs. The case was given to the jury at noon on Thursday and at four o'clock, when the WATCHMAN went to press the jury was still considering which side was right in the contest.

OUR STATE ARMY.—The citizen soldiery of Pennsylvania has been a source of pride to our people for a number of years and the advance of time only goes the more to prove its excellence.

In truth the militiamen of the Keystone State have the reputation of making very worthy rivals for honors with the regulars of the United States, when both are seen together.

Major John D. Worman, of the adjutant general's department, has prepared the following statement, showing the strength of the National Guard: Major general 1, brigadier generals 4, colonels 22, lieutenant colonels 37, majors 40, surgeons 15, assistant surgeons 33, adjutants 16, quartermasters 20, chaplains 16, captains 139, first lieutenants 186, second lieutenants 132, cornet 1, inspectors of rifle practice 13, total officers commissioned 626, sergeants major 20, color sergeants 25, quartermaster sergeants 5, chief musicians 5, ordinance sergeants 4, commissary sergeants 23, hospital stewards 16, first sergeants 136, sergeants 520, corporals 983, musicians 204, privates 5,832, brigade band 95, total enlisted 7,994, aggregate 8,570.

LOOK FOR SUCH WEATHER THIS MONTH.—The storm period central on Aug. 31 will give us the major part of its storms during the three first days of September.

The month will open with high temperatures in all the country, except, perhaps in the extreme west and north, from which points storms will have moved, most likely, and the change of wind and temperature will have set in behind them. Central regions will get the crisis of the heat and storms about the 1st to 2nd, and eastern sections about the 2nd and 3rd. The change to cooler will follow promptly everywhere and dominate the weather until the return to storm conditions on and touching the reactionary 6th and 7th.

From the 10th to the 15th of September is always marked by abnormal electrical excitement. The new moon is on the 10th, and a storm period is central on the 12th. We therefore advise that all storm developments about the 10th to 14th be quietly watched. It is apt to grow very warm, the barometer will fluctuate, finally falling to danger reading in many places, and black clouds with heavy storms will visit all parts.

On the 22d our equator cuts the sun, making the day and night equal everywhere and introducing spring to southern and autumn to northern hemisphere. These great forces cannot shift to opposite side ends of our rushing, restless world without causing many conflicts

of atmosphere and electricity. From the 21st to 26th we sail past the centre of our autumnal equinox. The "Vulcan" period is central on the 25th, and the moon is full on the same date. These facts warrant us in warning of dangerous storm possibilities, say about 22d to 26th inclusive. A good sized polar wave will spread over our deck from the northwest after the storms, overtaking their northern and western flanks, and changing the rain, possibly, into early sleet and snow. Very cool weather will follow, generally, up to the closing days of the month; at which time it will grow warmer, and reactionary storms will be on as the month expires.

Resolutions of Esteem.

WHEREAS, it has pleased Almighty God, in His good providence to remove from our midst, by the hand of death, William Willson Teesh, on the 13th day of Aug. 1893, an esteemed member of our order, Victor Grange, No. 159, P. of H. and, also a highly respected citizen of our community, Therefore be it

Resolved, by Victor Grange, in session met Aug. 19th, 1893, that we hereby tender our sincere sympathy to the friends and relatives of our departed brother, in this their hour of affliction, humbly submitting to God's will knowing that He does all things well.

Resolved, that our charter be draped in mourning, for the space of thirty days, as a mark of our regard, and respect to the memory of our departed brother.

Resolved, That a copy of this action of the Grange be communicated to three of the county papers for publication.

A Denial.

We the members of the 45th P. V. Regt. do very willingly and earnestly protest against the erroneous and injurious report which is being so wantonly circulated against Capt. Henry Stevens of Co. E, 45th Regt. to the effect that he "sold out" his company while in camp Curtin, in Sept 1861.

It was at Fortress Monroe that Capt. Stevens found his health giving away, caused by diseases lurking in his system contracted in the Mexican war, which was the cause of his resignation, and the next in command Lieut. J. O. Campbell was elected his successor.

Capt. Stevens had the esteem and respect of the entire command and he has always been a man of sterling integrity in every walk of life.

We therefore unite in refuting the false charge which is jeopardizing the manhood of as true and brave a soldier as ever drew a sword as was Capt. Stevens of Co. E, P. V. and utterly deny the charge as unfounded and untrue.

Pine Grove Mentions.

George W. Hoy walks with a quick and step and says, it's a little Grover.

Mrs. A. P. Mitchell, wife of ex-Treas. J. B. Mitchell, has been confined to bed from a severe attack of cholera morbus.

Mr. William Cramer, physically one of our biggest farmers, is carrying his left arm in a sling, nursing it over a broken bone.

Our townsman, S. A. Dunlap, is confined to bed from an attack of typhoid fever. It is hoped by his friends that the attack will be but a mild form.

Mr. John Ripka is entitled to the belt. The first day of the season he brought down ten of the frisky rodents setting some of the world's experts in the shade.

Capt. Aaron Burdfield is this week greeting his old time associates as the guest of his special friend J. B. Ard. During his stay he has resigned himself to the care of G. H. Woods M. D. for repairs.

Our agricultural friends who, on account of the drought, were at a stand still were set afloat by last week's rain and quite a large acreage has been seeded. Some few forenoon farmers are done.

The Pine Hall sociable, held last Saturday evening, was fairly well attended considering the cool evening which was not at all favorable to white dresses, ice cream, ice cold lemon-ade etc. Some \$300 was realized.

Last Monday morning Squire Archey marshalled the state polo line for a stroll over the mountains and from the display of glittering guns and loads of provisions they intend staying until the last of the frisky tribe is laid low.

One of our scientific farmers, Wm. Kepler, is this week sizing up the Columbian Exposition while his father Capt. J. M. Kepler is rusticating for a short season at the Tionesta home before starting for the Hot Springs where he intends spending several months for his health that has for several years been slightly impaired.

Mr. Peter Shroats, a prominent Philadelphia stock man, was, in the early part of the week, floated around among the farmers by P. F. Botton. We understand quite a number of cows have been sold at advanced prices. Mr. Harris Bloom sold 3 head for \$120, while a number of others commanded about the same figure.

Mr. J. C. Gorman, now in his 94th year, is the guest of his venerable son-in-law George Kustaborder. Mr. Gorman viewed the veteran picnic last Saturday and was much delighted to greet the boys in blue, considering his advanced age his step is as quick and light as most of men at 50. He bids fair to round up his one hundredth anniversary.

The matter of free text books is being discussed by our cursetone committee. Inasmuch as there will be no change in the text books, to any extent, it would be well enough for the school board to request all scholars to bring their old books and let the teachers decide what books are required. By so doing they will save the taxpayers a considerable sum. With free text books there is no need of any children absenting themselves from school. We doubt however if the percentage of attendance will increase as the excuse has not been so much an account of books as for want of warm and comfortable clothing.

With free wool there should be no scarcity of that material which is now within the reach of any in distressing person and there is no reason for non attendance of children at school.

CURED BY DR. SALM AFTER HAVING SUFFERED FOR YEARS WITH STOMACH, BLADDER AND KIDNEY TROUBLE.

I have been suffering with very severe stomach, bladder and kidney trouble, and on account of that felt all broke up, couldn't follow my daily labors on account of great pains, weakness and headache. But now after a course of treatment with Dr. Salm, can once more attend my daily labors with pleasure, and consider myself healed and hearty again.

DEAFNESS CURED BY DR. SALM AFTER A GREAT MANY OTHERS HAD FAILED.

For quite a time I have been almost totally deaf from Catarrh, particularly in my ear, which seemed dead, and the right one got worse daily. I was very dependent, and almost desperate, on account of not being able to hear what went on around me, felt always tired and lost all energy. Now I am quite a different man and feel happy once more, all my nerves were almost completely restored. I had been to three other Doctors. Nobody can imagine how good and young I feel since I can understand common conversation once more without an effort.

THIS WONDERFUL PIECE OF WORK WAS DONE BY DR. SALM.

For more than four years I have had a bad case of stomach trouble, had to be very cautious about my diet, as anything would give me a pain and throbbing in that organ, and it was seldom that I could get a night's rest, as my nerves were almost completely restored. I frequently I had sick spells which wore me out, but now after a course of treatment, I consider myself entirely cured and feel as well as ever. I want people to know that Dr. Salm did that wonderful piece of work.

DEAFNESS, CATARRH AND GENERAL TROUBLE CURED BY DR. SALM.

In July I put myself under Dr. Salm's treatment for catarrh, ear and general trouble, at that time my strength was below what I could bear, and weighed only 150 lbs. to-day after six months treatment, I weigh 170 lbs. am pretty strong now, and feel like a different man altogether and I am certain Dr. Salm understands his business.

ASTHMA AND BRONCHITIS CURED, CAN ENJOY LIFE ONCE MORE, THANKS TO DR. SALM.

For more than six years, I have had a most terrible case of asthma, and it was seldom in deed when I could rest for a night, on account of coughing, closeness in chest and panting for breath with huge drops of cold perspiration breaking out all over me. I was indeed tired of life, I had tried all the best physicians in the neighborhood and nearly all patent medicines I heard of but grew worse rapidly. After I had given up all hopes of ever deriving benefit from my terrible malady. I was obliged to go to Dr. Salm and I thankfully bless the day I went to him, he has done me more good in the short time he has treated me, than all others in six years. I don't cough or wheeze but sleep all night and can breath with ease enjoying life once more, and consider myself almost entirely cured. I write this so that sufferers from any chronic disease may know where to go and get cured.
