

The death of Mrs. William Irwin, at Jacksonville, occurred on Monday night from a complication of diseases of long standing. Deceased was a well known and charitable woman of that vicinity, beloved by all who knew her and leaves a husband with seven children to mourn her death. Funeral services were held yesterday morning at 10 o'clock.

OPENING OF THE FOOT BALL SEASON AT STATE COLLEGE.—On next Saturday, October 7th, the foot ball season of 1893 will be opened on Beaver Field, at the Pennsylvania State College. The new grand stand will be formally opened, Ex-Governor James A. Beaver will make an address and present three color flags to the athletic association and altogether it will be a gala day for the collegians.

The opponents of the champion P. S. C. team will be the strong eleven from Dickinson College, at Carlisle, and an exciting match will naturally be looked for. The visitors are said to be stronger this season than last, when they were defeated by State College only after an exciting and hard played game. The personnel of the home team has not yet been fully made out and though there are those who believe the eleven will not be the equal of last season's invincible, yet well informed authorities claim that it will even be stronger.

There are very few changes on the line Hoskins will go to Centre, Reed's old place, while Hildebrand and Dunmore are both spoken of for Haley's place at tackle.

Beers, a 220 pound southerner, is showing good form and may make a place for himself at the expense of some one. Behind the line Atherton will again be found at quarter back, while Haley and Wolfe will play halves, and Brown will show even better form at full than he did last season. There is no doubt that Taylor and Fay will be missed back of the line, but in Haley and Wolfe the eleven will have two more experienced and heavier men, both of whom are fast and promise to show up well in their new positions. On the ends Harris and White will again be found the fleet, sure players who nipped many a trick last season before it even had a chance to spring. Sammy Morrow is fixed for his old position of tackle, but his companion player has not been settled upon yet, though several good ones are working. Bowler and Fisher, the two amazons, will again be the unmovable guards whom not a team last season could break, both are back and promise to play the game of their lives. Though Dowler has had an idea that he would sooner play a tackle; such a change now would be very ill timed for both himself and the team. It may be possible that McCaskey, who showed good form in the latter part of last season, will go to quarter back. In such an event there will be an entire change back of the line.

The team this season will be slightly heavier than last year and since there is not an inexperienced man on it even better results than heretofore are to be expected. The schedule as far as known is as follows: October 7, Dickinson at State College; October 13, Columbia Athletic Club, at Washington; October 14, University of Virginia, at Charlottesville; October 16, Johns Hopkins, at Baltimore; October 21, Western University, at State College; October 17, University of Pennsylvania at Philadelphia; November 23, Franklin and Marshall, at Lancaster; November 25, Rutgers, at State College.

The game on Saturday will be watched with interest as the permanent playing positions of the men will largely depend on it.

Admission 50c. Game called at 2 p. m.

STREET FAKES AND FAKERS.—The old truism that "you can fool all of the people some of the time, and some of the people all of the time, but you can't fool all of the people all of the time" has long been respected as one of the most epigrammatic expressions of which Lincoln ever delivered himself. But to the surprise of those theorists who have claimed that with each succeeding year the percentage of intelligence of people has increased, they are forced to acknowledge that more people are annually being "roped in" by various "fake" schemes and schemers than ever before.

Of course this is due in part to the increased number of such methods of making money through gulling the people. Every day we hear of some new scheme by which the credulous have been taken in and not only the ignorant are duped, but men and women of all classes have found themselves the loser by some venture with an unknown, though oily tongued stranger. Perhaps many of these losses can be credited to a blind avarice that leads men into "get rich quick" and "soap bubble" speculations and there are thousands of such which are never heard of, simply because the people who have lost in them keep quiet to conceal their plight.

The press of the land has ever taken a stand to warn the people against all ventures which are not strictly legitimate and well known. A sharper never gets into a community that his coming has not been heralded and his manner of operating exposed long before his arrival. But there are persons who will run risks in the face of warnings and try to beat a trickster at his own game. Such fools, and those who do not have the advantage of a paper, are invariably the ones who are caught.

Now the question arises what can be done to save them. Though our better sense tells us that they should learn by experience, we know that they are members of that class that is fooled all of the time, and as such should heed their warning.

No matter where you may be, what the circumstances nor whom the agent, do business only with the legitimate merchants of the community in which you reside. Leave all sorts of traveling enterprises die for want of your patronage. If you need groceries, a lightning-rod, patent medicine, cakes of soap with five dollar notes wrapped around them, jewelry, teeth extracted, seed wheat or anything else of the kind go the merchants, whom you know, and procure them. If you feel like playing a game of cards let no chance of any sort enter into it. Do business of all sorts with those with whom you are acquainted and you will never have cause to regret it. But invariably when you buy an electric belt from a street fakir you will find that the electric current only lasts as long as the pepper in the belt holds out. You will pay half of your farm for tin lightning rods, and drink all kinds of slop if you deal with the "cure all" street hawler.

If an article is worth having any reliable merchant will have it or can get it for you. Purchase it from him.

WEDDING AT PORT MATILDA.—The second church wedding in the Presbyterian church, at Port Matilda, took place on Thursday, September 21st. The church which was crowded with invited guests and friends of the contracting parties, was tastefully decorated for the occasion. To the strains of the wedding march the groom, Mr. Harry C. Woodring and his handsome bride, Miss Sadie Frantz, preceded by the ushers and accompanied by stalwart groomsmen and fair bridesmaids, marched to the altar where they were met by Rev. George Elliott, who, in the beautiful form of that church, made the twin one. After congratulations the party were taken to the depot in carriages where they took the train for a short wedding trip. While waiting for the train there occurred rather an exciting scene. A large number of friends and well wishers saluted the newly married couple with showers of rice, old shoes etc., and just as the groom was stepping into a car an enthusiastic friend threw a large paper sack of rice with such force and accurate aim as to strike him on the head and almost knock him from the platform, ruining the high silk hat donned for the occasion.

On Friday we took the 10:25 a. m. train, at Bellefonte and in company with Rev. George Elliott and lady and Mr. H. Port, accompanied the bride and groom to Port Matilda. There the party was met by carriages and conveyed to the residence of Mr. Michael Woodring, the groom's father. After a delightful drive of two miles we arrived at one of the finest farms in the Bald Eagle valley; not only on account of the high state of cultivation to which it has been brought by years of hard and persistent labor but owing to its natural picturesque scenery. Over one hundred invited guests were present and a more enjoyable day we have not had for years. The tables were bounteously laden and the dinner had but to be tasted to be appreciated. Ample justice was done to the toothsome viands and the guests remained long at the tables as the time passed rapidly, while "laughter and merry jokes went round."

After dinner the guests assembled on the large lawn and engaged in games and diversions. "Going to the World's Fair," a new game will long be remembered by those present. The trial trip made by Rev. Elliott was the fastest on record, particularly the return trip. The wreck of the trial trip by Mr. Michael Woodring was greeted with shouts of laughter, and will long be remembered by a certain young lady. The wheelbarrow rides were immense as also were the sight seeing from the easy chairs. "After the Ball" as rendered by Mr. Arch Woodring, supported by a large chorus, was vigorously encored.

The presents were so many valuable and varied that we will not attempt to enumerate them, but suffice it to say that all were of practical or ornamental use and highly appreciated by the recipients.

We do not have a list of the guests present but noticed among others: Mr. Alex. Cheney and lady, Mr. Budd Thompson, Mr. William Woodring and family, Mr. H. H. Osman and lady, Mr. Jonas Stine and lady, Mr. George Stine and lady, Rev. Elliott and lady, Mr. H. Port, Mr. Jackson Mr. Harpster, Mr. Arch Woodring, Mr. Martin Cow-

U. Harsberger, Mrs. Aaron Reese, Miss Annie Eastman, Mrs. Martha Matthen, Miss Martha Woodring, Miss Blanche Woodring, Miss Bella Jones, Mrs. Mollie Cowher, and Mr. Benner Turner and lady.

The best wishes of the writer voice those of all present for the happiness and long life of Mr. and Mrs. Harry C. Woodring.

Pine Grove Mentions.

Next Monday all of our schools will open with a full corps of teachers.

Mrs. A. J. Orador, of Greensburg, accompanied by her two accomplished daughters, Grace and Mabel, paid a brief and hurried visit to their legion of friends hereabouts.

Much complaint is heard in all directions from damages done by the grub worm to the early seeding. Enough of the potato crop has been raised to learn that the crop is far below the average.

The visitors to the Columbian exposition from this place are: Mr. and Mrs. Dr. G. H. Woods, Mr. and Mrs. D. G. Meek, N. M. and J. B. Krebs, Messrs. J. B., Milo and Clay Campbell.

We regret to note a number of fever cases in our locality. They are G. B. Goheen, C. J. Miller, Katy Bowersox, S. A. Dunlap and daughter, Mrs. John Gummo, Adam Louck and little Sadie Watkins.

Mr. Stephen Mann after an absence of fifty years, is looking up old time friends. Mr. Mann has floated over several western states, but finally located in Iowa where he has accumulated sufficient of this world's goods for a wet day emergency.

Mr. Will McWilliams, a Stephenson Co. III, energetic and successful farmer, is at present at his old parental home at the bedside of his invalid father. William reports, after 17 years aging in the Sucker state, prosperity full and plenty.

The late rains have revived vegetation. Grass has much recovered so that fall pastures will be in fair condition. Mr. F. F. Boffor thinks so at least, as he has just returned from where they were met by Rev. George Elliott, who, in the beautiful form of that church, made the twin one. After congratulations the party were taken to the depot in carriages where they took the train for a short wedding trip.

NON-PULL-OUT

is an arbitrary word used to designate the only bow (ring) which cannot be pulled off the watch.

HERE'S THE IDEA

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the grooves, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

It positively prevents the loss of the watch by theft, and avoids injury to it from dropping.

IT CAN ONLY BE HAD with Jas. Ross' Patent, or other watch cases bearing this trade mark—

KEYSTONE WATCH CASE CO., 38-37-4t PHILADELPHIA, PA.

PARAGON PLASTER

THE PERFECTION OF WALL PLASTER.

It is put up in bags and can be mixed in the building as desired.

It is easily spread.

It is hard, tough, adhesive and durable.

It does not rust the nails or show lath stains and is a NON-CONDUCTOR OF SOUND.

UNSOLICITED TESTIMONIALS

I HAVE BEEN TOTALLY BLIND DR. SALM CURED ME! I have been totally blind in my right eye for some years, no medicine did me any good, so I consulted Dr. Salm who visits Johnstown every 4 weeks. The Dr. made a fine and successful operation so that I can see once more very well. Any one wishing to see the catarrh can do so by calling on me at my home in Wilmore, Pa. I was 74 years old last birthday. JOHNSTOWN, PA. MARY LITZINGER.

WE ENTRUSTED OUR BOY CHEERFULLY TO HIS CARE. Our little boy has been cross-eyed for some years and was gradually getting worse. We knew of some splendid work of Dr. Salm's in Ohio, so we entrusted him to his care. The operation was done in 1 minute's time and without pain and now the eyes are straight as you can see by pictures above. JOHNSTOWN, PA. MRS. C. A. YENKEY. 188 Morris St.

CURE OF THE YEASDOUT CURED BY DR. SALM. I have had a good deal of trouble with my eyes for the last 5 years. Tears running over my cheeks continually. Dr. Salm called it closure of the tarsus and operated on me same and now I can keep my handkerchief in my pocket instead of wiping my eyes continually. INDIANA, PA. MRS. MARTHA CALNEY.

A VERY SORE EYE CURED BY DR. SALM AFTER OTHER DRs. HAD ADVISED REMOVAL OF SAME. My son Clement, now 9 years old, has had very sore eyes for 4 years; so much so that the Drs. advised the removal of one of them. We couldn't decide to have the eye taken out, so we brought him to Dr. Salm and to-day there isn't the least sign of an inflammation and he can see as well as ever. Just think of it after only two months treatment and without any operation. Centre Hall, Pa. Centre Co. MRS. MAGGIE LOVE.

CATARH AND EAR TROUBLE CURED AFTER 7 YEARS STANDING BY DR. SALM. For 6 or 7 years I have been suffering with a bad case of catarrh; gradually became worse and worse. The last two years my ears began to trouble me a good deal and became rather hard of hearing; they ached a good deal and began to discharge a lot of very offensive matter. Now after a course of treatment I must confess that I am highly pleased; for I can hear as well as ever and have no more aches nor pains nor running of ears. Pindilton, Pa. Cambria Co. L. A. REESE.

82 YEARS OLD AND MADE TO SEE AFTER TOTAL BLINDNESS BY DR. SALM. I have been blind in my right eye for some years with Senile Cataract. I had heard a good deal of Dr. Salm. So I went to him 3 years ago last June and he operated on me without pain and the catarrh was removed with fine success and to-day I can see just as well as 4 weeks after the operation. I can safely recommend the Dr. to suffering humanity. I am now 82 years old. Roaring Village, Pa. DANIEL COGLEY. Armstrong Co.

WAS REDUCED TO A WRECK AFTER 10 YEARS FEARFUL RAVAGES OF CATARRH AND CHRONIC BRONCHITIS. DR. SALM CURED ME. For 10 years I have suffered terribly with Catarrh of Bronchitis. The disease gradually extended to every other organ in my body, I became a physical and mental wreck. Have tried our best Drs. in the county, but I grew worse and worse until as a last resort I gave my case to Dr. Salm and I am glad to say that under his treatment I began to improve from the very first month. That distressing cough and fearful pain in my chest has left me, I need not gasp for breath any more and feel as strong as ever. The most wonderful of all is that I have not taken a single cold since the first month. Gallitzin, Pa. JACOB VOSEL 64 years old. Cambria Co.

SUFFERED UNTOLD AGONIES FOR 15 YEARS, TRIED 7 DIFFERENT DRs. BUT GREW WORSE UNTIL TREATED BY DR. SALM. For the last 15 years I have been suffering very much, have been treated by 7 different Drs.; nearly all of them gave my ailment a different name and gave me medicine accordingly. The result was that I became worse and worse, until at last I went to Dr. Salm who pronounced my disease to be of the Bladder, Kidneys and Stomach and treated me accordingly with the most splendid result, he has done me more good in one month than all others for 15 years, and feel once more like did 15 years ago, no feeling of tiredness and fatigue as heretofore, I can do my work and enjoy what was an impossibility heretofore.
