Her Trust in Vaccination and Prayer.

Here is a little story, the incident being given to us during the smail-pox period and when Tyrone was buried in gloom. It happened when things were at the worst, and it occurred in the household of Mr. Benjamin Richards on Main street. Mr. Richards has at little daughter, and she took it to heart quite forcibly because the churches were all closed and so she dressed herself in some of her mother's clothes one Sunday and perching upon the stairs proceeded to hold church services. The little tot was choir, and soprano, and preacher, all in one. After calling upon Mrs. Howe to sing a hymn, she personated the wellknown vocalist and sang, then she did a little preaching, and then made a prayer. The prayer was short, and was

as follows: "Oh Lord, make the small-pox go away. Don't let the small pox get my papa, nor my mamma, nor any of us, oh Lord, we've all been vaccinated and it's working b-e-a u-t-i-f-u-l-l-y on all of us, amen.

We are pleased to state that the prayer was answered, and that the little tot and all of her family came through the ordeal in good order.

Says He Was Robbed.

A Turkish Doctor Brings a Startling Charge Against a Californian.

The Turkish Minister has laid before the State Department the case of Dr. Zamerin Nouri, a person bearing many distinguished titles in the Moslem Church. Dr. Nouri was a delegate to the Congress of Religions at the World's Fair, and asserts that he never got there owing to the machinations of one Dr. George S. Smith, living at Seal Cove,

San Mateo county, California. After falling in with Smith, Dr. Nouri says, he was drugged and robbed and then committed to an insane asylum at Napa, where he was kept three months. When he was finally released on leave the doctor procured warrants against Smith and his confederates for grand larceny, but they were mysteriously dismissed.

He then came to Washington and laid his case before the Turkish Minister, who, in turn, presented it to the Department of State. The value of the goods stolen is placed at \$20,000.

DISTRESSING CASE OF SCROFULA AND HIP DISEASE. PERFECT CURE, HAPPINESS AND HEATH

GIVEN BY HOOD'S SARSAPARILLA. "C. I. Hood & Co., Lowell. Mass.: "I cannot praise Hood's Sarsaparilla enough for what it has done for my boy. Some four years ago, when six years old, George was attacked by hip disease in his right leg. We had to get him a pair of crutches, with which he was able to move about, but became badly deformed. We had to have his right leg lanced just above the knee. In a few weeks a second sore broke out, both discharging freely. Agonizing pains

afflicted him, he could not bear to

be moved. his growth was stopped

HE WAS A MERE SKELETON He had no appetite and it was hard work to make him eat enough to keep him alive. A few weeks later we had his hip lanced, and following this five other eruptions broke out, making eight running sores in all. We did all we could for him, but he grew weaker every day, although we had three of the best physicians. As a last resort we were prevailed upon by relatives who had taken Hood's Sarsaparilla with beneficial results to give the medicine a trial. We got one bottle about the first of March, 1892, and he had taken the medicine only a few days when his appetite began to improve. When he had taken one bottle he could move about a little with his crutches, which he had not been able to use for the pre ceding three months. We continued faithfully with Hood's Sarsapar-

illa, and in 6 months he was ABLE TO BE DRESSED and go about the house without the crutches. He has now taken Hood's Sarsaparilla regularly for eighteen mouths, and for the past six months has been without the crutches, which he has outgrown by several inches. The sores have all healed with the exception of one which is rapidly closing, on-ly the scars and an occasional limp remaining as reminders of his suffering.

HOOD'S SARSAPARILLA CURES.

Hood's Sarsaparilla in his case has truly done wonders, and he is daily gaining in flesh and good color. He gaining in nesh and good color. He runs about and plays as lively as any child. We feel an inexpressi-ble joy at having our boy re-stored to health, and we always speak in the highest terms of Hood's Sarsaparil a." Mrs. Henry W. Murphy, Exeter, New Hamp-shire.
