THEY ELOPED AND WERE CAUGHT. -Last Saturday policeman Gares went small-pox. to the home of Thomas Rishel, in this place, and upon a warrant sworn out by Amos Redding, who has been work\_ ing at Snow Shoe, arrested "Prof." Clarence Davis and Mrs. Ella Redding, charging them with fornication, adultery and conspiracy. The pair was lodged in jail and held for a hearing. It came off before Justice John B. Linn Tuesday evening when the deserted husband withdrew his suit and the parties were discharged, upon promise that Davis was to leave the country and Mrs. Redding return to her home.

During the hearing the lawyers got mixed up in a very disagreeable controversy which came very near ending in blows and perhaps would have done so had not Justice Linn given both of them the sound lecture they so richly deserved. Just what force these fellows expect to make in their argumen--President Cleveland, County tation by flinging personalities at one another is hard to see.

The following statistics regarding his pastorate were compiled and read at the last regular service he conducted here, on Sunday night, March 10th.

During the past five years \$7,500 have been raised for improvements, the payment of church debts and the erection of the Coleville chapel. Ten years ago sionary purposes was \$120. Five years ago, the amount collected was \$460. Last year \$518 were collected and this year the money collected for all kinds of town yesterday afternoon. He denied the remissionary purposes will foot up almost port that he intends editing the Valley Chief, ble to rally from the wearing, wasting \$750. Five years ago the church book showed a total of 339 members. Dur ing Rev. Houck's pastorate 245 new members were added. During the same time 170 members have either died or been dismissed to other churches (sixteen of which number went to Coleville on the erection of the chapel at that place) leaving a net roll of membership at the present time of 414. During the past three years the Epworth League and the Junior Epworth League, the Woman's Foreign Missionary Society and the Young Woman's Foreign Missionary Society have been organized, giving four new arms for church work. During Mr. Houck's pastorate he attended 101 funerals, all either members of his church or members o families whose heads were Methodists.

-Five hundred Altoona laboringmen marched along the line of the new railroad, on Tuesday, and drove all the Italians employed away from their work. The fight was caused by the foreigners having offered to work for 75cts a day. The Americans did not injure person or property but their determined demeanor was evidence that they would not tolerate such an outrage on the rights of the honest toiler.

-The idea advanced by Gen. Beaver, at a meeting of Council Monday night, that it is advisable to make the suburban streets of this place as fine as possible, is a very good one and should be carried out. If all the new streets of the town were put in first class condition there would be some inducement for prospective builders to locate on them, then too they would afford excellent thoroughfares for pleasure drives.

A CHANCE FOR ALL.—The Keystone suspension fence advertisement, in another column of the paper, is well worth looking up, as it affords an opportunity for you to make a thousand dollars, if you can find the proof asked for, and if you are unable to secure the amount offered it will be the best of evidence that the fence is worth an investigation and a trial. It is an ornamental, as well as durable and wonderfully cheap fence.

-One of the largest public sales that has taken place in this community for a long time will be held in this place next Wednesday, March 28th. Besides the particular interest it will have for farmers who are looking for an opportunity to purchase implements, buggies or carts at a great reduction, there will be an exhibition of the Elmira fire- office was Dr. H. B. Pifer whom it was proof roofing felt and ebonized paint which will be worth coming a long distance to see. The sale will be held at the carriage shops of J. S. HE LOST HIS WAGER .- On Monday evening Alf. Baum, a Bellefonte liveryman, undertook to drive from the Court House to Kohlbecker's hotel, in Central city, and return in twenty five minutes. He had wagered twenty five dollars that he could cover the distance. six miles and one furlong with one horse in the time stated.

A large crowd of sports gathered in the Diamond to see the start and inasmuch as the required time was so short they waited about for the return. Many watches were being watched, but when the twenty-five minutes had elapsed the racer had failed to appear, though just two minutes and thirty seconds too late to win his bet the horse and driver appeared flying in Allegheny street. When Baum pulled up in front of the judges his pretty bay speeder was as wet as if it had just come out of a bath. It had lost its owner's money and looked dejected enough to have realized it too.

The liveryman could have made the time had he not have worked his horse so hard in the morning, when he made a trial trip and did it in twenty-five minutes. Then too a rain, during the day, made the roads soft and in consequence the time was slower.

GRAMLEY'S STORE RE-OPENED .- Last week we announced the assignment of ex-county treasurer James J. Gramley, which had been made the day previous to the last issue of the WATCHMAN. To-day it is our pleasure to state that he was able to so arrange his business that his store on Allegheny street was reopened at noon Saturday and he continued doing the nice business he had enjoyed before his enforced suspension.

True to our prediction the embarrassment was only temporary and Mr. Gramley is sounder to-day than he was before he assigned.
