THE APRIL COURT A BUSY ONE.—There is an unusually large attendance at this session of court and many cases of importance have been tried or are on the calendar awaiting disposition. After the usual preliminary work, on Monday, attending its opening court settled down to work and the following cases have been cleared up:

Commonwealth vs. Malvina Fink, of Taylor township, charged with fornication. The defendant had given birth to a male child last October. In charging the jury the Court remarked that this was the first case he ever known where a woman was returned upon such a charge. Verdict of guilty; not yet sentenced.

Commonwealth vs. W. F. Richards, charged with wilfully and maliciously cutting timber on the lands of the Philipsburg Coal & Land Company. The jury returned a verdict of not guilty; prosecutor to pay three-fourths of the costs and defendant one-fourth.

Commonwealth vs. Christ McGinley, of Bellefonte, assault and battery on a man named Quick. Defendant pleaded guilty and was sentenced to pay costs.

Commonwealth vs. A. C. Williams, of Port Matilda, charged with committing assault and battery upon A. C. Hartsock. While talking politics an altercation arose between the two persons, and when Hartsock called Williams a liar he got a blow on the face in return, cutting his head and loosening several teeth. The jury returned a verdict of guilty, but recommended him to the mercy of the court. Not yet sentenced.

Upon a petition presented by Atty' Ira C. Mitchell, the court directed D. W. Fletcher, surveyor, and Jonathan Schenck and David B. DeLong viewers, to ascertain and establish the dividing line between Howard, Liberty and Curtin townships.

Commonwealth vs. George Johnson, of near Milesburg, charged by Elizabeth, his wife, with desertion. Defendant pleaded guilty and was sentenced to pay costs of prosecution and pay his wife \$1.50 per week for the support of herself and children.

Commonwealth vs. Robert Bloom, charged with F. and B. by Lyda Kellarman. Defendant pleaded guilty and was sentenced to pay \$1 costs and since the child had died he paid \$35 lying in expenses.

Commonwealth vs. Wm. Walker, of Bellefonte, charged with illegal fishing. Poor Bill has been dragged up at every court for a year on this charge and has served many a weary day in jail, but nothing daunted he persevered in crime and now is languishing in jail because of inability to pay a \$100 fine imposed for his last offense.

Commonwealth vs. Jas. M. Thompson, charged by Nettie Bathgate with inflicting too severe punishment on her while a student in the South Philipsburg schools. Defendant went to school late one morning and she was sent home for an excuse. When she returned her teacher said she threw the paper in an insolent manner upon the desk. When she was told to prepare a lesson she remonstrated with the teacher and he whipped her. She claimed the punishment was so severe as to raise a permanent lump on her neck and cut her finger until it bled. The jury returned a verdict of not guilty and divided the costs.

Commonwealth vs. Alfred Devine, Richard Riley, Martin Riley, all of Philipsburg, assault and battery. Prosecutor, William H. Banner, claimed that the defendants assaulted him and he received rather rough handling. Defendants denied the statement and endeavored to show that the prosecutor received his injuries while under the influence of liquor. A piece of defendant's lip with hairs from his mustache was offered in evidence to prove that he had fallen on the pavement at a point a considerable distance from the place where the assault is supposed to have been made. Verdict, not guilty and Banner pay costs.

Commonwealth vs. John Bierly F. and B., pleaded guilty. Sentence, \$1 fine, pay prosecutrix \$35 lying-in expenses, and costs of prosecution.

Commonwealth vs. Alvin Stewart, charged with the larceny of \$15 from Isaac Haupt, of this place. He claimed money which defendant had dropped on the street and was found by some little girls. The jury convicted him of false pretense. Not sentenced yet.

Commonwealth vs. Abraham Jackson, colored, charged with malicious mischief in building a line fence on his property, on East High street, this borough. Not guilty and county pay costs.

Commonwealth vs. John Auman, charged with cruelty to animals by William Kessler, of Gregg Twp. Not prose entered.

Commonwealth vs. James, Thomas, and Charles Meyers, John Hobbs and John George, of Philipsburg, charged carrying on a systematic series of robberies of stores in that borough, nearly a carload of booty having been found on their premises, defendants pleaded guilty and sentence was suspended. Each entered into recognizance of \$200 for his appearance at the August term. Attorney W. E. Gray seized this apparent opportunity to work in one of his clients on the Court's funny

streak of clemency before it worked off, but when he had Wm. Hanna plead guilty to stealing and receiving stolen goods the Court fell down on him with a sentence of costs of prosecution, return stolen property, and two years imprisonment in the western penitentiary. Hanna had robbed some smoke houses and clothes lines here last Winter while the Philipsburgs had burglarized stores and the P. R. R. freight station in that place.

Commonwealth vs. Clarence Davis, the itinerant magic lantern professor who stole Mrs. Ellen Redding, of Howard, away from her husband and alienated her affections so that she would not leave him even after going to jail. He pleaded guilty and was sentenced to a fine of \$100 and one year in the county jail. Mrs. Redding's trial for adultery was postponed. She had an opportunity to clear herself some time ago, but she would not leave the professor. Yesterday afternoon she was called up and sentenced suspended on promise that she would return home and end all relations with the professor. She wouldnt promise to return to her husband, however.

Commonwealth vs. James Cornelius, receiving stolen goods, true bill; pleaded guilty, sentence not yet imposed.

Commonwealth vs. Milton Harmon and Mary Harmon, his wife, charged with aggravated assault and battery and cruelty. This was the case brought last December at which time we gave a full account of its harrowing details. They had fendishly abused their little boy and when confronted in court by the living evidence of how he had been maimed for life they could do little else than plead guilty. Sentence not yet imposed.

A young man named Bathurst, who got drunk and imagined himself an Indian, was nabbed about mid-night Monday and locked up. He was whooping on the streets when officer Gares caught him and about noon, Tuesday, friends paid his fine and he was released.

A young man named Paterson, the champion bicycle rider of Blair county, recently rode forty-five miles in two hours. His machine was set on rollers in Gamble's store window, in Altoona, and though it did not move an inch the chronometer on the wheels registered forty-five miles after the exhibition.

On last Sunday morning the suffering of aged John B. Lucas ended in his death. D-deased was 74 years old and had been confined to his bed for more than four months. He died at the home of his son-in-law, Casper Wicker, in Altoona, and was buried there on Monday. He was a brother of Morgan Lucas, of Curtin's Works, and a member of Co. D. 192 Reg. P. V.

During the thunder storm, on Friday night, the large barn near Larmer, Clinton county, owned by B. S. Pifer was struck by lightning and burned to the ground. All the grain and hay in it was burned, but Mr. Pifer succeeded in saving his stock. Our old friend Andrew J. McClintock was a loser too, for some meat he had in the barn was burned. The building was insured in the Granger's company.

Under a recent ruling of the Bellefonte School Board all students using public school books provided by the State are required to use a satchel in carrying the books to and from their homes. Many of the students had provided themselves with satchels, but on Friday morning fifteen boys and six girls were suspended because they had not complied with the order. The authorities are determined to take the proper care of the State's property.

THE TIME FOR HOLDING THE COUNTY CONVENTION CHANGED.—Perhaps the most important bit of news that has been imparted to the Democrats of Centre county for some time will be the announcement that hereafter the annual county convention will be held in June instead of August, as heretofore.

At the meeting of the convention in August '93, a resolution was adopted in which it was resolved to change the time for holding the convention from August to the second Tuesday in June. And also to change the hours for holding the primaries so that they would be held on the Saturday preceding the second Tuesday in June and remain open from 8 o'clock until 7 o'clock p. m. To make such a change the rules of the party required that the resolution adopted by that convention must be ratified by the Democracy of the county in mass meeting assembled. Such a meeting was called for last Tuesday evening and though it was not largely attended there were some representative Democrats present from every section of the county. Chairman Ellis L. Orvis called the meeting to order and after stating the object for which it had been called read the new apportionment of the county into Districts which shall elect conferees to the Congressional, Judicial and Senatorial conferences. It was made by a meeting of the county committee held in Chairman Orvis' office at noon, on Tuesday, and is based on the presidential vote of 1892; under the rules allowing each five hundred Democratic voters to constitute a district.

The places of meeting for the various districts has been arranged as follows: 1st district to meet at Millheim; 2nd at Penn Hall; 3rd at Centre Hall; 4th at Sisto College; 5th at Port Matilda; 6th at Philipsburg; 7th at Howard; 8th at Bellefonte; 9th at Bellefonte.

The apportionment is a very fair one, the difficulty being experienced in finding the required number of voters in contiguous precincts, so that no very great distance would have to be traveled to the meeting point of the various precincts constituting a district.

After the reading of this permanent organization was effected. C. M. Bower E. q. was elected chairman and Chas. R. Kurtz and Geo. R. Meek secretaries. The chair then called for a free and open discussion of the advisability of ratifying the resolution and Messrs. Orvis, D. F. Fortney, W. C. Heinle and others talked in favor of the change. All the argument advanced, however, carried the most trifling weight with it and the main thing that was said was "that no one can find any reason for not changing the time." As there was no good reason given for making the change we inferred that some one wanted it done and their wishes were gratified. Under this rule the campaigns will be so much, longer, tiresome and expensive. Following is a copy of the resolution which passed without dissenting vote:

At the County Convention which met on the 9th day of August, 1892, and also at the Convention which met on the 8th day of August, 1893, the following was adopted:

"That we recommend to the party, when in mass meeting assembled, that Rule No. 2. of the Rules governing the election of delegates and the county convention, be amended to read as follows to wit:

"The election for delegates to represent the different districts in the Annual Democratic County Convention shall be held at the usual places of holding the general election for each district on the Saturday preceding the second Tuesday of June in each year, beginning at three o'clock, p. m., on said day and continuing until seven o'clock p. m. The delegates so elected shall meet in County Convention in the Court House, at Bellefonte, on the Tuesday following at (12) twelve o'clock M."

With this done nothing remained to do but pass a motion for adjournment. The meeting, though small, was very earnest and every Democrat present seemed to realize that we will have a great fight on this Fall.

Tyrone intends having a big Fourth of July celebration.

Payne Cochran & Co., the extensive lumbermen of Williamsport who control the Lock Haven boom, will require all owners to have their logs driven clear through to Williamsport hereafter, instead of just to Lock Haven. It has been the custom of the Williamsport Co., to make a drive from Lock Haven every Fall but a recent determination has abandoned the plan and hereafter owners will have to drive their logs clear through or run the risk of losing them.

A very interesting game of baseball was played at State College last Saturday afternoon between the Collegians and the Altoona State League team. The College boys had the game all their own way up to the sixth inning, when Altoona presented a new pitcher who was a little harder for them to hit. He held them down while the visitors cracked Mattern's delivery for enough to tie the score with ten runs each. The Altoona club had to leave at the end of the ninth inning with the score still tie and the umpire gave the game to the home team.

A special from State College to city papers states that Charles E. Baugler, of Keuka College, N. Y. a student in the Sophomore class of The Pennsylvania State College has been arrested and held in \$500 bail for his appearance at court. He is charged with generating a noxious and deadly gas at an entertainment given for the benefit of the State College band. Prof. Bomer, of Pittsburg, was lecturing when a terrible stench arose and a search for its cause resulted in the finding of bottles of chemicals in student Baugler's pocket. There were sixty other students there also. The case was heard before Squire Thompson at Houseville, but has since been settled. The students boycotted all the band men, who are laundrymen, and it resulted in a compromise for \$15.00, which the class paid.

THE ANNUAL CLASS FIGHT.—On Tuesday morning the Freshman and Sophomore classes of The Pennsylvania State College indulged in what is known as their annual fight to see which class is the stronger.

Some time during Monday night the Freshmen put up a forty foot flag pole on a field, just north of the College, and with it well greased and from its top their colors proudly floating they waited until morning to see how the surprised Sophomores would take the audacious proceeding. Of course the older men started at once to take it down, but the pole, bravely defended by the Freshies; stood and when the time was up the Freshman colors still waved.

During the scrimmage the boys were pretty badly used up, their clothing was torn in shreds and many of them were carried off in an unconscious condition, but as soon as time was up the best of feeling prevailed and the Freshmen were happy because they were able to keep their colors from being hauled down by the older classmen.
