To CORRESPONDENTS.—No communications published unless accompanied by the real name of the writer.

THINGS ABOUT TOWN & COUNTY

—There are many parts of the county that have not had rain for more than a month.

—David Sharer, of Zion, suffered a relapse, on Monday, and now there is little hope of his recovery.

—John G. Love, Esq. will orate at a granger picnic to be held in Funk's grove at Warriors Mark, tomorrow.

—Company B. had drill exercises at Hunter's Park, last Friday, preparatory to going in Camp at Gettysburg.

—Mr. Ammerman has been elected to fill Mr. Johnsonbaugh's place as principal of the Bellefonte High school.

—Operations at the Valentine furnace are awaiting a supply of coke. The stock of ore on hand will last for several months.

—A heavy thunder shower dampened the ardor of those who had intended enjoying the Logan picnic at Hecla yesterday.

—An eagle measuring five feet nine inches from tip to tip of its wings was shot last week by William Grenoble north of Zion.

—Dr. Hoy last Monday set the arm of Holly Steele, of Axe Mann, which was broken by his falling from a horse while riding the animal to water.

—Pitcher Hodson, who played with the Bellefonte base ball team last season, has been sold to Boston, the Scranton club having received \$400 for him.

—Martha, Mr. and Mrs. Harry Keller's little daughter, died yesterday morning of cholera infantum. She was only five months old and had been sick but a few days.

—The Bellefonte band was on the streets Monday evening giving public serenades. The band is much improved in its work lately and soon will be able to cope with the best of them.

—John Biann, charged with stealing meat, has been bound over for trial at August term of court. This was the result of a habeas corpus hearing in his case last Wednesday morning.

—The residence of Samuel Noll, Jr., at Pleasant Gap, was partially destroyed by fire on Tuesday morning, causing a loss of about one hundred dollars on which there was no insurance.

—With the object of getting a new driveway across Spring creek Messrs S. D. Ray, W. F. Reynolds and Robert Valentine viewed Lamb street bridge on Tuesday, according to an order of the Court.

—Roy Crust, who we mentioned last week as having been injured by being thrown under a reaping machine, we are pleased to learn is doing well, with fair prospects of his entire recovery.

—While bathing in the creek near his home one day last week a young son of ex-Register John A. Rupp, of Oak Hall, had his leg broken. The lad was under a bridge that was being repaired when a heavy timber fell on him.

—There will be no service, except Sunday school, in the Episcopal church on the 11th and 18th of this month because of the absence of Rev. W. O. Wright, the rector. There will be service, however, on the 20th, and the rector will be at home again on the first Sunday in September.

—A festival for the benefit of the Union Sunday School at Pleasant Hill, near Fillmore, will be held at the school house, Saturday evening, 18th of August. The usual refreshments will be served and the friends of the Sunday school cause are invited to attend and give it their patronage.

—A four year old child of Jael Bamard, living near Zion, was caught in the tumbling bar of a threshing machine, while it was in operation one day last week and badly injured. Its clothes having caught in the revolving shaft it was whirled round and round bruising and battering it.

—The detail that went ahead of Company B. to the Gettysburg encampment, Wednesday evening, was under the command of Sergeant Noll, and consisted of Corporal Garis, and Privates Rhodes, Potter, Smeltzer, Snyder, Harper, McMurtie, Fitzgerald, and company cook Cole. They reported to Quartermaster Williams immediately upon their arrival at Gettysburg.

—The Coleville band was in town Thursday evening serenading the newspaper men. We all had an opportunity of hearing this organization and must say we were decidedly surprised at the degree of perfection attained by the musicians of the little village. Their march music is especially good and on concert pieces they are setting a pace that some of the old organizations in the county will find it hard to follow.

THE DEATH OF SAMUEL NOLL, SR.—A well known man died at his home at Pleasant Gap on Tuesday evening shortly after six o'clock. It was Samuel Noll Sr., who began the life of a husbandman in this county as early as 1827. He was born at Sheridan station, in Lebanon county, Dec. 11th, 1807, and is survived by five children, his wife having died thirty years ago. They are W. H., and Samuel, of Pleasant Gap; John, of Bellefonte; Susan, who kept house for her father, and Mrs. Lizzie Stine, who lives in Oklahoma.

Deceased was a member of the Reformed church and a man who commanded the admiration of all who came in contact with him. He was straight forward in business, kind in his domestic and social relations, and through the long years of his life had been a man who had many friends.

Interment was made at Zion yesterday morning at 10 o'clock.

PHILIP RESIDES.—At the advanced age of 85 years Philip Resides died at his home near Fillmore, on Monday night. Deceased had been in ill health for some time and his many years of life had left him little vitality to withstand the ravages of disease. He was a good citizen, a kind neighbor and a man who enjoyed the esteem of a large circle of friends. Surviving are: Charles, of Osceola; John, of Sandy Ridge; William, of Bellefonte; Henry, on the homestead near Fillmore; Mrs. Samuel Barr, of Bellefonte; Mrs. Wm. Sellers, of Oak Hall; and Mrs. Treaster, Mrs. Sowers and Mrs. Stone, of near Fillmore.

Interment was made Wednesday evening in the Union cemetery in this place.

The death of Grace A., the aged wife of Robert Glenn, of Benner township, occurred on Monday morning at her late home. Deceased had attained her 60th year and was a woman much beloved by all who knew her. Her funeral was held Wednesday morning at 10 o'clock.

In the death of Catherine B. Gates, which occurred at her home, in Spring township, on Monday afternoon, Bellefonte lost one of its oldest residents. Deceased was 79 years of age and was a consistent member of the Lutheran church. An invalid husband, 92 years old, and four children survive to mourn her death. Funeral services were held Wednesday morning.

A SAD DROWNING CASE.—Two children of David Raybould, of North Phillipsburg, were drowned in a pool near Black Bear switch on Tuesday evening. It appears that their mother had gone to Empire mines to see a friend, and three of her children went to meet her on her return. When they reached Black Bear switch their attention was drawn to some water lilies in the lake near by. Albert, aged 6 years, walked down to the edge of the lake to gather some of the lilies, and reaching after one lost his balance and fell into the water. Alice, aged 8 years, attempted to rescue her brother and was pulled in to the water and both were drowned before help could be secured. The little 4 year old sister, who stood on the railroad adjoining, taking in the situation, hurriedly ran home to tell what had happened. It was not long until a number of persons reached the lake, and after considerable searching, the bodies were found, cold in death, embraced in each others arms.

MINING OPERATIONS RESUMED.—The Phillipsburg Journal of Tuesday says: Active mining operations were resumed this morning at nearly all the mines throughout the Clearfield region. Among the mines in the Phillipsburg and Beach Creek region which started this morning are the following: Paradise, Coaldale 5 and 6, Forest, Decatur, Washington, Jefferson, Montana, Gearhart, Glenwood, Highland, Colorado 1 and 2, Baltic 1, 2 and 3, Derby, Lancashire 1 and 2, Victor 1 and 2, Lane, Eureka 14, Fishburne's at Munson, Soumerville & Co., at Winburn, Clearfield Bituminous Coal company, at Peale, and others that we were unable to hear from. Work was also resumed at nearly all the mines in the Osceola and Houtzdale districts.

NON-COMMISSIONED OFFICERS.—The following are the newly appointed non-commissioned officers of Company B. in this place: Philip D. Garbrick, 1st sergeant; William Rider, 2nd sergeant; S. D. Gettig, 3rd sergeant; W. T. Noll 4th sergeant; C. W. Smith, 5th sergeant; James R. Hughes, 1st corporal; Albert C. Hoy, 2nd corporal; L. E. Renick, 3rd corporal; James W. Alexander, 4th corporal; C. W. Bartley, 5th corporal; Willis McKee, 6th corporal; C. W. Burkett, 7th corporal; Chas. Garis, 8th corporal. Private G. W. Rees is appointed acting quartermaster sergeant.

RAILROAD EXTENSION.—The citizens of Pine Grove Mills have subscribed for the extension of the Bellefonte Central railroad to that place, and a gang of are men engaged at the work. It is intended to have it completed by fall.

—Company B. will leave for camp at Gettysburg to day at 10:25. The detail, under corporal Noll, went down on Wednesday to fix up the camp.

—Curtis Fox, a resident of Marsh Creek, some days ago was severely kicked in the face by one of the horses he had in a team engaged in mowing.

—Clinton county has announced a candidate for the Democratic nomination for State Senator, in this district, in the person of William Simpson, Sr.

—Tyrone council has ordained against cows running at large in that borough at night, but it has not raked up enough courage to order them off the streets at all times.

—The Coleville band has contributed to the amusement of this neighborhood by putting down a platform and erecting a pavilion at that place where dances will be held on Saturday evenings during the season.

—J. S. Holmes, an old and respected citizen of Tyrone, died in his 71st year early Monday morning. He had during life been interested in many newspaper enterprises, among them being the Tyrone Herald, and he founded the Times of that town.

—Rev. Charles T. Steck, who is now located in Shamokin, will accept the Democratic nomination for Congress in the 18th District should it be tendered him. In the event of Congressman Wolverton's declination to run for another term the Democrats would do well in taking up Rev. Steck. He is a man of considerable force.

REPUBLICAN NOMINATIONS IN CLINTON COUNTY.—The Republicans of Clinton county held their convention in Lock Haven on Tuesday and nominated the following ticket: Congress, A. C. Hopkins; State Senator, A. O. Harvey; Assembly, S. W. Fredericks; Register and Recorder, A. S. Grow; Jury Commissioner, G. C. Curns.

CAVALRY REUNION.—The surviving members of the 7th Penna. Cavalry will hold their annual reunion in Lock Haven in October. This regiment was one of the largest in the volunteer service and served from Nov. 1, 1861, to August 1, 1865. During that time 106 were killed in action, nine of them being officers. Death from disease numbering 190, five of whom were officers.

A DELIGHTFUL PICNIC.—Under the patronage of Mr. and Mrs. L. T. Munson and Frank Warfield, General Freight agent of the C. R. R. of Pa. a picnic party, numbering sixty young ladies and gentlemen, was taken over the road as guests of its officials last Tuesday evening. Clintondale park was the destination and there the beautiful grove and good music for dancing afforded delightful entertainment for the party until a late train brought it back to this place.

WHERE THE VETERANS WILL BE QUARTERED.—Already the veterans are preparing for their anticipated trip to Pittsburg next month and the Centre county posts are not going to be left either for want of comfortable quarters. They have been assigned rooms C and D in the Highland avenue public house where everything will be furnished for comfortable living except blankets which each veteran ought to take for himself.

The delegation from here will leave on the morning of the 10th and go straight to East Liberty, the nearest station to the quarters that have been assigned. From that point three street car lines run into the heart of the city and only five cents fare is charged. Good meals can be procured near the quarters at reasonable rates, the arrangements having been made whereby a substantial breakfast can be had for fifteen cents.

It is the desire that everyone who can should go, as it will be one of the largest gatherings of veterans that has ever taken place.

STRIKERS STARVED INTO TERMS.—The men in the Clearfield coal region have actually been starved into accepting the operators' terms. No more striking illustration of this fact can be given than a circumstance related by Sheriff Cardon, of Clearfield county. The sheriff said in conversation that while serving notices of enjoinment on some tenants in one of the mining towns in this county he ran across three purely American families with from three to six children each, who were eating their noon-day meal when he entered their homes, and he was dumbfounded to see nothing but bread and water on the table.

The sheriff said it touched his heart to see these little children compelled to subsist on that fare, more so because they were Americans, and he generously gave the three families all the loose change he had, which was about five dollars. It will be readily seen in what condition the miners and their families are in by the above.

COUNCIL MEETING.—At the meeting of Town council on Monday evening the street committee was instructed to give the grade for the putting down of a stone gutter at the Lutheran church. Dr. T. R. Hayes asked for a rebate on water tax on account of his being absent four months in the year. Frank P. Blair was present and objected to the raising of his water tax for motor from two to five dollars per year.

A communication was received from the Pennsylvania railroad company asking council to join with them in the paving of High street, near the railroad, with vitrified brick.

McCalmont & Co. protested against being assessed twenty dollars for the use of water for mechanical purposes, alleging that it was too high for the amount of water used, but expressed a willingness to pay ten dollars a year.

The Water committee reported a number of leaks repaired; also repairs made to boiler at water works. The committee also reported water contracts now being made with persons using water for mechanical purposes, and in most instances the contracts have been signed.

The dangerous condition of the boardwalk along the Episcopal church on Lamb street, and on Howard street in front of Governor Curtin's property, was called to the attention of the street committee.

The Market committee reported \$15.10 market fees collected. The Finance committee reported balance due treasurer of \$3,141.15.

A SLICK WAY OF TRADING HORSES.

—Two sharpers worked what the Lewis-town Free Press calls a well put up game on Farmer John Wray, of Decatur township. Mr. Wray was induced to trade horses with a stranger, and in a couple of days stranger No. 2 appeared with stranger No. 1, a poster describing the horse in Wray's possession, and a pair of handcuffs in his charge, representing himself as a detective from Pittsburg, deputized by the sheriff of Allegheny county to arrest the man he had in charge for stealing said horse. He took the animal from Wray, handcuffed the other fellow and going to Painterville put the horse in the keeping of Samuel Sigler, saying it would be called for by the owner. Before leaving, Wray asked for his own horse and the "detective" told him quietly that he would get out of his "prisoner" where the animal was and write him. Wray informed his father and the two went in pursuit, arriving at Painterville just as the S. & L. train pulled out with the two frauds on board. The Wrays drove to Lewistown and a writ of replevin was issued which gave the horse into the possession of Sheriff Blett. The sheriff of Allegheny county was communicated with, who promptly replied that no such person had been deputized. Mr. Wray, we presume, has neither horse now in his possession.

FOSTER'S LATEST ON THE WEATHER.

—My last bulletin gave forecasts of the storm wave to cross the continent from Aug. 4 to 8, and the next will reach the Pacific coast about the 9th, cross the western mountains by close of 10th, the great central valleys from 11th to 13th, and the eastern states about the 14th. While a general deficiency of rain is expected in August, this storm wave and the one following will give a few showers of small extent. During drouth periods the storm waves cross the country so far north that their effects are only seen in the high temperature waves. The warm wave will cross the western mountains about the 9th, the great central valleys about the 11th, and the eastern states about the 13th. The cool wave will cross the western mountains about the 12th, the great central valleys about the 14th and the eastern states about the 16th. The drouth will do most damage during the first and last week in August, and more rain will fall during the ten days, 11th to 20th, inclusive.

SHEEP ARE DYING.

—A dispatch from West Grove, Chester county, Pa., says: Forty sheep of fine breed have died in this vicinity within a few weeks, and the farmers are alarmed. Three veterinary surgeons, Presson of Philadelphia; Conrad, of this place, and Entriem, of Kennet Square, have made an investigation, and revealed a startling disease. They found that a species of worm crept up the noses of the sheep while they were eating grass and then entered the brain of the animals. An effort is making to find a remedy for the malady. The affliction has very seldom been heard of in this country.

AID FOR MILL HALL.

—Mr. J. T. Humber, a member of the Borough Council, has raised from citizens of this place cash contribution to the amount of \$118 for the aid of sufferers from the Mill Hall fire. The contributors were ex-Governor A. G. Curtin, \$25; W. Y. Reynolds, \$20; P. B. Crider & Son \$10; John P. Harris, \$10; Robert Valentine, \$10; A. O. Furst, \$10; Edward Rhoads, \$5; J. C. Meyer, \$2.50; D. Garman, \$5.00; C. J. Cook, \$1.00; J. G. Love, \$5.00; S. D. Ray, \$1.00; Orvis, Bower & Orvis, \$10.00;—Reader, \$2.50.

A NARROW ESCAPE.

—Last Saturday David Kinley, of Lock Haven, employed as a brakeman on the Lewisburg and Tyrone railroad, while riding on a car at Coburn Station, preparatory to making a coupling, lost his balance, fell on the track below, and was rolled over the ties by the brake rigging. When the car stopped his head was between his legs. He was taken from under the car and a physician summoned, who found that while badly bruised there were no bones broken. He was taken to his home on East Main street, that city, Saturday evening.

ROUTE OF THE CENTRAL R. R. OF PENNA.

—The country traversed by this road, as well as the Sugar Valley route, is being written up in pamphlet form by Mr. I. H. Mauser, of Williamsport, an ex-editor and now engaged in teaching having been for the past year principal of one of the most important public school buildings in the city. He has had considerable experience in writing local history and description. The present work is a convenient and agreeable vacation past-time. His particular aim is to get it accurate and trustworthy. The history, industries, commercial facilities and enterprises are carefully written up and prepared in such a way as to make the work very handy for reference. The work will be ready about the 25th of August and will be distributed gratuitously for the advertising. The care with which it is prepared and the excellent mechanical make up of the book make it a very good medium.

News Purely Personal.

—Gen. Beaver and Gen. Hastings returned from their extended western tour on Wednesday evening.

—Miss Roxy McMillen of Dayton Ohio, and Miss Letitia Landis of Philadelphia are visiting at the home of P. Gray Meek.

—Miss Ida Dolan, youngest daughter of Mrs. Mary Dolan of this place, departed, Saturday morning, for a visit to Wilmington, Del.

—Mrs. John Bullock and child departed Tuesday morning for Mrs. Bullock's home at Mechanicsburg where they will visit for a while.

—John Given, who is doing work on the New York Sun during his summer vacation at Cornell, arrived in town a few days last week seeing old friends.

—Hon. Jas. Kerr of Washington D. C. chief clerk of the House of Representatives, was in town during the week looking after some private business interests here.

—Mrs. George Keefer and her nephew George Smith from Sinkingburg with Miss Etta McQuisition of DeWitt Iowa are visiting at the home of Mr. S. A. McQuisition.

—Misses Nellie and Bessie Bell, from Leavenworth, Kansas, are two pleasant young girls who are having an enjoyable time at the home of builder Chas. Bell, on south Thomas street.

—Mrs. Wilbur F. Reeder has returned to her home in this place from Berwick where she had been ever since the death of her father. Mrs. M. W. Jackson and daughter Mamie, are here for a several week's stay.

—Squire J. H. Reifnyder, of Millheim, is in Williamsport under the care of physicians for nervous prostration. For more than a year he has suffered with the trouble and as yet, we are sorry to learn, has received very little relief.

—Mr. and Mrs. Tod Massay, with their little son, left for their home in New Kensington, on Monday morning. They had been visiting at the home of Frank Westcott on Willowbank street. Mrs. Massay was a Miss Hall of this place before her marriage.

—Miss Charlotte Rowe, the charming daughter of Mr. William Rowe of Hagerstown, Md., who has been visiting Miss Crider, on Bishop street, went to Williamsport on Wednesday, to spend a few days with friends there preparatory to returning home.

—William K. Ludwig, of Newport, Perry county, who at one time was attached to the McKee hardware house, in this place, has been doing some work in this section during the week. He looks the same good fellow who left here a year or more ago.

—Will T. Speer, who is as jolly and good natured as ever, is home for a two weeks vacation from Pittsburg where he is employed by the Crescent Pipe Line Co. Judging from his appearance associating with kerosene is as wholesome as the internal application of Scott's Emulsion.

—George L. Potter and family, of Ft. Wayne, Ind., after spending a week at Mr. Potter's old home here, departed in his private car Monday morning for a tour of the New England states. Mr. Potter is a brother of Mr. Jas. Potter and is Supt. of motive power of the P. F. W. & C. R. R.

—John Fellenbaum of Bishop street was in Phillipsburg last week and this is the way the papers of that place notes it: Mr. John Fellenbaum, of Bellefonte, the friend and avowed pupil of Mr. Howard Matley, was in town on Wednesday. They're a fine old pair of heavenly twins.

—Mrs. G. W. Howells, nee Lydia Lipton, of Kansas City Mo. and Miss Stella Nolan came up Tuesday from Atlantic City, where they are spending the summer to stay a few days with their grandmother, Mrs. Davidson. That popular resort has so many attractions for them that they will return to it Saturday.

—James C. Noll Esq. was home ever Sunday visiting his friends here and at Pleasant Gap. He holds a responsible position in the district revenue collector's office at Scranton where he has been located for several months. Jim likes the place and from his healthful looks we infer that he has good reasons for so doing.

—J. Emory Meek, who has been in Denver Col. for the last six years, was in town Tuesday on his way to State College. He has been most of the summer in New York and Boston in the interest of his "electrical heater" which the leading electricians of the country acknowledge and declare to be one of the ingenious and timely inventions of the day and which Gen. McCook prophesies will be part of the outfit of every soldier in the U. S. A. in a few years.

—Do you read the WATCHMAN.

THE COAL STRIKE ENDED.

—Last Saturday night the miners' convention at Phillipsburg declared the strike off, and work was resumed in most of the mines on Tuesday morning at the terms first announced by the operators—40 cents a ton. The vote stood 137 in favor of declaring the strike off to 95 against. Thirteen thousand miners were represented. A committee of five miners was appointed to act in conjunction with the national and district officers to arrange the details in connection with the resumption. Some of the national officers were severely criticised for agreeing to district settlements and partial resumption at the Columbus conference.

On Tuesday morning the miners employed by the Cresson and Clearfield coal and coke company at Frugality returned to work. They number about 450 and the resumption will be made at 35 cents per ton. These men went out on the 20th of April in sympathy with those miners in the district whose wages had been reduced to 35 cents, the Frugality miners then getting 40 cents per ton net. From that time until the present they have lost \$50,000 in wages.

The miners at the Sterling mines at Hastings have resumed work at 35 cents per ton. It is understood that a number of other mines in Cambria county resumed at the same rate.

UP IN HALF MOON.

—Crops are good; the telephone line is completed; Irv Gray's new track is nearly finished; Selbring's trotting stock is all out in pasture; there are about twenty pretty girls at a marriageable age; the Scotia mines are working part of the time; Frank Clemons's babies are the finest on the earth; Sam T. Gray's daughters are the best cooks in that end of the valley; John Hunter's pipe is still going; Port Burket's pair of matched bays are good enough for anybody; Cy Hunter is a poor fighter; the base ball team is flourishing; the swimming hole is still there, and the roads are rougher than ever, so Walter Gray told the editor of the Phillipsburg Ledger upon his return from a week's rustication in the valley.

THE BAND TOURNAMENT.

—Already ten bands have signified their intention of attending the band tournament at Hecla on Thursday August 30th, and contesting for the fine silver cornet and trombone that will be given as prizes. A great many other bands will be in attendance, but as yet only ten have signified a desire to enter the contest. A full list of the entries will be published later.

NIAGARA FALLS—LOW RATE EXCURSION.

—On Tuesday August the 14th the Central R. R. of Penna., will sell excursion tickets from Bellefonte and all local points to Niagara Falls at rate of \$3.00 for round trip, good to return within ten days, via Beach Creek R. R., and Buffalo, Rochester & Pittsburg Ry. Train leaves Bellefonte at 7:00 a. m. At Clearfield a special train will convey the party to Niagara Falls, reaching that point at 9 p. m.
