___The Bellefonte board of trade shook the wrinkles out of itself and got together for a meeting on Tuesday night. After a report that there is a balance of \$300 in the treasury the following officers were elected for the ensuing year: President, William Shortlidge; first vice president, Hammond Sechler; second vice president, William A. Lyon; secretary, Clement Dale, Esq., treasurer, John P. Harris. This work proved so exhaustive that the meeting adjourned immediately at its

WHAT COUNCIL DID MONDAY NIGHT. -At its regular semi-monthly meeting, on Monday evening, the borough coun-

cil transacted the following business: The Street committee reported considerable work done on the streets lately, repairs that have made the Lamb street bridge temporarily safe, and that the men who have been working for the borough, breaking stone, struck Monday morning when it was proposed to pay them 50cts per cubic yard instead of by a penny of aid from the poor funds. If they do not intend to give full value in work for the assistance they receive their names should be stricken off the overseer's list. This thing of the overseers of the poor keeping big, strong able bodied men the whole year round is getting to be entirely too much of a burden to the tax payers and it is time we demand a more business like conduct needed to work on the streets the overseer should furnish them from his list of those who are drawing help from him. And when once at work they should it. There is certainly no justice in makof the twelve men who were selected to to earn every dollar he gets, pay taxes to be given out to a lot of lazy, good for nothing fellows who want to be paid for doing nothing or live as parasites on their neighbors.

The Water, and Fire and Police committees had nothing of importance to report. The Market committee reported the collection of \$11.70. The Village Improvement committee reported that the grand jury had approved the bill providing for a new iron bridge over Spring creek on Lamb street and that the court would approve it at any time. The suggestion that council act on it at once is a good one and should be followed out, as a new bridge is needed badly plans are drawn for the proposed bridge that the committee, Messrs. Williams, Dartt and Brockerhoff, have a care that there is no such a botch made of it as was made of the one on High street. There should be no truss work at all above the level of the drive way.

Among the miscellaneous business there was the appointment of a committee, Messrs. Beaver, Garman, and Gersurer of \$8,849.91 was reported and council authorized him to negotiate a was reported as a nuisance and a bad crossing as well as a sorely neglected drive way were reported on Thomas prepare an accurate map of the borough, as many copies as wanted, for \$250. A profile map of the streets to be \$100 additional. Upon motion of Gen. Beaver the street committee was empowered to look up a cheaper means of lighting the streets of Bellefonte than the present ing day, there were 327 scholars in the contract affords. Council then approved

MICHAEL STROHM'S HORSE RECOV-ERED.-Last Wednesday night a good horse, harness and comparatively new buggy were taken from the stable of Michael Strohm, at Centre Hill. The following Friday afternoon Charles Meyer and Stanley Ryan, two eighteen year old Milton boys, were in jail charged with the theft, the particulars of which are about as follows:

Young Meyer, who is a son of Howard Meyer, was raised in Potter township, this county, where he has many relatives. On the 25th of August he, with his friend Ryan, came up to visit relatives about his former home and on last Wednesday evening, having decided to return to Milton, the boys left the place where they were visiting ostensibly to morning. They did not do this however. buggy and harness. Then they started off toward Union county.

When Mr. Strohm discovered his loss tions a discription of his property and later in the day he received the informasuch a conveyance down the valley. This aroused suspicion as to the two Miltonians and an investigation disclosed the fact that they had not been to Centre Hall at all, neither had they been passengers on the train that morning. the two fellows had driven thither, but other not expected to live.

The borough engineer offered to Tyrone, and State Secretary George half. Verdict of \$500 for plain tiff. McDonald, of Altoona, lent their efforts to its attractiveness.

-Mr. D. W. McCloskey, one of Curtin township's staunchest Democrats, left his home on last Wednesday morning at 4 o'clock and arrived in Bellefonte a few minutes after 7 o'clock, a distance of sixteen miles, apparently very little fatigued. Mr. McCloskey is fifty-six years of age, and the feat of walking that distance in so short a time is one that very few of our young men would attempt. He gives a most glowing and enthusiastic account of the political situation of Curtin township and says the Democracy of old Curtin was never in a more healthy condition than at present.

-The opening attraction at the class freak show. opera house Wednesday evening was 'Romeo and Juliet," presented by the Jane Coombes company. Jane looked old enough to have been Shakespeare's orignal love maiden, indeed she was old attempt a character so far beyond her capacity. Her Romeo was enough to dancer, Burns Crider; Siamese Twins, turn her auburn wig grey; the orchesgo to Centre Hall to remain all night tra, a Bellefonte aggregation, was Bearded Lady, Mr. W. B.
