

The War in the Orient.

China Hurling Hundreds of Thousands of Men into Korea—Inducements to Europeans—Many Foreigners Accept Service in the Chinese Army and Navy—Reasons Given by the Japanese Commander for Firing on the Kow Shing—Both China and Japan Alert for Articles Contraband of War.

VICTORIA, B. C., Sept. 9.—The Northern Pacific Liner Sikh, from Yokohama, brings interesting advices of the war in the Orient.

China is now hurrying an army of hundreds of thousands of men through Northern China to Korea, but as they are subsisting on the products of the country through which they are passing, and most of it is mountainous, it is hard to say what success they will have. Most of the men enlisted and drafted into the Chinese army are coolies of the low order.

Both China and Japan are at present keenly alert for articles contraband of war, and to this delay in the arrival of the Sikh is attributable. The government has declined to consider rice as contraband, but both belligerents claim it to be such and use every endeavor to intercept rice-carrying vessels.

The Sikh was delayed at Shanghai by a Chinese gunboat, which made an effort to gain possession of the rice portion of her cargo. The British consul objected and the merchantman was allowed to proceed.

SOLDIERS IN GAUDY CLOTHES.

It is almost impossible to get reliable war news anywhere in the East, even at Shanghai. This trip the steamer passed very close to the Foo Chow forts and saw the Chinese garrison drawn up in line. They were all attired in flowing sack gowns of gaudy color and had high three-cornered hats and made a curious spectacle.

These forts are in charge of an Englishman, the son of a naval officer, and are said to be exceedingly strong. One of their eighty-two guns burst some time ago, killing several men. It is generally understood that it occurred through ignorance in handling it. The reason given by the commander of the Japanese warship Naniwa Kan, when asked why he fired upon Kow Shing, seeing she was flying the British flag, is now given for the first time and is certainly pertinent. "Because she was sailing under false colors, was carrying Chinese troops and had been sold to the Chinese government and fully paid for."

Notwithstanding this explanation the same paper which gives it publicly announces that the sum of \$750,000 has been agreed to by the Japanese Government as reparation for the sinking of the Captain Galworthy's vessel and compensation to those dependent upon the Europeans lost with her.

OFFERS TO FOREIGNERS.

The Chinese have been offering great inducements to Europeans and Americans to enter their service and have secured many.

On the other hand the Japanese have no outsiders in any branch of the service. On the way over on the last trip to the Orient, the Sikh passed through a fleet of twenty Japanese ships. They were divided into four divisions, with five ships in each division. They were well handled.

At the smaller Chinese ports all manner of outrages have been committed on resident Japanese and in some places Portuguese have been robbed.

At Tien Tsin the child of the Japanese Counsel was abducted, and, as he took his leave for his country, he was bound and was carried to the wharf with a bamboo stick through his arms. Japan is buying more transports, and Captain McAlpine, master of the Pacific steamship Ismailia, 9,000 tons burden, the last one sold, was a passenger on the Sikh.

The quarantine embargo at Hong Kong will be raised September 10. For a week before she left there were no cases of the plague in Hong Kong.

A Catholic Note.

Another High Church Episcopal Clergyman Takes the Step.

NEW YORK, Sept. 8.—Walter Clayton Clapp, recently clergyman of the Protestant Episcopal Church, is a convert to Roman Catholicism. He was received into the church Friday by Rev. Father Elliott at the Paulist Church. Mr. Clapp is very well known among Episcopalian high churchmen, and his conversion will cause some emotion. After his ordination as an Episcopal clergyman, he became assistant minister of Mt. Calvary, an ultra-ritualistic church of Baltimore. This church has recently been a source of disturbance in the Episcopal church. Bishop Paree, of Maryland, censured its clergy for ritualistic practices, and forbade the use of incense and other things. Mr. Clapp was, at the same time, in charge of St. Mary's Church for colored people in Baltimore.

Two years ago Mr. Clapp was appointed Professor of Exegesis in Nashota Theological Seminary, Wisconsin, an institution highly regarded by a large body of high churchmen. He resigned his appointment August 1. He has recently returned from Europe, where he visited Rome, but has only just reached the determination to join the Roman Catholic Church. He is now studying with the Paulist Fathers, the superior of whom, Father Hewitt, is himself a graduate of Amherst College and a convert.

A Mile in 2:02 1-2.

Robert J. Cicero Hamlin's great pacer, whose remarkable feat of making a mile in 2:03 at Fort Wayne, Ind., recently surprised the world on Tuesday last and broke his own record by going a mile in 2:02, at Indianapolis. It was in the second of three heats, the average time for which was 2:03, making the fastest three heats ever paced.

Alix Equals Nancy Hanks.

TERRE HAUTE, Ind., September 12.—Alix today trotted the mile in 2:04 on the same track where Nancy Hanks fixed the world's record at 2:04 September 28, 1892.

Fatal Railroad Wreck.

Two Men Lost Their Lives and Two Others Seriously Injured—Caused by a Blunder.

NORTH ADAMS, Mass., Sept. 9.—A railroad wreck a short distance from the central shaft in Hoosac tunnel, Saturday night, was one of the worst which ever took place in this vicinity. By it two men lost their lives and two others were seriously injured. A freight train had to stop in the tunnel to repair a break on the engine. By some blunder a second freight train was permitted to follow into the tunnel before the first was out of the way, and crashed into the standing train.

The two men killed were: William Turpin, Port Edward, N. Y.; George Minnick, Fitchburg, brake man. The injured were: Robert Clapp, Rotterdam, N. Y., engineer, injuries about the chest. Charles Frazer, Rotterdam, N. Y., fireman, skull fractured, scalp badly wounded, injuries about hips and back and hand severely burned.

H. E. Bartlett, Fitchburg, brakeman, right arm out and badly bruised. The tunnel was completely blocked by the wreck and it was impossible to get trains through all day today.

Battle Near Ping Yang.

A Fight Said to Have Occurred Between Chinese and Japanese.

LONDON, Sept. 9.—The correspondent of the Times at Shanghai telegraphs as follows:

An extraordinary mission has arrived at Tien Tsin conveying birthday presents from the King of Corea to the Empress Dowager of China. The mission will proceed to Peking.

A collision between Chinese and Japanese forces occurred near Ping Yang on September 7. The result is not known.

The growing crops have reached such a height as to make military operations almost impossible.

A dispatch from Tien Tsin says that the British Minister has signed a contract with the Viceroy providing for the connection of the Chinese telegraph lines with those of Burma and other parts of India.

The United States warship Monocacy has arrived at Tien Tsin. The war news which has been received at Tien Tsin thus far is considered worthless.

ADDITIONAL LOCALS.

Indications are that small game will be quite plenty in this vicinity during the fall. Reports have been sent to this office that squirrel, rabbits and pheasants are unusually numerous. Quail are reported from several portions of the country, but it is to be hoped that gunners will not shoot any of them. They are just being started in this region and should be allowed to have several years to multiply before they are hunted.

THE HUGHESVILLE FAIR.—The 24th annual fair of the Muncy Valley Farmers' Club will be held on the grounds of the club in Hughesville, on Wednesday, Thursday, Friday and Saturday, September 26th, 27th, 28th and 29th, 1894. Besides the horse racing which promises to be unusually interesting and exciting, the famous Jim Kidd's Wild West Show, composed of Indians, cow boys, etc., and numerous other attractions have been secured. This is the only fair in Lycoming county. Excursions on all railroads. Remember the dates September 26th to 29th inclusive.

PROGRAMME OF ENTERTAINMENT AT THE GRANGERS' ENCAMPMENT.—The following is the official programme of the Grangers' picnic and exhibition, at Centre Hall, opening tomorrow, Saturday, and continuing until the 22nd inst:

Saturday, the 22d—Breaking Camp. The Committee has only named speakers who have given assurance of being in attendance. Ex. Gov. Curtin has been invited and will be present if well enough.

POSTER WEATHER PROGNOSTICATIONS.—If Mr. Foster knows what he is talking about here is an idea of the kind of weather we may look for in the next few days.

My last bulletin gave forecasts of the storm wave to cross the continent from the 8th to the 12th, and the next will reach the Pacific coast about the 13th, cross the western mountains by the close of the 14th, the great central valleys from the 16th to the 17th and the eastern states about the 18th. This will be a dangerous storm. Not in all parts, but in places, probably most severe west of the Mississippi about the 15th or 16th. The warm wave will cross the western mountains about the 13th, the great central valleys about the 15th and the eastern states about the 17th. The cool wave will cross the western mountains about the 16th, the great central valleys about the 18th and the eastern states about the 20th. Killing frosts will occur in many northern sections from September 27 to 30. This frost may penetrate southward as far as Oklahoma, Little Rock, Memphis, Nashville and Raleigh. Along and north of the fortieth parallel all tender plants should be protected at that time. In the Ohio valley tobacco planters should be ready to cut their crop, as this frost will probably injure it. While some cold weather may be expected in October and November, winter will come late and the fall season average warmer than usual. This, of course, does not apply to every section, but it is the estimate of the general average for the whole United States.

Pine Grove Mentions.

Miss Grace Meek one of Altoona's accomplished young ladies is the guest of Mrs. G. H. Woods.

Mr. Clark Campbell, one of Missouri's successful farmers, who has been visiting old time acquaintances in the Buckeye and Keystone states for the last month, took his leave for home last week.

Mr. D. W. Meyers and Miss Lizzie Thomas, had a close call for their lives during the heavy electrical storm that passed over this section last Saturday. A flash of lightning struck a tree above throwing their horse on his knees and badly stunning Mr. Meyers and Miss Thomas, the latter's dress was full of splinters shattered from the tree, and she suffered considerable pain in her head and side while resting at a neighbor's house where they took refuge until the storm was over.

The musical picnic billed for last Saturday in the Ard grove was a decided success notwithstanding the inclemency of the weather. A large crowd came from far and near. The Port Matilda and Moon and Balleyville brass bands furnished the music. The Academy hall and church was opened to the public and every body apparently enjoyed the indoor lunch. Ice cream and refreshments were served during the day and evening and the treasurer reported \$45 cash. The rain poured in torrents so that umbrellas and slaters were above par but every body was good humored.

MATCHED AND MATED.—We have the pleasure this week of noting the marriage of Newel J. McCalmont of near State College and Miss Dollie C. Fye, daughter of D. H. Fye of near this place. This delightful event was celebrated at the home of the brides parents in the early morning hours in the presence of a few friends. Rev. Black officiating. After a most elegant marriage breakfast was served the happy couple left for a short honeymoon trip. The groom is a well-to-do industrious young farmer employed on his father's farm. The bride who is a handsome brunette of striking appearance is in every sense a lady and we sincerely hope that they may be able to steer clear of the vexations and mistakes of married life and only experience its benefits and pleasures.

The scene of action is now changed to Pittsburg.—Well here we are in the Smoky city, surrounded on every side by old veterans. In our last we said only a corporal's guard from Ferguson township would be in attendance at the National Encampment, but at the last minute Comrades W. D. Port, D. H. Weaver, Charles Smith and Postmaster Miller concluded they would have to go along to take care of our correspondent and just how they will succeed our next will tell. So far we have had a very good time and say what you will about railroad monopolies as extortionists no one can help but admit that they have treated the old soldiers and their friends, generously and royally, certainly the crowd they had to handle was great but they did it so systematically that no one was inconvenienced and at rates so low that no one could complain, in deed how can they afford it is the question? Thousands of old veterans are thronging the streets from all parts of the glorious Union and the Smoky city will surpass in hospitality anything ever attempted for the G. A. R.

The following letters remain uncalled for in the Bellefonte P. O. September 10, 1894. H. E. Adams, Mr. Apple, Ella Boyer, Lizzie Flory, Frank B. Foster, Edward Grobe, John Harrison, Worton M. Hershoy, Thomas W. Jones, Maggie Grape, Mary Potter, Jane Thomas, W. F. Thompson, John Weiser.
